

42, Radicals 35. Quite serious riots occurred at Nantes and Bordeaux, yesterday.

Madrid.—The project for a Regency was debated at great length in the Cortes yesterday, and it was at last referred to a committee. During the discussion Alaza stated that the election of a king at present was impossible.

Vienna.—It is reported that a treaty has been made by a commission appointed by the Turkish and Persian Governments to arrange the boundary between the two countries.

Information from a reliable source, in Havana, shows that the Cubans are making active offensive movements and were never in better spirits, or more sanguine of success. The telegrams from Havana deny the report of any number of Cubans or any officer of the Cuban forces having surrendered to Valmazeda.

The fact is now established beyond a doubt, that the filibusters who landed in the Bay of Nipe, have effected a junction with the forces of Quesada. The Spanish troops have had several skirmishes with the insurgents recently near Trinidad. Havana is quiet.

New York.—The Herald's special from Havana, the 7th, Key West, 9th, says the emigration of Cubans from the Island has again commenced, and large numbers are leaving.

Advices from Trinidad have been received. They say that a revolutionary movement was on foot at that place, and that the volunteers had attempted to depose the Governor, who resisted and was killed. General Lesca, with the Basque volunteers, has gone to Cui-co Villas. The Neuvieta Railroad had again been cut. The government has received information that two slave ships are expected here.

London.—The Archbishop of Canterbury has counseled the Bishops in the House of Lords not to oppose the Irish Church bill.

A banquet was given to-night to a deputation from Ireland, now in this city, bearing petitions against the Irish Church bill. Many Tory Peers and clergymen of the established church were present. It is said that 55 Conservative Peers will decline to follow the policy of rejection. This was announced by the majority at their meeting last Saturday; and the defection of others is probable.

The Post Office Department has completed the arrangements for the purchase of the various lines of telegraph in the United Kingdom in accordance with the bill passed in Parliament last year.

Paris.—The Marquis de Lavallette, Minister of Foreign Affairs, at his official reception to-day, thanked the Prussian charge D'Aulaires for the favorable tone of the Berlin journals with regard to the elections in France.

Vienna.—Cardinal Rouscher, Archbishop of Vienna, has intervened to protect Bishop Lins from the secular power, but the Ministry assert that they are unable to interfere with the course of justice. In consequence of the affair coldness is manifesting itself in the relations between the Cardinal and the Imperial Government.

Limberg.—A ministerial order has been promulgated, authorizing the use of the Polish language in the administration of the internal service in Gallitia.

Ottawa.—Resolutions for the admission of New Foundland into the Union, passed a committee of the House of Commons last night.

John Tobin, an ex-member of the Legislature, committed suicide by shooting himself this morning.

Ottawa.—Patrick Bulkley, for a long time confined in jail on suspicion of being an accomplice to the murder of Darcy McGee, has become insane and has been placed in a lunatic asylum.

Madrid.—Gen. Caballero de Rodas will sail for Havana, to-morrow, on the steamer San Antonio. He will stop at Porto Rico on his way to Cuba. Want of harmony in the present Ministry is becoming more and more apparent, and a change is expected.

Paris.—The Emperor has issued a decree, convening the Corps Legislatif on the 28th inst.

London.—The election riots at Nantes were more serious than the first dispatches from Paris, to-day, represented. Troops were called out and were obliged to use the bayonet in dispersing the mob. Many rioters were wounded and a large number were arrested. At last advices order had been restored and the city was quiet.

A telegram from Paris, to-night, states that large and tumultuous crowds assembled again in the Mont Martre district, to-day, and that troops were called out to suppress the disturbance.

Bombay.—Advices from Cabool report that Azim and Rahman have given up the hope of overthrowing Sheere Ali, and have gone to Teheran. Sheere Ali had introduced many reforms in his government; he had remodelled his army, established a police force and forbidden the citizens carrying arms.

London.—Advices from Melbourne report that several members had been expelled from the Parliament of Victoria for bribery; proceedings against them were pending.

The New York steamer Henry Chauncey brings Bogota advices to the 2nd of May; they report serious trouble throughout the Republic. It is thought the union will soon break up. The Presidential election resulted in favor of the Government. A row occurred on the streets of Bogota, one person was killed and five badly wounded.

The elections for Senators and Representatives at Panama resulted in favor of the Ministerial party.

The steamers Elnoinedor and La Confiarza collided in the Magdalena River; both were totally wrecked, but no lives were lost.

New York.—Valparaiso letters state that the belligerent rights of the Cuban surgents have been recognized by the Chilean government. In the discussion upon this subject in the Senate, reference was made to Steward's speech in Havana, in laudation of the Spanish government, and a belief was expressed that he would not co-operate in the recognition. A letter from Lima, Peru, states that President Balta has issued a decree formally recognizing the Cubans as belligerents and extending them the usual privileges. The Peruvian and Chilean ministers in Washington have been specially instructed to ask the withdrawal of the promise made by Peru to keep the Peruvian monitors from a conflict with the Spaniards during their transit to Peru.

Halifax.—In the Assembly to-day, the Attorney General alluded to the subject of the repeal of the Union Act; he said the British Legislative has not the power to tax Nova Scotia and therefore has not the power to alter her Constitution; the Province must be liberated from Union, and as mild measures have already been taken for attainment object and have not succeeded they were now about to try strong measures. He moved that the Attorney General of Nova Scotia be authorized to obtain in the higher English Courts a judicial opinion as to her forced union with Canada. He said, if the freedom of the Province could not be secured by these means, they would have to take resolute steps, but did not, however, intimate what these steps would be. The debate attracted little interest.

The facilities of the Line for making uniformly quick time are unequalled.
