#### SENATE.

WASHINGTON, 29.—Davis, of Illinois, presented a petition of the citizens of Bloomington, Ills., against any reduction in sheet zinc.

Kernan presented a petition of the claimants to the unappropriated balance of the Geneva award; also of persons not claimants.

Petitions were presented of ex-soldiers against the passage of the Senate bill for examination in pension cases.

A communication was received from the Secretary of War recommending, on the suggestion of Gen. Newton, that $1,600,000 be appropriated in annual installments for improving Harlem River, New York.

It was resolved when the Senate adjourn to-day it be until Monday.

Allison, from the committee on appropriations, reported with sundry amendments the House bill making appropriations for fortifications and other works of defence; ordered printed and placed on the calendar.

Kernan introduced a bill to provide for celebrating the one hundredth anniversary of the treaty of peace and recognition of American independence by exhibitions of arts, manufactures and products of mines in New York in 1883.

Johnston submitted a resolution requesting the president of the United States to inform the Senate if any money has been paid by the government of Venezuela as awards of the United States commission organized under the treaty of 1866, when such payment was made. The sum and whether it had been distributed to the persons entitled to receive it, and if not the reasons thereof; also copies of all correspondence between the two governments relative to the subject during 1879; adopted.

Gordon submitted a resolution that a committee of nine Senators be appointed to take into consideration the subject of the construction of a canal to connect the Atlantic and Pacific oceans, and that all papers, documents, and information relating to said subject be referred to said committee, which should be authorized to confer and act concurrently with any similar committee of the House and be authorized to employ a clerk.

The Chair, in the absence of an objection, declared the resolution adopted.

Davis, of West Virginia, called attention to the great number of special committees appointed during the present session, and the expense thus incurred. He asked if one of the regular committees could not consider this subject.

Gordon said: If the Senator from West Virginia was as conversant with the facts of the case as he (Gordon) was, he would probably make no objection to the resolution. The matter was the most important now before the American people, and the committee on commerce had found it impossible to give it the attention it demanded.

Davis desired to resume his comments on the resolution, but the morning hour having expired, the matter went over.

The Senate then went into executive session.

The postoffice committee reported the Senate joint resolution to pay certain southern mail contractors for services prior to May 31, 1861, it being shown that neither the Confederate nor the United States government had paid them.

Bayard, from the committee on finance reported with amendments a bill for the conversion of national gold banks; placed on the calendar. Adjourned till Monday.

#### HOUSE.

WASHINGTON, 29.—The regular order being demanded, consideration was resumed of the bill declaring all public roads and highways post routes. The previous question was seconded and the bill passed.

Herbert, from the committee on judiciary, reported a bill providing that no person shall serve as a petit juror in any United States court more than three weeks during any one year. Pending action on the bill the morning hour expired.

A joint resolution appropriating $20,000 for the purpose of enabling the United States Fish Commissioner to represent the United States at the International Fishing Exhibition at Berlin, in April next, was reported from the committee on foreign affairs and objected to by McMillin.

The House then went into committee of the whole on the revision of the rules.

New, from the judiciary committee, reported back the bill amending the revised statues to provide that when the State contains more than one district or division every suit not of a local nature in the circuit, district or county thereof, against a single defendant must be brought in the division where he resides; but if there are two or more defendants residing in different districts, it may be brought in either division and a duplicate writ be issued against the defendants directed to the marshal of the other division. In all cases of the removal of suits from the State to the United States court, such removal shall be to the United States court held in the division in which said State courts are held. Passed.

Warner, from the committee on coinage, weights and measures, reported back with amendments the bill to stop paper inflation, and provided for the needed increase of the volume of currency by free coinage of gold and silver, and the issue of gold and silver certificates; ordered printed.

Tucker, on the suggestion of Blackburn, withdrew his amendment, to provide dilatory tactics.

Williams moved an amendment that members should not be called from the chamber after 1.30.

Steele thought they might as well provide that members must vote right.

