

## HEARST FIGHTING AGAINST TAMMANY

Gets an Order for Removal of Every Ballot Box in Greater New York to Bureau of Elections.

## JUDGE SITS DOWN ON POLICE.

Have No Right Even to Touch Them—Professors of Support From All Quarters.

New York, Nov. 8.—With the granting of an order by Supreme Court Justice William C. Gaynor, in Brooklyn, tonight, compelling Police Commissioner McAdoo to remove every ballot box from all the precincts in Greater New York to the bureau of elections, William R. Hearst, the defeated Municipal Ownership league candidate, took his first legal step in a fight to secure a recount of the votes cast on election day.

The order was granted after Justice Gaynor had reviewed affidavits submitted by Mr. Hearst's attorneys, and half an hour later Col. W. A. S. Bacon and F. W. Brown, representing Mr. Hearst, served the order on Commissioner McAdoo, who sent out a general order to every precinct in Greater New York instructing the captains or other officers in charge to send the ballot boxes straightaway to the bureau of elections in Manhattan. In signing the order, Justice Gaynor said:

"The police have nothing whatever to do with the ballot boxes, and it is most astonishing that they should have possession of them. They have no right even to touch them. The order is granted."

The granting of the order came unexpectedly and caused much surprise, and with the opinion of Justice Gaynor that the police have no right to the ballot boxes and should not even touch them, a new aspect is placed on the case. This is the first time such an order has ever been issued, and heretofore the police have always had charge of the ballot boxes after the count has been taken at the polling places. They are removed to the station houses immediately after the inspection and clerks have counted up the ballots.

Mr. Ivins, the defeated Republican majority candidate, was asked today by Mr. Hearst to act as his counsel in the fight he will wage to be declared mayor. Mr. Ivins refused, but said he would gladly co-operate with the attorneys who will conduct the fight, as an associate counsel.

Following a meeting of Municipal Ownership league leaders today, Mr. Hearst said:

"We are going to fight today, tomorrow, next month and next year to make it possible for a man to cast an honest vote and to prevent in the future conditions being as disgraceful as they were yesterday, especially in Sullivan's and Murphy's districts, and we will invoke every legal means to have every ballot honestly counted. We are receiving voluntary offers of money from business men to aid us in this appeal."

Mr. Hearst's lieutenants then announced that with evidence that 20,000 Hearst men were defrauded of their right to vote yesterday, and that 1,000 election inspectors were guilty of illegal acts, the contest would be carried immediately over the heads of the board of county canvassers into the supreme court. They said the object of this plan was to secure a speedy and final answer, and that money was now being squandered in engaging special counsel in all parts of the United States to make this plan succeed.

The leaders said that in less than 24 hours after the polls closed the Municipal Ownership league had secured over 1,000 affidavits charging illegal acts against about 1,000 election inspectors. These affidavits state that the inspectors in question were Tammany men. Mr. Hearst himself said that within a year "a chain of these men" would be sent to Sing Sing.

It was also stated that in East Side assembly districts, including the Eighteenth, Charles F. Murphy's home district, affidavits had been secured to show that at least 30,000 votes were illegally cast yesterday on the names of voters who went to the polls to vote for Mr. Hearst and the Municipal Ownership league ticket, but who, when they arrived, found their names voted upon already.

William M. Ivins, the defeated Republican candidate for mayor, warmly commended Mr. Hearst's preparations to demand a recount of yesterday's election returns.

"Tammany had at its command not less than \$1,000,000, and I believe that every purchasable vote was purchased," said Mr. Ivins. "The shamelessness with which Tammany Hall taxed the civil service and drew upon the resources of Wall street has never been equaled."

"One of the marked features of yesterday's election was the breaking down, through the use of money by Tammany Hall, of the Hearst election machinery. If Mr. Hearst had a good working organization behind him he would have been overwhelmingly elected. Mr. Hearst and Mr. Jerome have a great work cut out for them. Whether a man differs from Mr. Hearst or not is a very immaterial matter as compared with the necessity for preserving the purity of our elections, and in his efforts for that Mr. Hearst should have the support of every true American."

Mr. Hearst's vote is indicative of profound and very largely justifiable dissatisfaction with political management and with lawless corporate management.

