RIVALS IN RACE TOMORROW NIGHT

W. E. Samuelson and Floyd McFarland Will Again Contest on Saucer.

IN AUSTRALIAN PURSUIT.

Provo Boy Expects to Win Within Four Miles—In That Event Californian Declares He Will Quit.

The chief event in this week's bicycle races is scheduled for tomorrow evening at the saucer track, and it promises to be one of the best races ever witnessed at the local track. W. E. Samuelson of Provo, known as the human motor, and Floyd McFarland, of San Jose, Cal., will be pitted against each other in an unlimited Australian pursuit race. These riders are old time rivals at this branch of the game and the struggle between them will undoubtedly be a determined one. In their match race last season McFarland won but Samuelson had previously beaten Mack.

LONG HARD RACE.

The Provo rider is in splendid condition for a hard gruelling race and is confident of winning from his elongated opponent. Samuelson says he expects to win the race within four miles but McFarland declares he will sell his bike and quit the track in that event. That the race will be a long and hard one there is no doubt. The riders will race for a purse of $100.

In addition to the match race there will be a two-mile open lap professional and a mile handicap professional. Kramer, Clarke, Lawson, Downing and the other fast ones will fight it out in these events. The amateurs wil contest in a half-mile open event and a mile handicap.

KRAMER NOW IN LEAD.

Champion Frank Kramer has finally succeeded in taking the lead away from Clarke, the Australian, in the standing of the riders in point of winning firsts. The three meets last week gave Kramer the chance he wanted. Clarke, however, had the misfortune to fall in two races which put him out of the running. One thing that pleases the fans is the fact that Iver Lawson is rapidly rounding into good form again, and is gradually coming to the front. Among the amateurs DeMara leads by a big margin and there is little chance of any of his competitors taking leading place away from him.

The following tables show the standing of the professionals and amateurs up to date:

POCATELLO BEATEN.

Salt Lake Team Defeats Visitors by Score of Twenty-three to Nothing.

John Dubel's Salt Lake ball team gave the Pocatello aggregation a lesson in baseball in their game at Walkers field by running up a score of 23 to 0. The local team played almost perfect ball, the only error being a hard foul tip which was dropped by Margetts. The detailed score follows:

"I have been troubled with a terrible headache for the last ten years; the doctors could do me no good. I saw Dr. Miles' Anti-Pain Pills advertised in the Sunday magazine, so I thought I would try a sample. I did so, and they helped me wonderfully. I had headache so badly I could hardly see to work, so I sent to the drug store and got a box. In a couple of hours I was all right, it was the first medicine to do me any good."

ELY LOSES TO SALT LAKE.

Stephens, One Armed Pitcher, Proves To be the Whole Show.

Dubel's team shut out the Ely nine in an interesting ball game at Walkers field on Saturday afternoon. The game was worthy a better attendance, but those who saw the contest made up in enthusiasm what was lacking in numbers.

The feature of the game was the remarakble work of Stephens, the one-armed pitcher recently discovered by Dubel. He showed remarkable ability in pitching and batting. Out of four times up he secured three hits and his pitching kept the visitors puzzled most of the time. The Salt Lake team played an errorless game and was at no time in danger of losing. ELY GETS EVEN.

Defeats Ogden Ball Team in Ragged Game—Many Errors Made.

The Ely baseball team got even with Ogden in the second game played at the Junction City, winning by a score of 10 to 6. The Gimlinites put up a ragged exhibition of the national game, but their work was not so very much worse than that of the Elyites. Ogden made seven errors and Ely rolled up a total of six. CHALLENGE IS LIKELY.

Sir Thomas Lipton Still Has Hope of Winning Cup.

New York, July 7.—There is some prospect for another America's cup race next season with Sir Thomas Lipton again a challenger, according to reports in yachting circles. When Sir Thomas was in this country last year he expressed a desire for another try at the trophy, but only on condition that the races would be sailed under the new measurement rule, which practically precludes sending a "racing machine" tpye of boat to the line. He was told that if he would like to defer his challenge a year in order that the new rule could receive a thorough test, the New York Yacht club would be in a position to pursue the matter. It is now said that the yachting season has gone far to prove the contention that yachts can be constructed with great speed without the loss of staunchness and safety in heavy weather, and that the performances of such boats as the schooner Queen, sloop Effort and other boats constructed under the new measurement rule, are evidence of the fact. According to report inflmation has already been given Sir Thomas that a challenge under the new rule would be accepted, and yachtsmen are rather confident that such a challenge will be forthcoming.

Should the New York Yacht club agree to a challenge under the new rule, it would open the door for cup defenders from other countries, in the event Sir Thomas should fail again. There have been frequent intimations that the German emperor would like to see a German yacht make a try for the America's cup, but he is opposed to the racing machine in yachting.

LIGHT IN SPORTS.

Only Two Events of Any Great Importance This Week.

New York, July 7.—Following a period of much activity in all branches of athletics, the present week promises little in the way of sports. The endurance run for the Glidden automobile trophy, the competition for the American amateur golf championship, preliminary play for the Davis tennis trophy in England, and the usual number of rich stakes in horse racing, cover the list of events of national interest in sport during the next seven days.

The qualifying rounds of the thirteenth annual golf championship of the United States will begin on Tuesday over the links of the Euclid club at Cleveland and play will continue throughout the week. More than 100 amateurs will take part in the tourney, the list being one of the most representative ones in the history of the game in America. All the well known amateurs who have participated in previous tournaments are among the entrants, as well as many newcomers, whose playing is an unknown quantity. The qualifying and final rounds of players at thirty-six holes.

The American Whist league will hold its seventeenth annual congress at the Auditorium hotel, Chicago, July 8 to 13, inclusive. Eighteen contests are provided for in the program, chief of which will be for the Hamilton trophy and the championship for club teams of four.

VANDERBILT CUP.

Automobile Contest for Prize is Practically Assured.

New York, July 8.—Now that a contest for the Vanderbilt cup is practically assured, the racing board of the American Automobile association is beginning to make plans for the contest. A course has been chosen, subject to the approval of the full board. It is in Union county, New Jersey, with the starting point at Plainfield. The course is 28 miles long and will have to be traveled over nearly 11 times to complete the 300-mile journey. The roads are macadamized all the way.

The elimination race for American cars will be held on Oct. 5 and the race itself will occur two weeks later.
