OGDEN NEWS. DEN. UTAH, - AUG. 23, 1901. RESSION OF CITY COUNCIL where Rate Ordinance Passes its First Read-

ing-Scrap Between Council Men.

or Mountain Lion Killed by Herdm-Barton Hearing Postponed -Court Notes.

the city council met last evening at transacted the following business; fie moving of the railway track on wenth street was deferred until afthe Glenwood season.

is committee on laws recommended refund of \$75 franchise fee to the uuride Power company and the reet was adopted.

The same committee presented a warate schedule ordinance and recomeded its passage. The report was upted and in the course of business ordinance passed its first reading. The committee on public buildings al grounds called attention to the by grounds canned attention to the solution of the walks on the City of grounds and requested that they authorized to make necessary re-solver. Laid on the table for a week nile Councilman Parry was instructed prepara an estimate of the cost. Inexpired slot machine licenses to amount of \$759.65 were ordered reon certification from the chief police that the slot machines had entirely removed from the premwhere they had heretofore been

Sanitary Inspector J. H. Watkins reted that the only contagious dis-s weer two cases of scarlet fever one of chicken pox. The sum of \$153,12 was ordered paid the Daily Financial News for ad-

sing the bond call. The recorder reported that he had re-and \$172.92 from Geo. A. Lowe comny for tramway iron sold. A number of requisitions were au-

saized after which the council adsurned. COUNCILMAN JONES INJURED.

As a result of a scrap which occurred

at night between Councilmen Jones at Abbott, the former is laid up with badly sprained back, and his injuries tay he serious. The difficulty is the outcome of the est pent-up bitterness which has exquestion, and arose he waterworks

ner the consideration of the new a rate schedule, which came up for usage. The supporters of the measattempted to pass the ordinance three readings under suspension of Jones, the leader of the rules. position, objected. As the members

Wm. A. Budd, 23, and Hannah Jen-son, 22, both of Salt Lake.

CANNERY OPERATIONS. N. Peirce, manager of the Utah

Canning company, in an interview with "News" respresentative, stated to day that they expect to start operating in their cannery on toma des about the first of the week. They expect to can about 2,500 cases of tomatoes this year. This is about one-half of what they canned last season, but he says that the crop is much lighter this season This plant also puts up all kinds of fruit and tomato chatchup and pickles. They report their run thus far on trute

very good. Chief of Police John Conlisk left for Olympia, Washington, tonight, where he goes to bring back a man by the name of W. H. Turner, who is wanted in Ogden for obtaining money under false pretense. Turner is the smooth agent who sold county rights for a sadiron patent to John Seaman and others odf Ogden. The chief secured requisition papers from Governor Wells yesterday.

BROKE JAIL.

Geo. Shorten of the Z. C. M. I. did a little private detective work in Ogden yesterday afternoon, watching two men from store to store. They were anything they could lay their fingers on. They went into Pain & Hursts store and picked up a balt of ribbon and left. From this store they went to Burt's store and one of the men engaged the attention of the clerk while the other was preparing to "lift" some of the merchandise. At this point Officer Critchlow was called and he took both

men to the police station, where they were charged with petty larceny. One of the men, who gave his name as Thomas Moore, was placed in a cell for safe keeping, but when sent for this morning, had disappeared. His partner was today given 15 days on the rock plle, and six hoboes were sentenced to ten days each.

BRIEFS AND PERSONALS.

There was a cake walk at Glenwood Park last night, which drew a crowd or about 800 people: All of the contestants did not participate last events so the prizes were not awarded, but the cake walk was continued until tonight Those who took part last night were Roble Williams and Jessie Griffith of Salt Lake, Miss F. Williams and W. Mills of Colorado, Galty Carter and Fred Sales of Ogden, Mary Patterson and Peircy Smith of Omaha. J. Symonds and wife of Denver,

who have been visiting with the family of Geo. W. Larkin, Jr., for the past week, left for their home this afternoon.

