

FOUR HIGHWAYMEN, ALL HEAVILY ARMED,

Holdup and Rob Passengers on
Illinois Central Chicago-St.
Louis Express No. 1.

THEY GOT A THOUSAND DOLLARS

Lined Them Up in Pullmans and Made
Them Put Their Clothes on
The Floor.

Miss Whittaker, a prominent club woman of Savannah, Ga., tells how she was entirely cured of ovarian troubles by the use of Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—I heartily recommend Lydia E. Pinkham's Vegetable Compound as a Uterine Tonic and Regulator. I suffered for four years with irregularity and Uterine troubles. No one but those who have experienced this dreadful agony can form any idea of the physical and mental misery those endure who are thus afflicted. Your Vegetable Compound cured me within three months. I was fully restored to health and strength, and now my periods are regular and painless. What a blessing it is to be able to obtain such a remedy when so many doctors fail to help you. Lydia E. Pinkham's Vegetable Compound is better than any doctor or medicine I ever had. Very truly yours, Miss EARY WHITTAKER, 604 30th St., W. Savannah, Ga.

AT ESOPUS.

Olney Accepts Parker's Invitation to Visit Him.

ESOPUS, N. Y., Aug. 1.—Judge Parker's invitation to Richard Olney of Massachusetts to visit Rosemont has been accepted, and Mr. Olney is expected within a fortnight. Tuesday has been fixed for the visit of Edward C. Wall and Mrs. Wall of Wisconsin. They are en route to Europe.

It is understood here that former President Grover Cleveland has been invited to spend a day at Rosemont on his way home from New Hampshire, where he is spending the summer.

The large number of letters received at Rosemont from gold and silver Democrats are very gratifying to Judge Parker. He has also received many letters from Republicans who declare they will support him.

Judge Parker says that he has so little experience in receiving political letters that he cannot say whether the mail he gets indicates any great political realignment, but he thinks not. A great proportion of the mail of this character comes from the South, though the letters from Indiana are numerous.

National Democratic Chairman Taggart is keeping in constant communication with Judge Parker, but it was stated tonight that if he has decided on the personnel of the executive and legislative committees, the National committee has not advised Judge Parker of his selections.

HOOD AND SHASTA.

Attempt to Signal from One to Other Failed.

Portland, Ore., Aug. 1.—The attempt of the party of Mazamas on the top of Mt. Shasta to signal another party on the top of Mt. Hood was probably unsuccessful. According to the plan, the Mt. Shasta party was to set off a signal fire at 8:30 o'clock tonight. If the party on Mt. Hood saw the signal they were to reply in like manner. If they failed to observe the Shasta signal then the party on Mt. Hood was to set off a signal at 8:45. At 9:45 o'clock what was evidently the signal of the Mt. Hood party noting their failure to see the Shasta signal was distinctly observed here. The signal lasted about 25 seconds.

POLICE STATION STONED.

Chicago Police Battle With Two Thousand Men and Women.

Chicago, Aug. 1.—Rioters stoned the Deering street police station late tonight and for a quarter of an hour the police battled with the crowd of 2,000 men and women, as it charged the station repeatedly with sticks and stones, shouting vengeance against the police. The trouble started when the police went to the assistance of Frank Castellano, a strike-breaker employed in the stockyards, who had been dragged from a street car and severely beaten. Before the police could reach Castellano he had fired four shots from a revolver at his assailants. One of the bullets took effect in John Sheehan's arm.

The mob became infuriated when they saw that their companion had been shot. At least 100 men made a rush for Castellano, but he was rescued by the police. The police station was only two blocks away and Castellano was taken there for safety.

Seeing that their intended victim had escaped, the rioters determined to get revenge on the police and tried to wreck the station. Stones and bricks by the hundred were hurled at the building and all the windows in the place were broken.

Charge after charge was made by the police and the rioters who drifted back only by the strenuous use of clubs. These charges by the police had little effect, for as soon as the police would return to the station the crowd would again gather with a fresh supply of missiles and make another attack on the place.

Nearly a dozen times the police sallied forth and charged the crowd with clubs before the rioters dispersed. In one of these charges three policemen were injured with bricks. At least 50 rioters were cut about the head in the hand-to-hand conflicts with the police.

