

O. S. L. SURVEYORS RUNNING A LINE.

Corps of Engineers Camped on
Marsh Creek Near Albion,
Idaho.

FROM MALAD ON TO BURLEY.

Looks Like a Proposition to Cut Off
Long Haul on Old Main
Line.

There is a corps of Oregon Short Line
surveyors camped on Marsh creek near
Albion, Idaho, at the present time en-
gaged in running a line from Malad to
Burley on the Minidoka branch.

Just what this means is not at this
time forthcoming, but, as has been
pointed out on previous occasions by
the "News," by continuing on through
Burley, a much better main line to
Portland would be the outcome which
would shorten up the line to Nampa
by about 100 miles, to say nothing of
cutting out the bad grades into and
out of Glenn's Ferry. Up to the present
there has been no great need for such
a big outlay as would be necessitated
by this improvement, but now that all
kinds of railroad projects are being
floated in Idaho and contiguous states,
apparently the Oregon Short Line is
preparing to be in a position where it
can start operations at any time if
it is necessary to head off rivals.

All big railroad systems have corps
of surveyors constantly in the field
working out future routes, and the
field books and data are kept on file
in the offices of the chief engineers for
just such contingencies.

In this case the route being surveyed
is down Snake creek, across Ruff
River valley to Marsh lake and on to
Burley.

STUBBS AT TWIN FALLS.
Traffic Officials of Short Line Accom-
pany Him to Idaho.

The Stubbs party left on a special
train last night for Twin Falls. Accom-
panying the traffic director are
General Superintendent E. Bucking-
ham, General Freight Agent J. A.
Reeves and General Passenger Agent
D. E. Burley. Mr. Stubbs is traveling
in his private car "Sunset."

HERE'S A GOOD ONE.
Homemaker Writes an Interesting Letter
Covering Side Arms.

The passenger departments of the vari-
ous railroads are the recipients of pecu-
liar communications from time to time,
but about the latest was received when
District Freight and Passenger Agent
Moore of the Salt Lake route
received the following:

TO THE MANHATTAN AVENUE, BROOKLYN, N. Y.
Sept. 28.—Dear Sir: Please inform me
what kind of town Cannonville, Utah, is,
and whether you are allowed to carry a
revolver strapped around your waist,
as the eastern people have the idea, as I
may go there to settle and do not want to
back up against no dead town.

Yours respectfully,
JOSEPH A. HOLMES.

This interesting homemaker will un-
doubtedly receive a warm welcome
from the youth of Cannonville.

SALT LAKE & OGDEN.

Simon Bamberger Returns From New
York En Route to Los Angeles.

State Senator Simon Bamberger, president
of the Salt Lake & Ogden Railroad, arrived
in the city from New York this morning
afternoon on a hurried business trip to
Los Angeles. Regarding the "Lagoon Road,"
Senator Bamberger said the construction
of the line through to Ogden is to be pushed
as far as possible, but that the season is
too far advanced to electricity it in time
for the summer excursion business.

SPIKE AND RAIL.

Charles F. Osborn of the Erie at Den-
ver, is in Salt Lake.

The Short Line ran an excursion from
Ogden today on the occasion of the
bowling tournament.

General Agent Claude Williams of the
Chicago, Milwaukee & St. Paul, has re-
turned from a trip to Omaha.

C. E. Hooper, traveling passenger
agent of the Denver & Rio Grande, is
here from Denver on a brief business
visit.

S. W. Eccles, traffic manager for the
American Smelting & Refining com-
pany at New York, is in Salt Lake to-
day.

Chief Engineer William Ashton of the
Oregon Short Line and Division Supt.
E. C. Manson are at Sparks, Nev., on
an inspection trip.

The third rail track of the Denver
and Rio Grande between Pueblo and
Salida, Colo., will be taken up, as it is
the intention of the company to have
no narrow gauge track except in the
mountain branches. The road will be
double-tracked, and single double-
track between Pueblo and Florence.
The improvements will cost \$1,000,000.

