#### RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a VIOLENT BLEEDING OF THE LUNGS followed by a se-vere cough I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a bole in my left hung as his conclusion. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in hetter spirits than I have the past three years. three years.

"I write this hoping you will pub-lish it, so that every one afflicted with Diseased Lungs will be in-duced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMP. TION CAN BE CURED. I have taken two bottles and can positively say that it has done more good that all other medicines I have taken since my sickness. My cough has almost entirely disappeared and J shall soon be able to go to work. Sold by all druggists
