

USED THE MAILS TO DEFAUD PEOPLE

James H. Lovering, Publisher of Monthly Mail Order, Indicted For Promoting Lottery.

PROMOTER S. A. PHILLIPS ALSO

M. P. Quigley, Cashier Wisconsin Grain & Stock Co., Placed Under Indictment for Perjury.

St. Paul, June 3.—The federal grand jury today returned three indictments against James H. Lovering, publisher of the Mail Order Monthly and of Successful Agriculture, charging him with using the mails for the purpose of promoting a lottery and a scheme to defraud.

An indictment charging illegal use of the mails was returned against Samuel A. Phillips, promoter of the St. Paul & Seattle Electric railway. Several weeks ago the postoffice department issued a fraud order against several concerns with which he is connected. The indictment returned today charges fraud in connection with the St. Paul-Seattle line.

Martin P. Quigley, cashier of the Wisconsin Grain & Stock company, was indicted on a charge of perjury. The alleged fraudulent scheme with which Lovering is charged consists of puzzles and prize contests conducted through his papers. The publications, it is alleged, announced valuable articles to be awarded to the successful contestants. It is alleged that Lovering obtained money by announcing the prize contests, but failed to award the prizes.

Samuel A. Phillips is now under a sentence of seven years in the state prison on a charge of embezzling funds of the Hammond company, which was floating the stock of the New York Chicago Air Line. Phillips represented the company in the northwest. He is out on bail pending an appeal. The indictment against Quigley grew out of the case against Lovering. Quigley was charged with the use of the mails to defraud. It is charged in the indictment that testimony given by Quigley before the grand jury relative to the case differed materially from his testimony at the trial.

THINKS IT SAVED HIS LIFE.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would not be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at Z. C. M. I. Dept. 50 cents and \$1.00. Trial bottle free.

Social Ball at the Odeon Saturday night, June 6. Best floor in the state.

DIGGING ON GUINNESS FARM COMES TO SUDDEN STOP

Lafayette, Ind., June 3.—Further investigation into the Guinness case, digging at the farm, and the following of clues through the sheriff's office, was suddenly stopped today, because of a decision by the county commissioners that their understanding is that they cannot use the \$5,000 appropriated to their office by the county council for anything excepting the payment of a reward for the production of Mrs. Guinness alive.

Another part of Julius Truelson's confession was exploded today when Sheriff Smutser received a letter saying that Frank Riedinger is alive in Lincoln, Neb. According to Truelson's confession, Mrs. Guinness murdered him and he helped to bury the body.

TRUELSON'S STORY PARTLY TRUE

Montreal, June 3.—Investigation

S.S.S. KILLS THE GERMS OF SCROFULA

One of the unchangeable laws of nature is that "like shall beget like." Parents who are related by the ties of blood, or who have a consumptive tendency, or other family blood taint are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, weak eyes, hip disease, pale, waxy complexions, sickly bodies, running sores and ulcers, etc., are the usual manifestations of the disease. Those who have inherited a scrofulous tendency may succeed in holding it in check during young, vigorous life, but after a spell of sickness, or when the system begins to weaken and lose its vitality from other causes the ravages of the trouble will become manifest and sometimes run into Consumption. S. S. S. goes down into the circulation and forces out the scrofulous deposits, kills the germs and completely cures the disease. It changes the quality of the blood by removing all impurities and poisons, and supplying this vital fluid with rich, health-sustaining qualities. S. S. S. is a purely vegetable medicine, and is especially adapted to systems which have been weakened and poorly nourished by scrofulous blood. Literature on Scrofula and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

PATENTS

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draughtsmen, Machinists, Superintendents and Foremen of Shops and Mills. Skilled Mechanics in all trades, Farmers and all others in building up a patent system, that will give honest advice to inventors, protect their interests by good patents and strong contracts, assist inventors in perfecting their inventions, and in selling their patents when obtained, and in all matters to render careful service and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practice for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with it, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the securing of patent, the cost and the manner of proceeding.

PATENT BUREAU, THE DESERET NEWS, Salt Lake City.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

shows that the tale told by Julius Truelson in his alleged confession as to the part he took in the Guinness affair is true as far as his reference to visiting Montreal with his wife is concerned.

