As stated to the Nava at Wednesday wearing, the New York Wevid of Sunday had a statement or the subject of Purity Teers of hermatin in America." It nemptes one page of that paper, giving a shotch of the Mormona in Ulai from a some page of the Mormona in Ulai from a some hermatin in America." It nemptes one page of the Mormona in Ulai from a some hermatin for the Mormona in Ulai from a some hermatin for the more than Young to which is given the title, "What the Choron Lither Brigham Young to which is given the title, what the Choron is attempt to the work of the Mormon inopening up and sattling this State at the business, educational and social operations artiful as, and gives a comprehensive these at the part its Mormon people their in bringing the great West under the Indicence of civilization. The fillestrations un the page give portraits of the late Freedens Brigham Young and Miss Louise Severe (Jaughter of Elder C. B. Havage of this city, the pictures of the Edgle Gate, Temple Silver, interior of the Tabernault, and grave of Periodent Young, The leading place is given to the leading place is given to the interior of the Tabernault, and grave of Periodent Young, The leading place is given to the leading of the West and Periodent Young, The world in the Counce, writes for the West, in his unsay, feel year, of the multi-winness that withing West-indiventant and desting of the Mormons, "and gives the leiter as Liws one of the Verifical Periodent I also with a line of the Periodent Periodent I would be a like the page of the Worman, "and gives the leiter as Liws one of the Verifical Periodent I and the rest in the page of the Worman, "and gives the leiter as Liws one of the World Periodent I also with the page of the Morman, and gives the leiter as Liws one of the World Periodent I would be a like the page of the Morman, "and gives the leiter as Liws one of the World Periodent I would be a like the page of the Morman, and gives the leiter as Liws one of the Morman, and gives the leiter as a light of the leiter a

BEALTH OF PRESIDENT WOODBUFF.

The health of President Woodwaff todes continues to alway storaly impresent and all initiations are of a faworable chestoff. He is still incide, however, one termine at home to addition that quiet and rest which see too seems to all other than the secondary of the

AN ANCHENT MANUSCRIPT.

the me time says the announcement who made from London that a valuable manuscript had teep found on the horses of the Lidyan desert, by Mearr, Grandell and Hunt of the Egyptien explanation party. The manuscript was written for Livest, probably shoot written in Greek, probably shoot work of party. The spent of the principle of our displan. The work of designating and translating it was at once samms seed, and the publication of its contents was looked forward to with much anticipation among hidden to be successful to the content of the principle and first was overagimanted. A grouple of teppears to a London said to the New York Bute, see Televier.

The first see foreign of And then them the more than the more fast to make the more than the property and the property and the more than the more than the seed of the property and th
