May Hinder the Building of Simon Bamberger's Road to Ogden Canyon.

Ogden, Nov. 23 .--- The Union Pacific Railroad company is determined to have A. I. Stone removed as administrator of the estates of Joseph D. Lowham, Benjamin F. Eckles, William Murray and Albert Hansen, if possible. Mr. Stone was appointed administrator of the four estates several months ago in the Second district court. Shortly after his appointment the railroad company brought an action in the district court asking that the letters be revoked as the men had met their death in Wyoming and administrators should be appointed from that state. The hearing on the application of the railroad company for the revoking of the letters was heard last month and Oct. 30 Judge Howell decided the case, refusing to revoke the letters of administration, hence Mr. Stone was continued as administrator. Now comes the railroad company who filed a notice in the district court of an ap-peal from Judge Howell's decision to the supreme court of the state.

Their in-gredients are matters of public knowl-edge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confi-tence. Both these roots are important ingredients of "Golden Medical Discovery." From the writings of these same authors you will learn, why the "Golden Medical Discovery."
