In spite of the large score, the game was pretty good to look at, because there was enough hitting and error-making to make the thing exciting. The railroaders were certainly there with the stick yesterday. Three times the ball was bounced over the fence for home runs, and on one occasion two runners were on bases. This helped things out considerably. The Miners also got a cou- ple of homers. Twice they had chances to win the game, but were not equal to the occasion.	Pittsburg	Oakland	Theater.
