Utah and Nation Are Republican

Republicans Control the Legislature by an Overwhelming Majority and Elect Howell to Congress and McCarty to The Supreme Court-Pluralities Will Probably be Up. wards of 3,000-Democratic County Tickets Lost.

Utah, like the nation, is in the Republican column. Howell is elected to Congress over King, and McCarty has defeated Young for the Supreme bench. The legislature is overwhelmingly Republican (probably more than three fourths), and Hon. Reed Smoot of Provo will doubtless be chosen to succeed Hon. Joseph L. Rawlins in the United States senate, his term of office to begin next March and to run for six years.

Returns are not complete, and in many cases the exact figures will not be forthcoming until the official canvass is completed, but enough have been received to make it quite clear that the Republican pluralities will range from 3,000 to 5,000 and probably more than that. The sweep is almost complete. Howell made a strong race and apparently leads his ticket. His popularity is even greater than his friends hoped for, though the result showed that Chairman Anderson's forecast of a majority of 3,500 was conservative and based upon correct information

Cache county, nearly always Democratic, will send three Republican representatives to the Legislature and one Democratic senator. Wasatch also swung from the Democratic to the Republican column and will furnish a Republican representative for the Legislature. But Rich, which was calculated upon for a Republican, will send a Democrat, according to the latest returns. Utah county, the acknowledged battle ground of the state, and the home of Mr. Smoot, contributes a full Republican delegation, while Weber county is Republican by a plurality running around 1,000.

DEMOCRATS OF SALT LAKE ELECT ONLY ONE MAN, SIMON BAMBERGER, TO THE STATE SENATE.

The Democrats of Salt Lake county have, like those of nearly all of the rest of the counties of the state, been woefully defeated. The terrific scratching that prevailed, and which they hoped would result in the election of their Legislative ticket, was not sufficient to bring about a realization of their hopes. Only one Democrat in the county pulled through, and he was Simon Bamberger, elected to the State senate over Jacob Moritz, against whom a terrific fight was made by the temperance people on account of his brewery and saloon business. Mr. Moritz left during the afternoon for Honolulu and was notified by a friend last night that he had suffered an overwhelming defeat at the hands of his friend, Mr. Bamberger.

To a number of re-porters Mr. Coler said: "I think personally it would be a good thing to watch the official count up the state closely. Why don't they distri-bute McCullagh men up there as well as here in Greater New York? Suppose the Democratic ticket had received, say in the neighborhood of 150.000 maiority

for an easy victory, there has not been such an overturning of votes from the Republican to the Democratic party in this state as that which occurred yes terday. With the exception of Erie, Al-

With a registra tion 4 per cent below that of two years ago, the Democratic party in the Great r New York district showed a gain in oting power in a majority of the coun ties of over 40 per cent and this tre-mendous gain was met and defeat for the Republicans averted by the quite remarkable fact that several or the

ERUPTION OF SANTA MARIA. It Caused Comparitively Little Loss

Of Life. New York, Nov. 5 .- Details of the ecent eruption of the Santa Maria volcano show that there was little loss of life, says a Herald dispatch from Guatemala City, Guatemala. When the earthquake shocks began the day before the eruption the inhabitants of the sur-rounding country fied, leaving about all of their possessions behind. The coun-try for a radius of 15 miles around the volcano is covered with stones and ashes several feet deep. Fully 100,000

mules, cattle and sheep perished. The great coffee crop, ready for picking, was completely destroyed and so also were many coffee trees.

A second crater has been discovered on the side of the volcano. A strong odor of sulphur permeated the atmos phere for a radius of 30 miles. The explosions and earquake shocks contin-ued four days and were heard and felt use of its facilities and on the same terms in every case.
