

SENATOR QUAY'S SUCCESSOR.

H. C. Frick is Working in the Interest of Attorney-General Philander C. Knox.

MUCH DEPENDS ON PRESIDENT.

He May Not Be Willing to Have Him Quit the Cabinet—Mitchell Not Working for Robbins.

Philadelphia, June 8.—Much interest was added to the senatorial situation today when it was announced by H. C. Frick of Pittsburgh, who arrived in the city today, that he is here in the interest of United States Atty.-Gen. Philander C. Knox. Senator Flynn, when seen regarding Mr. Knox's candidacy, admitted that he had met Mr. Frick during the day, and that the latter asked that Mr. Knox be considered, that another meeting would be held tomorrow with Senator Penrose and Mr. Durham at which the attorney general would be taken up.

It is believed that if President Roosevelt is willing to let Mr. Knox resign from the cabinet he will be acceptable to Senator Penrose.

The other candidates are William A. Flynn, a Pittsburgh leader; Francis Le Baron Robbins, president of the Pittsburgh Coal company, one of the largest bituminous coal producing concerns in the country; former Atty.-Gen. John P. McKinley, who is the son of the late senator; the Pittsburgh supreme court, and Richard R. Quay, son of the late senator. The Pittsburgh delegation, which has presented the names of Oliver, Flynn and Robbins to Senator Penrose and Israel W. Durham, the Philadelphia leader, who is Penrose's adviser, also named Congressman John D. Harper, but it is believed this was done merely as a compliment.

Mr. Flynn is an especially strong candidate, but there is objection to him by some of the leaders in the eastern part of the state. The candidacy of Mr. Robbins looked up strongly. Mr. Durham, however, denied that he came here in the interest of any candidate for the presidency, and added that his sole purpose in calling on Mr. Penrose was that he wished to confer with him on some legislation in the interest of the mining industry of the state which will come before the next legislature. When Mr. Mitchell was informed that certain politicians were accusing him of taking a hand in the contest now on, he said:

"I am not dabbling in politics. Rather than involve the miners' union in partisan politics, I would resign the presidency of the organization."

LL. D. for Prest. Harper.

Chicago, June 8.—In a race against time with an LL. D. degree as the prize, President Harper of the University of Chicago, will today start on a trip from Madison, Wis., to Toronto, to attend the LL. D. degree and the holding of a Michigan Central express at Buffalo by special arrangement will be features of the trip.

President Harper is in Madison attending the jubilee of the University of Wisconsin, where he will be given an LL. D. degree today. This afternoon he will leave on a special train over the Northwestern, arriving in Chicago at 4:45 p. m. At 5:20 he will start over the Michigan Central, reaching Buffalo at 6:45, central time. The hour scheduled for the departure of the train for Toronto is exactly the minute of the arrival of Dr. Harper's train from Chicago.

In Toronto tomorrow Dr. Harper will deliver a convocation address in the afternoon at Toronto university and receive another LL. D. degree and leave for Chicago in the evening.

Lieut. Shook Takes Exception.

Washington, June 8.—Lieut. John M. Shook of Kansas, late of the United States army, has taken exception to a statement made at the war department to the effect that he and his interpreter, Lerma, were guilty of extorting \$600 pesos from an old Filipino woman. Shook says there is nothing in his record in the war department concerning this alleged affair and that he has never heard officially or otherwise that his name was connected with the business at all.

Children Awarded to Phipps.

Denver, June 8.—Judge P. L. Palmer of the district court has issued an order giving the custody of the children of the late Phipps to their father, Lawrence O. Phipps, until further notice.

The same judge has signed writs of injunction not only preventing the United States Steel corporation and J. Pierpont Morgan from paying further

Low Coughs

At first a high cough, all in your throat. You neglected it. Now it is down deep in the chest. That means a low cough, a lung cough, bronchitis. Ayer's Cherry Pectoral controls the inflammation, heals the torn membranes. Talk this over with your doctor.

"Only half a bottle of Ayer's Cherry Pectoral cured me of a dreadful cough which had lasted for over four years."—Mrs. J. L. Johnson, Winnie, Va. 15c, 50c, \$1.00. J. C. AYER CO., Lowell, Mass.

dividends to Mrs. Phipps, but ordering them not to allow a transfer of any of the Phipps securities in their possession.

Mrs. Phipps has engaged Judge Platt Rogers of Denver as her counsel in the divorce proceedings.

