

ESTHER MITCHELL ON THE STAND

Was Glad When Told It Was Her
Duty to Kill Her
Brother.

DELIBERATELY PLANNED DEED

She and Maud Creffield Said They
Would Kill Any One If God
Told Them To.

Seattle, Sept. 18.—Early this afternoon the commission named by Judge Frater to examine into the sanity of Esther Mitchell and Maud Creffield, held on charges of murdering George Mitchell, heard the last of those to be introduced, and within a few days will make its report to the court.

The two women prisoners were the last to be heard, and their testimony while different from any they have previously given, was very much alike. Statements were made by the women to the effect that they are glad they did the deed, would do the same thing again if the same circumstances presented themselves, are not afraid to die in any form. They also said they have considered taking their own lives, and would do so if called upon by God to take that step.

In this connection they said they would kill any one if God told them to do so. They declared Creffield had said on the night before she was taken away, and that after George Mitchell had done the shooting they at once began to mature plans for his death if he should escape the justice of the courts. The testimony was to the effect that the two women were first called to do the killing, and that afterwards it developed upon Esther. They denied statements made by them at the time of the trial regarding the motives for the act, and said they had planned to make these statements beforehand in order to hide the real motive and to protect their religion from the scoff of the people.

Esther stated that in making the statement she had expected it would provoke mob violence, and that she had desired to die in that manner. She stated that Creffield was to have been instrumental in bringing about the restoration, and that in as much as this was his mission Mitchell committed a deed for which he must atone by death. In speaking of the possible consequences of the deed Esther Mitchell said:

"I wanted to see my brother punished for shooting Creffield. When I was told it was my duty to kill him I was glad. It was not hard to do, for I was given strength. When we planned to shoot George we made all the preparations beforehand. We did not plan to escape afterward, for we did not want to get away. I am not insane and never have been."

Tomorrow morning the commission will meet with Judge Frater for the purpose of considering the manner of making the report. It is desired to have the entire proceedings included in the report the commission will not be able to give its findings for some days, as it will require some time to transcribe the testimony.

CARTER CASE REOPENED.

Chicago, Sept. 18.—The case of Oberlin M. Carter, formerly captain in the corps of engineers in the United States army, was reopened today in the federal court before Judge Kohlsaat. The issue in the present hearing is an attempt of the government to recover from Carter \$100,000, which it is claimed he stole while in charge of work at Savannah, Ga.

NEW YORK PRIMARY ELECTIONS INTERESTING.

New York, Sept. 18.—In a latter class of opposing factions in today's primary elections in New York county, Congressman Herbert Parsons, president of the New York county committee, was a sweeping victory for the control of the Republican organization, while Leader Charles F. Murphy of Tammany Hall retained his position at the head of the organization by a narrow margin.

The Parsons victory in the Republican party was a complete rout for the faction led by State Chairman R. B. Odell, Jr., and Samuel E. Quinn. Mr. Parsons had the backing of President Roosevelt and Gov. Higgins. He telephoned to the president at Oyster Bay tonight telling him of the victory, and received Mr. Roosevelt's warmest congratulations.

"This means," said Mr. Parsons tonight, "that Mr. Odell will not succeed himself as state chairman."

In the Democratic battle Murphy had the fight of his life. The friends of Mayor McCallan had banded together to win the control of Tammany Hall from Murphy, and were very nearly successful in doing so.

While Murphy is accredited with a victory on the face of the returns, some of the leaders recorded as Murphy men are not pronounced in their affiliation and may swing the result around when the last really comes in the county convention.

The results of today's primaries in this city were awaited with great interest, for upon them depended much as to the control of the state, and they were also regarded as having a national influence.

The success of Mr. Parsons in the Republican primary convention, to be held at Saratoga, Sept. 25, will be controlled by the friends of Gov. Frank W. Higgins. When the governor is elected, he will be a candidate for re-nomination has not been announced.

The effect of Leader Murphy's slight margin of victory in the primary elections is somewhat problematical. Mr. Murphy has been regarded of late as friendly to the nomination of William Randolph Hearst for governor. If he can control the Tammany convention he may obtain a unit vote and throw all the Tammany votes to Mr. Hearst in the Buffalo convention.

Mayor McCallan, who has been fighting Mr. Murphy for the Tammany control, has been outspoken as an advocate for the nomination of Dist. Atty. William Travers Jerome for governor by the Democrats.

In Kings county (Brooklyn) Senator Patrick H. McCarran retained control of the Democratic organization.

Timothy Woodruff, former lieutenant-governor, and one of the Republican control in Kings

INTERESTING FACTS.

For Nearly Every Man Woman
Or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the chain then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were adventurous about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but 50 cents at any drug store, made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, unexaggerated testimonials and never publish the same one twice.

From James Yennelmer, La Crosse, Wis.: "Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits."

From Jacob Anthony Portmurray, New Jersey: "I have taken Stuart's Dyspepsia Tablets with the best results. I had dyspepsia for 6 years, and had taken a great deal of medicine, but the Tablets seem to take right a hold and I feel good. I am a farmer and lime burner and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets."