"I feel sure," Mr. Ivins declared, "that if it were possible to eliminate Tammany Hall's corrupted vote, Mr. Hearst would lead the poll. That the city is profoundly stirred today by the charges of fraud, and the manner in which returns were brought in last night may be judged from the following:

is coughing. It is the time of year when people are most susceptible to colds, Scott's Emulsion will not only cure the cold, which otherwise might hang on all winter, but will give strength and flesh to the body to resist more colds, pneumonia, etc.

SCOTT & BOWNE, 409 Pearl Street, New York.

following extract from the Evening Post, which paper opposed Hearst throughout the campaign:

"Professors of support have been coming to Mr. Hearst's office all day. Men who did not vote for him or his ticket, who, indeed, day before yesterday were talking about 'anarchy,' came to pledge themselves against what they term 'an intolerable Hearst against order and the American form of government.' What the offense is, in detail, is being told in affidavits."

"In Williamsburg an election official, who took the ballots into a closet and looked himself in there with them to count them, has been arrested and the ballots seized and sealed up for examination later. Staten Island returns, which, showing Hearst leading, suddenly were interrupted and then showed McAdoo in the majority, are being looked over. The reason for holding back 135 districts of Manhattan, at the moment when McAdoo was running a thousand behind, and keeping them unannounced for two hours, is also being investigated."

Julius Henry Cohen, a prominent lawyer and one of Jerome's principal supporters, said this afternoon:

"I did not vote for Mr. Hearst for mayor. I voted for Mr. Ivins, but I confidently believe that a careful recount will show that Mr. Hearst is elected. If this is so and he has been declared mayor, a greater principle is at stake than municipal ownership or Mr. Hearst's vindication. Whatever one may think about the personnel of candidates or the merits of the candidates, this government cannot proceed unless the choice of the people, whether it be right or wrong, is properly recorded."

"I hope that Mr. Hearst will make the fight for a recount, and that the American people will again assert their sense of fair play and insist that this fight be won by blows beneath the belt."

"The fight against boss domination is only begun. However the people voted, they must be stirred to indignation by the stories of brutality and assault inflicted upon Jerome and Hearst supporters. We cannot be true Americans until that sort of thing is stopped."

After a secret session of the executive committee of Tammany Hall, held this afternoon, the following statement was issued:

"The executive committee of the Democratic organization protests against the outrageous published threat of the defeated candidate of the Municipal Ownership league to overthrow the will of the people as expressed by the vote cast on election day, and directs its law committee to exert its best efforts and take such steps and institute such proceedings as will safeguard the election of George B. McClellan as mayor of New York."

"We also call on the commissioner of police and the custodian of the ballots to preserve the same intact from all interference by any one from any unauthorized source."

Some of the leaders, after the meeting, expressed the opinion that the returns showed evidence of Mr. Murphy's leadership and that he could, as a result, step down and out and make room for a man against whom nothing could be charged. They thought that it was time for George B. McClellan to assume the leadership himself.

## Canadian Tariff Commission

Montreal, Nov. 8.—The Canadian government's tariff commission, which has been visiting various parts of the dominion, is sitting here and has heard a large number of delegations, representing various trades and industries, and the commission has decided that the necessity for more protection to Canadian industries, in this connection, Mr. Paterson, the minister of customs, made the declaration to one delegation that he was in thorough sympathy with protecting Canadian industry.

Cotton manufacturers requested that the duty on gray and bleached cotton goods be increased 5 per cent. Shift and collar manufacturers complained that their business was not profitable because American manufacturers sold their surplus stock so cheaply that the Canadian mills were compelled to sell too near cost. They asked that the duty be advanced to 45 per cent.

Canadian cigar manufacturers asked that the duty on foreign raw leaf be reduced from 85 to 55 per cent.

The Manufacturers' Protective Association said no high-grade pianos were manufactured in Canada, and that the present duty of 35 per cent was oppressive. They asked for a reduction.

## A STREET DUEL.

Carroll, Ill., Postmaster and City Marshal Shoot Each Other.

Carroll, Ill., Nov. 8.—In a duel fought on the streets of Norris City last night between Postmaster Henry Wakeford and Marshal Jesse Buttry both were wounded and physicians state they cannot recover.

