WORDS FAIL. "Words fail to express my gratitude," says Mr. SELBY CARTER, of Nashville, Tenn., "for the benefits derived from

Ayer's Sarsaparilla.

Having been afflicted all my life with Scrofula, my system seemed saturated with it. I came out in Pimples, Ulcers, and Mattery Sores, all over my body." Mr. Carter states that he was entirely cured by the use of AYER'S SARSAPARILLA, and since discontinuing its use, eight months ago, he has had no return of the scrofulous symptoms.

All baneful infections of the blood are promptly removed by this unequalled alterative.

POLITICAL.

Passing the Republican Plank.

NEW YORK, 16.—The following circular is issued from the headquarters of the Republican National Committee:

DEAR SIR: The pending Presidential campaign is of unusual importance to the country. Every republican is deeply interested in its result. The National Committee, on behalf of the republican party, desires to make it justly vigorous and effective, and success certain in November. Funds are required, however, to meet the lawful and proper expenses of the campaign, and to provide the same the committee finds itself dependent upon the liberality of republicans to make such voluntary contributions as their means will permit and as they feel inclined to give. You are therefore respectfully invited to forward as soon as you conveniently may, by draft on New York or postal money order, to B. F. Jones, the chairman of the Republican National Committee, No. 242 Fifth avenue, New York City, such sum as you may desire to contribute for the objects before mentioned. The receipt for the same will be sent by return mail. The committee cheerfully calls the attention of every person holding any office, place or employment under the United States, or any of the Departments of the Government, to the provision to the Act of Congress, entitled an "Act to Regulate and Improve the Civil Service of the United States," approved January 16th, 1883, and states its influence will be exerted in conformity therewith.

Respectfully,

B. F. JONES, Chairman,

Greenbackers.

The State greenback convention is called for New York City, August 7th.

Independents.

Boston, 16.—The independents have chosen 52 delegates to the National independent conference, New York, on the 22d inst. Sympathizers in other parties are asked to send representatives of their own.

Conscientious Kickers.

Gen. W. Flagg, Secretary of the Republican State Committee, has resigned, owing to his inability to conscientiously support Blaine and Logan.

Senator John F. Andrews, prominently named as the coming candidate for Congress from the Fifth District, announces that he shall bolt the republican ticket and support Cleveland. He will resign his membership in the republican ward and city committees.

Will Run.

CHICAGO, 16.—Information has been received from a close friend of General Butler by B. Shively, secretary of the Anti-Monopolist committee, dispelling all doubt regarding Butler's candidacy for the presidency on an independent ticket, and stating positively that he will run. Shively, who is at the Briggs House in this city, expressed absolute certainty that Butler will be a candidate with the endorsement of the Greenbackers, Anti-Monopolists and probably the labor men. Butler's refusal at present is prompted by a desire to first see what will be done by the convention of labor representatives to be held in Chicago July 30th.

Chairman.

Washington, 16.—The *Star* says the impression seems to be that ex-Senator Wallace will be elected chairman of the National Democratic committee. It is thought Gov. Cleveland prefers Manning, of New York, but the understanding is that Manning does not want the position. He has promised to devote his time to the canvas, and to aid the committee to the full extent of his ability, but does not want to be the responsible head. From good authority it is learned that Randall forbids the use of his name. He will not stand in Wallace's way.

At Chicago Randall was ably and warmly supported by Wallace, and it is said the former will do all he can to have the latter made chairman of the committee.

Acts and Declarations.

Senator Pendleton, who has just returned from Chicago, was seen to-night by an Associated Press reporter, and he expressed himself as follows concerning the declaration of the convention on the question of civil service reform: That the declaration was satisfactory to the civil service reformers, and the nominations were alike satisfactory to them. He said both Cleveland and Hendricks were strongly committed to a reform in the civil service, and asked "who could desire a more absolute committal to the doctrines of reform than the acts of Gov. Cleveland and the declarations of Governor Hendricks.

Senator Pendleton referred to a speech by Governor Hendricks in 1872, and his letter of acceptance in 1876, in support of the assertion that the Governor is heartily in favor of civil service reform.

Temperance.

PITTSBURG, 16.—The Prohibition committees are busily at work preparing for the National convention to be held next week. Secretary Swagger says he has been advised of the election of 600 delegates and alternates and this number will be considerably increased.

Democrats Working.