Strike Breakers Go East.

San Francisco, Aug. 1.—A party of 40 non-union butchers and meat cutters left this city tonight for the packing-house centers in the east where they will act as strike breakers. They signed contracts with a local employment agency in which they agreed to work for the firm of Schwarzhild & Sulzberger who have packing establishments in New York, Chicago, Omaha and Kansas City. The contract agreed to lodge and feed the men and pay them at the rates varying from 50 to 25 cents per hour according to the character of the work done. The employment agency claims that it is the vanguard of a large number of men who will be hired in this and other coast cities to take the place of the striking butchers in the east.

NEW ENGLAND ANTI-IMPERIALISTS

Garvin Says Our Denial of Right
Of Self-Government to Other
People Has Reacted at Home.

G. F. ADAMS SCORES THE SENATE

That Oligarchic Body Must Be Brought
Back to Its Proper Function in Machinery of Government.

Boston, Aug. 1.—Despite the intense heat and humidity, more than 2,000 persons crowded into Faneuil hall today to hear W. Bourke Cockran of New York, Gov. L. F. C. Garvin of Rhode Island and Charles Francis Adams of this city address a mass meeting called by the New England Anti-Imperialist league.

"Adherence to the Democratic platform" was the slogan of the speakers. George A. Boutwell, former governor of Massachusetts and the president of the New England Anti-Imperialist league, presided. Mr. Boutwell made a brief introductory address and introduced Gov. Garvin, who said in part:

GOV. GARVIN'S SPEECH.

"As was to be expected, our denial of the right of self-government to other people has already reacted here at home. The latest and most flagrant illustration of this is in Colorado. As a result of a purely on the part of the constituted authorities there have arisen strikes, accompanied by violence, martial law and finally an abrogation of the rights through the deportation of citizens beyond the borders of the state.

"Analogous instances of disregard of law are occurring in other states." Gov. Garvin closed his interesting speech by a denunciation of imperialism, but in the abolition of that government of the few which had made imperialism possible. To this end he advocated a more direct and complete control by the people of the state and national constitutions. He would have the power conferred upon 5 per cent of the voters to propose constitutional amendments and to have them submitted to the entire electorate for adoption or rejection.

MR. ADAMS' ADDRESS.

Charles Francis Adams spoke in part as follows:

"We Americans do not like that political situation exemplified and brought to its tragic conclusion in the recent assassination of Von Plehve, for we are assured that, as we in the Philippines, so the late chief of secret police in Russia recognized the necessity of bestowing a large measure of self-government upon the people as soon as they have become fitted to receive it. The words sound familiar, whether uttered by Von Plehve at St. Petersburg, or, as yesterday, at Washington.

"To imagine that any community living under a representative system of government, especially a community thoroughly democratic in its organization, can long go on in sufficiently political shape without the presence within it of an effective opposition as well as of a party in power, is, I hold, contrary to reason. For eight years, for reasons which it is wholly unnecessary now to enter upon, this country has been without an opposition either effective or self-respecting.

"The first duty, therefore, as I hold it, of any thoughtful, independent man is to do in the present canvass what ever lies in his power towards bringing such an opposition into existence. If complete success should happily attend him in this effort, the opposition would become the government and the present government would become the opposition.

"They talk today of paramount issues, the issue of anti-imperialism, the great race issue in the south, the issue of the tariff, the money issue, the issue of trusts. They talk of 'curbing the passions.' I maintain that there is no issue before the American people so important or so difficult to meet as the issue of curbing the senate. That oligarchic body has got to be brought back to its proper functions in the machinery of government or disaster will result. As was predicted in the early days of the Constitution, a portion of the legislative body is to be a check upon the executive functions and usurped functions one by one, which did not belong to it, until even appointments in the judiciary have been turned over to the members of the senate.

"There is no department of the government today in which irresponsible members are as easily supreme as in the operation of what is known as the 'courtesy of the senate.'"

The courtesy of the senate, Mr. Adams declared, was distributed by President Roosevelt to Senator Lodge, Senator Aldrich of Rhode Island and Senator P. C. Knox of Pennsylvania.

COCKRAN SPEAKS.

