CITY CREEK WATERSHED. Land Forming it is Withdrawn from

Entry. It seems that Mr. John E. Dooley,

who went to Washington to prevail on the authorities to withdraw from public entry the lands forming the watershed of City creek, has been successful. The following telegram, received by the register of the land office, indicates that such is the case. It is surmised now that the land will be held as a forest reserve, and thus precluded permanently from public entry. This news will be eceived gladly by the citizens of Salt | that portion of this see take, who were fearful that the water which they must use would become con-

taminated. The following is the tele-gram which authorizes the local land office to rescind its order regarding the opening of the lands in question:

Councilman Hartenstein's bicycle ordinance, introduced a week ago as a substitute for the one offered by President Buckle which came to an untimely end last Tuesday evening, has been passed by the city council, and now only awaits the signature of his honor, the mayor to make it effective. The provisions of the ordinance makes

it unlawful to ride on the sidewalks of South Temple street from Third West to Tenth East; First South and Second South, from Fifth West to Tenth East; Third South and Fourth South, from West Temple to Second East; Main and West Temple, from First North to Fourth South; State street, from North Temple to Fourth South; all of Market Richards, Commercial and streets, Franklin avenue and Canyon road; First, Second and Third streets, from Canyon road to A street. TO REFORM A DEED.

The committee on public grounds recommended that sult be instituted against N. T. Wigren to reform a deed executed to him for a small piece of land sold, the grantee having refused to accept a new deed reforming the old one with proper description of plat A. The recommendation was adopted.

James T. Hammond and a large number of others petitioned for the appoint-ment of E. S. Urry, the lately deposed policeman of Liberty park, to the office of a regular mounted or bicycle patrolmpa On the plea of the impassable condi-

tion of State street for pedestrians, E. L. Butterfield demanded that the east fence of the Salt Palace grounds be moved back to the proper line. The Congregation Monteflore requested the privilege of renting rooms connected with the old Eighth ward

chool house for religious purposes. P. E. Ford and others protested against the erection of a disinfecting carpet cleaning works on Aberdeen street 1. J. Starbuck, owner of all of the

abutting land on the Rio Grande and Aspen streets, in South Buena Vista addition, asked that the streets be vacated, since the land is more valuable for farming than road purposes.

TO REFUND BONDS.

A resolution was received from the finance committee regarding the re-funding of the \$500,000 5-per-cent bonds

of 1890 The resolution recited that it is possible now to refund the bonds at a lower rate of interest. The proposed new issue is to be of a series of 500 coupon bonds of the denomination of \$1,000, the principal payable at the office of the city treasurer twenty years after date When the ordinance came to a vote nine votes were recorder in its favor and two-Robertson and Canning-payable semi-annually. City Attorney Stephens submitted a bill for an ordinance amending the present ordinance on the subject of oil warehouses. The new measure strikes out the provision requiring the consent of all persons within twenty rods for the construction of such storage-houses, and leaves it within the discretion of

The amendment is made at the request of the Continental Oil company, which desires to construct buildings to the value of \$25,000 or \$30,000, but some of the buildings would come within the twenty-rod limit. The ordinance reelved its first reading.

Later the rules were suspended and the ordinance, at Councilman Thomas's request placed upon its final passage. Mr. Thomas said that the building inspector had given his approval to the change and the ordinance was passed

by a unanimous vote. TO ESTABLISH BOUNDARIES.

A resolution introduced by Hewlett stated it was impossible for owners of land near the boundaries of Salt Lake ounty to determine in which county all or a part of their lands are situated; also that the title to lands was continually being placed in jeopardy by sales for taxes demanded by two counties on the same property. It was resolved to ask the county commissioners to determine the exact boundary lines between this and adjoining counties and to establish permanent monuments as provided for by the statutes of the State, Adopted.

LIBRARY ON SUNDAYS.

Assistant Librarian J. H. Sprague, in a communication addressed to Chair-man Beatty of the public library com-mittee, stated that it had been ascer-tained it would cost \$12 per day to open the library on Sundays. On July 10th last the Young People's union petitioned the library board to open the li-brary on Sundays. Miss Sprague was anxious to get the matter before the Council in order that a report might be made at the next meeting of the library board, which meets on December 4th. Referred to committee on con-

trol FOR CLEANER WATER.

The committee on waterworks; in the matter of the Salt Lake Brewing com-pany, calling attention to the unclean water from Parley's canyon, recom-mended that petitioner be allowed to lay a three-inch galvanized iron pipe rom the high line on Twelfth east to the brewery. The cost of the extension will be about \$500, which amount the brewing company agrees to receiving water scrip therefor. The work, the committee further recom-mended, to be done under the supervision of the proper city officers. Laid over for one week.
