NEMESIS AFTER CITY SOLONS

Councilmen of Extra Pay Fame Must Stand Trial for Removal or Resign.

CITY AND ITS ENGINEER SUE.

Mandamus Proceedings to Obtain Permit to Pave Sidewalk—Suits For Divorce.

Ogden, Aug. 8.—Now that the supreme court has passed on the cases against the Ogden city councilmen charged with accepting illegal fees, Atty. Skeen, the complainant, will prosecute the cases against Councilmen Paine and Moyes, which suits were filed some months ago, but the hearing of the same was continued without date, pending the decision of the supreme court in the cases appealed from the decision of the lower court against Councilmen Craig and Chambers. The court having affirmed the decision of the lower court against Mr. Chambers, removing him from office, and reversing the decision in the case against Mr. Craig, and remanding it back to the district court for trial, which practically means that each of these councilmen will be deprived of his seat in the council. There is one other councilman against whom complaint had not been filed, W. Rollo Emmett, and Mr. Skeen has now prepared a complaint to be filed today against him asking for his removal from the council. The complaint alleges that he was elected to the council in November, 1903, and re-elected in 1905, that on July 25, 1905, he, with other councilmen, voted themselves \$100 each for sitting on boards of equalization and review for the years 1904 and 1905, and again December 2, 1905, they voted to each councilman \$100.50 for such services during 1905, which sums were in excess of the salary of \$25 per month prescribed by ordinance, and therefore illegal; also that he failed and neglected to perform his duty in failing to investigate the legality and correctness of the claims filed by his fellow councilmen for such services. Wherefore plaintiff asks for an order of the court requiring

Mr. Emmett to appear before his honor not less than five days from the date of filing the accusation nor more than 10 days, to show cause why he should not be removed from office. The cases against the councilmen will be taken up in the near future by Judge Howell if they do not resign.

MANDAMUS PROCEEDINGS

Against Ogden City and City Engineer For Paving Permit.

Ogden, Aug. 8.—Mandamus proceedings have been commenced in the district court by Joseph L. Carlson and Fred F. Sanborn against Ogden City and City Engineer A. P. Parker to compel the defendants to grant plaintiffs a permit to construct a cement sidewalk in front of their premises on Wall avenue between Twenty-fifth and Twenty-sixth streets. The complaint alleges that in July the city council caused an ordinance to be passed making a sidewalk district out of Wall avenue between Twenty-fifth and Twenty-sixth streets. That the plaintiff Carlson is desirous of building a sidewalk and employed Sanborn & Company to do the work, but when application was made to City Engineer Parker for a permit, he refused to grant the same and has not set any stakes, wherefore the plaintiffs ask the court to issue a writ of mandamus requiring defendants to issue permit and to perform their duty.

SPECIAL ROAD TAX ELECTION.

Good roads are a pleasure and a necessity and in most parts of Weber county there are comparatively good roads, but when the sugar beet roads are taken to the sugar factory the roads get cut up in some portions of the county quite badly. The board of county commissioners has yearly asked the court to issue a writ of mandamus requiring defendants to issue permit and to perform their duty.

well to vote favorably on the proposition.

SUITS FOR DIVORCE.

Suit for divorce has been filed in the Second district court by Isabella Hagen against Joseph Hagen. The couple were married at Ogden City, April, 1905, and a babe two months old is living as issue of said marriage. The complainant alleges that ever since the marriage defendant has failed to provide for his wife and child. Decree of divorce is prayed for, custody of their minor child, alimony and restoration of plaintiffs maiden name, Isabella Hagen.

Elizabeth Higgins has sworn to a complaint against Joseph Higgins to secure a divorce. The complaint sets forth that in August two years ago plaintiff and defendant married, and that one minor child is living as issue of the same. She alleges non-support. A decree of divorce, custody of the child and alimony is prayed for.

BIG CONTRACT SECURED.