A GRAND FAMILY MEDICINE.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Z. C. M. I. Dept. 50 cents.

BEEF TRUST.

Believed to be Manipulating Price of Meats in Great Britain.

London, June 3.—The American "beef trust" and its alleged control of the British meat market came up again in the house of commons this afternoon for a brief discussion. Charles W. Bowdman drew attention to the recent increases in the prices of meat, declaring they had been engineered by the trust. He asked Winston Churchill, president of the board of trade, to follow the example of the American Congress and appoint a commission to inquire into the operations of the trust in this country and devise relief for the British consumer from its increasing exactions. Mr. Churchill promised that he would consider the appointment of a commission to see what could be done regarding "the operations of one of those great trusts which grow up behind a protectionist tariff."

TO OPPOSE WOMAN SUFFRAGE.

London, June 3.—A number of influential women, including the Countess of Jersey, Mrs. Humphry Ward and several prominent writers and social reformers, have started an organized movement to oppose the granting of suffrage to women.

TWENTY THOUSAND STUDENTS ON STRIKE

Vienna, June 3.—A strike involving nearly 20,000 students in all the leading Austrian universities and high schools, began today through the renewed activity of Dr. Wahrmund, professor of Catholic ecclesiastical law, whose attitude, as shown by a speech in which he criticized the doctrines of the Roman Catholic church, recently led to difficulties with the vatican. Prof. Wahrmund resumed his anti-clerical lectures at Innsbruck university, but the clerical students there caused such disturbances that the authorities closed the university.

The liberal students at Innsbruck then called upon the non-clerical students of all the universities to organize a general strike until Prof. Wahrmund's academic freedom was respected.

GETS TEN YEARS FOR MURDER IN SECOND DEGREE

Goldfield, June 3.—Maurice J. McKellough, the aged business man who several days ago was found guilty of murder in the second degree, was today sentenced by Judge O'Brien to serve 10 years in the Nevada penitentiary. This is the minimum sentence. The aged man's attorneys are now preparing papers for an appeal.

SUPPOSED DESPERADO INSANE.

Reno, Nev., June 3.—The insane man who took possession of O'Brien ranch yesterday and was lodged in jail after a fight, has proved to be Terry Sturgis, a well known desperado who was in the Grizzly valley for several years. His cabin was lined with sheet iron and on the outside he had set heavy bar traps to catch intruders. He is known to have relatives in New York who send him remittances regularly. He is held awaiting news from Napa as to his disposition.

PLATT WILL HAVE TO PAY LILLIAN J. PLATT'S BILLS

New York, June 3.—Senator Thomas C. Platt will be compelled to pay to the law firm of Marsh, Winslow & Weber \$2,471 expenses which they paid for Mrs. Lillian Janeway Platt, the senator's wife, during the temporary separation, this was the verdict of a jury in the supreme court, which heard the testimony in the case yesterday.

The terms of the settlement between the senator and Mrs. Janeway Platt at the time of their separation became public property for the first time during the hearing yesterday. It appears the senator agreed to pay his wife \$75,000 in lieu of all her claims upon him, besides recognizing her as the absolute owner of Toga lodge, the Platt summer home at Highland Falls, and several other smaller pieces of property which had been deeded to her by the senator. In return Mrs. Platt agreed to discontinue the suit for absolute divorce which had been begun against the senator, and also to make any demands upon him for support.

TARIFF LAW INTERPRETATIONS.

Washington, June 3.—The ways and means committee of the house, which was authorized to make investigations of the tariff during the recess of Congress, is now securing data contained in decisions of the courts and of the board of appraisers concerning interpretations of the present law. This information will be necessary in order to so frame a tariff bill as to give the tariff in the enforcement of the law. The committee decided to hold public hearings very soon after the election next November.

THE BEST PILLS EVER SOLD.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold." LARRY B. AYCOCK, of Ingleside, N. C., sold under guarantee. Z. C. M. I. drug store, 25c.

GAVE MONEY TO DISCREDIT WEAVER ADMINISTRATION

Philadelphia, June 3.—There is no abatement of public interest in the charges made by State Senator Charles P. McNichol that in 1905 he gave to Max Kaufmann, a representative of D. Clarence Gibbons, head of the Law and Order society, \$10,000 to be used in exposing the vice that was alleged to have prevailed under the administration of Mayor Weaver. McNichol is the head of the local Republican organization and explains the donation by saying he was desirous of discrediting the Weaver administration, which was backed by the victorious reform element.

