

COLONIST RATES TO CALIFORNIA.

Southern Pacific at Last Falls Into Line on Excursions.

FOLLOWS POLICY OF UTAH.

Local Roads Put on Rates Which are Now Officially Adopted on the Coast.

Commencing with today week and continuing on every Tuesday through-out the next three months cheap colonist and home-seeker rates, will be in vogue between Chicago, and Missouri river points, to the Pacific coast. For this boon the traveling public will have to thank General Passenger Agents Heintz and Burley of the Rio Grande Western and the Oregon Short Line respectively. Mr. Heintz in particular, has been working on the special rates to Utah for some years past with the result that every spring has seen the influx of home-seekers into this and adjacent States. Under the present tariff which was decided upon some time ago there will be no doubt a heavy rush of business to the west.

Every Tuesday in February, March and April, the Rio Grande Western, the Rock Island, Burlington and Missouri Pacific routes, will sell one way colonist tickets to California, via Salt Lake City, at following rates: \$30 from Chicago; \$27.50 from St. Louis; \$25 from St. Paul; \$22.50 from Portland; \$20 from Puget Sound; \$18 from Seattle; \$16 from Tacoma; \$14 from Everett; \$12 from Bellingham; \$10 from Port Townsend; \$8 from Seattle; \$6 from Tacoma; \$4 from Everett; \$2 from Bellingham; \$1 from Port Townsend.

The following dispatch over the wires of the Associated Press from San Francisco, under yesterday's date line, would denote that at last California has awakened to the fact that the way to develop the State is to have some hustling railroad men who will strain every nerve in order to get the people to come out West and see what the country has to offer them in the place of the eastern attractions in the way of making a livelihood and establishing a home.

President Charles M. Hayes of the S. P. made his first great official movement when he ordered the rates for colonists from the East to California slashed down to a maximum of \$25 from all points west of the Missouri river. Previously it has been about double that figure.

The trains will start from each of the points mentioned on Tuesday of every week, and the excursion will extend over a period of two months and a half.

General Passenger Agent, O. R. & N. St. Paul, Minn., Jan. 28.—There was a meeting last night at the Palace hotel of prominent Southern Pacific and Santa Fe officials, including President Charles M. Hayes and Vice President C. J. Stubs of the Southern Pacific, and President E. P. Riney, Vice President J. M. Barr and Land Agent Chambers of the Santa Fe. After the conference President Hayes said:

"The meeting was for the purpose of talking over a number of matters in which both roads have a common interest. The two roads are thrown more or less together every year in one way or another, and we simply discussed plans by which these relations might be continued to the advantage of both roads."

SPIKE AND RAIL.

There is a rumor to the effect that William K. Vanderbilt will be in this city within the next few days.

Major Edwin McNeil, at one time president of the Oregon Railroad & Navigation company, died yesterday in New York.

Traffic Manager Eccles and General Superintendent Calvin will return tomorrow, respectively from Boise and New York.

Postmaster Thomas, is putting up letter boxes in the railroads of the general office of the Rio Grande Western and the Oregon Short Line.

J. F. Alger, general agent of the Union Pacific at St. Louis, died several days ago. This news will undoubtedly be a shock to a number of his old-time friends in this city.

Alexander Fyfe, who has been employed in the general offices of the Missouri Pacific for the past ten years, has been appointed chief clerk of the general freight office of the Rio Grande Western.

George W. Fitzgerald, traveling live-stock agent of the Missouri Pacific at Sedalia, Mo., has been appointed to succeed George Sherrard in the same capacity for the Rio Grande Western. The appointment goes into effect Feb. 1.

The current number of Munsey's Magazine contains an illustrated article on "The Marvels of Mountain Railroad-riding." Among the cuts shown are scenes along the Rio Grande Western, Denver & Rio Grande, and the Colorado Midland.

Chairman Roswell Miller, of the board of directors of the Chicago, Milwaukee & St. Paul, yesterday denied at the meeting of the directors in New York that anything had been done in the direction of leasing the St. Paul by

MUNYON'S KIDNEY CURE

When Prof. Munyon says his KIDNEY CURE is a specific for nearly every form of kidney disease he does not overstate the case in the least. It has won for itself a place among the almost infallible remedies. It will not cure Bright's Disease in the advanced stages. It will not do the impossible, but it will cure every phase of kidney complaint, even the incipient stages of Bright's Disease.

any other road, neither were negotiations pending leading to closer relations with any other road.

