The senate yesterday afternoon held an uneventful session, in which a fight on Hollingsworth's burgiary bill was the feature. The resolution thanking the national Congress for its action in the Smoot case was not caul from the table, and will remain there perma-nently unless it is called up by some member on Monday. This is regarded as unlikely to happen, since the house has already forwarded the resolution as a house resolution. TWO NEW ONES. as aiready forwarded the resolution has aiready forwarded the resolution is a house resolution. The fight on the burglary bill was led by senators who wanted it made more drastic. Senator Hollingsworth wished to create a new degree of burglary, to cover instances in while explosives are used in inhabited bundings. He pro-posed increasing the penalty from 25 to 40 years, and the clause relating to inhabited buildings was stricken out, thus leaving the measure still more drastic. An amendment to make the minimum 10 years was lost, and the bill finally passed by a vote of 11 to 5. Love, Seely, Rasband and Clegg voting against it. On motion of Dorius, the rules were suspended and two new bills were add-

A long string of committee reports miled the table for Monday's grist of bills ready for passage. Favorable re-ports were received on bills 133, 84 and 85 and house bills 24. 45 and 31. Semate bills 108 and 123 met their death with adverse reports, the first being a bill by Lawrence appropriating money for a state historical building, and the second a bill by John Y. Smith. COMMITTEE ITS SPONSOR.

# Or State Beer Shops.

The movement for a liquor dispensary law in Utah has at last taken definite form. Senator Callister began to advocate such a measure several weeks ago but for some reason the document comes up in formal shape to be entered as house bill 273, with the house committee on municipal corporations acting as sponsor for it. The bill purports in its title to be "an act to regulate the manufacture and sale of liquor in the

MRS. PITT'S APPEAL. Earnestly Asks Financial Support for

Canyon Crest Boys' Home.

At the earnest solicitation of Mrs. Hugh

At the earnest solicitation of Mrs. Hugh Park, president of Canyon Crest Ranche association, and through my great desire to assist the noble and philanthropic clit-zens of our clity in solving the great prob-lem of the age, the saving of the boy, I am prompted to make this appeal through the press to our clitzens. Just for a time, let us leave the cares of a strenuous city life and carry our thoughts to a beaufiul spot of nature where the sun rising over the crest of the mountains as a call for eight depend-ant boys to rise and prepare for the dulies of the day, and as the sun sets as a ben-ediction of a well spent day, you have a picture of "Canyon Crest Industrial Farm."

Many good people are loth to give up coffee, even though they admit that it is doing them harm, because they fear that nothing else in the way of a hot beverage will satisfy them. A school teacher says: "I always enjoyed coffee for break-ters. The day seemed lost without it teacher says: "I always enjoyed coffee for break-fast. The day seemed lost without it. But in time I began to experience bad-results from its use. I grew very ner-vous and lost flesh and finally was prostrated by a complete nervous breakdown. Then I was compelled to abandon the use of coffee. "I adopted Postum Food Coffee as my hot beverage at breakfast. Have been using it for more than two years. My health is restored and I am able to take an interest in life once more. "My whole family, children and all. drink Postum Food Coffee, and we all thrive and keep healthy on it. It is to us a delightful drink, delicious and tempting and with none of the harmful effects that usually followed the use of coffee. The choicest brands of Java and Mocha, offered free, would not tempt us to quit the use of Postum Food Coffee." Name given by Post-um Co. Battle Creek, Mich. "There's a reason."
