

July 28, 1892.

FLUORATING FRAGMENTS.

Fluorating Alexander C. Pyper died at 10 o'clock this morning.

The City Council will hold a special meeting at 7:30 o'clock this evening.

A copy of the first edition of the Book of Mormon, published in 1830, is for sale.

The person who has lost a large cow should apply to Mr. J. H. Smith, 19th Ward.

The latest telegrams from the front indicate the speedy approach of a cessation of hostilities in Egypt.

Telegram, the last of the three charges with murdering William Kennedy, at Park City, has been discharged.

There are messages at the Western Union Telegraph office for C. McKee, E. C. Kearney, Paul McKee and Catherine White.

The latest cure-for-everything, water with the tomato, is a remedy of hot water, drunk just after eating in the morning. It is said to cure the stomach and aid digestion.

On Sunday last a little girl lost a watch containing two children's rings and a silver watch chain. The watch is valued at \$10.00. The finder is requested to return it to the owner.

Several other matters.

Unlabeled Suicide.—Last night the inmates of a house of ill-fame, on West Street, took a large quantity of laudanum, evidently with suicidal intent. Dr. Benedict was called, but he found the application of the usual remedies, succeeded in preserving the life of the young woman.

Execution Concluded.—The execution of the murderer, with the City of Salt Lake, which has been conducted in this city before the executioner (Gibbs), was concluded yesterday, resulting in the death of W. H. Ingraham, the murderer who was arrested in the city of Salt Lake, and who had been leaving been set at liberty.

Through the guilty parties have been manifested, so far as the case is concerned, it is satisfactory that the officers, Sheriff and his aids, have done their duty in this case.

Book of Mormon, First Edition.—Joseph Smith, of this office, informs us that he has learned from Messrs. E. C. Smith, of St. Louis, that a person in that city who is in possession of a copy of the first edition of the Book of Mormon, and who is supposed to be a reality, but who is not known to the officers of this Territory. On the page is: "The Book of Mormon, by Joseph Smith, Junior, Author and Proprietor, Palmyra, N. Y., 1830." The person who possesses this volume wishes to dispose of it, and any party desiring to purchase it can learn particulars by communicating with Mr. Bull.

Uncle Tom's is still a good business at the Theatre. The escape of the fugitives, the pursuing human and the whimsicalities of the play, the oddities of the Yankee, the genuine comedy of the play, the name is Marks, the names of Phineas and the delivery of the play, with the play of Uncle Tom and the singing of the plantation, all combine to interest the average playgoer, better perhaps than anything of a higher type of dramatic amusement. Another volume attended and applauded.

The piece will be repeated again this evening, also at the theatre to-morrow and for the time on Saturday night.

DEATH OF BISHOP PYPER.

HE QUIETLY FALLE ASLEEP SURROUNDED BY FAMILY AND FRIENDS.

At eight o'clock this morning, in City Creek Canyon, about a mile above the Empire Mill, Bishop A. C. Pyper, of the 12th Ward, serenely breathed his last. Beside him were a number of his family, and he was surrounded by a number of faithful friends, among whom were T. V. Williams, Joshua Midgley, L. Hook, John Druce, M. L. Lunt, H. H. Sharp, and also there.

In the demise of Bishop Pyper the community have lost an honest, intelligent and capable man, but we are satisfied that "Our present loss is his eternal gain." He has had a happy release from the most intense suffering, extending over a period of several months which he bore with great patience and fortitude. The disease with which he was afflicted was a cancerous tumor, for the removal of which he underwent two very severe operations, and during the first he came near dying. The surgeons who have attended him have been of opinion from the beginning that the case was hopeless, his blood being necessarily in a poisonous condition, but he never gave up hope of recovery himself until within the last few days. Yesterday he said he wished to die in peace with some of his trusty friends by his side. His passing away was as the gentle sleep of an infant.

Alexander Crookshanks Pyper was born at Large, Ayrshire, Scotland, on the 18th of May, 1823, and was consequently turned 69 years of age. He embraced the Gospel in his boyhood, at the early age of seventeen was appointed a Traveling Elder and spent some time preaching in his native country in that capacity, undergoing many hardships for the truth's sake. In his early youth he emigrated to the United States and settled in St. Louis, where he remained several years and removed from that city to Council Bluffs, Iowa, in 1853, at which place and at Florence, Nebraska, he conducted a successful mercantile business. While on the frontier he aided Gen. H. S. Eldredge for four years in the conduct of the emigration business of the Church.

He arrived in Salt Lake City in 1859, bringing with him over the great plains several wagon loads of general merchandise, with which he commenced business. Subsequently he established a chemical manufacturing laboratory, in Sugar House Ward and engaged in the production of white lead, sulphur and other articles. The building in which this business was conducted at a later date was transformed into a flouring mill, the next occupation in which he engaged being that of a miller. He was subsequently employed by the late President Brigham Young to conduct his outside private business. He afterwards entered again in the line of a general merchant, and giving that up occupied the position of superintendent of the grocery department of Z. C. M. I., where that branch of the Institution was conducted in the Old Constitution Building.

