# HUNDRED POINTS FOR EACH INNING.

New World's Record Established By George Sutton in Billiards.

HOPPE'S MEASURE IS TAKEN.

Boy Wonder Loses Chance of Winning First Place in New York Amateur Tourney.

New York, April 17 .- The shortest and most exciting game of the world's championship 18.2 billiard tournament was played in Madison Square Garden concert hall tonight, and a new world's record was established, George Sutton, formerly of Elmira and now a resident of this city. in defeating Willie Hoppe, the world's champion at 18.1 balk line, in the fifteenth game of the tournament, made 500 points in five innings, an average of 100, which constitutes the new world's record. The former record was fifty, held by Maurice Vignaux of Paris, who made it in competition four years ago.

CHAMPION A NEW YORKER. The highest run of the tournament previous to tonight was 168, and Sutton made it, but he outclassed this with 234 unfinished tonight. This was in the final inning, and there is no telling how far he could have gone if the opportunity had presented itself, for he had the bails under perfect control.

The present run on record in 182 bails. der perfect control.

The biggest run on record in 18.2 balk line billiards is 255, made by Louis Cure of France in a match with Jacob Schaefer of Chicago is months ago in Paris.

Sutton w. p. in spiendid form, and no player in the world could have beaten him tonight.

GAME GOES ONLY AN HOUR. The game lasted one hour and thirtyfive minutes, and was in striking contrast to the game in which Slosson defeated Cutler of Boston this afternoon, which lasted through thirty-four innings, and the final score was, Slosson, 500; Cutler, 942

In tonight's game Hoppe won the bank and scored eleven points in his first innings. Sutton found the ball in good position, and at once started on one of his rapid counting sessions, in which the balk line nurse played a very prominent part. The caroms were reeled off quickly, and there was great applause when he had gathered in 160. He played on with renewed confidence, and had 12s on his string when he was forced to halt through a poor single cushion drive.

BAD NURSING BY HOPPE.

Hoppe ran up fifty in quick time. He nursed the spheres just as cleverly as Sutton had done, but they separated provokingly and spoiled his chance of a much larger run. Sutton replied with fourteen, and then the young man went on again for another run of fifty-three caroms. Sutton tried to gather the globes with a two-cushion carom and drew a blank. Hoppe made a cipher in his fourth ton.

ton.

This time Sutton put 12i points to his credit. He played without any hesitation, always figuring the right shot and played it. Hoppe got only four caroms in his next turn, and Sutton started off on a record-breaking run.

He soon got into a swinging easy style, and the points came faster than at any time during the other two runs. He was simply invincible. When the referee called "one hundred" the spectators stood up and cheered.

PHENOMENAL RUN AT END.

PHENOMENAL RUN AT END.

The balls lined up twice in close order, but Sutton was equal to both of these emergencies. When he reached 250 in this run there was a deafening burst of cheering, and Sutton had to bow in acknowledgement several times, and when the cheering was at its height he stood near the chair on which Hoppe sat. When the young 18.1 champion laughed and congratulated his opponent the cheering grew louder than ever. Sutton's judgment of speed was extraordinary, for when he resumed the run in two drives for position he brought the object balls right together each time and finally reached 500 with an unfilshed run of 234.

The scores: Sutton—128, 14, 9, 124, 234; total, 500; averages, 100, Hoppe—11, 50, 53, 9, 4; total, 118; average, 233-5.

On Arrival of Anemone.

San Francisce, April 17.—The coming of the yacht Anemone from New York is awaited with anxiety by people interested in the international sailing contest that will begin here on May 19 and end at a point off Diamond Head, at the entrance to Honolulu habor. Although numerous other fine boats have been entered, the failure of the Anemone to arrive here in time to get ready and participate in the race would lessen enthusiasm in the contest. The Anemone will represent the New York Yacht club. There is little doubt in the minds of these who know her best that she will be here, for she is fitted with auviliary power and does not depend upon wind alone to reach this port. At last accounts the yacht was in the Straits of Magellan, but that was several weeks ago. weeks ago.