Kaufmann has since become private secretary of Mayor Reayburn and denies the charge. Senator McNichol will be given a hearing tomorrow on a charge of criminal libel. Kaufmann obtained the warrant last night, but the document was not formally served upon the senator, the matter being arranged amicably by counsel.

Mayor Reayburn returned to the city today from Washington, where he had gone on a visit. When asked if Kaufmann would be requested to resign the mayor said:

"He will have to get out. I have not been hasty in the matter. McNichol told me six months ago that Kaufmann was the man, and since that time he has not really been my private secretary. Of course, there is no room for Kaufmann in his present place."

POLICE CHIEFS' CONVENTION.

Shippy of Chicago Says Golden Rule Doesn't Work These Days.

Detroit, Mich., June 3.—Today's features of the convention of the International Association of Police Chiefs were in extemporaneous talk at the morning session by Chief Shippy of Chicago, who scouted the golden rule theory of dealing with offenders, and a review of the Detroit police this afternoon.

"There might have been a time in Chicago when the golden rule was followed in police practice," said Chief Shippy, "but the new rule is 'do others before they do you.'"

"This latter rule," he said, "worked very well when I was attacked recently in my own home by a supposed anarchist."

Capt. Henry Curran of Nashville, Tenn., one of the veterans of the chiefs, ejected a negro from a restaurant today. The chief was just about to eat his breakfast when the negro entered and sat down on the next stool to the southern officer.

"He didn't seem willing to leave," said Capt. Curran, afterwards. "So I took him to the door. Did I throw him out? Yes, I guess that's about the size of it."

Why let life be made miserable by a awful headache, constipation, bad blood, sluggish liver, yellow color, when Hollister's Rocky Mountain Tea makes new life, health and strength. This is what it's done for millions. 35 cents. Tea or Tablets. Godbe Pitts Drug Co.

RELEASED RATES.

Interstate Commerce Decision Expected to Make for Uniform Practice.

Washington, June 3.—It is expected that a decision rendered yesterday by the interstate commerce commission in the matter of released rates will tend to eliminate much troublesome controversy and make for uniformity in railroad practice. The opinion handed down by Commissioner Lane states these conclusions:

"If a rate is conditioned upon a shipment assuming the carrier's loss due to causes beyond the carrier's control the condition is valid. If a rate is conditioned upon the shipper assuming the entire risk of loss, the condition is valid against loss due to the carrier's negligence or other misconduct."

"If a rate is conditioned upon the shipper agreeing that the carrier's liability shall be exhausted by the fixed value the stipulation is valid when loss occurs through causes beyond the carrier's control, even when loss is due to the carrier's negligence. If the shipper has himself declared the value expressly or by implication, the carrier accepting it in good faith as the real value and the rate of freight being fixed in accordance therewith. The stipu-

This woman says Lydia E. Pinkham's Vegetable Compound saved her life. Read her letter.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham: "I can truly say that Lydia E. Pinkham's Vegetable Compound saved my life, and I cannot express my gratitude to you in words. For years I suffered with the worst forms of female complaints, continually doctoring and spending lots of money for medicine without help. I wrote you for advice, followed it as directed, and took Lydia E. Pinkham's Vegetable Compound and it has restored me to perfect health. Had it not been for you I should have been in my grave to-day. I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

GANG OF HOLDUPS WORKING IN RAWHIDE

Reno, Nev., June 3.—A special to the Journal from Rawhide states that a gang of holdups, coupled with an attempt at arson, robbed the Rawhide hotel of \$300, lining the occupants against the wall, held up two men in a tent, held up and beat a stage driver, robbed the Blue Cross drug store, held up three other men, securing small sums, and set fire to the Rawhide hotel to prevent being followed. They escaped with something over \$400 for their trouble, taking to the hills. The sheriff, with a posse, aided by the state police, is in pursuit and a general round up of bad men is in progress.

"A scale of charges applicable to a specific commodity and graduated reasonably according to value, must be in good faith, reward being paid to the actual value of the property offered for shipment. A carrier must not make use of its released rates as a means of escaping liability for the consequences of its negligence."

