Female Officers.

ST. LOUIS, Oct. 2.—The following additional officers were elected by the Woman's Relief Corps last evening: Treasurer, Mrs. Elizabeth A. Turner, Boston; chaplain, Mrs. Mary Garrara, Clinton, Iowa; inspector (not announced); counselor, Mrs. Kate B. Sherwood, Toledo, O.; instituting and installing officers, Mrs. S. C. Nichols, Auburn, N. Y.; executive board of national counsellors, Mrs. Sarah E. Fuller, life member, Boston; Mrs Elizabeth D. A. Kinne, San Francisco; Mrs. Charity H. Craig, Viroqua, Wisconsin; Mrs. Clara E. Nichols, Des Moines, Iowa; Mrs. Julia D. Sine, Rockford, Ills.; Mrs. Margaret Wiskins, Sebatha, Kas.

Murdered by a Maniac.

DENVER, Oct. 2.—Pueblo special to the *Republican*: Frank Campbell, foreman of the bridge gang on the Santa Fe Railway, was killed at 9 o'clock today by one of his men, Mike McGraw. The latter has been out of his right mind more or less since last summer, when he became overheated. He thought Campbell was making efforts to injure him and that he was an enemy. McGraw went to Campbell's residence this morning, and after an exchange of greetings walked with Campbell into his bedroom, the latter having agreed to go up the street with him as soon as he could change his clothes. As soon as the two men got into the bed room McGraw

SHOT AT CAMPBELL

Three times. One ball took effect within three inches of the heart. Campbell ran out into the rear part of the house, and when neighbors arrived they found him lying on the kitchen floor with his head in his wife's lap. He was carried into the front room and died in a few minutes. After thus killing his best friend McGraw rushed out at the back door and shot himself through the head, dying instantly.

McGraw was single and from New York. Campbell leaves a wife, three children and was originally from Vermont.

Weather Crop Bulletin.

WASHINGTON, Sept. 2.—Synopsis of the weather crop bulletin:

During the week the weather has been favorable for harvesting cotton west of the Mississippi and in the extreme eastern cotton region, while cold weather and heavy rains have affected all crops in Mississippi. Frost in the northern portion of the tobacco region of the Ohio Valley and in Virginia did some injury to the crop.

Rains which occurred during the week in the winter wheat region will prove of special value, as the sowing of wheat has been delayed by the continuance of the drouth.

(Note.—This bulletin ceases with this issue until the beginning of the next crop year.)

A Big Strike.

CHICAGO, Sept. 2.—A special from Springfield, Illinois, says: The miners in Springfield and Petersburg districts are out on a strike for an advance of wages to 67½ cents per ton. They have been getting about 55cts. Over 1,500 men are idle.

Educational Matters.

WASHINGTON, Oct. 2.—The report of the commissioner of education for the fiscal year has just been completed. It shows that the condition and progress hitherto characteristic of American education has been in general maintained during the year. A brief account is given of the measures taken in the interest of education in Alaska. There are fifteen government schools in operation in that territory. To meet urgent needs the commissioner recommends the establishment of 23 other schools there and asks an appropriation of $50,000.

Parker Preaches.

NEW YORK, Oct. 2.—Rev. Dr. Parker, of the City Temple, London, who is to pronounce a eulogy on Henry Ward Beecher in Brooklyn Academy of Music on Monday night, preached in Plymouth church, Brooklyn, in the pulpit where his friend stood for four years. His subject was "Not here but risen." The sermon was largely a memorial discourse.

The oratory of Dr. Parker is simple and unaffected. There is an occasional betrayal of English idioms in his speech. As a rule the opinions of his hearers were favorable to him and it was predicted by some that a call would be extended to him by the church. Dr. Parker has declined to state whether he would accept the call. The church to-day was crowded beyond its utmost capacity and many were unable to gain admission.

In the Hands of the Socialists.

CHICAGO, October 2.—A prominent Knight of Labor delegate today said, that as far as Chicago is concerned, her representation at the Minneapolis convention is decidedly socialistic. "We are virtually in the hands of the socialists," he added. "District 24 sends George Shilling, the noted socialistic harangner; Chas. Seib, who ran on the socialistic ticket for city treasurer; Robert Nelson, ex-socialistic candidate for mayor, and John Mahony. The latter is a conservative. District 57 sends M. J. Butler, who will be remembered in connection with the stockyards strikes and who was the socialistic candidate for sheriff. It is understood that Seib has in his possession a set of resolutions condoning the crime of the anarchists and demanding a commutation of the sentence. These resolutions will be sprung upon the convention at the eleventh hour. Master Workman Quinn, of the noted New York District 49, has been enlisted in favor of them."