THE PRICE OF LAND.

Juab County Commissioners do Not
Approve of Action Taken.

The action of the state board of land
commissioners in increasing the price of
state lands from \$1.50 to \$2.50 per acre
has met with some disapproval from the
county commissioners of Juab county, who
are now sending circular letters to the
county commissioners of other coun-
ties suggesting that a meeting be held in
this county during conference week, to
consider the matter of making the land
price. The members of the land board feel
that the price of the land should be in-
creased instead of reduced, as the price
in this state for land owned by the
state is much lower than for other
western states.

MRS. BURTON CALLED HENCE.

Prominent Woman of Ogden Passed
Away This Morning.

(Special to the "News.")
Ogden, March 8.—The many friends
of Mrs. Ellen Fiedling Burton will be
pained to learn of her demise, which
occurred at 11 o'clock this morning, at
her late residence, 2455 Monroe avenue
in this city. Mrs. Burton had been ill
for about seven weeks, and the imme-
diate cause of her death was leakage of
the heart.

The deceased was born in Preston,
England, Feb. 9, 1841. She married Wil-
liam W. Burton there and the couple
came to this country in 1843. They be-

"Best of the Good Ones" HEWLETT'S Three Crown

tained. A trial can will convince
the most skeptical of its superior
qualities.

ing members of the Church, went at
once to Nauvoo, where they remained
until 1845, when they came to Utah.
Mrs. Burton is survived by her hus-
band and the following children: Mrs.
M. R. Stevens of Ogden, Mrs. M. P.
Ratney, Hober S. Burton and R. P.
Burton of Afton, Wyo., and John S.
Burton of Blackfoot, Ida.

Mrs. Burton was a cousin to Presi-
dent Joseph F. Smith. She was a woman
of sterling character and was a
faithful worker in the Church. Her fu-
neral services will be held at 12 noon on
Sunday, at the Fifth ward meeting-
house. The remains may be viewed at
the family residence between the hours
of 9 and 11 o'clock a. m.

PERSONALS.

Supt. Thomas Snedden, of the Dia-
mond Coal and Coke company of Dia-
mond, Wyo., is in the city today on
business.

Chaplain Walter Marvine, of the Ar-
tillery corps, formerly stationed at Fort
Douglas, and transferred to Fort Adams,
near Newport, R. I., has been trans-
ferred again to Fort Dodge, Minn.

Mr. and Mrs. George Y. Wallace have
left for Japan, via Honolulu, on a
pleasure trip.

Walter D. Shaughnessy, son of ex-
Senator Marshall B. Shaughnessy of
this city and United States Consul
at Charleroi, Belgium, is visiting in
this city, with his father. He was a
junior naval officer during the Spanish
war.

Hon. and Mrs. John T. Caine have
returned from southern California, both
greatly improved in health. Mr. Caine
particularly so. They traveled from
one resort to another, including San
Diego, during the last seven
weeks, enjoying the beautiful sunshine
and ocean breezes, and Mr. Caine says
he has not felt better in the last six
years.

WARD DANCES.

Fifth Ward—A character ball will
be given in the Fifth ward amuse-
ment hall tomorrow evening. Good music
has been arranged for, and the new
floor is in excellent condition.

Sixteenth Ward—Friday evening,
March 9, the Mutual Improvement
associations of the Sixteenth ward will
give a dance in the new Social hall.
The committee promises good music
and an excellent time.

WARD ENTERTAINMENTS.

Nineteenth Ward—In the near fu-
ture, the opera "Dorothy" will be pre-
sented in the Nineteenth and Twen-
ty-fourth wards by the ward choirs.
The opera is to be rehearsed daily, and
promises to be most interesting entertain-
ment.

AFTERNOON ON EXCHANGE.

Among this afternoon's sales on the
mining exchange were:

Lower Mammoth, 1,000 at 34; 500
at 34 1/2; 500 at 34 1/2; 500 at 34 1/2; seller
60; 500 at 34 1/2.