noon. James O. Piswell, brother of W. L. Buswell, left for his home in Hancock, New Hampshire, after poinding a month with his brother, whom he had not seen for eighteen years. John Restall of England, who was one of the city councillors of Ogden in the plantice is in Ogden on a visit with his

nineties is in Ogden on a visit with his son-in-law, Lou Demosy,

James Shirk, one of Orden's large fruit.growers, went to Salt Lake to-day to try to contract for the delivery of some of his fruit. He will have about 2,500 bushels of peaches on his fine fruit farm on Twelfth street this year

Rev. Goshen returned from Chicago and New York today, after a seven weeks' trip studying in the universi-

Mrs. Jos. Greenwell presented het husband with a baby girl yesterday. The Enterprise Theatrical company New York will open the season at the Grand on August 29th.

should be used in improving our water supply, streets and drives that will revenue to the city. On the question of passing the reso-lution over the mayor's veto the following vote was given: Ayes—Nelson, Beebee, Wilkens, Pow-

lson, Taylor, McEwan. Noes-Johnson, Gray, Scott and Car-

A two-thirds majority vote being re quired the resolution was defeated A resolution was passed setting out reason for appropriating or diverting the waters of certain springs west of the Telluride Power company's plant. The intention being to take this water from the springs as a part of the forty-one one-hundredths of Provo river, belonging to the city, and using that in the waterworks system instead of the river water now being used

The following motion by Councilman Taylor was passed: "That the com-mittee on judiciary be authorized to negotiate with the county for a six months' option to complete the sale of Provo city's interest in the county court house for \$2,500." No one seemed to understand the exact intention of the motion, at least, there was no explanation made. The committee on streets and alleys

was instructed to repair Fourth West street.

#### DIVORCE WANTED.

Emma Chatwin of Santaquin has ommenced suit against George Chatwin on the charge of adultery alleged to have been committed with Pearl Kimtaking ball at Eureka between the 3rd and 30th of July th's year. Plaintiff asks for the custody of two minor children, \$25 for her support pending the suit, \$40 atorney fee and \$20 permanent allmony. The parties were married at Santaquin October 21st, 1897. Carl Huish of Payson has appealed

to the Fourth district court from the justice's court, where he was fined \$10 for taking water for irrigation without the consent of the watermaster.

GARDEN CITY NOTES. The city council will go to Provo can-

yon Monday to Inspect the for sup-which it is proposed to utilize for sup-Monday to inspect the springs plying the waterworks system. C. E. Loose and Warren Loose have

gone East, Among the business of their visit is to inspect copper ore reduc-tion methods at some of the large plants and Mr. Warren Loose will probtion ably test his newly patented ore re-ducer at some of the big mills. E. Bassett of the Provo Woolet. W Mills company has returned from a trip to Rexburg, Idaho, and vicinity, and has enjoyed the outing immensely. He thinks that the section of country which

he visited offers fine opportunities for young men to make homes.

Eruptions, cuts, burns, scalds and sores of all kinds quickly healed by DeWitt's Witch Hazel Salve. Certain cure for piles. Beware of Counterfeits Be sure you get the original-DeWitt's. -F. C. Schramm, Prescription Drug-gist, McCornick building, corner Main

and First South streets.

## LOGAN.

#### Evidence in Favor of McBride, the Alleged P. O. Robber.

Special Correspondence. Logan, Cache Co., Aug. 22 .- In reference to the statement made in yester-day's "News," by McBride, who is alleged to have robbed the Salt Lake postoffice on July 31, that he was in Logan at the time and could so prove by the evidence of Mrs. Joseph E. Wilson and daughter, the "News" representative today interviewed a member of the Wilson famils, and found that McBride's statement, is true. It ap-pears that McBride for some time had been acting as collector for the Collier Publishing company, and came to Lo-

Surprising Amount of Work Accomplished on

Former Being Completed, Canyon Roads and Homes Will Now be Built-Fine Crops at Byron.