A bill pending has been filed with the county recorder which states that although the title to the Phipps mansion in this city is in Mrs. Phipps' name, it is really the property of her husband, who now claims absolute ownership.

Washington, June 8.—It was officially announced today that the following persons have been selected to make speeches seconding the nomination of President Roosevelt at Chicago: Senator Beveridge, Indiana; George A. Knight, California; Harry Stilwell Edwards, Georgia; Joseph B. Cotton, Minnesota; Harry S. Cummings, Maryland.

Heir to Cecil Rhodes' Estate.

Chicago, June 8.—A dispatch to the Tribune from Asheville, N. C., says: Mary Virginia Rhodes, one of the heirs to Cecil Rhodes' estate in South Africa, has been found in Asheville. She is now Mrs. Virginia Rhodes Baker, and a missionary. Mrs. Baker is about 45 years old. She has been engaged in mission work in the Black mountain district for a number of years.

WOMAN MUST HANG.

Mrs. Anna Valentine Will be Executed June 16.

New York, June 8.—For the first time in 40 years a woman has been doomed in New Jersey through the refusal of the court of pardons to interfere with her death on the gallows for murder. Mrs. Anna Valentine, who killed Mrs. Rosie Salza at Lodi, N. J., last March, will be executed June 16 at Hackensack, N. J. At her trial Mrs. Valentine confessed her crime and said in open court she was ready to die. She said that the Salza woman called her vile names and in a frenzy she stabbed her several times with a long blade carving knife.

YOUNG LADIES FROM INDIA

They Come to Obtain an Education in America.

San Francisco, June 8.—Two young ladies, natives of India, in search of education as they expect to find in America, arrived here today from London on the liner Coptic. They are Misses Ethel and Dora Maya Das and are daughters of a high caste East Indian, who holds a high commission in the British army.

They are traveling under the sponsorship of Rev. F. S. Hatch, M. A., who is general secretary of the Christian Endeavor society in India.

The young ladies expect to enter some eastern college, but have made no selection yet. They go from here to Boston where they will remain until they find a college which will accept the girls on their educational qualifications. They speak English and are well versed in the histories of Sanskrit and Persian. Of Latin and Greek, however, they have none and Rev. Hatch fears that without this knowledge they may have some difficulty in securing admission to the kind of college they desire.

They come here as students, but hope to return to India as full-fledged missionaries.

Chicago Lacks Teachers.

Chicago, June 8.—Lack of candidates for teachers' positions has led the Chicago board of education to decide to admit graduates of colleges and universities to the examination to be held June 27 and 28. The dearth of teachers in Chicago has been felt so severely that the members of the board were practically unanimous on the question of admitting university graduates. The board adopted a resolution to suspend the present rules which prohibit college graduates from taking examinations for teachers' certificates unless they have had two years' experience in teaching.

Independent Packers Absorbed.

Kansas City, Mo., June 8.—The National Packing company has absorbed the Ruddy Brothers Packing company, whose plant is in Armourdale, Kas. It is said the consideration was about \$50,000. The Ruddy Brothers company employs 180 men and the daily slaughtering capacity is 250 cattle, 500 hogs and 300 sheep.

A Woman Murders a Woman.

Philadelphia, June 8.—Mary Richardson, a young married woman, was today stabbed through the heart by May Richardson, her sister-in-law during a quarrel in a real estate office. Jealousy was the cause.

S. S. S. is not only the best tonic, but possesses alternative or purifying properties, and if there is any taint, humor or poison in the blood, it searches it out and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by such a remedy as S. S. S.

If you suffer from debility, weakness, nervousness, loss of appetite, bad digestion, or any of the miserable symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system and restore the health as S. S. S.

TROOPS DEFEATED UNION MINERS.

They Fought a Pitched Battle at Dunnville, a New Camp Near Victor.

CASUALTIES WERE ONE KILLED

Militia Were Fired Upon First and Returned It—Brought in Fourteen Prisoners.

Victor, Colo., June 8.—A pitched battle between the military and union miners was fought at Dunnville, the new mining camp, 13 miles out of Victor, shortly after 3 o'clock this afternoon.

John Carley, a union miner, was killed.

The troops returned to Victor at 8 o'clock tonight, bringing with them 14 captives.

It was reported before a special train left for Victor at 2 o'clock bearing the force under Gen. Bell that the miners in the hills about Dunnville numbered 250 men, and that it was their intention to march into Victor tonight in a body and make an attempt to liberate by force the inmates of the temporary bull pen in Victor.