May Day, 500 at 23 1/2; 500 at 24.

BOSTON CLOSE.

James A. Pollock & Co. furnish the
following quotations on stocks from
Boston today:

Amalgamated, 104.87 1/2 @ 105.00.

Spring Medicine

In thousands and thousands of
homes three doses a day of Hood's
Sarsaparilla are now being taken by
every member of the family.

Because Hood's Sarsaparilla has
proved itself the Best Spring Medicine,
by its wonderful effects in cleansing the
system, overcoming that tired feeling,
creating appetite, giving strength. Take
Hood's Sarsaparilla
In liquid or tablet form. 100 Doses \$1.

LOCAL UNIONS TO DEMAND \$4 A DAY

For Carpenters, Painters, Paper-
hangers and Decorators.
After May 1.

BAD NEWS FOR BUILDERS.

It is Said That Plasterers Are Also
Considering Proposition to In-
crease Scale of Wages.

The local unions of the carpenters,
painters, paperhangers and decorators
are all getting ready to demand \$4 a
day as the standard wage on and after
May 1. Whether they will get this ad-
vance or not remains to be seen. They
say they will.

This will be cheerful news to the man
who put off building until this spring
under the delusion that things would be
cheaper.

In addition the plasterers are seriously
considering the proposition of increas-
ing their scale, while the lathers an-
nounce that 1 cent a yard advance will
be the scale upon which they will fig-
ure. The carpenters are now getting
\$3.50 a day, and the paperhangers from
\$2 to \$2.50.

These contemplated advances follow
the action of the lumber men, who re-
cently advanced their building material
an even \$2 a thousand, and further
provide a 35-cent advance on all fir
goods about the middle of the month,
and 15 cents on shingles.

If the present plans are carried out
undoubtedly there will be a number
of prospective homebuilders who will
defer operations this spring in the
hopes that the advance in prices all
along the line will not be permanent.

GOES AFTER JUSTICE.

Heber Elwood Declares That An Il-
legal Judgment Was Rendered.

A petition for a writ of prohibition
was filed in the district court yester-
day afternoon by Heber Elwood who
asks that the writ be directed against
Justice of the Peace C. F. Durand of
Murray, Alexander and Francis G.
L. Lake to prohibit them from en-
deavoring to collect a judgment rendered
by former Justice of the Peace
McOmie, who was Durand's predecessor
in office.

The petition alleges that the judgment
was secured by Luke for his client
Dahl and that the same is illegal and
void for the reasons stated. It is al-
leged that no jurisdiction in the case,
the defendant in the case being a resi-
dent of Summit county and beyond the
jurisdiction of Justice McOmie's court
and the object of the petition is to
prevent the collection of the judgment
within the jurisdiction of said court.

Elwood objected to the jurisdiction
of the court but his objection was over-
ruled, and the judgment was entered
against him. He then gave notice of
an appeal but it is charged that Justice
McOmie failed and neglected to enter
said notice upon his records until after
the appeal had been taken. Upon
Elwood's petition being filed in the dis-
trict court yesterday an alternative writ
of prohibition was issued in the matter,
returnable on March 31.

CONDEMNATION SUIT.

Jury Awarded Defendant, B. S. Ker-
sey, The Sum of \$1,075.50.

The jury in the case of the San Pe-
dro, Los Angeles & Salt Lake Railroad
company against B. S. Kersey, returned
a verdict in Judge Lewis' court
yesterday, has returned a verdict in
favor of defendant for the sum of
\$1,075.50. The action was brought to
recover the value of the property taken
by the railroad company and the dam-
ages by the jury at the sum stated
above.

BEHIND CLOSED DOORS.

Trial of Carl B. Marshall Will be
Conducted.