#### Special Correspondence.

Frannie, Big Horn Co., Wyo., Aug. 19. -Our railroad work is at last completed, after ten months of hard toil. The "Mormon" colony has, indeed, been a fair representation of the Hive of Deseret since we arrived in this country. Last summer and during part of the winter about \$40,000 hard work was done on the canal and we also built the grade for three miles of railroad during that time. On October 15th, 1900, work was commenced on twenty-four miles of grade and on the 15th day of August the work was completed, thus making twenty-seven miles in all We had scarcely time to finish the grading We before the steel was laid and now the They passed Francie last week with the rails and now we have telegraphic mmunication within ten miles 01 owley. A person can now come direct to Frannie and as we have a lovely road from here to Cowley, it is only a ride of about two hours to the setilement

Byron is situated a little farther up the river and it seems probable that Garland will be their railroad point. The people of the colony celebrated the completion of the work at Byron August 12th. There was a little finishing work to be done but the people de-sired Apostle Woodruff to be with sired Apostle Woodruff to with them at their celebration. A very enas well as old enjoyed themselves in a nice bowery that had been erected for the occasion.

#### PROGRESS OF COLONY.

The next work will be to make our canyon road and build homes. Many ot he people have had nothing but tents for dwellings, so far. Our well machinery at Cowley is doing good work, the depth being 170 feet. At Byron the crops are looking first rate consider-ing that the land has never been sub-ject to the husbandman before, or if su no traces of it can be seen. The presidency of the Stake took the pains yes between meetings to make a terday few tests. One squash measured fortyone inches in circumference, a melon measured sixteen inches in lenth and twenty-two inches in circumference. while some corn measured seven feet, eight inches high, having been planted on the 22nd day of June. Sugar beets (a few having been planted as a test) are looking fine as does also some sugar cane. Apostle Woodruff left for home Aug.

12th. going by way of the National Park. President J. W. Crosby will leave for

Utah in a few days to attend to some business.

Mrs. S. H. Allport, Johnstown, Pa says: "Our little girl almost strangled to death with croup. The doctors said she couldn't live but she was in-stantly relieved by One Minute Cough Cure.-F. C. Schramm, Prescription Druggist, McCornick building, corner Main and First South streets.

IDAHO.

Weekly Crop and Weather Bulletin

IN THE BIG HORN COLONIES show the practical applications of his theory. Having found it impossible to obtain satisfactory photographs of actual operations on living subjects, he says, he intends to go through the mo-tions on dead bodies, so the poses, incisions and methods may be accurately

> 'Yes, the nervous tension of performing an actual operation on a conscious living person is such that I find it impossible to hold myself in a pose long enough to secure a satisfactory photoenough to secure a satisfactory photo-graph," said Dr. Zeigler today. The physician is a small man, a bundle of nerves himself, and as he spoke his body fairly quivered. He had finished an operation only a moment before and had just begun another.

Quickly, nervously, he steped from the subject of his operation to the desk, where lay proof sheets of his volume. binder that made the work put in a ook about the size of an unabridged dictionary. Another quick motion and he had passed the pages through his hand and recurred to the reasons for

his strange proposition. "All I want," said he, "is enough bodies to illustrate about 400 different operations. Already I have closed contracts with several dying persons-seven, in fact-and when they are de ceased their bodies will be taken to an operating table, where I have a camera prepared for instant use. With my as-sistant and as many relatives or friends the dead present as may choose to be there, I would go through the oper-ation, stopping long enough at the difperiods to secure complete ilferent lustrations.

Not for anything would I mistreat any one of the bodies which would be brought to me thus. I know bodies are treated shockingly in dissecting rooms, but the operations I would perform would not amount to dissection, and I would be most careful of them. Of course, after the photographs were completed a body would be returned to the family for burial."

In his advertisement Dr. Zeigler says a corpse will be treated as a sacred vehicle which has performed all its earthly functions and which no longer holds its spiritual inhabitant within its carnate walls. The subject will receive recisely the same tender care and consideration as if a member of my own family."

"Do you realize that if 400 persons sell "Do you realize that if 400 persons sell their bodies to you the cost to you would be over \$20,000 for the pictures?" Dr. Zeigler was asked. "Oh, certainly,' 'he replied, as pleas-antly and vivaciously as if 30 cents had

been the sum mentioned, "and I will not conceal from you that I expect to make money from it. My method is my secret, but I intend to reveal it to the scientific and medical world through this book, which I have copyrighted. and the proceeds from which I am sure,

will more than reimburse me." "My method?" he continued, in re-sponse to a query. "In general terms I should say that it is the application by assistants of pressure upon the perve centers and arteries of the subject, while the operator works where the circulation has been cut off and while no pain can be transmitted to the brain, I have studied osteopathy, as well as surgery of the old school, and this method is a combination of the principles of the two schools, as it were. That it is practical I have proved re-peatedly. Of course, it would not apply to vital parts or portions of the body which could not be disconnected from nerve centers."

