Day in Salt Lake. One of the largest delegations to the

G. A. R. encampment at San Francisco next week, came in this morning cisco next week, came in this moroing over the Rio Grande. The special train carried a few short of 500 Iowans under Col. R. G. Raymond of Hampton, Is., the department commander. The train was in charge of J. W. Williams, trav-eling passenger agent for the Burling-ton at Omaha, Neb., the official route for the Iowans being the C. B. & Q. At 2 n m the visitors were entertained

m, the visitors were entertained an organ recital at the Tabernaclo, after which they went out to Salt air in a body. The special train will continue on its way to California over the Rio Grande at 9 a. m.

# RAINFALL LIGHT.

#### In Consequence Temperature Has Been Somewhat Enervating.

There has been no appreciable rainfall since July 14 last, when .14 of an inch fell. About 40 drops fell July 23 and about the same inappreciable quantity on the 21st. In the meantime the air in this city has been a good deal like that of an oven, and people have walked about feeling half baked. The air has been very enervating, and at times choking, and considerable surering from the heat has been experinced. At the same time there has been rain to the north and south of this county. There was a .26 of an inch rainfall yesterday at Modena, and .14 esterday and there has been rain in he northern states.

The temperature has reached \$4 on he 2nd and 3rd of this month, and was 2 on the 11th inst. The lowest tem-perature was 55 Aug. 1. The weather office can give no assurances of any immediate approach of rain, but beleves that cooler weather is coming.

## Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health.

It often causes headache and dizziness, impairs the taste, smell and

hearing, and affects the voice. Being a constitutional disease it re-

quires a constitutional remedy. Hood's Sarsaparilla

Radically and permanently cures catarrh of the nose, throat, stomach, bowels, and more delicate organs.

Read the testimonials. No substitute for Hood's acts like

Hood's. Be sure to get Hood's. "I was troubled with catarrh 20 years. Seeing statements of cures by Hood's Sarsaparilla resolved to try it. Four bottles entirely cured me." . WILLIAM SHERMAN,

1030 6th St., Milwaukee, Wis, Hood's Sarsaparilla promises to cure and keeps the promise.

The electrical workers held high car-niyal at Calder's yesterday. Today the butchers have a big day, with the Mac-cabees on Friday and Bingham camp on Saturday

Today the Modern Woodmen have their day at Saltair. On Wednesday Weber and Summit stakes and the Scandinavians of Jordan, Granite and Salt Lake stakes will take their outing. Thursday is devoted to the employes of Z. C. M. I., and friends, who have pre-2. C. M. 1, and trienas, who have pre-pared a good program. On Friday Gran-ite and Jordan stake M. I. A. will be at the beach, while on Saturday there is a big excursion scheduled from Tocele county in addition to the regular Satur-

## CROPS ARE SUFFERING. Lack of Meisture is Beginning to Have

A Bad Effect. The weekly crop bulletin, just issued, says:

day night grand ball.

Warm and dry weather with almost cloudless skies prevailed druing the Scattered thunderstorms accom

panled by light precipitation occurred throughout the southern portion of the section, but throughout the remainder section, but throughout the remainder of the section there was an entire ab-sence of rainfall. Some high winds pre-valled throughout the northern coun-ties but no damage of any moment re-sulted. The long-continued drouth, is

ausing a serious shortage of irrigation water, and growing crops, especially al-falfa, are beginning to suffer severely. Where sufficient irrigation water exists to properly wet the soil, the crops are making a rapid growth. Grasshoppers and insects are still causing great injury to vegetation in Millard county. The harvesting of fail wheat, barley and rye is nearing completion, and threshing, has begun. Early spring wheat and eats continue to ripen and cutting is well under way. The second rop of alfalfa is being stacked and in ome localities the third crop is being The vields are generally reported as being light in quantity and poor in quality owing to the dry and hot weath.

er. Corn is making a rapid growth and the early-planted is in the roasting ear stage Sugar beets on well irrigated soft are in good condition and making a rapid growth. Apricots, apples and pears are being marketed. The yields are generally very good. Tomatoes are

in good condition and potatoes are be-ing marketed. The range is very dry and in many localities is burning up from the combined effects of the hot sunshine and dry weather

## VETERANS POURING IN.

#### Veritable Flood of Them Bound for San Francisco.

The Grand Army veterans are pour ing into this city in a flood, and this afternoon the streets are crowded with gray beards and blue uniforms. The Iowa delegation, 180 strong, arrived in a special and the New Hampshire del-egation, 60 strong, arrived in their car

over the Rio Grande. The Wisconsin boys, 34 strong, have with them Department Commander Joseph Rundell, Adjt-Gen. Richardson of Wisconsin. Louis Sholes of Milwaukee, the typewriter inventor, Judge Burnell of the Wisconsin bench and other distinguish

ed veterans. Corporal Tanner and his party from Washington are at the Kenyon, but their train was so late that a "News" representative was unable to reach the distinguished veteran in time for a talk. The South Dakota veterans came in two special trains of 19 cars each, and the local railroad yards are filled with Pullmans. Other pecials are arriving this afternoon and vening, and on the morrow there will

be many more. The organ recital this afternoon will be very largely attended, and Saltair is heavily patronized.

ience—a novel one—of seeing a metro-politan company give its first perform-ance of a play. The play, "The Devil's Disciple," was not a new one, as Mans-Disciple," was not a new one, as Mansfield had produced it several years ago,