Upon request of Judge O. W. Powers
of the defense, Judge Armstrong this
morning decided to hear the case of the
State of Utah against Carl B. Marshall
behind closed doors and consequently
before any testimony was introduced
the court room was cleared of newspa-
per men, witnesses and spectators and
the doors were locked and will remain
closed to the public during the progress
of the trial.

Marshall is charged with an assault
upon Helen Hunt, a 14-year-old girl
who was employed in Marshall's home
on West Temple street. The assault is
alleged to have been committed upon
the night of Aug. 15, 1905, and after its
commission Marshall fled from the state
but was captured in Idaho and brought
back for trial. At the preliminary hear-
ing before Judge Dient the defendant
was bound over to the district court
and his bail fixed at \$2,000. In default
of which he has been confined to the coun-
ty jail awaiting trial.

The only witness placed on the stand
this morning was Helen Hunt, the
young girl who was the subject of the
alleged assault, who gave the details of
the crime. The jurors selected to try
the case are E. M. Oulton, J. S. Ed-
wards, A. C. Smoot, J. H. Graham,
Louis Cohn, Herman Grether, A. E.
Brady and B. D. Blackburn.

SUIT AGAINST CITY.

One Brought Today by G. L. Herndon
For \$5,200.

George L. Herndon filed suit in the
district court yesterday against the City
of Salt Lake to recover damages in the
sum of \$5,200 for personal injuries re-
ceived by him on Oct. 31, 1905, by being
thrown from his carriage while attempting
to drive across Second South street
at the corner of Twelfth East street. It
is alleged that there is a steep embank-
ment at the corner stated, running di-
agonally across Second South street,
and the height of the same is from
three to five feet. It is alleged that
plaintiff's carriage was overturned and
he was thrown down the embankment
and received permanent injuries to his
back and neck. It is claimed that
the city was negligent in maintaining
the said street in such an unsafe con-
dition, and in not having it properly
guarded by a railing or by signal lights
so as to prevent accidents. Herndon
is a hack-driver and has been unable
to follow his usual vocation since the
accident.

COURT NOTES.

James H. Mays, a member of the bar
of the state of Michigan, was admitted
to the bar of this state yesterday by
the supreme court.

Suit for divorce has been filed in
the district court by John Bagdanovich
against Frances E. Bagdanovich on the
ground of desertion. They were mar-
ried at Pueblo, Colo., on Oct. 15, 1900,
and it is alleged that the desertion oc-
curred in the following year.

WATER RIGHTS ON UNTAIN RESERVE.

Senator Sutherland Introduces
Amendment to Give Settlers the
Right to Construct Canals

ACROSS INDIAN PAST LANDS

Without Consent of Secretary of In-
terior—Appropriation for Kibabs
Asked by Senator Smoot.

(Special to the "News.")

Washington, D. C., March 8.—Sen-
ator Sutherland today offered an amend-
ment to the Indian appropriation bill,
which, if adopted, will settle the ques-
tion as to the water rights of white
settlers on the Uintah reserve without
reference to the interior department.
The amendment grants, without the
consent of the secretary of the interior,
an absolute right to settlers to con-
struct and maintain necessary ditches
and canals across Indian grazing lands
in Uintah reserve. Senator Smoot favors
it and Senator Sutherland is hopeful of
success in securing its adoption. Inas-
much as the proposition does not in-
volve a dollar of expense it has a better
chance than an amendment requiring
an appropriation.

Senator Smoot this afternoon intro-
duced an amendment to the same bill
which proposes an appropriation of \$10,-
500 to be immediately available for the
purpose of purchasing a tract of land in
southern Utah on which to establish the
Kibab Indian reservation. It is proposed
also to supply them with animals and im-
plements for farming purposes. There are
only 74 members of the tribe surviving.

LATE LOCALS.

Bank Clearings—Today's local bank
clearings amounted to \$171,312.60 as
against \$401,863.63 for the same day
last year.

At L. D. S. Hospital—A Mr. Frank
of Layton, Utah, is at the L. D. S.
hospital for treatment for injuries re-
ceived in a railroad accident.