COLUMBUS, O., 16.—At a meeting of the Franklin county Cleveland and Hendricks club, the first organized in the State, Jno G. Thompson president, telegrams were sent to both Cleveland and Hendricks that a big effort will be made to give them the electoral vote of the State, and will advise the organization of a similar club in every county in the State. Judge Thurman took part in the organization of the club and delivered an address. There were only seven members present at the meeting of the dissatisfied element of the democratic State central committee. No business was done for want of a quorum. T. J. Cogan, chairman of the central committee, agreed to call a meeting for July 24, when, it is stated, all differences will be adjusted.

Blaine to M'Carthy.

NEW HAVEN, 16.—Ex-Auditor Edward McCarthy, the local Democratic leader who bolted Cleveland's nomination, received to-night a personal letter from Mr. Blaine, thanking him for his pledge of support. Blaine's letter is as follows:

AUGUSTA, Maine, July 16th, 1884.

Edward McCarthy:

My Dear Sir—Accept my sincere thanks for your kind letter of congratulation. I regret that I can make but this formal acknowledgment just now. I can question the right of no man or body of men to vote as they elect, but I will say that I am heartily grateful to have found new friends in your beautiful city.

With best wishes, believe me to be very truly yours,

(Signed) JAMES G. BLAINE.

Indianapolis, 16.—The Republican State Central Committee have decided to open the campaign in Indiana in this city the last week in August. General John A. Logan will be the principal speaker.

Topeka, Ks., 16.—The Republican State Committee met to-night to select officers, and organized and adjourned until to-morrow.

Ratifying.

Louisville, Ky., 16.—The Democrats of Louisville, to the number of 5,000, assembled in the court place this evening for the purpose of ratifying the Chicago nominations of Cleveland and Hendricks.

Butler's Supporters.

San Francisco, 16.—The National Anti-Monopoly, Greenback, Labor and National Union parties met in joint session to-day, and resolutions supporting Butler were unanimously adopted. Butler electors will be placed in the field.

Cuban Insurrection.

NEW ORLEANS, 16.—Private advices, via Jamaica, from the headquarters of the Cuban insurgents, state the insurgents under the command of Aguero undertook an expedition against the plantations of certain persons known to favor the Government. Although opposed by a strong detachment of regular troops, the insurgents, after a skirmish of two hours, drove back the forces and burned all the buildings and machinery on the Santa Maria and La Mercedes plantations. At the same time a band of insurgents in the Tagua district were attacked by a strong force of Government troops, known as the San Domingo division. The insurgents being intrenched in an almost impregnable position, repulsed the troops with a loss of three killed and several casualties. The insurgents had one slightly wounded. The Captain General of Cuba called a meeting of the officers to concert a plan for successfully encountering the enemy in the field. Large numbers of troops are demoralized by Guerilla warfare. The insurgents divide into small bands, scatter over a large territory and demoralise the regulars by false alarms, and forced marches through the swamps to find no army.

THE CATALOGUE OF CRIME.

NEW YORK, 16.—The mayor to-day began an investigation into the charges preferred by a morning newspaper against the keepers of intelligence offices of procuring girls for disreputable purposes. The newspaper articles were written and the charges made by Mrs. Eliza Archer Connor, of the Cincinnati *Commercial-Gazette*.

St. Paul, 16.—Swan, the defaulter in the Northern Pacific treasurer's office, was arrested at White Bear, where he went in a carriage and secreted himself in the woods. He had attempted suicide by an overdose of morphine. The amount of the defalcation, disclosed by an examination of the books to-night, is a fraction over $5,000. He will be brought here to-morrow for trial, and will be prosecuted to the full extent of the law.

Swan was once wealthy, but lost his money by a default in a New Jersey bank. He was speculating in Wall Street, by which he lost the company's money.

New Orleans, 16.—A duel with short swords took place to-day near Gretna between Capt. J. A. Breu and Evariste Poche, a brother of Justice Poche of the State Supreme Court. Poche received a flesh wound in the thigh and the affair was settled.

Natchez, Miss., 16.—Albert Miles, colored, who murdered his wife in a fit of jealousy in September, 1882, was hung shortly after noon to-day. He walked firmly to the scaffold, said but little, and after prayer the trap was sprung.

Toronto, 16.—The Royal Commission took additional testimony to-day in the matter of the alleged bribery to secure a change in the timber policy of the Government. H. P. Dwight, general manager of the Great Northwestern Telegraph Company, testified that he had destroyed the papers he was asked to produce before the police magistrate. It was the custom to destroy such papers after keeping them six months, but in this case he made an exception and destroyed them himself about three weeks ago. They treated every telegram as private, but to the best of his knowledge these in question were not marked private.

