WHEELING, W. Va., 14. - The Register, a democratic paper, claims the election of Wilson (dem) for goveraor, by 10,000 majority.

The democrats probably carry the State. Charleston, W. Va., 14.—This Kana-waha County, will give Maxwell, re-publican, for governor, between 300 and 500 majority. He gets the fusion vote. Ohio Republican.

New York, 14.—At the headquarters of the National Democratic committee at midnight nothing was conceded and West Virginia was claimed by 8,000, west virginia was claimed by 8,000, which is the estimate in Wheeling. The democrats in private concede Ohio to the republicans by about 10,000 majority. At midnight Ohio was claimed by the National Republican committee by from 17,000 to 20,000, and a magic lantern screen in front bore the words, "Praise God from whom all blessings flow." The republicans here felt such confidence in the result in Ohio that Chickering Hall has been secured for to-night, and a mass meeting will

How the News Was Received. NEW YORK, 14.—There is great interest manifested by the people gathered about the different bulletin boards throughout the city awaiting for the returns from the election in Ohio. In the heighborhood of the Fifth Avenue Hotel and political headquarters, the crowd was the greatest. The steorption at the junction of Fifth Avenue and Broadway attracted attention, and as the different dispatches were posted cheers and jeers greeted them.

Passed off Quietly.

COLUMBUS, Ohio, 14.—The election here passed off in comparative quiet, there being but few disturbances and those due to the appointment of speciai police by the republican mayor and deputies by the democratic sheriff. In one precinct there was a conflict of authority resulting in the arrest of a deputy sheriff by the police. There was a sharp fight for the organization of the polis, the number of citizens was a sharp fight for the organization of the polis, the number of citizens turning out being unprecedented. Bands and drum corps paraded the streets at daybreak, awakening the voters. The vote was the heaviest ever policial in the city. The republicans had the city hall and the democrats had their headquarters at the Franklin County Carb. The republicans are wild with entiresians. Illayeland, the Total and the republicans are wild with entires and there was a great amount of ticket scratching. The excitement at the opening of publication was intense. The members of both the great parties were watchful of the interests of themselves and fellow voters. Judges and clerks were chosen and qualified, and everything moved off smoothly. The voters generally early presented themselves at the polis, and before noon the tally sheets showed a long list of names in many cases covering two-thirds and even three-fourths of the entire voting population. Foran, democratic candidate for Congress, ran ahead of his ticket, and is probably elected, it is supposed, by labor organizations.

W.B. WOLFE, W. J. PATTON, J. B. WOLFE. Wolfe, Patton & Co. Cincinnati, 14.—The polls closed at 6 o'clock, with no further outbreaks, to the great relief of everybody. There was very great apprehension that trouble would occur as the polls were about to close, and men were sent to the most dangerous precincts to prevent violence. Fartunately the day closed quietly. The worst trouble of the day happened in one of the precincts of the Eighth Ward, where a number of colored deputy marshals came in collision with some deputy sheriffs and bystanders, and as the latter were largely anti-Republican, that solored men were quickly routed, but not till a number of shots were fired. The cry of Lynch the negroes!" was ralsed, and the crowd rushed into the next street after a few colored men in sight. One was caught and besten nearly to death. Another was struck in the face with a boulder, and his face mashed. He had not been about the polls, but was passing along the street. In this disturbance one man was fatally shot, and a woman struck in the breast with a boulder is supposed to be mortally hurt. During the whole afternoon at this precinct a large growdramained and a number of disturbances dook piace.

Cincinnati, 17.—A general fight among the negrees on Freeman Street started to-night about 10:30, and lasted over half an hour. Henry Brown, one of the participants, was seriously shot in the abdomen, and police officers Gorman and Sherlock dangerously wounded by a pistol shot in the spinal region. Trouble in Cincinnati.

In the Fourth ward, the home of all the worst criminals in the city four or five fights occurred, but no one was seriously hurt. Both the republicans and democrats had made preparations to prevent fraudulent voting, and the result has been satisfactory beyond their most sanguine hopes. At noon, two-thirds of the vote had been cast, and it was evident that every voter was working. One feature was the large number of "vest pocket" votes cast. These were mostly polled by the democrats, and in consequence the republicans were happy. The effect of this was counteracted by the knowledge that Robinson and Johnson were falling behind the vote. Many Germans were suppessed to be cutting the head of the saloon keepers. Throughout the day the democrats have been confident of success, and even up to 9 o'clock in shaw bride.

day the democrats have been confident of success, and even up to 9 o'clock in the evening predicted Robison's defeat. The Congressional fight has been paramount in interest to the State ticket with many, and the result promises even more of a surprise than the results on the rest of the ticket, the vote for Romeis (rep.) for Congress being larger than anticipated by his most sanguine friends.

Springfield, 24.—An enormous vote was polled with indications of a 2,000 republican majority.

London, 14.—The republicans elected their entire county ticket. In the Hocking and Tuscarawas valleys large republican gains are reported.

Dayton, 14.—Returns for the city of Dayton are all in. One precinct, the soldiers' Home, the republican gain is 118.

Halipax, 14.—The steamer City of Mexico to-day from St. John, N. F., brought among her passengers Lieut. Gordon, who salled from Halifax nearly three months ago on the Neptune, bound for Hudson's Bay, with men and appliances for establishing and appliances for establishing stations for the proposed scientific observations. With Lieut. Gordon there returned Dr. R. Bell, W. W. Fox and C. R. Tuttie, Secretary of the expedition. The last named was compelled to return on account of ill-health.

It was then in order for deputy sheriffs and policemen who represented the law on the democratic side to rescue the challengers, and thus the conflict of authority occurred. The deputy marshals were armed with policemen's clubs, as well as 4i calibre revolvers. The deputy sheriffs in many cases were armed with hickory sticks, probably made from dray pins. At one of the strongest democratic precincts a colored deputy sheriff was conspicuous with a stout hickory club in his hands. It was not an uncommon sight to see officers of both sides in custody. Deputy marshals found themselves arrested by policemen. In the Sixth ward, where many negroes vote, one large policeman was arrested by colored deputy marshals. The republicans and democrats each had lawyers employed to attend to getting their mea released as fast as possible after arrest. Altogether it has been a day of deep excitement, and its comparatively peaceable termination is a matter of congratulation.

The Congo Yellow Book confirms the information relative to the Congo country already published. Bismarck, writing to the French Ambassador at Berlin on the 30th of September, considers it expedient to issue invitations forthwith to the six nations interested in the Congo country, including the United States, and other powers including Scandinavia, admitted to share in the deliberations and secure general assent. This evidence that France is disposed to submit to the view of Germany, produces in Paris bad impressions, and fears are expressed that Germany is duping France. The National of Paris fears the Yellow Book will accentuate the antagonism of France and England.
