my personal friend. There is no reasonable course to pursue except to support Mr. King. It is true that some few of the silver Republicans are going back to the old flesh pots, but they are very few, and they make an excuse for do-ing so on account of the foreign policy of the Democratic party. If any one will explain to me the foreign policy of the Republican party I will deem the excuse sufficient.

THE "NEXT PRESIDENT." The Colonel Makes a Humorous Ref-

erence to Its Application. Col, Bryan was introduced by the

chairman as the next President of the United States. He was received with unbounded enthusiasm and applause, and it was some moments before he was able to proceed with his speech. Colonel Bryan said: "In 1896 I was introduced so many times as the President of the United

States that to be thus introduced now does not cause my heart to beat faster than is its wont. I have a greater am-hition than to be President of the United States. When I say this, I do not mean that I want the title to read. President of the United States and Emperor of the Philippines. I think the greatest ambition a man can have

"When the Republican party adopted its gold and trust methods, it was much weakened by the loss of the silver Republicans. Then a few gold Demo-crats went over to them and made it still weaker. The people of the East will watch the result of this election

here as a moral example. These peo-ple have heretofore misunderstood our motives, but now they are beginning to understand that our labor is to make all classes of citizens know their duty wards each other. All we ask is that each man shall recognize his duty to the other. It is said that there will be only one heaven for rich and poor. [Afternoon Dispatches.] Frankfort, Ky., March 24 .- F. Wharton Golden, of Barboursville, was today put on the witness stand in the examination of Secretary of State Caleb Powers, charged with conspiracy to murder Senator Goebel. He did not hesitate in his replies to questions and his testimony made a deep impression. According to Golden, Caleb Powers was one of the prime movers in the bringing to Frankfort of the mountaineers just before the assassination of Goebel, and although Secretary Powers simply instructed him to "bring witnesses who were mountain feudists," yet Golden understood they were to come to Frankfort for possibly a more sinister purpose, that of "cleaning out" the Demo-cratic majority in the legislature. Golden brought in the name of Gov. Taylor in an incidental way, also the names of Culton, John Powers, Captain

THE ARRIVAL AT OGDEN.

Col. Bryan Received by a Mighty Throng at the Depot.

[SPECIAL TO THE "NEWS."]

LUNCHEON AT THE REED.

While the bands played at the Opera house and the people were filling that building Col. Bryan was escorted to the Reed hotel where he partook light luncheon with the members of the reception committee and announced that he would leave here for Salt Lake at 5:30 o'clock this evening in order to reach there at 6:30 which will give him time to take dinner before going to the Exposition building tonight. The Salt Lake Democrats who are

to the depot a procession was formed in which were numerous carriages and

soon filed to overflowing long before the time of meeting. The entire party

here promised that the reception which will be tendered Mr. Bryan in the State capital will be a most enthusiastic one and Ogden has already a little fear that her sister city may outshine her, although that will be difficult of accomplishing inasmuch as the greeting that Col. Bryan is receiving here is up to the top notch of enthusiasm. The crowd is large, the day is fine, and good will and joy are rampant.

AT THE OPERA HOUSE.

The opera house was tastefully decorated with the national colors. the stage being set so as to accommodate the greatest number of people possible every seat here was filled when Bryan entered, and he received anovation previous to the raising of the curtain. Seated upon the stage around Mr. Bryan were Mayor Browning, Hon. D. H. Peery, Sr., Hon. John T. Caine, Judge Maginnis, Hon. A. J. Webber, Hon. T. D. Johnson, Hon. S. S. Smith, Dr. Conroy, Hon. I. C. Thoresen. Ac-companying Mr. Bryan were Hon. Fred T. Dubois and a party of Idaho gentlemen. gentlemen.

The curtain was raised at 2:11 p. m., when an audience was revealed which completely filled the building. Dr. Conroy arose and announced that Judge Maginnis would act as chairman of the meeting and the judge simply said:

MAGINNIS SPEAKS.

"Ladies and gentlemen, the first thing on the program this afternoon will be a selection from the band," whereupon Held's band rendered a lively descriptive air, after which Judge Maginnis said:

'We have met here today to honor the man who is to be the next Presi-dent of the United States-Hon. William Jennings Bryan, the man whom the people of Utah honored with a majority of over fifty thousand votes the last presidential election, the friend of the masses against the classes. enemy of the money ollgarchy, the friend of the double money standard. I appeal to the friends of 1896 if the Re-publican party has not changed its financial policy The speaker reviewed at some length

the history of the political situation since 1896 and then concluded with the statement that a vote for King was a vote for Bryan.

HON. FRED T. DUBOIS.

Idaho Silver Republican Makes a Strong Talk for Bryan.

Mr. Hagbert Anderson sang a bass solo, entitled "Beware," which was well recived by the audience, after which the chairman introduced Hon. Fred T. Dubols of Idaho. In substance Mr. Dubois suid:

"So far as we are concerned, those who left the St. Louis convention made no such mistake as we would have done had we remained in that party. I am speaking now in the home of that peer-less tribune and advocate of the people. Hon. Frank J. Cannon. A movement was started among the reformers of all parties to inagurate certain reforms, the chief among them being the reform of the finances; and the Republican party having declared for the gold standard, and the Democrats having adopted bimetallism as their slogan, we went to the support of Hon. W. J. Bryan, who

was nominated to represent the cause 'If it was right for us to support Mr Bryan on the Chicago platform in 1896, why is it not right for us to do so now? The situation has not changed, and our principles are the same now

cointed a secretary of the treasury. Mr Gage, who was allowed to make gold speeches in this country, while the com-mission of Senator Wolcott was in Europe attempting to adjust the financial reform professed. Mr. Wolcott after-wards complained that Mr. Gage's action so hampered the commission that it was onebie to do anything.

After finally getting possession of the government the senators who look up to Mark Hanna and say: 'Give us this day our dally opinion' came out boldly for the gold standard.

"If you send a Republican from Utah do you suppose he will dare to vote against the party majority in Congress if a financial measure is under sideration? The time is now past when any one outside of a lunatic' asylum thinks that the Republican party ever intended or does intend to do anyth to re-habilitate silver at the ratio of 16 to 1 or at any other ratio.

The gold standard means that there be no recognized money except gold coin.

"I want an independent financial policy resting upon gold and silver so that we may have prosperity here notwithstanding what the land grabbing nations of Europe may do; and I am here in Utah in order to advocate the candidacy of your man King who stands for the same idea.

"In 1896 the Republican party did not dare to say that it desired to retire a party of our currency; but today they advocate the proposition to allow the national banks to increase or diminish the currency. We are to have an elas-tic currency with the national banks having hold of both ends of the elas-

Every man who votes the Republican ticket now votes to fasten upon the United States an increasing national debt and to tax the people to pay the interests on the bonds while the national banks reap the profits.

Bryan continued his address by Mr. paying attention to the matter of trusts and was speaking amid frequent cheers when this report closed. The speech of the distinguished visitor was listened to with great attention and his remarks were frequently interrupted by tumultuous applause.
