Kickapoo Indian Oil is a sure and pleasant cure for Nasal Catarrh, even in its worst form. Dilute a little of

the Oll in warm water and snuff it up the nose night and morning and it will heal the inflamed membranes, stop the dropping of mucus into the throat, clear out the head, banish the unpleasant odor which attends Catarrh, and make you feel a hundred per cent better.

Permanently Cures Alderman Peterkin, of Minneapolis, of a severe case of Nasal Catarrh.

"I recommend Kickapoo Indian Oil as the one and, I believe the only infallible remedy for Nasal Catarrh. I have suffered with this offensive trouble for nearly fifteen years. My breath was bad, and my sufferings were simply awful. Mucus would constantly drop into my throat, and I would have to hawk and spit all the time to the disgust of my friends and myself. My nose would bleed profusely and sick headaches would be the result. After having tried different salves, powders, snuffs and inhalants, I was advised to try Kickapoo Indian Oil, and that medicine is certainly a wonder. It helped me as nothing had before. I used it faithfully for eleven weeks, when I was entirely and completely cured. This was nineteen months ago, and I have not had any trouble since."

Gibbs and McCarthy to Meet Thursday Instead of Monday.

A meeting was held last night between

Manager Jack McGinnis of the Salt Lake Athletic club and Gus Marion and George Gibbs. It was decided at the meeting to postpone the bout scheduled for Monday night between Gibbs and McCarthy to Thursday night in order to give the men more time to perfect their training. The men figure that if they have a few more days in which to prepare they will be able to give the public a better cuter-tainment. McCarthy reached the city this morning and is in spiebdid shape, but of course is not sorry that he has a few more days in which to train.

There has been some talk of a match in this city between Herrera and little Abe Attel, but if they meet it will have to be in April and the Mexican is already matched to fight Jimmy Britt at Butte on the 28th. Athletic club and Gus Marion and George

While no definite arrangements have been made for a contest between the two teams, it is not improbable that the chance they so much desire will be given to the Cheyenne players.

Photograph for School.

At the High school yesterday the boys composing the football team presented the school with a splendid photograph in a beautiful gilt frame of the rooters of the football team. The presentation speech was made by Harry Bero, and was followed by a series of college yells.

Another club woman, Mrs. Haule, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache by Lydia E. Pinkham's Vegetable Compound.

"A while agostny health began to fail because of female troubles. The doctor did not help me. I remembered that my mother had used Lydin E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial.

"I was certainly glad to find that within a week I felt much better, the terrible pains in my back and side were beginning to cease, and at the time of menstruation I did not have nearly as serious a time as hereto-fore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life, have not had a sick headache since, and weigh 20 pounds more than I ever did, so I unhesitatingly recommend Vegetable Compound." - Mrs. May Haule, Edgerton, Wis., President Household Economics Club. - 35000 forfelt if original of above latter proving genuineness cannot be produced.

TO BEAUTIFY LAKE DRIVE. Bractical Suggestion for Arbor Day

- Fire in Western Palon. Special Correspondence.

Provo, Utah Co., March 19.-Mayor has under consideration a plan for planting trees along the drive from the city to the lake, which, if taked hold of by the people, as it most probably will be, will accomplish a great and permanent improvement without much cost to anyone as the expenswill be so widely distributed that it will not be felt.

The mayor's idea is to ask the people turn out on Arbor day and each plant one or more trees on the drive He has broached the matter to severa citizens and all think the idea a good che, and effered their co-operation, and an official invitation to plant trees will no doubt be issued. Mayor Taylor has commerced investigation as to the possibility of obtaining trees, their cost, etc. The catalpa speciosa, of which the Rio Grunde company has several young nurseries in the state, is generally con-sidered a very suitable tree for the purpose contemplated, and it is be-leved a sufficient number of them can be obtained from the railroad company.