That the force actually consisted of but 21 men is the statement of one of the number that was taken captive.

The train proceeded to the immediate vicinity of Dunnville without unusual incident. When about a quarter of a mile distant from the Dunnville temporary station, the officers could see the camp of the miners. It included one cabin and six or seven tents.

The soldiers left the train at the command of Gen. Bell and prepared to advance upon the camp of the unionists in regular skirmish order.

As they emerged from the cut in which the train had come to a stop, they were greeted with a volley of shots, which came from the points of vantage in the surrounding hills.

The soldiers returned the fire to the best advantage possible and promiscuous shooting was engaged in for a period of 10 minutes. From the character of the shooting from the hills, Gen. Bell immediately recognized the fact that the strength of the miners had been greatly over-estimated, and that he had sufficient force under his command to make an immediate round up and capture the entire opposing force. Accordingly he divided the companies and soldiers into seven detachments and these detachments in command of officers, set out to make a complete clean-up of all the surrounding hills.

The following were taken prisoners, several being released later:

Harry Boaz, John James, Goldfield; H. W. Moore, Victor; H. Lang, Ed L. Skinner (later released), Dick James, McDowell, John Duffy, Charles Hard, James Hard, Fred Keefe, Cripple Creek; A. D. Hemenway, A. D. French and G. Force, all of the Cripple Creek union. Fred Waddleton of Anaconda and H. W. Shidder and William Shidder were arrested but later released.

Henry M. Teller, LL. D.

Denver, June 8.—At the graduating exercises of Denver university Senator Henry M. Teller received the degree of doctor of laws, as did William Fraser McDowell, who was recently made bishop of the Methodist church. Barton O. Aylesworth, president of the agricultural college, received the degree of master of arts and letters, and the degree of master of arts was conferred upon Judge Ben B. Lindsey of Denver, the originator of the juvenile court idea.

At the annual meeting of the board of trustees of the university Bishop H. W. Warren was re-elected president.

ARMY OFFICER KILLED.

Capt. Wild, Thirteenth Infantry, Found Shot in His Room.

San Francisco, June 8.—Capt. Frederick S. Wild, commissary of the Thirteenth United States infantry, was shot last night in his room at Fort McDowell, Angell island, and died almost immediately. He had attended a meeting of a military club earlier in the evening and upon returning to his quarters, his servant prepared a light repast for him, of which he partook sparingly. He then made preparations to retire and his servant left the room. A few minutes later a shot was heard and Capt. Wild was found lying upon the floor, partly undressed, with a bullet wound in his left breast. The officers at the post explain his death as an accident and say his revolver evidently dropped from the mantel and exploded. Newspaper reporters were not permitted to make any investigations.

Capt. Wild was a graduate of the army school at Fort Leavenworth. He was born Nov. 4, 1863, and entered the army in 1887 as private. Two years later he was a non-commissioned officer, and in 1897 gained the rank of first lieutenant. He was promoted to his captaincy in 1899.

JAPS CUT CABLE.

Enables Their Forces to Work in Absolute Secrecy.

London, June 9.—The sudden interruption of the cable between Korea and Japan is considered significant of the imminence of important operations at Port Arthur, the Japanese having taken precautions, as usual, to cut the only means of communication with the outside world, and thus enable her naval and military forces to work with absolute secrecy.

No attention is paid in London to rumors that the storming of the fortress has already begun, because it is known that at the battle of Kin Chou Gen. Oku had exhausted his ammunition, and an insufficient period has elapsed during which the stores of ammunition could be renewed and siege guns brought into position.

Prohibitionists Enlarge Miles.

Uniontown, Pa., June 8.—The prohibition state convention today adopted with great enthusiasm a resolution eulogizing Gen. Miles and declaring that the prohibitionists would feel honor in having him as their leader in the campaign.

No Help for Utah Mission.

Grand Rapids, Mich., June 8.—The general synod of the Reformed church in America today rejected an application for the help of the Reformed church in the work of the Utah gospel mission, whose request was presented by John D. Nutting. The synod adjourned until 1905.

VICTOR RECORD OFFICE RAIDED.

Armed Men Entered it and Ordered Employees to Throw Up Their Hands.

BROKE UP THE MACHINERY.

Then Told the Force to Get Out of the District as Fast as They Could.