Attorney-General Sheets yesterday instituted in the Circuit court of Franklin county, Mo., proceedings for nearly to oust the Pennsylvania railroad from continuing its relief department. The State claims that the company, in violation of law and in abuse of its corporate powers, is engaged in the business of transacting life and accident insurance.

The plans of the Canadian Northern for a new transcontinental line are being rapidly perfected. The coming summer the connecting track will be laid binding the main line now running east to Lake Superior with that from Winnipeg. The company's engineers have also definitely selected the route up the Western plains and through the Rockies to Port Simpson on the Pacific, which point will, it is planned, be reached by 1905.

Considerable anxiety is felt by officials of the Missouri, Kansas & Texas railroad over the situation in the Indian Territory. General Attorney Clifford Jackson of the road, who is on the ground, has received definite information from a full-blooded Chetaw Indian that a meeting of that nation had been decided to destroy the property of all railroads in the Territory, with the exception of the Choctaw, Oklahoma & Gulf and Santa Fe roads.

Application has been made before Vice-Chancellor Emory, at Newark, N. J., for appointment of a receiver for the Rogers Locomotive works. William Pennington, as counsel for Jacob S. Rogers, the principal owner, made the application. The receiver will be appointed next Saturday.

The State of California has appointed next Saturday the appointee to the office of the State Engineer. The appointee will be the late Saturday the concern ceased to exist as the Rogers Locomotive works, and the directors became the trustees. The works will now be sold to the highest bidder, as the law provides.

CALEDONIAN NIGHT.

Tonight the Caledonian society will celebrate the birthday of Robert Burns at the G. A. R. hall.

Several hundred invitations have been issued for the occasion and a fine time is expected by those who have received them.

DOCTORS HAVE BANQUET.

Discuss Some of the Perplexing Problems That Confront Them.

The Salt Lake County Medical Society association held its annual banquet at Beardsley's last night. The table, which were formed in a square, bore such food as appeals to the appetite of the healthy doctor. Beautiful flowers were also placed upon the table to enhance the beauty of the scene.

There were seated about the table Dr. H. D. Niles, the toastmaster, and the following medicals: Drs. Ira Lyon, the newly elected president of the organization; J. S. Richards, M. D. Mayo, A. C. Dr. E. S. Wright enumerated some of "The Things We meet" in the most agreeable of whom are those who oppose vaccination. He thought, however, that the people would soon acquire the education which they are in such need of at present.

After the toasts were finished the doctors repaired to the Knutsford to mix-in at Senator Kearns' reception.

The stipends of the holdovers, as in the clerk's office for instance, have not been passed upon as yet, and it is understood that the pay such persons are now receiving will continue until their successors are installed. The position of game warden formerly occupied by Martin Gann, who has resigned, was filled by appointing Horace Eldridge to succeed him.

Marlin Andrews of Draper, was appointed road supervisor of that district, vice C. R. Sorenson; and likewise Joseph F. Schoenfeldt was appointed supervisor of the Bingham road district, in lieu of S. C. Sorenson.

A petition signed by S. E. Smith and a hundred or more other residents of Draper and vicinity, was sent in protesting against the board granting to S. A. Steinhilber a license to conduct a saloon to be located on State street at crossing of county road near Draper. Ordered filed.

Ben R. Eldredge, county assessor, filed a claim against the State for a salary of \$75; and as extra help he designated C. F. Gatehouse and George J. Fox, at \$2.50 per day, and L. A. Angel as field man, at \$3 per day. The appointments to succeed him, removed, and the salary of Mr. Campbell fixed, but the others were left to a latter date.

County Treasurer Dale submitted the names of Joseph M. Cohen, James A. Faust, and Hugo Hofer, for clerical help in the office of the treasurer.

The commissioners adopted a resolution requiring the clerks in all the offices to work at least eight hours each day, beginning at 8:30 in the morning.

IN THE COURTS.