'Could you not be imposed upon by persons who would assign their bodies you for the sake of the \$50 and then evade delivery?"

"Well, the person would have to be dy-ing," he replied, "of which circum-stance I could judge easily, and then I would not engage in such a contract without the consent of the immediate relatives, so there would be no trouble or dispute after death. I have had no difficulty in inducing persons to enter able to find them. To find dying per- Myron L. Coad ... ..104

strated with for doing it, that he thought he heard air escape. Pinto, Washington Co., Aug. 19 .-Since the month of August came in we have had a succession of thunder storms and floods, mixed with hail, which has done considerable damage Conductor Gunnip was recalled by the defense and testified that, so far as he defendant had conducted him self in a commendable manner while he was employed as brakeman by the to crops, roads and ditches. The los will reach in the neighborhood of \$1,000.

has been 4.25 inches, which is the most rain in the same length of time we have ever had here since a record has been kept. On the 15th, during the The case was then argued, the de-tense claiming that the prosecution had thunder storm a cow was struck by lightning and instantly killed. Our worthy Bishop was only a short dis-tance from the cow, and was knocked failed to show any malice on the part of the defendant which was a necessary element in the offense, and that it was improbable that defendant would intenfrom his horse by the force of the bolt. Vivid lightning and loud crashing peals tionally place the freight train in a conof thunder have accompanied the re-cent storms. On the 17th about 4:15 dition to be wrecked when it would follow after the train on which he was p. m. the worst storm of all broke upon riding and would most probably run into and wreck that also. The prose-cution took the ground that there was ill will shown on the part of defendant us and in about twenty-five minutes the town was flooded but did no great amount of damage. But in the fields grain was covered up with sand and by his conduct towards the conductor in the matter of the ticket and the mud, and some that was in the shock was carried away, and several tons of hay ruined in the fields. Our usually money, and that there was a possibility of the freight train being wrecked withsmall creek was turned into a raging torrent for about eight hours, tearing out the passenger train being injured and also that he might, probably, not have intended to wreck the train, but out dams, ditches and roads all down

the canyon. On the 14th inst our Stake president, E. H. Snow, and Counselor I. P. Cottom paid us a visit and held meeting, giving some timely and valuable instructions. Times are dull and very fittle money stirring locally. Some little prospecting was done the last spring near the mouth of Pinto

canyon, but everything is at a standstill at present. Our harvest will be finished as soon as the ground is dry enough for the

"I deem it against the interest of Provo city to make the sale. "The city is not in a position to build, and to give up the present quar machines to run. Most of the corn and vines of all kinds were cut up badly with the hall in the latter part of July and first part ters to go elsewhere and rent at greater exepnse and inconvenience to the offiof August.

cers and citizens would,, in my mind Don't be satisfied with temporary be a great mistake. "The time is not far distant when relief from indigestion. Kodol Dyspep "The time is not far distant when the city and county will be in a posi-tion to build a joint coun ty and city building—one that, will be a credit to them. As Provo pays nearly one-third of the county taxes we should worn together for the best interest of all concerned. "The expense of maintaining one large building will be less than two snall ones, besides the fact that peo-ple having business with county and city officers find it more convenient to Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting work rest the stomach. Nature receives supplies from the food we eat. The supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good,—F. C. Schramm, Prescription Druggist, McCornick building, corner Main and First South city officers find it more convenient to have them in the same building.

streets. "A separation from the county at this time, to my mind, means a permanent For digestive weakness, nervousness, pains in the side, flatulence, digginess, wakefulness, headache and other an noying accompaniments of costiveness, HERBINE is a prompt and unequalled remody. Price, 50 cents. Z. C. M. L.

