Elder John Keller wrote from Zurich, Switzerland, Oct. 24, as follows--"My health is good, and I feel grateful to my Heavenly Father for the opportunity afforded me to proclaim the everiasting gospel to this part of a fallen world. "The Saints here are striving to live their religion. They do their best to sus-tain the Elders who are sent here, though they are in poor circumstances. The wages of the laboring classes are low, while prices of even necessaries are high. This makes it almost impossible for the Saints to save means for their emigration; this is especially the case with those who have families to provide for.

MARRIED .- In this city, on Monday, Nov. 25th, by President D. H. Wells, Mr. William Harrison Culmer and Miss Sarah Jane Butters. We wish the young couple s pleasant voyage together, hand in hand, through life, and may the post's words receive a verification in their case—

"From that day forth, in peace and joyous bliss They lived together long without debate ; Nor private jars, nor spite of enemies, Could shake the safe assurance of their state."

PHRENOLOGY .- We had a visit this mor-

aing from Mr. John Mattley, professor of phrenology. He purposes delivering a series of lectures on that subject in this city, the first of which will be given in the Institute on Friday evening, commencing at eight o'clock. No charge will be made for admission. Mr. Mattley is now on his way to California from the east, and lec-tured at Omaha on his way to this point.

WILL SHORTLY AFFRAR.—It will doubt-less be gratifying to the lovers of genuine acting to learn that Miss Annette Ince will shortly appear on the boards of the Theatre. This talented lady, by the faithfulness of

her impersonations, made herself a general favorite with thestre-goers on her previous appearance in this city. Her rendition of the character of Queen Elizabeth will be remembered by those who had the pleas-ure of witnessing it as a most magnificent plece of acting. Her forts lies in her abil-ity to throw great power and intensity of feeling into the more pathetic passages of her representations.

CoL.'PETER SAXE.—This morning we had a call from this prominent dealer in fine stock, of which he has a large number at Ogden, which he brought along a few days ago direct from the "Blue Grass Region, "Kentucky. Within the last day or two he has sold to Mr. William Jennings five fine helfers, to G. D. Watt and son one heifer and to Bishop F. D. Hammond two buils and one helfer. The Col. returns to Ogden to-day, where he will remain for several days. When there he stays at Mr. Lorin Farr's, where he can be seen or communicated with by parties desirous of purchasing fine stock.

IN THE GALES.—It appears the S. S. Ne-vada, which has a small company of Saints on board, had to put back to Queenstown on or about the 25th, with damaged ma-chinery. The intelligence chinery. The intelligence came over the wires, but gave no particulars. The people on board are having a very long, tedious and boisterous passage. About nineteen days from Liverpool and only at Queens-town. They will, doubtless, be ultimately landed in astery on this side of the Atlantic