From Mrs. M. K. West, Preston, Minn.: "I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion and she had the same good results."

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heartburn, bloating or wind on stomach and similar disorders.

A big majority against Michael J. Daly, Mr. Woodruff also has the support of President Roosevelt.

Fall returns from all the Republican districts in New York county at a late hour tonight showed that Congressman Parsons' candidacy has won 2 districts, as against 11 for Odell and Quinn.

The full returns from the Democratic balloting show that Murphy carried 15 of the 25 districts in New York county and McCallan 10.

MEXICAN FLOODS.

Fifty-one Persons Drowned, Hundreds

The flood many persons took refuge in trees, remaining there until boats were sent to their rescue. It is reported that 400 people are homeless."

"Widespread damage has resulted from the inundation of Sinaloa. Several cities have been partially or wholly destroyed, thousands of cattle drowned and crops in many sections ruined. A report from Ahome, one of the towns situated near the mouth of the Fuerte river, states that there have been many deaths there from malaria fever."

SAILORS "CUT OUT" CIVILIANS.

Washington, Sept. 18.—Secy. Bonaparte has received a letter which endeavors to explain why sailors are refused admission to dance halls and other places of amusement, such as skating rinks, etc. The writer informs the secretary that men in uniform prove so much more attractive to the ladies that the civilians are "cut out" and thereby are much aggrieved.

MURDER AND SUICIDE.

Negro Falls in Love With White Woman, Rejected, Kills Her.

Seattle, Sept. 18.—A special to the Post-Intelligencer from Startup, Snohomish county, tells of a murder and suicide today, in which Klittle Merton, a waitress, was shot and killed by Jesse Appleton, a colored man, who had been working as a barber at Snohomish for some time.

Appleton had been paying attentions to the white woman, but she had rejected his suit. He paid up all his bills at Snohomish and came to Startup. Meeting the woman on the street he fired a revolver at her, the bullet passing through the arm and lodging near the heart. She fell to the ground dead. Appleton then turned the body over and fired another bullet into the head, after which he turned the revolver on himself and fell dead over the corpse of his victim.

H. O. BURSUM EXONERATED.

Santa Fe, N. M., Sept. 18.—The territorial grand jury this afternoon exonerated H. O. Bursum, chairman of the Republican territorial committee and former superintendent of the penitentiary, from the charges which were made against him in connection with the alleged shortage of funds recently reported to Gov. Hagerman by expert accountants.

A NARROW ESCAPE.

Charleston, S. C., Sept. 18.—The Clyde liner New York today brought into port the mate and three crewmen of the American bark R. D. Hubber, Capt. Sayres, lumber laden from Savannah to New York, wrecked off the Frying Pan shoals. The vessel turned turtle and went to pieces. The men were found clinging to the spars. The captain and others of the crew were not found.

NEW RAILROAD LAW CONSIDERED

Interstate Commerce Commission Makes Some Important Rulings.

TRANSPORTATION PAYMENT

Must be Made in Cash—Rules for Changing of Rates Are Very Stringent.

Washington, Sept. 18.—In an opinion made public today the interstate commerce commission takes important action on considering the new railroad law and providing general rules applying to transportation, mileage and excursion rates. The rulings are as follows:

"Payment for transportation—Nothing but money can be lawfully received or accepted in payment for transportation subject to the act, whether of passengers or property, or for any service in connection therewith, it being the prohibition against charging or collecting a greater or less or different compensation than the established rates in effect at the time, precludes the acceptance of services, property or other payment in lieu of the amount of money specified in the published schedule."

"Notice of Changes in Rates—Where two or more connecting carriers establish a joint rate which is less or greater than the sum of their local rates, such joint rate is a change of rates and requires a notice of 30 days. In such case the joint rate when duly established and in force becomes the only lawful rate for through transportation."

"New Roads—On new lines of road, including branches and extensions of existing roads, cut rates may be established by a notice of 30 days. In such case the joint rate when duly established and in force becomes the only lawful rate for through transportation."

"Round Trip Excursion Rates—It is the opinion of the commission that the provisions of the amended sixth section in respect to the publishing, filing, and posting of tariffs apply to the mileage, excursion and commutation rates authorized by the twenty-second section. Such a rate when first established or offered is held to a change of rates which requires a notice of 30 days. No reason appears why this notice should not be given in the case of mileage rates, communication rates, round trip rates, or other reduced rates, which like ordinary passenger rates, are established for a definite period and appear to be subject of permanent policy. Strictly excursion rates, however, covering a named and limited period, are of a different character in this regard, and may properly be established on much shorter notice."

To avoid the necessity for special application in cases of this kind, the commission has made a general order fixing the following named time of notice of round trip excursion rates, and carriers may govern themselves accordingly.

"Rates for an excursion limited to a designated period of not more than three days and not more than 30 days may be established upon a notice of three days in place of the 30 days notice otherwise required by the amended sixth section."

"Rates for an excursion limited to a designated period exceeding 30 days will require the statutory notice unless shorter time is allowed in special cases by the commission."

SENATOR J. W. BAILEY.