Cardinal Gibbons.

ST. PAUL, Oct. 2.—Hundreds were unable to gain admission to the cathedral this morning. Cardinal Gibbons preached upon "Charity." The cardinal left for Portland, Oregon, this afternoon accompanied by Bishop Brandell, of Montana, and Dr. Chapelle, of Washington.

The President in St. Louis.

ST. LOUIS, Oct. 1.—Shortly after 10 o'clock this morning, President Cleveland and wife, accompanied by Mayor Francis and wife, were driven to Washington Avenue Presbyterian Church. In the street and near the church many people had assembled, but way was easily made through the crowd, and as the party passed to the door of the church, the spectators uncovered their heads but made no other demonstration. The auditorium was crowded, and as the President passed down the aisle many of the congregation arose. The pew in front of the centre of the auditorium was accorded the visitors. There were no special arrangements and the usual service was conducted without change. The pastor confined himself strictly to his text and alluded to the President in no manner except in the closing prayer, when he invoked a blessing on the Chief Executive of the country. At the close of the service the President's party left the church immediately and returned to Mayor Francis' residence, where they dined. In the afternoon they were driven to the Botanical Gardens, and the evening was spent quietly at the mayor's house. President and Mrs. Cleveland appeared considerably fatigued from their trip, but are rapidly recuperating.

Arrangements Completed.

MINNEAPOLIS, Minn., Oct. 2.—Arrangements for the morning exercises of the Knights of Labor general assembly are completed. The welcoming addresses will be made by the mayor and governor, with responses by Messrs. Powderly and Litchmann. In the evening there will be an entertainment with addresses by Powderly and J. A. Streeter, president of the National Farmers Alliance, followed by a grand ball.

The Daily.

MILWAUKEE, Oct. 2.—A dispatch from Escanbia, Mich., says: News has been received of a serious accident on the "Zoo" road near Gladstone. A work train in backing down struck a cow and was derailed. The conductor and a brakeman were killed and several others injured.

Street Car Accident.

CINCINNATI, O., Oct. 2.—This evening a strand came loose of a cable of the Walnut Hill cable road and wrapped around the grip of a car coming west on Sixth Street. The car, which was full of passengers, could not be freed, and rushing on, overtook another car which had stopped at a crossing. This car it pushed along. The brakes were set hard on both, but without effect. The cars rushed on in the darkness, sparks grinding from the wheels, passengers screaming and hundreds of excited people following the cars shouting. Dashing onward the running cars soon struck a horse car at the crossing of Fifth and Sycamore, throwing it into a deep ditch. At the same time, the running cars were also ditched, giving such a violent wrench to the cable that four other cable cars on the way up Walnut Hill were derailed. The shock was the greatest to those cars. When the result of the affair was summed up, it was found that thirty or forty people were badly bruised. Lewis Kolb is probably fatally hurt, but the others will all be around tomorrow it is thought.

Total Clearances.

BOSTON, Oct. 2.—A table compiled from specials to the *Post* from managers of the leading clearing houses in the United States shows the gross exchanges for the week ending October 1 were $874,663,456, a decrease of 16.5 per cent. from the corresponding week in 1886.

An Enterprising Newspaper.

ST. LOUIS, Oct. 2.—The *Republican* this morning printed a verbatim report of all the debates that occurred at the secret sessions of the G. A. R. encampment. As some of the speeches were bitter in tone and the entire discussion was decidedly juicy it is likely the report will create something of a sensation not only among the G. A. R. people, but among all persons in the country. The report in question makes eleven columns.

A Bitter Struggle Predicted.

CHICAGO, Oct. 2.—General Master Workman Powderly, of the Knights of Labor, passed through this city today on his way to Minneapolis. He would not talk on any question of general interest. From the talk among Chicago delegates it is thought that strenuous efforts will be made to remove general secretary Leithman, whom they accuse of acting in bad faith in many ways. The convention will be a bitter struggle from beginning to end, the anti-Powderly element being represented by the ablest leaders. One of the interesting features will be a debate on socialism, which Joseph La Badie, of Detroit, will bring up. It is stated that he will demand an explanation from Mr. Powderly why he, who for years was a member in good standing of the socialistic labor party, has gone back on his principles.

The Government Condemned.

