

## ACROSS THE CONTINENT ON A BICYCLE.

## MR. SPIER'S HAZARDOUS TRIP.

In a recent number of *Outing* appeared a line stating that Mr. G. S. Spier had started from New York on June 1st, for San Francisco on a bicycle.

About three days ago Mr. T. Angell of the Salt Lake Bicycle Club sent in a postal card stating that he had met Mr. Spier at Ashley over 200 miles east of here, coming west.

Yesterday at 10 a.m. he reached the alley house in this city where he was subsequently found by your reporter.

Mr. Spier is 21 years of age, of medium size, with round face, dark eyes, and light colored mustache. His suit is dark corduroy coat, knee breeches and dark blue stockings, with substantial laced shoes, and his head is surmounted by a large light-colored sombrero.

## HIS BAGGAGE

consists of a short coat that was originally brown in color, a small skull cap, an extra shirt and pair of socks. He also carries two revolvers a Smith & Wesson and an English bulldog. He rides a 52-in. full nickle Expert Columbia (pattern of '86), presented him by the Pope Company, to whom he sends a postal card every evening if possible. The machine is in excellent condition and does not seem to have had many headers Mr. Spier gets the postmaster's each office he passes to put his official stamp on his journal with the date his arrival as proof of his passage.

The gentleman states that he left the State Capital, Albany, New York, June 1st, 1886, with the object of making a record across the continent that would be hard to beat for the distance traveled.

## HIS ROUTE,

so far, has been through Buffalo, Cleveland, Chicago, Omaha, Denver, Leadville, Aspen, Greenwood, Meaking, Ashley, White Rock, Heber City and from there to this city. The detour through Leadville took him some 300 miles out of his way over a pass 13,500 feet high, and through a wilderness of woods and mountains, much of which was impassable for a bicycle rider, but which he pushed through; in one instance being several days alone, subsisting on dry bread and muddy water washed down by the rains, and sleeping wherever night found him, on mother earth. Mr. Spier states that he has ridden about three-fourths of the distance—nearly 4,000 miles in all—and that with reasonably fair roads he can reach San Francisco in 20 days, where he is booked to enter upon a 24 days' race of 12 hours a day, against Mr. Dodge, of San Francisco, for \$5,000, and another ride of 5,000 miles against time for a larger sum. His longest straightaway ride, without rest during the journey was 116 miles in 12 hours, from Erie to Cleveland, and his swiftest one from Silver Creek, N. Y., to Erie, Pa., in four hours.

Mr. Spier has had many interesting episodes on the way, which lack of space forbids recounting. He leaves the city to-morrow morning for San Francisco via Ogden, when it is expected that members of the Salt Lake Bicycle Club will accompany him some distance on his road.

## QUARTERLY CONFERENCE BEAR LAKE STAKE.

Editor Deseret News:

Our Conference was held August 14th and 15th, and proved to be one of the best we have ever enjoyed in this Stake of Zion. In addition to the Presidency of the Stake, Bishops and other local authorities, we were greatly blessed with the administration of our beloved brother, Apostle F. D. Richards, and also Elders Samuel and F. S. Richards.

The Bishops reports were no exception to the rule as manifesting a continued growth of God's work, and an increase of faith in the midst of the people, although there is a minority who are careless and indifferent, and a few who are spiritually dead.

The settlements of Salt River Valley with Alton as an organized ward, C. D. Cazier, Bishop, has been added to the Stake of Bear Lake.

Our efficient choir added greatly to the enjoyment of the Conference.  
T. MINSON, Stake Clerk.

## SUICIDE BY HANGING.

## IS IT BECOMING EPIDEMIC.

PLEASANT GROVE, Utah,  
Aug. 22nd, 1886.

Editor Deseret News:

Pleasant Grove the scene of action. This morning the news soon circulated that a suicide had occurred in this quiet city. Your correspondent soon learned the facts which are as follows:

Christian Larsen, a native of Denmark aged about 65 was discovered this morning hanging with a rope around his neck in the stable near his residence. It was remarked that his blind son Thomas arrived first on the spot just in time to see his father die.

Thomas was in the habit of walking about with the aid of a cane as he could just see daylight enough together with his other senses to guide him and no doubt the remark was characterized with some degree of truth.

The cause: The family, it appears, did not get along very agreeably, a division of the property was taking place, and the wife was seeking a divorce.

It is a very great surprise to the old man's friends that he should do such a rash act, but it is thought his domestic troubles caused dementia of the brain. An inquest is to be held to-day over the deceased.  
WOODBURY.