Williams—That would destroy the democratic party.

The amendment was rejected.

To rule 9, respecting questions of privilege, Springer submitted an amendment, including among those questions such conduct as disqualified a member from holding any office of honor, trust or profit under the government.

Garfield thought the House should act on such questions only in case a member has been convicted of crime.

Amendment rejected and the rule agreed to.

Rule 60 was then agreed to. Rule 11, declaring the duties and powers of a committee created much discussion between Randall and Shellenbarger as to the duties and past conduct of the appropriation committee. Without any alteration of the rule and without concluding the discussion, the House adjourned.

### EASTERN.

#### WASHINGTON NOTES.

WASHINGTON 29.—Congressman Page, of California, appeared to-day before a committee of post office officials, of which Third Assistant Postmaster General Hazen is chairman, for the purpose of stating his views with regard to the charges recently referred to that committee to the effect that Wells, Fargo & Co, are violating law by operating an independent mail carrying system in California, and some adjacent States and Territories. Page expressed the opinion that the increased facilities of communication afforded by the enterprise of Wells, Fargo & Co. were a benefit to the communities which the latter served, and that the people should not be deprived of them. He believed, however, that proper checks should be provided so that mails could not be carried to the detriment of the government service at lower rates than those fixed by postal regulations. The delegates from Idaho and Arizona were present, but did not speak. The opinion of the post office officials seemed to be that the service is legitimate, and that so long as it is carried on under the provision of the postal laws, and in sparsely settled regions where regular facilities have not been developed, the government should not interfere.

The Secretary of the Interior has prepared a report upon the bill recently introduced in the Senate by Senator Hill, of Colorado, to indemnify that State for the loss of certain sections of lands which were granted it by the general government for school purposes, but which have since been found to be mineral lands and which, therefore, bylaw, reverted to the United States.

Senator Hill's bill proposes to allow the State to select other sections of land in the place of those of which it has thus been deprived. The Secretary of the Interior says that in order to indemnify the State such legislation is necessary, and he further recommends that some time be fixed by law after which lands granted shall pass into the posession of the State unconditionally.

The House committee on Indian affairs to-day examined Governor Pitkin, of Colorado, on the Ute question. He stated that the Indians had been long dissatisfied and chafed under the restraints of the enforced influences of civilization exerted by the agency; that Jack and other Indians had appealed to him to have them relieved of the presence of Agent Meeker; that they did not care for farming, but preferred to lead the same nomadic life their fathers had followed. He (Gov. Pitkin) believed the Utes were actuated by malicious intent in the recent Ute outbreak, and had decided, if possible, to drive out the whites from Colorado.

Miss Josephine Meeker was present. Her evidence will be received to-morrow.

The House committee on military affairs agreed this morning to report favorably Representative Acklen's bill, authorizing the Secretary of War to transfer to the trustees of the Louisiana State University and Mechanical College, the United States barracks and arsenal at Baton Rouge, with an amendment providing that no repairs or improvements the trustees may make shall conflict with the reserved right of the United States to take back the property at any time, or shall bind the United States in any way to pay for the same.

The House committee on the Pacific Railroad to-day instructed their chairman to report favorably to the House and urge the passage of the bill introduced by Representative McLane to alter and amend the sinking fund act, approved May 7th, 1878, after agreeing upon the amendment extending the provisions of the act to all persons and corporations into whose possession the Union and Central Pacific may come by purchase, consideration or otherwise.

Senator Blaine is going to have an ovation tendered him by the republicans here, arrangements for which are being made on an extensive scale. The Blaine men have elected a majority of the delegates to the district convention to select three delegates to the Chicago Convention. Col. R. G. Ingersoll has consented to head the delegation.

The democratic managers have sent a ord to North Carolina that the Legislature, while in extra session, must pass a rigid registration law and thus take away the right of suffrage from about one-half of the negroes who now vote, making the State hopelessly democratic next November.