R. Monk, Member of Parliament, testified that he was a Conservative whip the last session. Three caucuses were held. No special committees were appointed, nor were any minutes kept. He never heard Kirtland's or Wilkinson's name brought up at the caucuses.

FOREIGN.

Railway Disaster — The Cholera — Troops for Tonquin — Anarchists — Another Missionary to be Arrested, Etc.

LONDON, 16.—The express train of the Manchester & Sheffield Railway was wrecked to-day. Twenty persons were killed and many injured.

The scenes underneath the bridge after the train had fallen were terrible to witness. The carriages were reduced almost to splinters. The groans of men and the shrieks of women and children were heartrending in the extreme. Some delay was experienced before the victims could be extricated.

Twenty-five persons were killed and 40 severely injured. It seems the axle of the engine on the express train on the Manchester & Sheffield railroad, near Penniston, broke and the train jumped the track and fell through a bridge.

The Prince of Wales has presented Captain James B. Eads, the well known American engineer, with an Albert medal of the society of arts for 1884.

Paris, 16.—The charge against the commissary of police, who was alleged to have thrown the Prussian flag to the mob during the disturbance created by the Alsatian societies, last Monday, is dismissed.

The academy of medicine has referred to a commission the question of the measures to be taken to promote public health and prevent the introduction of cholera into Paris.

The Duke of Chartres has started for Toulon. He took with him £2,000, the gift of the Comte de Paris, to the sufferers from cholera.

Two thousand five hundred troops go to Tonquin in August.

A dispatch from Pondicherry, the capital of the French possessions in India, states that a rocket exploded during the celebration of the fall of the Bastile, in a building that contained a large quantity of fireworks, and a fearful explosion resulted. Fifteen persons were killed and many injured.

Marseilles, 16.—Twenty deaths from cholera last night; eight deaths from nine in the morning till noon.

9.30 p.m.—The deaths from cholera the past 24 hours are 53. Total since the appearance of the plague 578.

Toulon, 16.

Eleven deaths from cholera here since last night, including the commissary of police and the chief of the prison.

Vienna, 16.—A warrant is issued for the arrest of another Mormon, Thos. Biesinger. Hammer has disappeared. They arrived from America the latter part of November last.

The Anarchists in prison made a complete confession, admitting they were implicated in many murders and robberies in the past few months. They say they were first induced to commit crime by reading in 1883 a sheet called the *Rebel*, in which the secret anarchist committee appealed for funds.

Geneva, Switzerland, 16.—A large fire occurred in a grain store here, destroying immense quantities of corn and flour.

Pesth, 16.—The trial of the 420 peasants for complicity in the anti-Magyar Esnutcheon riots in September last, resulted in the conviction of 200, the remainder being acquitted. Those convicted were sentenced to imprisonment from three days to ten years.

Alexandria, 16.—Advices from Abyssinia state that since the favorable termination of Admiral Hewitt's mission, King John, relying upon the friendship of Protestant powers, has persecuted the French Catholic missions which he dislikes. A number of mission houses have been sacked and the missionaries expelled.

BRIEF TELEGRAMS.

HAVANA, 16.—Bellino is elected president of Santa Domingo.

Philadelphia, 16.—The strikes of the journeymen plasterers and Knapp & Co.'s shoe hands have ended. The plasterers got the advance asked; the shoemakers compromised.

Washington, 16.—The Treasury Department has been informed by one of its agents on the Canadian border, that paper rags supposed to be collected in cholera infected districts of Egypt, Turkey and South France, are being imported.

Havana, 16.—Letters from Santiago de Cuba describes the situation there as being no better than here. Failures, extra judicial arrangements, and liquidation of commercial sources follow each other in rapid succession, and the branch offices of the Paris bank there refuse to discount the notes, or advance money on sugars. Accounts from Trinidad, Cienfuego and other places on the Southern and Northern Coast show an equally desperate condition of affairs.

New Orleans, 16.—A Havana special says: The formal presentation of the flag sent the Ascalon Division, Knights of Pythias, by the Fort Dearborn Division of Chicago, was celebrated by a full dress parade and ball in the Spanish fort.

Galveston, 16.—The breaks in the Texas Pacific east of El Paso, caused by floods in the Rio Grande, have been reached and that route has now resumed business to California, Arizona, New Mexico and all points in the Republic of Mexico, running both passenger and freight trains through El Paso.

George S. Scott, Commodore of the American Yacht Club, has sold the steam yacht *Viking*, to Samuel J. Tilden; the price being reported as $40,000.