Victor, Colo., June 8.—Eight unknown men, armed with shot guns, rifles, pistols and sledge hammers, entered the office of the Victor Record at 11:45 o'clock tonight, ordered the men to throw up their hands, broke up the machinery and then told the men to get out of the district as fast as they could. There is no clew at the present time to the identity of the men.

George Kynner, proprietor of the paper, was at lunch, and Foreman Walter Street was in charge of the men. They were busily engaged getting out the morning paper, when suddenly eight heavily armed men opened the front door and walked back to the composing room. They threw their guns on the startled men who were at work, and one, who was evidently the leader, called out: "Line up now and throw up your hands. The men obeyed quickly. The men then wrecked two linotype machines, several job presses and all the equipment of the office. They smashed the telephone and a typewriter. When the work was done they completed they marched the Record employees out on the sidewalk and told them to get out of town. The printers walked north and the eight men started off toward south. The Record has been known as the organ of the Western Federation of Miners in this section.

The men who were ordered to leave the district are Walter Sweet, F. W. Langdon, printers; John Danned, pressman, and Art Caldwell, apprentice. The men have not decided whether they will leave or not.

CONGO FREE STATE.

Correspondence Relating to its Administration Published.

London, June 8.—The correspondence relating to the administration of the Congo Free State was issued tonight. It contains the Congo government's preliminary reply to the report of Roger Casement, British consul in the Congo state, who, in December, 1903, after completing a tour of investigation undertaken at the order of the British government, fully confirmed the worst reports of outrages perpetrated on natives of that part of Africa. Foreign Secretary Lansdowne acknowledges his reply under date of April 18, and expresses satisfaction at the fact that an inquiry will be made into the allegations.

Lord Lansdowne says that the names of persons, places and dates were suppressed in the publication of Casement's report, not from a lack of confidence in the central government at Brussels, but because such particulars, if furnished, would be accessible to officials in the Congo to whom the abuses are attributed.

The Congo government protests against the refusal of the British government to furnish the names of witnesses and requests for full particulars communicated in Mr. Casement's report as essential for carrying out an investigation.

Lord Lansdowne says the British government must be given an adequate guarantee that the information contained in Mr. Casement's report will not be accessible to the persons whose conduct is impugned before measures are taken to shield the witnesses.

Lord Lansdowne's appointment of a special committee, composed in part of persons not connected with the Congo state, empowered to collect evidence and take measures for the protection of witnesses. If such a commission is appointed the British government would be prepared to place at its disposal all information respecting the affairs of the Congo, and would give it every assistance, confidence in the fact that an independent committee would elicit the truth and effect a settlement.

SEOUL-FUSAN RAILROAD.

Its Construction Being Pushed to Completion at a Good Rate.

Seoul, Korea, June 8, 4:30 p. m. (Delayed in transmission).—The Associated Press correspondent has just accompanied United States Consul Morgan and secretaries on a 75 mile run over the Seoul-Fusan railroad. For a distance of 25 miles from Yong-Tong to Po-Suwon there is a regular daily passenger service for 15 miles further to Chun-Wi only construction trains run after the first 10 miles. This distance is practically completed. Beyond that they found bridges, four to six, of 60 foot spans with only their piers finished and in many cases merely offered masonry work. The line at these points leaves the embankment and crosses temporary timber structures. Cuttings are not often necessary and with one exception there is no difficulty in laying track at the rate of one mile per day. There is still 42 miles uncompleted of the embankment but work is being carried on very rapidly. At several points en route the countryfolk were seen busy in the rice fields. The future improvement of the product will afford great commercial advantages in the matter of military supplies and will demonstrate the value of the road.

MILES McDONNELL'S DEATH.

Causes Rejoicing Among His Old Acquaintances in Harlem.

New York, June 9.—An astonishing exhibition of joy has been noticed among the acquaintances in Harlem of Miles McDonnell over the murder of the former gambler in Albany. Along East 125th street, in the saloons and resorts where the man was well known and feared, his death was toasted and it is even reported that some of the cronies of George Price, who was killed by McDonnell in 1900, got up a dinner in celebration of the event.

The gamblers never forgave McDonnell for shooting Price, although he was accused on the ground of self-defense. He has been mixed up in a score of fights and in one instance is said to have cut an ear from a man he accused of swindling while employed in his gambling house. The ear was nailed upon a wall of the room. He has revealed the inside facts regarding gambling in Harlem and caused the closing of many notorious places, much to the discomfort of the proprietors and hangers-on. That they have lived to see themselves avenged has, therefore, caused them much joy.
