Columbus, O., 23.—The official count of the returns of the State election held October 10th, made by the Secretary of State, shows the following total and majorities:

Judge of Supreme Court—O'Key, democrat, 315,753; Doyle, republican, 299,389, Roseborough, prohibitionist, 13,290; Tuttle, greenbacker, 8,882; O'Key over Doyle, 16,634; O'Key less than all, 1,808.

Member of the board of public works—Welbler, democrat, over Flickenger, republican, 15,725.

New York, 23.—*Tribune's* Washington special: Dr. Bliss has recently returned from the West. He says the split in the republican ranks in Colorado is similar to that in New York and Pennsylvania, and that the democrats will carry the State. Secretary Teller, who started last night for Colorado, to take part in the fight, says that despite dissensions, the republican ticket will be elected.

Railroad Reports.

BRIDGEPORT, Conn., 23.—Eight cars of Boston through freight bound east, were badly wrecked near south port station on the N. Y. & N. H. railroad, this morning. Thos. Martin, a brakeman, was killed, and two brakemen badly injured. The train was running at a high rate of speed; a piece of shafting which composed a portion of the freight, fell between the cars and caused the wreck.

Chicago, 23.—The first regular train over the New York, Chicago, and St. Louis "Nickle Plate Road," left this city at 8 o'clock this morning for Cleveland. The road is declared formally opened for business.

North Adams, Mass, 23.—Peter Barry and Thos. Lavino, injured Saturday by the accident on the Troy and Greenfield railroad, died last night, in great agony. O. S. Vanhausin and Cornelius Shay, died this morning. Five others are not expected to live through the night.

Yellow Fever.

Pensacola, 22. — Fifty-two new cases of fever, one death. Total cases to date, 1,970; deaths, 162. The destitution and distress increases.

Brownsville, 23.—The sickness is yet very bad. At Milo the physicians are all down.

Persons from Laredo, by way of Wier, Camargo and Matamoras, got here to-day, and were immediately sent back across the river by the health officers. The troops are in excellent health. Weather cool and pleasant.

Pensacola, 23.—Thirty-seven new cases of fever and one death. Total to date, 2,007 cases and 163 deaths. A son of J. M. Tarble, mayor of the city, and collector of the port is in almost a hopeless condition. Destitution is undiminished. There is reason to suspect that a number of new cases have not been reported.

Criminal Record.

OMAHA, 23.—Emil Pepperkorn a German music teacher who some weeks ago eloped from Calhoun, Washington County, with May Frohm, aged 14, who was one of his pupils, passed through Omaha today *en route* to Blair, the county seat of Washington County, from St. Louis, in charge of an officer. As the train passed through Calhoun, a large crowd gave him a warm reception and made threats of lynching, he hid in the water closet of the car while the officer watched him, and the train pulled out before any attempt was made. At Blair, the train was stopped before reaching the depot, and the Sheriff took a short cut to the jail with the prisoner to avoid the crowd, who afterwards rushed to the jail but the prisoner was lodged in his cell just in time to escape them.

Chester, Pa., 23.—Wm. Bartel, a prominent citizen, and one of the wealthiest men in Delaware county, committed suicide.

Tarboro, N. C., 23.—Constable J. J. Dunford of this place this morning arrested Louis Guilford, a negro, for assault. Guilford, on the way to jail, suddenly drew a razor and cut Dunford across the abdomen, inflicting a terrible wound. As Dunford sank to the ground to die, guilford ran off, pursued by several men. He was captured but seriously wounded two of his captors. He was finally shot and mortally wounded.

Baltimore, 23.—Rev. W. L. Woodruff, once editor of the Baltimore *Presbyterian*, was arrested on a charge of violating the United States law by opening a letter sent by mail, before it had been delivered to the person addressed. He was sent to jail.

New York, 23.—John Devoy, editor of the *Irish Nation*, arrested on a charge of libeling August Belmont, was released to-day on bail.

Cooperstown, N. Y., 23.—John N. Napesewing, near Portlandville, shot his wife at the breakfast table, and then shot a hired man named Baker. He then shot himself, cut his own throat and died. The others will recover. Jealousy was the cause.

Chatanooga, 23.— Postoffice Inspector Sharps recommended to the Department that the marriage and birthday insurance associations be prohibited using the mails, on the ground that the organizations are frauds.

Brooklin, 23.—The police arrested a number of persons at a socialistic gathering for selling beer without a license—the proceeds of the sale of the beer to go to the completion of the hall.

Frost.