The friends of the Northern Pacific Railroad have begun to work in earnest to secure the passage of a bill extending the time for the completion of the road, and feel confident of success. An argument in favor of such a bill was made before the Senate railroad committee to-day.

The democrats of the Senate all voted to reject the nomination of Kutchin, for collector of Wisconsin on the ground of violent language by his paper in denouncing the democracy. It has generally been conceded the articles were ironical.

#### New York Notes Concerning Railroad Stock, Etc.

NEW YORK, 29.—The Stock Exchange in the early hours was the scene of great excitement, and the subject of it was Central Pacific stock. Yesterday public notice was given by the committee of the syndicate which bought 50,000 shares of Central Pacific with the privilege of 50,000 more, that the same would be publicly sold in the ordinary way at the opening of the Stock Exchange. One thousand had been disposed of this morning.

The *Evening Post* says: The syndicate employed five brokers, giving each an order to sell 10,000 shares on the scale of fractions from 80 to 85. As soon as the hammer of the presiding officer dropped at 10 o'clock, and business was formally opened, there was such a rush in the Central Pacific as might have led the spectator to believe some one in the crowd was throwing about five carat diamonds by the handful. Brokers had their coats torn and were in danger of having their bones broken. In fact the tumult was extraordinary, even for the Stock Exchange where excitement is the rule. The first sale was 81½. There was then a rapid advance to 87½ inside the first fifteen minutes. This was followed by a decline to 84¼ and at 10.20 with the price at 85. The five brokers had each executed his order and the 50,000 shares had been sold.

The committee had refused private bids for a large amount of stock, and as one of the purposes of the sale by Huntington was to popularize the stock in this market, it was thought best to put every one seeking to buy on the same footing; therefore, the stock was put openly on the market. The crowd which surged around the sellers was so thick and so eager, that the pressure was really dangerous. One man was observed with his collar ripped open. The wild confusion which prevailed has rarely been equalled in the stormy annals of the Exchange. The average price was 84 and a fraction.

The syndicate would have been content, it is understood, if an average of 82 had been obtained. The whole transaction is unique in the history of the stock market, and its successful result is the general topic of conversation in Wall Street.

There is an open rupture between the Pacific Mail Steamship Company and the Pacific Railroad, and a fierce competition in Pacific Slope freights is anticipated. The old contract expired in May, by which the steamship company agree to raise its passenger and freight tariff and to carry only heavy freight, the railroad companies guaranteeing 600 tons of freight, or about 50,000 a month. Since May there has been only an implied contract and the steamship company has relied on the honor of the Union Pacific road to make good its payments and its promise to make a new working agreement on more favorable terms. Recently the Pacific Mail Steamship Company made arrangements for the extension of their carrying facilities, and under their agreement with the Panama Railroad Company, they claim in a circular to be issued to-morrow to stockholders, that they can afford to carry freight and passengers at a rate so low as to prevent being cut under by the railroads and yet to save loss. The new schedule of passenger rates is $75 for cabin and $40 for steerage passengers, a reduction of over 30 per cent. on the present rates. The Steamship company gave notice to the Union Pacific managers a few days ago demanding a new contract, as promised, and this claim being refused or ignored, a competitive war has been declared. As an earnest of their ability to successfully compete, the circular states that since May the earnings have been sufficient to pay not only the floating indebtedness but a large portion of the $2,000,000 owed the Panama Railroad Company.

The officers of the Union Pacific Railroad Company denied to-day that there had been any contract expressed or implied with the Steamship Company since May, and that none was desired. However, this is known to be incorrect, as the Pacific Mail company have rejected several propositions from the Railroad Company to make a contract which they deemed to be against the interest of the Mail Company.

The contract between the Pacific Mail Company and the Overland Railroad Company, by which the steamship company received a subsidy for agreeing not to reduce their price below the railway company's expired in May last. The Pacific Mail Company, after waiting in vain for a more favorable contract, have determined to put passenger and freight rates between New York and San Francisco low enough to prevent undercutting by the railroads, and have made arrangements for additional carrying facilities between the two points.