The Philadelphia *Times* says it is reliably informed General Grant is solid for Blaine, notwithstanding he rebuffs inquiry by the vague statement that he is out of politics.

The number and energy of the protests from all classes of people against the attempt of the Sabbath Committee to stop the Sunday concerts in the New York parks, surprised the committee.

Richard K. Fox has received a check for $250 forfeit, and a challenge from Duncan C. Ross to Joseph Acton, of Philadelphia, to wrestle a mixed match for $500 or $1,000. Ross says he will allow Acton $100 for expenses to wrestle in Cleveland.

Thompson H. Murch will stump the Pacific States in the interest of Blaine and Logan. Murch is a representative of labor reform. He has been identified with the labor movement for years and was elected to Congress a greenback-labor reformer. His sympathies have heretofore been with the democratic party, but the nomination of Cleveland has caused him to cut adrift.

CHICAGO, 16.—The trestle work of the skating rink in course of erection on West Washington street, near Curtis, fell this afternoon, instantly killing three workmen and injuring a dozen others.

A CASE OF PREMONITION.

A SHORT NARRATIVE OF INTEREST TO STUDENTS OF PSYCHOLOGY.

As a constant reader of the *Times*, I have noticed the "proceedings" of the Psychical society, and as your society has invited communications, I respectfully beg to offer you a short statement of my experience on a subject which I do not understand. Let me premise that I am not a scholar, as I left school at 12 years of age in 1827, and I therefore hope you will forgive all slips against composition and grammar. I am a working foreman of masons at Winchester cathedral, and have been for the last nine years a resident of this city. I am a native of Edinburgh.

It is now more than thirty years ago that I was living in London, very near where the Great Western now stands, but which was not then built. I was working in the Regent's park for Messrs. Mowlem, Burt and Freeman, who at that time had the government contract for three years for the mason's work of the capital, and who yet carry on a mighty business at Millbank, Westminster. I think it was Gloucester gate if I mistake not. At all events it was that gate of Regent's park to the eastward of the Zoological gardens, at the northeast corner of the park. The distance from my home was too great for me to get home to meals, so I carried my food with me, and therefore had no call to leave the work all day. On a certain day, however, I suddenly felt an intense desire to go home, but as I had no business there I tried to suppress it, but it was not possible to do so. Every minute the desire to go home increased. It was 10 in the morning, and I could not think of anything to call me away from the work at such a time. I got fidgety and uneasy, and felt as if I must go, even at the risk of being ridiculed by my wife, as I could give no reason why I should leave my work and lose 6d. an hour for nonsense. However, I could not stay, and I set off for home under an impulse which I could not resist.

When I reached my own door and knocked the door was opened by my wife's sister, a married woman, who lived a few streets off. She looked surprised and said, "Why, Skirving, how did you know?" "Know what?" I said. "Why, about Mary Ann." I said, "I don't know anything about Mary Ann" (my wife) "Then what brought you home at present?" "I can hardly tell you. I seemed to want to come home. But what is wrong?" I asked. She told me that my wife had been run over by a cab, and been most seriously injured about an hour ago, and she had called for me ever since, but was now in fits, and had several in succession. I went up stairs, and though very ill she recognized me, and stretched forth her arms and took me round the neck and pulled my head into her bosom. The fits passed away directly, and my presence seemed to tranquillize her, so that she got into sleep and did well. Her sister told me that she uttered the most piteous cries for me to come to her, although there was not the least likelihood of my coming. This short narrative has only one merit, it is strictly true.—Alex. Skirving in *Nineteenth Century*.

ISMS.

Scepticism is doubt about the truth, though not actually denying it; hesitation about it; reluctance to define what faith is.

Agnosticism is a denial of an acceptance of religion, except that which comes within knowledge. There may be a God or there may not. There may have been such a divine person as Jesus Christ or there may not. It does not come within my knowledge, so I put it aside because I know nothing about it.

Positivism is non-acceptance of anything except it can be positively proved; as e. g., a proposition in Euclid, or an object demonstrated by one of the senses. Thus differing from these, but hardly more perhaps than in name.

Rationalism is a disbelief in the supernatural: nothing to be accepted until it be brought within the intellectual power. Man's reason must be convinced. Faith is nothing.

Deism is a belief in the existence of a first cause, called by the name of God, as creator of the world; but no belief in the acceptance of a Messiah as Son of God or Saviour of the world, or in the Holy Ghost, forming the Holy Trinity.