LITTLE ROCK, 23.—The low lands of Eastern Arkansas showed a slight frost this morning; not enough to damage cotton. Weather for picking favorable all over the State.

Failure.

BOSTON, 23.—The firm of Royal & Storrs, woolen manufacturers, Dedham, filed a petition in insolvency to-day. The schedule shows liabilities of $420,466; the assets consist of mill property, stock, etc., supposed to be worth $103,000; the individual assets of the members of the firm will probably not reach $100,000.

William Penn.

CHESTER, Pa., 23. — The bi-centennial celebration to-day is a grand success. Nearly every building is resplendent with flags, bunting and various appropriate decorations, giving the city a holiday appearance, at least 20,000 visitors are present. The streets are so thronged as to be almost impassable. Among the guests are a large number of distinguished gentlemen, including Gov. Hoyt, and Attorney General Letts, the mayors of cities in this State, Delaware and New Jersey, and a large number of representative men from Philadelphia and New York. The day was ushered in by ringing the bells in the city, each bell tolling 200 strokes.

The Friends assembled in their meeting house in this city this afternoon to commemorate the landing of William Penn, at this place 200 years ago. So many responded to the invitation that a large number were unable to gain admittance. John M. Broomhall, of Media, Ohio, opened the exercises with an eulogy of Penn. Ella Hood read the following letter from Jno. G. Whittier:

DANVERS, Mass., Oct. 20, 1882.

Sarah B. Flitchaft, Chester, Pa.

My Dear Friend—It is well that Friends should commemorate the landing of the founders of Pennsylvania and a great apostle of their faith on the pleasant shores of Chester, 200 years ago. An event so picturesque in its surroundings and circumstances, so important in its results and influences, is a subject worthy of the poet's pen or the painter's pencil. I should be glad if it were possible for me to put into fitting metrical form the thoughts and emotions which it awakens, but the burden of years begins to rest heavily upon me, and I shrink from the effort of handling such a theme. In spite of the endeavor of a historian more regardful of the display of his rhetoric and sarcasm than historical accuracy and justice, the memory of William Penn is secure in its grand outlines and unsullied purity. He stands and will forever stand with the sages, statesmen and philanthropists of whom the world of their day was not worthy. He lived and thought centuries in advance of his contemporaries, and slowly but surely the generations since have been approaching the moral and political standard which he set up on the shores of the Dela ware. Looking over some old papers recently, I found some verses written by me when a boy of 16, nearly 60 years ago. Of course the circumstances under which they were penned alone entitles them to notice, but I venture to send them as the only response to thy request which I can make. I am truly thy friend, JOHN WHITTIER.

Chester, Pa., 23.—The exercises proper of the day began at 9:30 this morning with a representation of the landing of Wm. Penn and his party from an old fashioned yawl boat at the foot of Penn street, the spot where Penn first touched the soil of this State 200 years ago. The principal characters were Wm. Penn, Jno. Hare, Lieut. Mackham, Wm. P. Lodomas, Cobert Wade, W. H. Shureman, Robert Pierson, J. A. Martin, Chief Taminent, Arthur Martin, Bear's Meat, H. Greenwood, John Shapeless, J. F. Wright, and Quakers, Swedes and Indians in the custumes of the period. As the boat touched the shore, Penn and party landed, greeted by Mackham, Wade and Pierson. A long talk ensued, and then a little further from the shore Penn met the Indians, with whom he conversed freely. When Penn landed the large fleet of all kinds of vessels lying in the river, blew their whistles, thousands of people on the shore applauded, and the bells throughout the city rang out the tidings, and all was excitement. The landing was a great success. At 10:30 p.m. the crowd was organized at the grand stand corner of Second street and Concord avenue, where 15,000 people were packed, and on the grand stand a number of representative men. The meeting was called to order by Major Barton, who made a few remarks of congratulation on the importance of the occasion. Rev. Henry Brown, of St. Paul's Episcopal Church, offered a prayer, after which over 2,000 school children sang "My country 'tis of thee." Governor Hoyt then made a short and interesting speech. Rev. Pancoast read an original poem which was followed by more singing by the children. John M. Broomall, the orator of the day, next read an eulogy on Penn, his peace policy, denouncing war and and its results, and in eloquent language gave an historical sketch of Penn and Chester City. This afternoon there was a grand civic, military and industrial parade, in which 6,000 people participated. In the evening there was a grand display of fireworks.

Washington Items.