Gomer Thomas Home—Gomer
Thomas, state mine inspector, has re-
turned from Los Angeles, Cal., where
he has been for the past month for the
benefit of his health. Mr. Thomas' con-
dition was much improved by the
trip.

Colds are Prevalent—Colds and sore
throats are prevalent over the city,
singers particularly being affected.
Miss Wolfgang, the contralto, is quite
ill with throat trouble and cannot go
to her home, and Mrs. Weber of the tele-
phone company, was obliged last even-
ing to submit to an operation on her
throat for severe tonsillitis.

Sunshine Will Continue—The high
barometric area has spread all over
the country west of the 90th meridian,
and clear skies and sunshine will con-
tinue as in the past two or three days.
The minimum temperatures are rising
generally, and at not a single point
does there appear the minus sign, and the
snow is disappearing.

New Road Roller—The county com-
missioners have received the new road
roller recently ordered by them and it is
being placed in condition for work. It
weighs 12 tons and cost \$3,650, and
will probably be put into commission
on Monday on Twelfth South street.
The roller was tried in Judge Lewis' court
yesterday, and the county commissioners
also arrived and are ready to be used
on the county roads.

Franchise Expected—Managing Di-
rector E. B. Jones of the Independent
company returned this morning, from
Butte, and reports progress very fa-
vorable for his company with the city
council. He was told that at the next
meeting of the council his company
would be granted a franchise. Mr.
Jones says his wife will be strung be-
tween Pocatello and Butte, on West-
ern Union telegraph poles.

New Church: New Pastor—Rev. Dr.
J. D. Kingsbury has returned from his
leisurely Idaho trip where he was
to dedicate a new Congregational
church, and install the new pastor. The
doctor had a strenuous time of it trav-
eling through a long stretch of country
or eight or six feet of snow on a level.
Straight going was bad enough,
but when it came to turning out for
another outfit, the experience was de-
cidedly disagreeable.

Work on Teachers' Certificates—A
committee composed of university fac-
ulty members, and city principals
met this morning to consider the re-
quirements for the state teachers' certificate. Heretofore
the requirements have only been
vaguely stated, and required a "high
degree of knowledge" on a number of
subjects on which no teacher has a
high degree of knowledge, except pos-
sibly in one of the many lines men-
tioned. The committee will report to State
Supt. Nelson, giving a plan for
specifically stating the requirements.

Meet Twice a Month—The public li-
brary board has found it necessary to
meet twice a month now, instead of
once in four weeks, on account of the
increasing business of the library. The
board will meet at 5 p. m. on the
first and third Tuesdays of each month.
The board will shortly have on a num-
ber of library shelves a full set of 21
volumes of the new International Encyclo-
pedia, published by a New York house;
and two volumes of large maps have
also been ordered. The children's de-
partment has grown immensely, its
circulation having increased 25 per
cent in the last year.

He Had Smallpox—A man who
gave the name of Fred Niemi, and
who said that he had just come in
from the grading outfit of the Western
Pacific railway on the outskirts of
the city, walked into police headquar-
ters late this afternoon and complain-
ing of being ill. Officer William Hilton,
who was behind the rail, after one look
at the man's face, told him to get out
into the open air at once. City physi-
cian Stewart was summoned, and he

**Make
Dr. Graves'
Tooth Powder**

your twice-a-day friend; it will
make you many admiring friends—
those who have keen eyes for
bright, white teeth and pure breath.

Your sweetheart knows why.
In handy metal cans or bottles, 25c.
Dr. Graves' Tooth Powder Co.

at once pronounced it to be a case of
smallpox, and ordered the wagon from
the isolation hospital to convey Niemi
there for treatment. Three other per-
sons afflicted with the same disease
were sent to the place today, and those
bring the total of inmates now there
up to 29.