The excursion of the Scottish Missionary and then for some reason dropped it society to Ogden caryon on Saturday, bids fair to be well patronized. A special hearing the excursionists will leave the Rio Grande depot at 8 a. m., and Ogden, returning, at 8 p. m. from his repertoire, but it is probable that no member of last night's cast ever. beheld it. Mr. Miller, Miss Anglin, and Chief Fred Carlane and Assistant Ralph Hanson of the Knutsford have gone to Hamilton Mont, where they have em-ployment in a leading hotel. The place of the former at the Knutsford has been their co-players, had been toiling in a prodigious way on the venture all the week; all day yesterday their labors the former at the Knutsfo taken by Ariald Bwerger, v extended eastern experience. continued, and 7 o'clock at night found them still rehearsing. They barely had time to rush to their hotels for supper and assume their cos-tumes, before the custain rose on the first act. Considering the immense amount of labor involved, the perform-ance was a wonderful one. It was bet-

of its novelty, we doubt if it will have

any long degree of life. Its principal drawback seems to be lack of aim or purpose. The main character, that of Dudgeon, is half bad, ball good, but his

treatment of his mother, who in spite of her sternness, was still his mother,

robs him of the sympathy of the audi

clearness why the British execution-ers should not have carried out their

Mayor Thompson today approved the matters passed upon by the city council on Mondar, among them being the resolu-tion of Ferharrom which provides that 75 per cent of the special tax for special im-provements shall be collected before the city will order work to proceed in such improvement. dramatic climax, and so it can be made with proper time to rehearse the bands and the crowds of spectators. Last night they all made rather a poor "stagger" at enthusiasm. The play is one that attracts and fascinates by its oddity and originality

per cent of the shell be collected before the city will order work to proceed in such improvents, shall be collected before the city will order work to proceed in such improvent. Supt. C. E. Horton and Assistant Supt. Garger of the Western Union are in the city, and called this noon at the office of the state board of equalization to look over the schedule of assessments affecting the property of the telegraph company in this state. The officials made no protest, and are here on an inspection trip. John R. Parties is down from Kaysville today, and reports that the chaning fac-tory is adding new machinery, and will begin in three weeks to can this sea-son's tomato crop. The output this year will be excellent; and in fact, notwith-standing the adverse conditions last year, that crop did not turn out as poor as was While it gives Mr. Miller and Miss Angs lin some excellent obances for acting, which of course, they took full advan-tage of, it cannot be said that the play draw heavily strong, and while it will draw heavily for dispect, in San Fran-cisco and other large cities, on account

that crop did not turn out as poor anticipated.

There was the usual large attendance at there was the usual large attendance at yesterday's molecula can recital, and the playing of Prof. McClellan and the singing of Mrs. Browning were much en-joyed. The announcement is made that there will be a recital every afternoon of this week for the entertainment of the G. A. R. excursionists, with the compli-ments of President Joseph F. Smith. nove the minister's wife, why he should sacrifice himself to save the minister's life. There may have been some onis-sions, due to the first presentation. In the dialogue, but if there were not the author has not set there were not the

The Christian Endeavor flag presented by the Oyekama Gapan) society to the Utah state union of Christian Endeavor has finally reached Mias Madelia Hobbs, secretary of the state union, and will be exhibited probably in Walker Bros.' show windows. It will be afterwards preserved in the Sunday school rooms of the Free in the Sunday school rooms of the Firs Congregational church in this city.

Congregational cauren in this city. Local guard officers call attention to the Colorado method of supporting the na-tional guard of that state, and wish that some such scheme could be introduced here. In Colorador every citizen is taxed and the dollar is naid ungrudgingly. The aggregate smounts to about \$150,000 annu-ally which goes a long way in supporting the guard. Were such a plan to be adopt-ed in Utah it is claimed that the state troops would be in much better financial trim the at present. trim than at present

### PREPARING FOR ENCAMPMENT.

Lieut. Berry of Fort Douglas and Capt. Webb of the state battery went down to the location of the summer camp, and Gen. Cannon and Col. Clay. ton went down this afternoon to help ay out the grounds, and make preliminary arrangements for the encamp ment. The soldiery will go via the Rio Grande road, but what line will be patronized on the return is not set-tied yet. Maj. Glendinning will be Col Clayton's assistant as paymaster and

disbursing agent.

#### Herr Von Levitsow Dead.

Berlin, Aug. 12.-Herr von Levitsow, formerly president of the reichstag, is dead.

cating, oils, and the other, the white,

or illuminating, oils, Across the transverse passageway from the tanks are four 5,700 gallon tanks. These will contain fuel, valve and mineral seal offs. Provision is made for the pumping of the cils from tank cars outside and delivery to any tank desired is made by means of suitably placed valves. For shipment the oil will be drawn into the barrels from the tanks by gravity. A storeroom for paint stock and painters' oils, a workroom for mixing "dope" and a cleaning room where the residual oil is removed from

arrels and cans by steam are also catures of the proposed building.

### Bobs Up Screnely.

The Denver Post yesterday aftertoon printed a story which has been toing the rounds of the press for the past six months to the effect that agreements have been made between David H. Moffat and George J. Gould for change of traffic between the Den-ver Northwestern & Pacific and the Rio Grande: use of each others tracks and cut-offs and use of the terminals of the Rio Grande in Salt Lake. It is the same old story that the ro ed a year ago with the only difference that the Montat road is substituted for the San Pedro, Los Angeles & Salt Lake this time.

#### An Expensive Extension,

Relative to the report that the E Paso & Northwestern road was prepar-ing to head north towards St. George from Globe, J. Fewson Smith says that the building of a road north through Arizona will be attended by an enormous expense on account of the big cuts, deep fills and chasms to be crossed. The expense of a suspension or cantilever bridge across the Colorado would be enormous.

Merely "Hot Air."

Denver, Aug. 12.—General Manager A. C. Ridgeway, of the Colorado-Utah Construction company, which is build-ing the Denver-Salt Lake road, said today that the report of an alliance or agreement between the new line and the Denver & Pie Grande was unformed.

the Denver & Rio Grande was unfound-