At the instance of Clark, Eldredge & Co., who a few days ago begun a suit against Gus Lindgren, to recover \$2,029.38 on a promissory note, Deputy Sheriff John B. Cummock went to Sandy yesterday and attached the merchandise in Mr. Lindgren's store, on an attachment issued by plaintiff in the above suit. Lindgren, it is said, was a short time ago called to Sweden to attend his sick mother.

Judge Morse yesterday made an order requiring Mr. A. Fisher to witness in the case of the American Publishing company, against A. Fisher Brewing company, to testify before J. Tracy Smith. The plaintiff desired to take the testimony of Mr. Fisher and so procure an order appointing Mr. Smith to take the testimony as a notary public, and certify same to the court, but Mr. Fisher, on advice of his attorney, refused to testify, whereupon Judge Morse yesterday ordered him to do so.

Yesterday afternoon in the case of Harris & company against Bradshaw Brothers, in a suit for failure to fulfill a contract, judgment was entered by consent, in the sum of \$25,000 costs.

Deputy United States Marshal, R. H. Smythe, returned yesterday from Price, at which place on Saturday last he attached quantity of gisonite in suits brought in the Federal court against St. V. Le Sieur and L. V. Shearer.

The petition of the defendant, in the case of C. Schoer vs., the Southern Pacific railway company, was yesterday denied for new trial in the United States court.

Judge Hall, on report of the referee in the divorce case of Hattie O'Callahan vs. Joseph O'Callahan, yesterday signed a decree granting the plaintiff a divorce, and the defendant to pay costs.

Yesterday afternoon Judge Hall, before whom was tried the case of W. A. Puhred vs. estate of P. B. Cowley, deceased, made an order requiring the administrator of the estate to convey to plaintiff certain real estate, as agreed by decedent in his lifetime.

There was some discussion as to whether the administrator should not go with the real property, and to relieve him of responsibility desired an order of court directing him to do as plaintiff claimed. The costs were taxed against the estate.

The suit of R. A. Taylor vs. Gideon A. Gibbs and wife, which was filed to recover \$1,143.22 alleged to be due on a promissory note, was yesterday dismissed without prejudice, and immediately a new case was begun upon which an attachment issued. The affidavit on which the attachment is based, alleges that the defendant is trying to dispose of their property to the Taylor trustees with intent to defraud their creditors.

FINE EXHIBITION OF BOXING.

P. J. Moore Gives an Interesting Entertainment to Friends.

BOYS DISPLAYED SCIENCE.

The Blocking and Speed of Two 44-Pounders Create Much Amusement—Good Wrestling Match.

One of the most interesting boxing exhibitions recently witnessed in Salt Lake took place at Prof. P. J. Moore's private gymnasium last evening. There were nine bouts in all, and those who took part were Prof. Moore's pupils.

The entertainment was a private affair and those who were there were present by invitation. The first number was a four-round mat between Moore and "Young" Christy, and to say the least the exhibition was very clever. Christy said that Moore was about as speedy a man he ever boxed with. The bout was merely for points, and Moore displayed great cleverness, in blocking many times Christy's wonderful left.

The most interesting bout of the evening was between Bruce Bradley and Willie Halloran, two youngsters whose combined weight is but eighty-eight pounds. For three rounds they simply "made the far fly." Their leads, ducks and blocks were almost perfect, and attested the ability of Moore as an instructor. Their work throughout was scientific and those who saw the bout were greatly surprised.

Hyde and Woodruff, Hank Bradley and Tolly Brubaker, Banberger and Williams each mixed things in a lively fashion.

Alexander and Rappell went on for four two-minute rounds, and at difference of the game there came nearly being a knock-out.

After a couple of bouts between Ruel Halloran vs. George Chandler, and Kenyon vs. Snyder, Moore and Thompson gave an exhibition on the mat.

Moore won two falls, the first in seven and the other in ten minutes. Thompson won one Graciano-Roman style.

REITER WAS THROWN.

Emil Klank Is Now Champion of Italy—Perhaps.

Carlo Reiter, the handsome son of Italy who came to Salt Lake a few days ago with Mimmo Galvani, also Italian, is a gigantic fake so far as wrestling is concerned.