The amount of money you would receive would not be enough to do any thing in the way of building, and money from other sources, at present,

gan every month, making it his habit while here to stop at Mrs. Wilson's boarding house. On the date in ques-tion, McBride had finished his rounds United States department of agriculture, Idaho section, climate and crop bulletin of the weather bureau. Idaho weekly crop and weather butin Logan, and, in company with Mrs. Wilson and daughter took the 12 o'clock, letin.

midnight, train for Pocatello. Mrs. Wil-son and daughter left the train at Clifton, Idaho, at about 4 o'clock in the morning, while McBride continued on north to Pocatello. Boise, Idaho, Aug. 20 .- Although the past week commenced with excessive temperature an agreeable cooler weather occurred on the 15th and the emainder of the week was coo City Physician Budge announces that Logan is entirely free from smallpox. A 5-year-old son of C. T. Obray, of Paradise, yesterday fell from a horse, The mean daily temperature for the The mean daily temperature for the whole state averaged about normal. Light to heavy showers occurred in the southern and eastern sections on the 15th, 16th and 18th, and in the northern sections on the 18th and 19th. The showers on the 15th were attended by considerable high wind A girl haby was born to Mrs. John by considerable high wind,

## CROPS.

Fruit: Continued warm weather has had its effect in rapidly ripening fruit. Pears and melons are demanding attention of the shippes. Italian prunes in most instances have shown such de-velopment during the past two weeks as to give assurance of a superior qual-ity at time of maturity. Winter apples are growing nicely, but wind during the afternoon of the 15th caused heavy dropping not only of worm-damaged fruit, but much that appeared of ex-

cellent quality. Hay and Grain:-The having season is practically over in the northern counis practically over in the northern coun-ties with a full average yield secured; in the southwestern counties second-crop alfalfa is in the stack and the third crop, in many instances, is nearly ready for harvest and the second crop of ed clove is being harvested; in east-ern counties second-cop alfalfa harvest is nearing completion while is nearing completion, while through the central sections of Blaine county it has just begun. The hay yield for the state promises to exceed that of 1900. The grain harvest is making good progress with a prospect of more than an average yield in the west and norththan west sections and vey fair results in other sections where water for irriga-tion has been sufficient. "Drv farm" crops promise light yields. Threshing has now become general and the show-ers were not sufficient to delay operations.

Stock and Ranges The condition of stock is about the same as reported last week, being generally good. Recent rains have improved the ranges and increased the water supply. Vegetables: Tomatoes and sweet

corn are in market in moderate abund-ance: flield corn promises to yield exceptionally well and the prospect for late notatoes is for fair to good yields depending largely upon the facilities for irrigation.

O. O. Buck, Beirne, Ark., says: I was troubled with constipation until I bought DeWitt's Little Early Risers Since then have been entirely cured of my old complaint. I recommend them.-F. C. Schramm, Prescription Druggist. McCornick building, corner Main and First South street.

## OFFERS \$50 FOR BODY.

Dr. Zeigler Wants to Execute Contracts With 400 Dying Persons.

Are you dying? Would you like to have \$50 more to spend during your few remaining days or weeks on this terrestrial sphere? If you need the \$50 you can get it, cash down, by proving you cannot live more than half a year onger and by asssigning your corpse for a post-mortem operation. Dr. L. C. H. E. Zeigler, a surgeon, promises to give the \$50 each to all persons, up to the number of 400, who will sign a contract bequeathing their bodies for a few moment's use under his knife

a few moment's use under his knife and in front of his camera. Dr. Zeigier's extraordinary offer was made public today'through an adver-tisement inserted in the Daily News. The physician says he had made an important surgical discovery in a meth-od of operating painlessly and without the use of anaesthetics. To set forth his discovery to the medical world he is writing a book. He needs 400 half-tone illustrations in the big volume to

sons who are fit to be subjects is the trouble, and that is why I resorted to advertising columns of the Daily News "I think many a persons who knows

he or she is about to die would like to have \$50 to pay off a debt or assure a decent burial and would be glad to aid science as well, so I don't anticipate much delay in securing the 400 corpses." -Chicago News.

If the action of your bowels is not easy and regular serious complications must be the final result. DeWitt's Lit-tle Early Risers will remove this dan-Safe, pleasant and effective, F Schramm, Prescription Druggist, Mc-Cornick building, corner Main and First South streets.
