blood-thirsty now than they were hen? Threats and imprecations of the most diabolical character have been lately made. Black hearted scoundrels have been heard to state what pleasure they would take in having a hand in murderous work of a certain class. Because the heads of the Church do

not step forward and submit themselves to the will and pleasure of men out Oregon and Washington early last who have declared that certain laws were passed especially to reach them and that their enforcement is to get them in a trap, some people are such fools or a trap, some people are such fools or knaves as to question their courage. The bravery of these men has been tried in a thousand forms field of spring sown grain will mature. and never found wanting. What is the record of President Conservative estimates put the surplus for export for western Oregon at six million bushels, and of the "Inland is the record of President Taylor in this respect? Two days after the murder of Joseph and Hyrum Smith, Dr. Willard Richards received a letter from General M. R. Deming, in reply to one from him, in which he said: "Your note by the return of the escort has been received, with the re-quest for Mr. Taylor and lady; con-siderations of prudence should, I bint, delay Mr. Taylor's return. I think, delay Mr. Taylor's return. I fear it would prove fatal to his recov-pry." President Taylor was then at East Saginaw says: Forest fires to the *'s, 21%; Pacific 0's, 19%; Central Pact-

Murderer Lynched.

LYNCHBURG, V., 18.-Great excite-ment was caused by the unprovoked murder of T. A. Jetter by H.W. Terry, at Liberty, which occurred on Satur-day. At 2 o'clock this morning, a party of twenty disguised men gained pos-seession of the jail by force and hanged the murderer. Jetter was one of the most popular men in the country. Terry was the son of a prominent man in the state. The marderer is said to have been insane, but other cases, re-cently tried in the state in which mur-derers were cleared on claims of in-sanity, made the lynchers more deter-mined to effect their purpose.