WASHINGTON, 23. — During the week that ended October 21st there were 953,000 standard silver dollars put into circulation by the United States mints; during a corresponding period in 1881 there were but 464,492 standard dollars issued.

Estimates have been prepared for the pay and mileage of members of the Forty-eighth Congress. There will be 325 members and eight delegates. For their pay there has been asked $1,665,000, and $25,000 for contestants; for mileage $125,000 is estimated, making a total of $1,815,000

The Quartermaster General of the army has submitted to the Secretary of War his report for the fiscal year ending June 30, 1882. Amount available during the year, $13,628,681; total disbursements, $12,446,442, leaving a balance on hand of $1,182,239. The responsibilities and magnitude of the service are described, and an appeal made for additional force. It is also urged that the ranks be open for promotion and the appointment or enlistment of post quartermaster sergeants is recommended. The Quartermaster General renews the recommendation heretofore made that an allowance of $10 monthly be made in the pay of every line officer detailed as acting assistant quartermaster at a military post. It is estimated the demands upon the Department during the year will exceed the amount available for the purchase and manufacture of clothing and camp and garrison equipage. The report of the Commissary General of subsistence shows the total resources of $4,153,028; expenditures, $3,720,296; balance unexpended, $419,732. Amount expended for subsistence, stores, property and contingencies during the year, $2,596,809.

The President to-day placed on the retired list, under special act of Congress, Captain Joseph Conrad, Eleventh Infantry. This will promote First Lieut. Wm. Kingsbury to be Captain in the Eleventh Infantry, and Second Lieutenant Geo. Leroy Brown to First Lieutenant.

Dr. Boynton's claim for services during President Garfield's illness is $4,500, being $5,500 less than any claim for professional services yet received.

News Items.

Many members of the Salvation Army were injured, some very seriously, by the falling of a floor at Hanley.

Newcastle, 23.—A new political movement entitled the "Northern Reform Club" has been started up. Its objects is the union of various political organizations to effect Parliamentary land law reforms.

Baker Pasha has been officially appointed to the command of the new Egyptian army.

PARIS, 23.—The troubles at Montceau les mines, together with those at Lyons yesterday, and a threatened strike of 2,000 employees in the furniture trade in Faubourg Antonio, Paris, cause some uneasiness.

BELGRADE, 23. — A woman fired twice at Prince Milan IV., in the cathedral to-day.

The King's assailant is the widow of Col. Jefrew Markowitch, executed with several others in May, 1878, by order of Milan. It is suspected the attempt is not merely attributed to revenge, but partly to political motives.

After the attempted assassination, the Queen, who was with the King, fainted, and was carried in an unconscious condition to the palace. The King accompanied her, and soon returned to church unattended, and remained until the end of the service. The crowd attempted to lynch the assasin.

The Vienna *Presse* says: King Milan's assailant has been suffering from melancholy ever since the execution of her husband, and she can scarcely be considered responsible for her actions.

London, 23.—A dispatch from Belgrade says that as King Milan entered the cathedral between two rows of people, the woman Markowitch fired at him from a large revolver. The bullet wounded a female spectator. The bystanders beat the King's assailant until the minister interfered.

Bucharest, 23.—The object of the recent prolonged sojourn of the King of Servia in Roumania was to defeat a conspiracy against his life. The King, while returning from Rustschuk, received information at Sistova of a plot formed to blow up with a torpedo the royal boat while on the Danube.

Tripoli, 23.—Ali Ben Omar, with 32 Tunisian Arab chiefs, have started for the frontier. The French consul general has written a letter in their favor to the general commanding in Tunis.

Cairo, 23.—The ministry industriously representing that the reports of the renewal of the disturbances in Soudan are unfounded, have been in possession of messages in regard to disturbances for the last three days. The Soudan movement has no connection with the Arab rising. The false prophet announces his intention of invading the country, but has not yet advanced beyond Khartoum. He has several regiments of Nubians. Professor Schweinfurth has communicated the following from Soudan: "Last June 6,000 Egyptian soldiers were surrounded by the troops of the false prophet and massacred." Schweinfurth declares the situation in Soudan dwarfs the Arab revolt into insignificance.

St. Petersburg, 23. — Incendiary fires have broken out in seven different parts at Pawlask. The whole place is threatened with destruction.

The loss by fire in the timber yards on the Neva River is estimated 5,000,000 rubles. The forests and peat bogs are now on fire for miles around St. Petersburg. The city is covered some days with a dense smoke.

London, 23.—J. Schuyler Crosby, Governor of Montana, sailed from Liverpool for New York, to-day.
