

try look better than they have for many years past, and there will be a large yield of grain. There is plenty of feed on the ranges and the stock are in excellent condition.

Messrs. Kimball and Jeffery of New York, have brought the crushing mill formerly owned by Messrs. Hussey, Baxter & Co., and are running it night and day with two shifts of hands. They have put in a new crusher and have replenished most of the old machinery with new, imported direct from the East. The mill is at present engaged in crushing ore from the Lewiston mining district, being run to its full capacity and is quite a success. It is the intention of the proprietors to enlarge the mill soon and put in six or eight more pans. Mining matters generally are looking up and everything portends better times coming.

**MUSICAL FESTIVALS.**—The great festival at Cincinnati is succeeded by a smaller one at Indianapolis, which as the telegraph reports, opened on Tuesday evening, 20th, with success, under the conductorship of Mr. J. S. Black, formerly a music teacher in Chicago. It is only an echo of the Cincinnati one, both chorus and orchestra being weak, but it has the effective services of Mrs. H. M. Smith and Messrs. Winch and Whitney as soloists, in the performances of Handel's "Messiah," Haydon's "Seasons," and Mendelssohn's "Elijah," and is a step in the right direction. It shows that the great successes of 1873 and 1875 in Cincinnati are beginning to take root elsewhere, and are doing good work. Meanwhile, as we have once before asked, what will Chicago do? Theodore Thomas stands ready to give a festival here in 1876 or 1877. We may not be able to accomplish all that Cincinnati has done, first time trying, but we believe it can be done in time. The effort is worth making.—*Chicago Tribune.*

### IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Kankakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route—

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information, with maps, time tables, etc., may be had at any of the Through Ticket Of-
