APPLICATION FOR NATURALIZATION REFUSED. STRANGE PROCEEDING.—The following statement of a conversation which took place yesterday morning, between Chief Justice McKean and an applicant for the rights of naturalization, in the District Court of the Third Judicial District, is reported to us by Mr. William Horsley, the alien in question. Mr. Horsley came to the city from his place of residence and appeared in Court yesterday morning, having filed a notice of his intention to make application for naturalization a week previously.

Judge McKean asked Mr. Horsley and his witnesses whether the applicant has or ever had more than one wife. This was answered in the negative.

Judge McKean to Mr. H: Do you believe it would be right and lawful for you ever to have more than one wife?

Mr. Horsley replied that he declined to answer that question.

Judge McKean then asked him: Are you the judge in this matter?

Mr. Horsley replied: I am so far as that question is concerned.

Judge McKean: Then I refuse to naturalize you!

ERRATUM.—In the notice, in yesterday's conference minutes, of the authorities on the stand, under the heading: "Of the Presidency of the High Priests' Quorum," instead of E. D. Woolley and S. W. Richards it should have read Elias Smith.

Died:

At Hyde Park, Cache County, on the 50th of September, Emma E. twin daughter of Joseph B. and Hannah E. Roper, aged 1 year, 3 months and 21 days.

The following letter, from a gentle resident of Ogden City, is from the Omaha Herald, of the 4th instant:

OGDEN, UTAH, Sept. 29, 1870.

To the Editor of the Herald:—Unusual complications exist here. The United States judiciary have set aside, you may say, all territorial laws in existence, and they will be governed solely by the United States code, which they often interpret to suit their own special inclinations. In a case now pending, where the municipal authorities of Salt Lake City, according to their city ordinances, destroyed the contents of an unlicensed liquor establishment, the United States Marshal summoned none to make up the two juries but Mormon Judges and Gentiles, all of whom were known by all parties to be in favor of judgment rendered against the City.

You would have been amused, Mr. Editor, to have witnessed personally the ways of justice and jurisprudence displayed, here in the far western country, on the occasion of the said men being empaneled and sworn in to act as jurors. They were a set of very ignorant men, but the Chief Justice overruled all objections by the defense, and accepted them as good and lawful men. Your space would not permit to state circumstances that transpired here, which would be also too ridiculous and incredible to mention. One fact, however, I cannot omit to allude to: One of the jurors, before he was sworn, was asked by the defense if his mind was not prejudiced in the case now to be tried, etc. "Yes, much so," was the answer. He was then asked by the prosecution if good evidence could not remove such prejudice. "No, sir," was the reply. Governor Shaffer thereupon issued proclamations appointing Major General over the militia, ordered all arms given up by the Mormons, and permits no armed gatherings by the people, even in cases of sudden outbreak by Indians, to which the people of the territory are much exposed in many places. — is very hostile to the Mormons, and the Governor has begun to remove other officers of the Territory; and, in a few days, according to what is said and expressed, there will not be left even a watermaster or a fence-viewer, or any other officers elected by the people under Territorial laws and regulations. The Governor will bless us Gentiles and the Mormon Judas with offices. It will bring debt on the Territory of which it was always clear. But since Congress has failed to solve the vexed Mormon question the Governor and aids are bound to do it. Alexander the Great found some way to untie the mysterious knot, and so will His Excellency in case of the Mormon problem. Said proclamations seem to have created a mob spirit among the United States soldiery stationed here. A few days since, about fifty soldiers descended on a small village, called Provo, in the silent hours of midnight, fully armed, etc., and spread horror among the citizens and marked their path with destruction. They came from Camp Rawlins. The Mormons cannot be convinced that the "powers that be" are not implicated, directly, or indirectly, in that raid, as the soldiers freely confessed that they had good backing. I am, however, unwilling to believe that yet. It is self-evident that traders and business men see dull times here, and would, if possible, use the United States officers as tools to force the Mormons into an insurrection against Uncle Sam in order that armies might be stationed here to give new life to business. But I should not suppose that officers of the United States would be weak enough to be led to the greatest extremes. I don't know who constitutes the majority of Mormon Judases (apostates) or Gentiles, but they are the only parties that are recognized by the "powers that be," and when votes are set aside, etc., they will constitute the Common wealth of the Territory in future time.

