CANCER Sufferers from this horrible malady nearly always inherit it - not necessarily from the parents, but may be from some remote aucestor, for Cancer often runs

through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its ap-pearance - or a swollen gland in the

breast, or some other part of the body, gives the first warning. To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood-every vestage