His next occupation was of an official character, being installed at the City Hall as Police Justice, a position he occupied from August, 1874, till the time of his demise. He was a member of the City Council for 16 years, having been first elected from Sugar House in 1860, when that section constituted the Fifth municipal ward of Salt Lake City. After his removal from Sugar House to reside in Salt Lake, he was elected Alderman from the Fourth Precinct.

In June, 1877, at the time of the general organization of Stakes and Wards, by direction of the late President B. Young, Brother Pyper was ordained a Bishop and set apart to preside, in that capacity, over the 12th Ward of this city, a position he filled at the time of his death.

Probably no man in Utah did more toward the silk producing and manufacturing interests in this Territory than Bishop Pyper. He was one of the most successful producers in this part of the country, and took a deep interest in the industry even during the final part of the illness that carried him off.

The deceased was a remarkable man. His life was one round of unceasing activity. In appearance he was of average height, of spare build, with a quick, but precise in every movement. As to his enterprise there can be no question, evinced by the number and nature of the undertakings with which he has been connected, and in which he was largely successful. He was thorough and methodical, with a philosophical turn of mind. He had an unswerving faith in the overruling providence of the Deity. His career has been eminently productive of good, and he goes to meet the reward of a well regulated and conscientious life.

The funeral will be conducted at the Twelfth Ward School-house at 10 a. m. on Sunday.

The Opera House.—Yesterday evening the long-looked-for and extensively advertised original drama, "Twit Sewel," was presented for the first time to a Salt Lake audience, at the new Opera House, and judging from the rounds of applause which greeted the principal performers, it has many good points in it. The piece is somewhat lengthy and lacking in the element of light comedy, but contains several thrilling dramatic situations, in which Mr. Lindsay as the leading character, appeared to advantage. His little daughter in the character of "Twit" the vagabond's child, robed with, and repeatedly received the applause of the audience. Most of the other characters were well sustained, and the music of the orchestra was, as usual, unexceptionable.

The play will be repeated this afternoon at 2 p. m., and for the last time at the Opera House, this evening.

ANOTHER CASUALTY.

A SON OF JAMES FARMER IS DROWNED IN SOUTH JORDAN CANAL.

Yesterday a son of James Farmer, of Herriman, took a number of sheep from that place to South Jordan. About dusk he went to the South Jordan Canal, stating that he intended to bathe. This occurred just about dusk. As he did not put in an appearance at quite a late hour it was apprehended that he had been accidentally drowned. These suspicions were confirmed by a party that went in search of him by whom his clothing was found near the foot of the bridge. The water has been turned out of the aqueduct, but up to this morning the unfortunate boy's body had not been found.

Before going to bathe he was cautioned by other boys not to go near a large hole where the water is about fifteen feet deep. It was supposed that the body was somewhere in that part of the canal.

A REMARKABLE CASE.

A BULLET, AFTER NEARLY TWO YEARS' LODGMENT, DROPS OUT OF A GENTLEMAN'S HEAD.

In September, 1890, Mr. Charles S. Burton, of this city, was accidentally shot in the back of the head, near the base of the brain, a few inches behind the left ear. The bullet was never extracted, and it has frequently been a subject of remark that the wound did not prove fatal, for how it escaped penetrating the brain is a mystery. For some weeks after the accident the hearing of Brother Burton's left ear was somewhat impaired, and for a short time, also the sight of the eye. Lately he has suffered some inconvenience from what he supposed to be the presence of the bullet in his head, and was greatly astonished this morning when it suddenly fell through the cavity of his nose into his mouth. The bullet, in its passage, evidently struck against the bone, as it is considerably battered, instead of being carried about in the head as formerly, it is snugly stowed away in a corner of Brother Burton's vest pocket. The case is both an interesting and remarkable one.

Ladies' Meeting.—On Wednesday last Sisters E. R. Snow Smith and M. Isabelle Horne attended the annual meeting of the Relief Society of Big Cottonwood Ward, and on the following day Sisters E. C. Clawson and Camilla Cobb also visited the same place, the occasion being the Primary Conference and Fair.

This morning Sisters E. R. S. Smith and Elmira S. Taylor left for Morgan, to attend a conference of the Relief and Young Ladies' Societies, and Primary Association Conference. Also a Primary fair on Monday.

SPECIAL BUSINESS NOTICES.

TO MY FRIENDS.

On account of sickness I have been prevented from being at business for the past week, but will open at the old stand on Monday, where I shall be pleased to furnish my old patrons, and all wishing meat with the choicest cuts.

ISAAC HARDY, Inventor and Proprietor, Utah Hotel, South Temple Street, Salt Lake City.

BENEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of this great medicine, Hop Bitters, are honored and blessed by all as benefactors.

FROM "THE TIMES" Editors Times:—The veterinary department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bates, relating the wonderful success he had had in curing sprains and sprains with Kendall's Spanish Cure, and his allusion to using it now in his practice for several human ailments on account of the success he has always had with it. The above statements from so prominent a Physician gave me great faith in its efficacy, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured a bottle and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of suffering men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your columns and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world the great value of Kendall's Spanish Cure for both man and as well as beast. Respectfully yours, A. ARNOLD PARKER, Rochester, N. Y., Sept. 1st, 1891. d & w