LONDON, Oct. 2.—A mass meeting attended by 10,000 persons was held to-day at Tower Hill. Speeches were made from six platforms condemning the government's Irish policy and the conduct of the police at Mitchelstown.

The Military Gathering.

CHICAGO, Oct. 2.—During the day many companies of militia from various states arrived and took up their quarters at the international military camp, which has now assumed a decidedly martial air with all kinds of soldiers, artillery, etc., in view. A heavy rain this evening made the grounds rather soggy, but the prospects are now good for a bright, clear day to-morrow, when the camp will be formally opened under the name of Camp Sheridan. Nearly all the troops will be here by to morrow noon. The grand review and formal opening will take place at 2 p.m.

Trying to Shoot the Governor.

KANSAS CITY, Oct. 3.—Information reached here to-night of an attempt made last night to shoot Gov. Martin at Atchison. The governor was walking home with a friend and was accosted by John M. Reynolds, a journalist, who used vile language. Martin remonstrated, when the fellow drew a large pistol. Before he could use it, however, a policeman disarmed him and took him to the station.

AN IGNORANT CALIFORNIAN. — Omaha man—Live in California, eh? Wonderful boom going on there I hear.

California man—Boom?

"Yes, don't you know what a boom is?"

"I never heard of one. What is it?"

"Why, prices of real estate way up in the air; everybody valuing his ground at a small fortune a foot."

"That's queer. There's nothing of the kind in California. Everybody is starving and can't give their land away."

"Well, well! What business are you in there, any way?"

"I'm a tax assessor." — *Omaha World.*

A strong movement is on foot in Phœnix, A. T., to disincorporate that city.

TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

G. W. Gordon, manager of the Watrous Cattle Company, was shot and killed on Sept. 25th, at Winslow, A. T., by a cowboy named Louie Brown, in a fight. Eight or ten shots were fired and W. F. Thompson, a saloonkeeper, who was looking on, was accidentally shot through the hand. Brown escaped on horseback. Officers are after him.

Late on the afternoon of the 29th the body of Wm. Bachman, of the Trading Commercial Company, was found floating in the river. The Laramie *Boomerang* of the above date says: It was lying in the water, only a few feet from the bank. Upon turning the body face upward it was at once identified. A bullet hole in the forehead and a revolver lying on the ties at the water's edge, told the story. The unfortunate man had decided to end his life, and going down to the river probably sat down on the ties when he fired the fatal shot and from there fell into the stream. The pistol was a Colt, 38 calibre.

Crete, Neb., 26.—The Burlington passenger train from Denver ran into a section of a freight train one mile west of this city yesterday afternoon. While ascending the grade at this point the freight train parted and the rear section dashed down grade on the passenger. The crew of the latter saw the train approaching, but were unable to avert a collision. The caboose of the freight crashed into the engine and was smashed to pieces. The engine and baggage car were thrown from the track. Engineer Corbett remained at his post and was severely hurt, though not fatally. The wreck was removed and the track cleared in a few hours.

Little Rock, Ark., Sept. 26.—A murder by what is believed to be a branch of the Missouri Bald Knobbers was reported yesterday from Mountainview. John Hardcastle, a farmer living near that place, had been warned to leave the country by men who held a grudge against him. Hardcastle is represented as very industrious. He had a large family and was poor. His home was a rude log cabin, and he supported his wife and children by cultivating a small tract of land. He started in a wagon with his family and effects for the Arkansas river. After traveling two or three miles he halted, having heard his name pronounced by some one who called him a hog and dared him to come that way. Hardcastle grabbed his gun and advanced a few paces, when two men opened fire on him, riddling him with buckshot. Five men have been arrested charged with the crime.

The *Arizonan* of recent date says: To-day a photograph of a bunch of dates from the farm of Col. F. C. Hatch, was taken. In weight this bunch was over seven pounds and it is to be sent off to the department of agriculture, at Washington, O. F. Thornton, of Phœnix, having received a request to that effect. While Arizona is not the only section in the United States in which dates have been produced, there are some facts to be presented in this connection that will illustrate her superiority for the production of tropical fruits. The seeds of the trees from which this fruit was picked were set out by John Osborn in the winter of 1880, and in the spring of 1881 stems came up therefrom. At the most this makes but seven years from planting to the production of fruit. In Solano County, California, dates fruited in their tenth year after planting, and the same period was necessary on Colonel Hollister's farm in Santa Barbara, California. The climatic advantages which Arizona can so forcibly illustrate in this instance will be of great benefit, and will doubtless be properly represented by the department of agriculture.