#### Ingersoll on Tom Paine.

CHICAGO, 29.—The new Music Hall was crowded to its utmost capacity to-night, the audience having assembled to hear Col. Robert G. Ingersoll lecture on Thomas Paine, his life and services to his country. Ingersoll touched briefly on the theological side of Paine's character, and dwelt for nearly two hours on his distinguished abilities and patriotism as displayed during our troubles with France. The proceeds of the lecture, which are to be applied to the erection of a monument to Paine, are about $1,500, besides which a subscription was taken up for the same object. The monument will be erected in one of our parks.

#### Gould's Next Grab.

The *Times* says: It is believed Jay Gould's main object at present is to secure control of all roads which have California routes in their charters. He will next turn his attention to the St. Louis, San Francisco and Iron Mountain roads, the only ones which he fears his rivals may use against him.

#### Disappeared.

BOSTON, 29.—The disappearance of Dr. S. Dana Hayes, State assayer, is announced. It is said that after settling up all matters of business on the 20th inst., he left this part of the country, leaving a letter stating that he should not return. His business was in a very prosperous condition. The cause of his disappearance is domestic trouble.

#### Ineligible.

The board of overseers of Harvard College decided yesterday, after a long discussion, that Rev. Dr. Bellows, of New York, is ineligible as a member of the board of overseers, not being a resident of Massachusetts, although receiving a majority of the votes cast at the recent election.

#### Investigation of that Duel.

NEW ORLEANS, 29.—The district attorney to-day filed information against the principals and seconds of the Burke-Hearsey duel. The principals were bailed in $500 each, and the seconds in $250 each. The penalty under the law for fighting a duel is $200 fine and imprisonment for two years, seconds $100 fine and imprisonment for one year.

#### A Fusion Surrender.

AUGUSTA, 29.—The finance committee began to-day an examination of the treasurer's accounts. The present State treasurer, White, will oppose no obstacles, but will turn over his books and accounts to the new treasurer, Holbrook. The military will break up to-morrow. Everybody seems willing to accept the situation and absolute quiet is restored.

#### The Insane Adventist.

BARNSTABLE, Mass., 29.—Chas. F. Freeman, the Pocasset child murderer, was arraigned before the Supreme Court to-day. Physicians declared him insane and he was remanded to the May term, when, if his condition is the same, he will be sent to the lunatic hospital.

#### Irish Meeting.

NEW HAVEN, 29.—Parnell and Dillon addressed a large and enthusiastic meeting in this city, delegates being present from all over the State. Mayor Bigelow presided, and Dr. Leonard Bacon delivered a welcoming address. Over $1,500 was raised.

#### A Suicide.

ST. PAUL, 29.—Rev. J. M. Tewer committed suicide at Fairbult this morning by shooting. He leave a wife and six children in Winnebago, Illinois.

62½ CTS EACH

Having completed arrangements with one of the largest Collar Factories in the United States for an unlimited supply of Shirting Muslin, at wholesale cash prices, and having largely increased our facilities for the manufacture of Shirts, to meet the requirements of our rapidly increasing trade, we have decided to make an important departure from the course usually followed by similar establishments, and to place our wares directly in communication with the consumers, thus avoiding the enormous profits required to be added to cover the retail trade, and are now prepared to make the following unprecedented offer:

[illegible] Superior Muslin, Fine Linen Shielded French Yoke Shirts, as above, $7.50

As a guarantee we refund gold plated Sleeve and Collar Buttons presented to us. We warrant Sleeve, Yoke and Collar to be Satisfactory in every respect, and will exchange any shirt found in any manner unsatisfactory, or which, after one week's wear, shrinks from measure, or has a coarse or uneven seam. Should any shirt not fit, send it back, and we will make a more perfect fit. The above is a very superior muslin, and we can furnish a more perfect fit. The Collars are very superior, much lower than the same quality can be bought [illegible] gold plated Sleeve Buttons presented to us.