Last night he met Emil Klank on the mat of the Reiter and Galvani, and was essentially conquered. Reiter appeared to be about three times as large as Klank, but the latter made him "holter" and roll on his back in seven minutes. Then Reiter jumped up by a series of tentacles and audibly grunted to make it appear that he was struggling. His actual weight is 215 pounds, while Klank tips the scales at 180.

FOOTBALL PLAYER'S BANQUET.

High School Boys Present D. A. Callahan With a Fine Diamond Ring.

Last Friday evening the members of the famous High School football team celebrated their season's successful work in a banquet, given at the Kenyon hotel. The decorations were beautiful, being a profusion of carnations and roses and white roses. During the evening Dod Riter acted as toast master and many toasts, including one to the "News," were proposed and responded to in a hearty manner.

A big surprise was in store for Coach D. A. Callahan, when Manager C. P. McFadden arose and presented him with a beautiful diamond ring of the value of \$200. He made a pretty presentation speech, and thanked Mr. Callahan on behalf of the team, for his valuable services to the team in the past. Although taken completely by surprise, Mr. Callahan was equal to the occasion and thanked the "boys" in a well worded speech. Each member of the team had been presented with a small gold badge in the shape of a football. On the reverse side of the badge the name and position of the player is engraved.

The evening was one of keen enjoyment, and the boys unanimously declared that the occasion was a fitting sequel to a season of victory on the gridiron.

OUTSIDE EVENTS.

WHEELMEN'S CONVENTIONS.

National Cycling Association and L. A. W. Meetings Next Week.

New York, Jan. 29.—Two conventions of wheelmen will take place within a fortnight. One week from today the annual meeting of the National Cycling association will be held in this city, and the week later the annual meeting of the League of American Wheelmen will be called to order in Philadelphia.

At the N. C. A. meeting it is believed there will be no change in policy, and few if any changes in the officers. The board of control is expected to be returned to power by acclamation. Several changes in the racing rules will be discussed the more important being a proposition to eliminate team work in open competition. A plan will be presented which, it is confidently believed, will rectify this evil.

At the L. A. W. meeting the report of the committee appointed one year ago to revise the constitution and by-laws, will recommend the centralization of league work in one office, which would practically do away with State divisions. This measure will be vigorously opposed by the delegates from this State, who hold that divisions only can do effective work in the various sections of the country.

At the L. A. W. headquarters in this city yesterday it was said that Earle will rectify this evil.

The Athletic Contest Will be Second to None.

New York, Jan. 29.—It is expected that the athletic contests at the Pan-American Exposition will be second to none ever held in America or Europe.

TROUBLES OF FIGHTERS.

Jeffries and Rubin Arrested but Released on Bail.

Cincinnati, O., Jan. 28.—Late tonight both Jeffries and Rubin were arrested on a warrant sworn out by several persons interested in the coming fight, who acted at the instigation of the Sangers Athletic association, charging them with being in training for a prize fight, which is a violation of the law in this State. The two fighters were taken before Squire Roebeling, who released both on bond, furnished by one James Wilder. A test case is to be made of their arrest. Roebeling is magistrate in Delphi township with an office not far from Jeffries' training quarters.

Action was also taken by Governor Nash during the day at the capitol in Columbus to prevent the fight. A suit to enjoin the fight will be filed in the common pleas court tomorrow morning.

The sale of seats began today and the receipts reached over \$20,000, which does not include mail orders.

Racing Association.

New York, Jan. 29.—The board of directors of the re-organized Saratoga Racing association held a business meeting last night and made a number of changes in the list of officials governing the affairs of the association. By resolution the board of directors, which originally consisted of five members, was increased to thirteen by the election of Harry Belmont, J. H. Alexander, Thomas Hitchcock, John G. Polansky, W. W. Worden, Philip J. Dwyer, J. H. Bradford and John G. Heckscher.

Andrew Miller, who originally was elected as secretary and treasurer, and R. T. Wilson Jr., were elected to serve as an executive committee. No announcement has been made as yet to the stage program for the coming summer races, though a member of the board of governors said that all the well known stakes except those that were of a purely advertising character would be nominated.

Berkeley, Cal., Jan. 29.—Walter Christie, the crack trainer of Princeton, has been engaged for two years by the students of the University of California to handle their athletic teams. He is expected to begin his work within two weeks.