Congressman W. Bourke Cockran was greeted with enthusiastic and prolonged applause.

"We have not assembled to suggest any new experiment in government," Cockran said. "We simply ask that the policy of freedom, justice and liberty established in Cuba, which has proved creditable and profitable to us, which the Cuban people have found a source of progress, a banner of freedom and a bulwark of order, which the whole world applauds as the most valuable contribution to civilization, shall be substituted for the imperialistic policy which has brought this country to the Philippine Islands.

"The decision of this question at the polls will not only affect profoundly the people of the Philippines, but it will also affect the American people, and, indeed, the whole progress of civilization. The violation of every moral obligation in the Philippine island has been followed by the violation of constitutional limitations in the United States. The spirit which led our imperialists to deny the right of self-government to the Philippine people has led them to deny the right of self-government to the people of the United States. Law has fallen into contempt. In some states republican government is wholly abolished.

THE MODERN WAY

To cure a weak stomach is to take Hostetter's Stomach Bitters at the very first symptom. It does away with starving and dieting yourself because it puts the stomach in proper condition to digest the food. In this way it cures Indigestion, Dyspepsia, Constipation, Bileousness, Heartburn, Insomnia, Headache, Cramps or Diarrhoea. Nervous and sickly women also find the work done. The employment agency claims that it is the vanguard of a large number of men who will be hired in this and other coast cities to take the place of the striking butchers in the east.

HOSTETTER'S STOMACH BITTERS.

ished. Men are deported and beaten by a self-constituted military authority. This extraordinary method is justified on the ground that it is a necessary precaution to avert grave excesses. But even if this be so, it only shows the startling decay of that orderly, sober, law-abiding spirit which was formerly instinctive among all American citizens.

"The worst aspect of imperialism is not the individual oppressions which it perpetrates, but the wholesale demoralization worked by the spectacle of successful corruption. It has already permeated our whole government structure. The Democratic minority demanded a full examination of all the departments. That demand was refused. In the senate Mr. Roosevelt's personal representative declared that the majority would investigate—not when the welfare of the American people demanded it, but in its own way and at its own time. What is this but a confession that investigation would be fatal to their prospects?"

During the meeting letters were read from prominent anti-imperialists throughout the country, including Carl Schurz, Henry Wade Rogers, dean of the Yale law school, and Edward M. Shepard of New York.

MARK TWAIN'S DAUGHTER.

Thrown from Her Horse and Hurt by Trolley Car.

Lenox, Mass., Aug. 2.—It has developed that "Miss Julia Langdon of New York," who was thrown from her horse and injured by a trolley car in South Lee, is Miss Jane Clemens, daughter of Samuel L. Clemens (Mark Twain). Her companion reported as being "Joseph Drake of New York" was Rodman Gilder, son of Richard Watson Gilder.

Miss Clemens had a remarkable escape from death. Her horse became frightened at the headlight and bolted directly in front of the trolley, which was going at a slow rate of speed. The young woman was thrown and suffered a fracture of the right ankle, besides several bruises on her right side. The horse was so severely injured that he had to be shot. Miss Clemens has practically recovered from the shock and is suffering now only from her arm.

Mr. Gilder said the reason his son gave out the fictitious names was to prevent Miss Clemens' sister, Miss Clara Clemens, who is in New York, and other relatives from being unduly alarmed by the report of her recovery. The name given by Miss Clemens was that of her mother, who died recently in Florence, Italy.

VLADIVOSTOK SQUADRON.

Cruisers Return to Port in Perfect Condition.

Vladivostok, Aug. 2.—The Vladivostok cruiser division returned to port at 4 o'clock yesterday afternoon. The cruisers were in perfect condition. They captured during their cruise the steamer Arabia and destroyed some schooners, a small Japanese steamer, one German steamer and one Russian steamer. The last mentioned two were carrying contraband material and had nearly reached their destination, Yokohama, but were almost without coal and it was therefore impossible to send them to Vladivostok.

This is the first intimation that any foreign steamer other than the Knight Commander had been sunk.

REPUBLICAN CAMPAIGN.

It Will Open Sept. 15 and Will Be Centralized.