J. P. Evans Home—J. P. Evans re-
turned this morning from a pleasant
visit in southern California. He vis-
ited all the seaside resorts, and says
none of them can approach Saltair in
general attractions. Each resort has a
military concert band, the best being
col. Ellery's Royal Italian band at
Venice, and which may visit Salt Lake
after the California season is over.
Mr. Evans was much impressed with
the electric railway service which is
extending all over southern California.
Outside the city, the cars run as high
as 15 miles an hour, and even in the
city the cars are run at a dangerous
rate of speed. People are killed occa-
sionally but their public has become
drilled in the art of dodging the cars,
and fewer accidents are now happening.

Salt Lake Port Business—Collector
Greenwald of the Port of Salt Lake re-
ports steadily increasing importations,
local merchants now importing direct-
ly to this city, who have heretofore
received their goods through eastern and
western custom houses. The collector
is pleased to note this, and hopes it
will be kept up. He remarks that not
a few business men go to the Federal
building to find him, when his office is
in the Atlas block. It appears that
when the Federal building was designed
there was no Port of Salt Lake, or
really any thought of one. Conse-
quently no provision was made for a
collector's office, and the government
has just taken a year's further lease
on the Atlas block quarters. However,
Collector Greenwald has suggested to
the department the feasibility of
building a wing across the western end
of the Federal building, which would
apply provided for the requirements of
this office.

ETHEL BROWN.

Woman Whose Body Was Found in the
Seine a Native of Ohio.

Cincinnati, March 8.—Mrs. Ethel
Brown, whose dead body was
taken from the Seine near Paris,
France, yesterday, was a native of
Puyettville, Ohio, from which place
she removed with her parents 20 years
ago to some unknown place. The
identification was made through a clue
found in this city today.

INSURANCE OFFICERS INDICTED.

New York, March 8.—Three indict-
ments against officers of the Mutual
Reserve Life Insurance company were
handed down by the grand jury today.
The officers are Frederick A.
Burnham, president; George D. Eld-
ridge, first vice president; and George
Burnham, Jr., second vice president.
Ever since the insurance investiga-
tion ended Dist. Atty. Jerome
has been investigating certain trans-
actions of the mutual reserve. Recently,
the officers who were indicted today
were charged with a conspiracy to
make statements concerning these
transactions.

MIDSHIPMAN CATHIE RESIGNS.

Annapolis, Md., March 8.—The resig-
nation was accepted today of Midship-
man Adrian M. Cathie, of West Vir-
ginia, a member of the fourth class.

REPUBLIC OIL CO. CASE.

Jefferson City, Mo., March 8.—Atty-
General Eddy for the Republic Oil
company today filed a motion in the su-
preme court for a rehearing of the de-
cision rendered by the supreme court last
week that the office of the Republic Oil
company should testify and answer all
questions asked them before Commissioner
Anthony. The motion was granted. The
Atty-Gen. had filed a motion in the su-
preme court today asking that of-
ficer of the Republic Oil company be di-
rected to testify before Commissioner An-
thony on March 9.

MISS ANTHONY NOT SO WELL.

Rochester, N. Y., March 8.—Reports
from the bedside of Susan B. Anthony,
after her long illness, were not
quite so encouraging today. The doc-
tors indicate that grave doubts of her
recovery are held.

TRAIN WRECKERS CONFESS.

New York, March 8.—Four young
men who were arrested near Passaic,
N. J., today charged with attempting
to wreck a train, confessed to the crime.
The four men, who were charged with
wrecking a train on the Delaware, Lacka-
wanna & Western railroad early this
morning have confessed that this was
the sixth attempt at train wrecking.
All of the other attempts in the vic-
inity of Passaic. They said the only
reason for the acts was a desire to see
the excitement which would result.
The four men today escaped a dis-
aster by an exceedingly narrow margin.
It was running at a high rate of
speed when the engineer saw the ob-
structions. He managed to stop the
train in time, but the engine and a
number of ties and iron plates were
placed upon the track.

POINTED PARAGRAPHS.

"You Americans do not believe in the
nobility," said the slightly super