Wheelwright Brothers Construction company of this city has secured the contract to construct a sewer system at Evanston, Wyo. The contract price is \$5,000. They will move one of their outfits to Evanston at once to commence the work. Although they have until next June to complete the job, it is the intention to get it down by the first of the year if possible. Several miles of sewerage will be built through the principal streets.

WANT LAND FOR GOVERNMENT BUILDINGS.

Negotiations are under consideration for the purchasing of a 30-foot lot on Grant avenue to the north of the new federal building, on which to erect the addition to the structure for which the \$120,000 extra was appropriated by the government, and unless the price asked is too high the ground will be purchased. The plans for the addition have not yet been completed, but it is expected it will be three stories with basement, the same as the main building.

CHARGED WITH BURGLARY.

Edward Newton and Frank Tietel have been charged in the municipal court with burglary in the first degree. They are charged with having entered Smyth's saloon on the night of Aug. 4 and stealing therefrom a cash register containing \$19 and two gold watches. The officers are confident they will be able to convict the men, having some conclusive evidence against them.

BRIEFS AND PERSONALS.

Petition has been filed in the district court praying for the appointment of Milton Hall as administrator of the estate of Minnie Barry Geiger, deceased, who left an estate valued at \$600, to which her father, Michael Barry, is the heir.

Prof. Joseph Ballantyne has returned from his summer's study at Chautauqua, N. Y., which he greatly enjoyed. Many Ogdenites went to the Lagoon today to participate in the Pacific Islanders' annual outing festivities.

The board having met with the people of Grass valley and found that they were much opposed to a change made in the county road by Dan. Hansen, the commissioners ordered Mr. Hansen to remove his fence and all other obstructions so as to permit the public to have free access to the old road. Mr. Hansen has a dry farm in the upper end of Grass Valley, and the county road crossed a corner of it. When he put up his fence he changed the road so as to pass around his farm. This was the change complained of.

COUNTY TAX LEVY.

The tax levy was fixed as follows: For general county purposes, 5 mills; for sinking fund, 2 mills; for interest on bonds, 2 mills; for county school purposes, 3 mills, making a total of 8 1/2 mills.

Bids for election supplies were examined as follows: Deseret News, \$150; Richfield Reapers, \$140; Skelton Publishing company, \$125. The contract was awarded to the Skelton Publishing company.

The board accepted the proposition of to take \$4,000 of the county's bonds at an interest rate of 5 per cent per annum. The bonds are now drawing 3 per cent.

COUNTY SALARY SCHEDULE.

The annual salaries of county officers for the ensuing two years were fixed as follows: Commissioners, each, \$125; clerk, \$600; treasurer, \$600; recorder, \$600; assessor, \$600; sheriff, \$150; county superintendent of schools, \$700; surveyor, \$250; attorney, \$600. This means a raise of \$150 for the sheriff, \$100 for the county superintendent of schools, and \$100 for the surveyor.

TEMPEST OVER TELEPHONES.

Merchants Order Bell Phones Out, Alleging Exorbitant Prices.

Special Correspondence.

Provo, Aug. 15.—There is considerable interest in business circles here and among the people generally over a disagreement between the Butchers & Grocers' association and the Bell Telephone company, which has resulted in the members of the association taking out their phones. The association demanded that the company meet, the price charged by the independent company, which is \$3 a month. The Bell charged \$4. This the company refused to do on the ground that its service was more extended than that of the independent company, and therefore worth more. Then the association ordered the phones taken out. This, however, has caused great inconvenience to those customers of the business men who have only the Bell phone and some loss in trade to the merchants. But what is worse from the viewpoint of the merchant is that the telephone company or probably rather some of its stockholders are figuring on retaliation by starting themselves or inducing to come here a large grocery and meat firm to compete with the firm already established. There is, however, a talk of a meeting between the association and the company with a view to adjusting their differences and re-establishing friendly relations.