Strong Opposition to His Return to U. S. Senate Develops.

Minneapolis, Sept. 18.—D. A. Jackson, chairman of the Democratic executive committee of Woods county, has issued a call for a mass meeting of the Democrats of this county at Quilman Saturday, Sept. 29, "to ascertain and express our wishes in regard to instructing our state senator and our representative in voting against J. W. Bailey for United States senator from Texas."

Mr. Jackson states that the call is prompted by recent developments made in the testimony of H. Clay Pierce at St. Louis.

WRAPPING PAPER GOES UP.

Chicago, Sept. 18.—A blanket increase of \$5 a ton in the price of wrapping and other grades of wood fibre papers, with a corresponding advance in other classes, has raised the fear among Chicago dealers that a new trust is forming. This fear is augmented by the fact that the millers abolishing former schedules were withdrawn by all the mills simultaneously, and the prices listed thus far have been identical.

While it is believed a new combination of paper manufacturers has been or is being formed, it is not thought it will be so complete as that effected under the General Paper company. This concern, which was known as the trust, went out of business last May as the result of an injunction suit brought at St. Paul, Minnesota, by the federal government. The company refused to show its books, and when ordered to do so by the court, agreed to accept judgment and go out of business.

The theory of the Chicago paper broker is that this error will not be made a second time, and that no one firm will be allowed to handle the output of all the mills in the combine. It is pointed out that practically the same result can be obtained by an association if the members adhere to the agreement.

JOHN C. BARNES EXECUTED.

Salem, Or., Sept. 18.—John C. Barnes was executed at the penitentiary at 12:30 o'clock this afternoon for the murder of William Graham in Douglas county April 23, 1904. The execution was without incident. Barnes was brave to the last and innocent of the murder of Graham and that he was being murdered and not executed.

NEW YORK LIFE AND MUTUAL LIFE TICKETS FILED

Albany, N. Y., Sept. 18.—The independent tickets of the several policyholders' committee of proposed trustees or directors to be voted for at the annual elections of the New York Life and the Mutual Life companies, under the provisions of the law passed by the legislature last spring, were filed with the state insurance department late this afternoon. The "administration" tickets were filed several weeks ago. The ticket for the New York Life is called the international committee ticket, and is put into the field by the international policyholders' committee. There are two for the Mutual Life company's ticket, put forth as the joint work of the international policyholders' committee and the Mutual policyholders' association, and the "independent" ticket, which is said to contain the names of several officials and agents.

Do it Now! Don't Wait Until It's Too Late!

KEEP your body clean!
Most people are very neat
and clean in their outward
appearance, but how about the
inside?

Are you clean inside?
And if not, how can you face the world
with clean thoughts, clear intelligence,
a fair, just, bright mind and get your full
share of capacity for work and enjoyment?

Neglect of exercise, rich over-feeding
and carelessness about stools, often leave
the delicate internal mechanism in a
nasty mess.

The small intestine is compelled to absorb
the poison of decaying matter instead
of wholesome nourishment.

The liver gets inactive; the bile doesn't
"work off"; the eyes get yellow; the skin
gets dead like putty and pale like dough,
disfigured with boils, pimples, blackheads
and liver-spots.

There's only one solution to the problem:
Keep clean inside all the time. That's
the answer.

If you can not diet, or keep your mechanism
going by proper exercise, take Cascarets,
the sweet, fragrant, harmless little
vegetable tablets, that "act like exercise"
on your bowels, and gently but powerfully
clean out and disinfect the whole digestive
canal.

A Cascaret every night before going to
bed will "work while you sleep" and
make you "feel fine in the morning."

If you have been neglecting yourself for
some time, take a Cascaret night and morning
and break up the "constipated habit"
without acquiring a "calthartio habit."

Cascarets are sold by all druggists, 10c,
25c and 50c. The 10c size trial box is a
neat fit for the vest pocket or lady's purse.

Be sure to get the genuine with the
"long-tailed C" on the box and the letters
"CCC" on each tablet. They are never
sold in bulk.

HUGHES WILL NOT SERVE.

New York, Sept. 18.—The Mutual third
ticket, called by its promoters "the selected
fusion ticket," which was filed with
the superintendent of insurance at Albany
tonight, contains as nominees for
trustees of the Mutual Life Insurance
company the names of 15 candidates named
on the Mutual Life "administration
ticket." 15 names from the
"united committee" ticket, the names of
three Mutual Life general agents, and
vice president of the Mutual Life, George
T. Dexter. This ticket is headed by
Charles E. Hughes, who tonight in a formal
statement reiterated his declaration
that if elected upon this ticket, he should
refuse to serve. Mr. Hughes said that his

name was used without his consent, and
he only received yesterday an intimation
that it was to be used.

The origin of this ticket is somewhat in
doubt.

The promoters of the policyholders'
committee insist that the third ticket
had its origin in the office of the Mutual
Life Insurance company and that its purpose
is to confuse the policyholders and draw
support from the ticket named in
opposition to the administration nomination.
This is denied by the officials of the
Mutual Life, who say they have no
interest in the matter.