Chicago, Aug. 1.—The Republican campaign, which is to be opened on Sept. 15, is to be centralized, full charge west of the Allegheny mountains being in the hands of five men, while four will attend to the work in the east. The plan of centralizing supervision was agreed on today at the national headquarters in a conference between Chairman Charles F. Dwyer, Denver, Frank D. Lowden of Illinois, Harry S. New of Indiana, D. W. Mulvane of Kansas and R. B. Schneider of Nebraska. It was decided to divide the country west of the Alleghenies into five sections, each of which will be in charge of one member of the executive committee. Hitherto there have been bureaus of labor, nationalities and clubs, but these now will be looked after by the executive committee. Only one exception will be made, that of the bureau of speakers, of which Congressman Tawney of Minnesota will have charge.

Bezobrazoff in Command.

Paris, Aug. 2.—The St. Petersburg correspondent of the Echo de Paris says that Vice Admiral Bezobrazoff entered Port Arthur two weeks ago on the torpedo boat destroyer Lieut. Burakoff, which has since been sunk with all on board except three persons. Admiral Bezobrazoff is now commanding the Russian Pacific squadron.

To Sell Union Iron Works.

San Francisco, Aug. 1.—United States Circuit Judge Morrow today signed a decree of foreclosure and sale of the Union Iron Works, which is one of the properties of the United States shipbuilding company. Judge Morrow's decision follows that of the circuit court of New Jersey.

Fund for Miners' Widows.

Cripple Creek, Colo., Aug. 1.—Business was suspended in the district today to enable all who wished to attend the picnic at Pinnacle park given by citizens of the different towns to raise a fund for the widows and orphans of the non-union miners killed or maimed in the Independence station explosion. Great crowds swarmed in the park and it is estimated that at least \$25,000 was realized from the event.

Coinage at Mint During July.

Washington, Aug. 1.—The monthly statement issued by the director of the mint shows that the only coinage executed at the United States mints during July was \$455,219 in subsidiary coins and \$1,234,000 in Philippine pesos. This falling off is due to the annual settlements and accounts which occur at the close of each fiscal year.

THREE FATALLY INJURED.

Result of a Fight Between Japs And White Men.

Vancouver, B. C., Aug. 1.—As a result of a fight between white men and Japanese at the fishing village of Steveston last night three men were injured fatally. Half a dozen white men and nearly 100 Japanese were involved in the row, which began after a wrestling match between a Japanese and a white fisherman, in which the Japanese was defeated. Two policemen who tried to stop the fight were beaten into unconsciousness. Seven Japanese are under arrest.

The following are the white men who were stabbed and otherwise injured by the Japanese during the fight: William Dickson, farm hand, residing near Steveston, stabbed three times in the back. One of the wounds is just over the kidneys and is regarded as serious.

William Scott, fisherman, stabbed seven times in various portions of the body, and three had scalp wounds from a hatchet.

George Brennan, fisherman, injured about the head and face by Japs jumping on him.

Not Fatal.

No Matter What Doctors Say—We Know That Heart Trouble in Many Cases Can Be Cured.

There are seven main features of heart disease, viz: (1) Weakness or Debility; (2) Rheumatism or Neuralgia; (3) Valvular Disorder; (4) Dilation; (5) Enlargement; (6) Fatty Degeneration; (7) Dropsy.

Documentary evidence will prove thousands of so-called "incurable" have been absolutely cured by Dr. Miles' New Heart Cure.

Patients often have no idea their disease is heart trouble, but ascribe it to Indigestion, Liver Complaint, etc.

Here are some of the symptoms: Shortness of breath after exercise, Smothering Spells, Pain in Chest, Left Shoulder and arm, Discomfort in Lying on one side, Fainting Spells, Nervous Cough, Swelling of Feet and Ankles, Paleness of Face and Lips, Puffing, Nightmare, Irregular Pulse.

"I have great faith in Dr. Miles' New Heart Cure, and speak of its merits whenever opportunity presents. I can now go up and down stairs with ease, where three weeks ago I could hardly walk one block. The year later, 'I am still in good health; the Heart Cure did so much for me, that I find it a far greater medicine than you claimed it to be.'—S. D. YOUNG, D. D., 697 North First St., Natchez, Miss.
