NATURE OF THE COLLEGE WORK.

The purpose of the college work is to provide a thorough education for the students. The college work is divided into three main parts: the liberal arts, the sciences, and the professions.

The liberal arts are the foundation of the college work. They include the study of literature, history, and philosophy. The sciences are the study of the natural world. They include the study of physics, chemistry, and biology. The professions are the study of the practical arts. They include the study of law, medicine, and engineering.

THREE YEAR HIGH SCHOOL.

The three year high school is a new type of school. It is designed to provide a thorough education for the students in three years. The three year high school is divided into three main parts: the liberal arts, the sciences, and the professions.