Atheism is not only a non-recognition of the possibility of their being a God, but an absolute denial of his existence in any way whatever. As David says of the fool when he says in his heart, "There is no God."

Radicalism, which means the uprooting (radix) of all time-honored institutions and customs of antiquity and remodeling them with new ones, suited to the age of progress—e. g., the revolution of the laws which have hitherto been marks of civilization, even to the confiscation of all property and the leveling of society to the lowest or highest upward to the lowest downward.

Socialism and communism, assert that men have a common right to the things of this world, which are to be divided among them equally. Property becomes a thing of naught. No man has a right to more than his neighbor—slaves and slave-holders to be enjoyed equally by the possessors and the unfortunate, the number and the sober, the possession of ten talents and the possession of one.

Communistic parties forward to assist the views of all this preaching and swallow up in their confederacy, possibly, all the governments and rulers.

AMERICA'S HUMORISTS.

"Mark Twain is the best descriptive humorist America has ever produced; Nasby the best political satirist since the days of Jack Downing; and Burdette the most pathetic," said Josh Billings to a reporter.

"Will you please tell me what position you occupy among humorous writers?"

"I am simply a paragraphist, and may posibly have the faculty of condensation, for I discover that if I can't say a thing in one or two lines, I can't say it at all.'

"Where do you place Artemus Ward among the humorists?"

"Artemus was a drollerist unequalled. His humor first appeared in the writings of Lieut. Derby, 'John Phœnix.' He was not purely an originator."

"Do you know Mortimer Thompson—'Doesticks?'"

"Intimately well. He wrote some excellent humor, but his style was too hyperbolic to last."

"Is writing as profitable now as in years past?"

"By no means. I have sold many sketches for $100 fifteen years ago that I could not get $50 for now."

"What is your ideal of American humor?"

"It is the sleek, sly, half-sanctimonious utterance of the Down East Yankey, and the slashing free speech of the border man artfully mingled. We have no middle humor. It is born way down East or way out West."—*Saratogian.*

ACTIONS.—Every action with its natural consequences, forms a whole which cannot be broken. Emerson says on this point: Justice is not postponed; a perfect equity adjusts its balance in all parts of life. Every secret is told, every crime is punished, every virtue rewarded, every wrong redressed, in silence and certainty. What we call retribution is the universal necessity by which the whole appears whenever a part appears. If you see smoke, there must be fire. If you see a hand or a limb you know that the trunk to which it belongs is there behind. Every act rewards itself, or, in other words, integrates itself. Crime and punishment grow out of one stem. Punishment is a fruit that, unsuspected ripens within the flower of the pleasure which concealed it. Cause and effect, means and end, seed and fruit, cannot be severed, for the effect already blooms in the cause, the end pre-exists in the means, the fruit in the seed.

25 Per Cent Reduced.

CALL AND BE CONVINCED.

Rev. Father Wilds EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts supreme Court, writes as follows:

"28 E. 5th St., New York, May 16, 1882.

MESSRS. J. C. AYER & Co., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched intolerably at night, and burned so intensely that I could scarcely bear any clothing over them. I was also a sufferer from severe catarrh and catarrhal cough; my appetite was poor, and my system a general run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite immediately improved, and I felt the benefit from the first dose. After about a week the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, and is now excellent. I took a hundred or one hundred and fifty bottles of this wonderful medicine, and I attribute these results entirely to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, as directed, in all less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and to rebuild vitality.

COME, GENTLEMEN!

You have for years BLACKLINED and UNDERVALUED PURE, WHOLESOME and BETTER BAKING POWDERS than your own—the "Royal." By blacklines, alleged "Government Chemists" who do not exist, and under the garb of "absolutely pure" you have forced into unsuspecting families a powder which contains the active drug AMMONIA. Eminent physicians and chemists condemn its use in articles of daily food. You cannot longer evade the issue, AMMONIA. The public will compel you to defend its use.

DO NOT TAKE OUR WORD FOR IT.

Every housekeeper can prove the truth of our statements by placing a can of the "Royal," top down, on a hot stove until heated, then remove the cover and smell "AMMONIA." This test will show that the "Royal" contains AMMONIA; that **Dr. Price's Cream Baking Powder** does not contain Ammonia. The strength of our powder can be proven by the consumer's reliable test,

THE TEST OF THE OVEN.

In my opinion "DR. PRICE'S CREAM BAKING POWDER" IS SUPERIOR to the "Royal Baking Powder" IN EVERY RESPECT.