"It is a mischievous practice for carriers to publish in their tariffs and on their bills of lading rules and regulations which are misleading, unreasonable or incapable of legal enforcement in a court of law, and a stipulation that an additional charge of 20 per cent shall be collected on property that is shipped not subject to limited liability is unreasonable."

AS RECOUNT PROCEEDS HEARST GAINS VOTES

New York, June 3.—The recount of the ballots in the disputed majority election of 1905 proceeded with expedition today before Justice Lambert in the supreme court, and 29 ballot boxes were opened which show a gain of 16 votes for William R. Hearst. Seventy-seven boxes have been counted since the recount was begun, and the total gain for Hearst is 123. Early today, Hearst made large gains, which were materially reduced by the recount late in the day.

SAN FRANCISCO POLICEMAN SHOT AND KILLED

San Francisco, June 4.—Policeman W. H. Hays, one of the best known of the patrolmen of the Barbary coast, was shot and killed at an early hour this morning in a dance hall by a hold up man named T. O. Young. The shooting took place in the international dance hall between Pacific and Jackson streets. Young entered the hall with the evident intention of holding up the proprietors. As he entered he drew a revolver and ordered the bartender, who promptly made a race for the door and escaped. Policeman Hays who was on his beat saw the disturbance and entered the hall. At the door-way, before he had time to draw his revolver, Young met him and fired on him at close range, the bullet penetrating the officer's abdomen. Hays staggered and fell dead just outside the entrance to the saloon. Young was captured and is now in the city prison.

CHICAGO TEACHERS. Hereafter No One Over 50 Allowed to Teach in Public Schools.

Chicago, June 4.—No person over 50 years of age will be admitted hereafter to teaching positions in the Chicago public schools. The board of education made this ruling last night, a vote of 12 to 4. Incidentally the trustees gave their official confirmation to the statement of the superintendent's office that this age limit "appears to be the point at which the mental and physical vigor of those who come to us has begun to decline."

HAPHAZARD CITY AMBULANCE SERVICE

Great progress has been made in the science of medicine and surgery, but a comprehensive plan for giving first aid to the injured in the streets of cities—a most vital need—has been neglected. American hospitals, with skilled surgeons and the most modern devices made possible by liberal endowments, promise to lead the world, but radical changes will have to be made in the present almost haphazard methods of getting medical assistance to distant points where it is needed in a hurry.

Ambulance service in the cities of this country is inadequate, and, with few exceptions, there is an almost paralyzing lack of organizations. Three hundred fire engines and trucks in Greater New York respond to ten thousand alarms each year; seventy ambulances

give aid to seventy thousand cases. One thousand persons met death in the streets of New York City last year.

One of the great disadvantages of the present lack of organization is the absence of central authority to control the ambulance system in emergencies where concentrated aid is required quickly. The police department in New York apportions the city among the hospitals, and sends in the calls, but the method has proved far from effective. A recommendation is now before the authorities that an ambulance bureau be established and that all citizens be authorized to summon aid. It is suggested that if the plan is adopted this placard be posted at all telephones. In case of accident or need of ambulance, call the Bureau of Ambulances, No. —. There is no charge for such call. Dr. S. T. Armstrong, General Medical Superintendent of Bellevue and allied hospitals, suggests, in addition, that all policemen be supplied with first aid packages, such as each soldier in the United States Army carries. They are no longer than an ordinary wallet, and have been found exceedingly effective when used with intelligence.—Leslie's Weekly.

A LESSON IN HEALTH.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. For sale by F. J. Hill Drug Co., "The Never Substitutes."

The Secret of the Wink Is out

It was too good to keep. Winks flew thick and fast about the grocers'. As a result all those sample packages of Kellogg's Toasted Corn Flakes went in a hurry.

Now the call for full size packages is enormous. We can't begin to fill the demand. Everybody who was fortunate enough to receive a sample wants more.

Kellogg's Toasted Corn Flakes is simply irresistible. There is something about the taste which is lacking in every other breakfast food. There are many imitations, but they imitate in name only. The taste—the only taste—belongs exclusively to Kellogg's. Your grocer has it in large packages 10 cents. Be sure and ask for