The two men met on a street corner and, after a few words, began firing. Wakeford was shot in the abdomen and Buttry was shot through the groin. Marshal Buttry was carried into the Central hotel yesterday afternoon to remove Wakeford, who was raving a disturbance. After sharp criticism Buttry for interfering Wakeford departed. Last night they met on the street and the duel followed.

## Troubles of Russian Troops.

St. Petersburg, Nov. 8.—A government proclamation is published calling attention to the difficult position of the troops during the disorders of the past week. It declares that they simply performed their duty and should be praised rather than blamed for preserving order, especially in the streets of the capital.

## Rescued by Firemen.

San Francisco, Nov. 8.—A four-story building, containing a factory, owned by five families, was destroyed by fire late last night. Several families were rescued by firemen. The building was owned by Robert Harrington of engine company 19, who was seriously injured while carrying a woman by falling from the third floor. The woman was caught by Fireman John Hyland and was uninjured. An adjoining stable was also burned and much property perished in the flames. The financial loss is not over \$10,000.

## DEMOCRATS HAVE CARRIED OHIO.

John M. Pattison Elected Governor By a Plurality of Over Forty Thousand.

## CHAIRMAN DICK CONCEDES IT.

Have a Working Majority in Both Houses of the Legislature—Foraker Gives Explanation.

Columbus, O., Nov. 8.—That John M. Pattison has been elected governor for the next three years by a plurality running well above 40,000 is settled tonight, as also is the Democratic working majority in both Houses of the legislature, but there is still some uncertainty as to the remainder of the state ticket. The earlier returns were apparently from sections favorable to the governor, for he held a lead over the rest of his ticket until today, when fuller returns from the country districts cut into his vote severely, and by the middle of the afternoon he seemed to be over 40,000 votes behind his ticket.

If that difference stands the victory of these other officers will depend upon the size of Pattison's plurality, with the chances in favor of the choice of the entire Democratic list. Chairman Garber tonight figures pluralities for Pattison that aggregate close to 55,000, in which event the entire Democratic ticket is safe.

The Republicans have given out no later estimates since that of Chairman Dick, conceded the election of Pattison by 55,000 plurality but later reports received at headquarters indicate that a larger figure is correct. Republican estimates tonight give the Democrats two to five majorities in the next senate and from 10 to 15 in the house and these are probably the minimum estimates. The Democratic claim is a majority of five in the senate to 27 in the house.

The widespread scratching of tickets caused such delay in the counting that 30 hours after the close of the polls there was still uncertainty, notwithstanding the overwhelming nature of the Democratic victory.

The state officers and legislators chosen yesterday will serve three years instead of two as heretofore, the constitutional amendment for biennial elections, provided that the terms of officials elected at this time shall expire on January 1, 1909, at which time the state officers and legislators chosen in November, 1908, will assume office. The legislature chosen in 1908 will choose a United States senator in succession to Senator Foraker. For some time there was confusion on this point, and it was widely but incorrectly asserted that the legislature just chosen would name Foraker's successor.

The reports to Chairman Garber tonight from all sections of the state indicated a plurality for Pattison of more than 55,000, and he said he believed that if the gains continue it might reach 60,000. Republican advisers indicated that, leaving out the five large counties, the Herick loss in the remaining counties would average 5,000 votes to the county, or a difference of nearly 50,000 between the vote cast for Herick and that for the remainder of the Republican ticket.

The other Republicans being thus about 30,000 ahead of their chief, would win if Pattison was less than 50,000 ahead of Herick, but as the figures indicated that Pattison had considerably more than the necessary 50,000, while the difference between the narrowest slightly, it was safe to assume that the entire Democratic ticket, had been elected, even though the fullest report had not been received as to the vote for these officers.

## FORAKER'S STATEMENT.

Cincinnati, O., Nov. 8.—Following the defeat of the Republican party in this city and state, United States Senator J. D. Foraker today authorized the following statement:

"The defeats we have sustained in the city and state have been due solely to local causes. Whether right or not, the belief obtains that the great mass of voters have not had any proper representation in nominating conventions, and that a man with an ambition to engage in the public service had no opportunity to be put on a pre-arranged slate. It was natural to expect that sooner or later this would be resented. In large part that is what the defeat of yesterday meant. It will be easy to