The citizens manifest great indifference about learning any further news of Court proceedings, as judgment against the city is a foregone conclusion, but an appeal will be made to the U. S. Supreme Court, which, however, the officials will try to delay and hinder if possible. Mr. — is rejoicing indeed. He has finally been admitted as a veritable correspondent of the Chicago Tribune, whose precious columns will be enriched by his pen. I am not hurt by favoring the Mormon faith, and especially polygamy. Who could accept such? But I would at any time "give the devil his due," and don't like to see gentlemen condescend to his level. The Mormons have rights which should be respected in a republic of high character. Their industry, thrift, sobri-

ty and desire for general advancement can no longer be ignored, however objectionable their peculiar religious views may appear to us. We live in an age of tolerance. I've been here for years. The life and property of a stranger is protected by the Mormon police as much as if he lived in Broadway, N. Y. All indignation from the Mormons felt by the Gentiles has invariably been caused by invading the domestic circles of men, and seducing, or trying to seduce females, and such has been done by adventurers, who have homes everywhere, and in fact nowhere. They are but little better than "Border Ruffians." Still, their testimony and the testimony of Mormon Judases, etc., is admissible to our republican party now in power, who, like the King, can do no harm, while a Mormon of good sound sense would not be heard. One of the first questions put to a witness summoned before a Congressional Committee is this: "Are you a Mormon or a friend to the Mormons?" George the Third's Parliament condescended to summon the illustrious Franklin twice to hear him on the side of the despised colonists. In such, and in all other cases, our Republican party will only hear the one side of any question if they can possibly avoid the other, but they will not rule the nation for ever. I hope Secretary Mann and Chief Justice Wilson were the last U. S. officers left here who possessed a little Democratic disposition, and would view both sides. They have now been removed and all are now new Republicans, and we shall see fun in Utah as well as in Paris. If prudent and good men were put in office here, Utah would become a valuable State; polygamy would wear away; with the schooling and advanced ideas the young generation is now receiving, it would not stand long. I have already seen great tendencies in such a direction. But, for the last year, it doesn't seem as though a collector of revenue, or any other officer who is duly respected, have time to state their special business to the poor Mormons for talking about bayonets, long ranged cannons, etc., etc.

If trouble arises I shall make arrangements to move to other quarters. I would spend all I own for my country, in any emergency, but not a dollar will I spend, or run any risk, to carry on a petty contractor's war to enrich a few of my friends. I subscribe myself, Yours most respectfully, A GENTILE.

DR. COSS

Is the famous INDIAN HERB DOCTOR and acts as consulting Physician, prescribing Herb Remedies in those cases that require Medication in addition to the ANIMAL MAGNETIC TREATMENT of DR. ROBERTS.

OGDEN, UTAH, Sep. 15th 1870 I hereby certify that my daughter has been terribly afflicted with Epilepsy for five months past—often having FROM FIFTY TO ONE HUNDRED FALLING FITS A WEEK. All medication failed to relieve her until I brought her to Dr. ROBERTS & COSS, at Ogden, September 7th, 1870. She had a great number of fits the day I took her to Dr. R. & C., and had a fit when I carried her home. She has been under Magnetic Treatment one week, and has not had a single spasm or fit in that time; in fact, I believe her to be wonderfully improved in health.

GOING AWAY.

On Sunday next the celebrated and world-renowned Dr. R. R. Roberts, who is now stopping at the National Exchange Hotel, will leave for Virginia City, and those desiring his services should call on him before that time. During his stay in this country he has performed some of the most wonderful cures we have ever heard of. For the cure of every kind of disease he cannot be excelled. He heals the sick by animal magnetism and the Swedish movement cure. No physician ever came to the State so highly recommended as Dr. R. R. Roberts. All ye who are afflicted, call on him.—Daily Transcript, Nevada City, California, July 1st, 1870.

A MOST WONDERFUL CURE.

GRASS VALLEY, June 21st, 1870. This certifies that I have been for fifteen years an invalid and great sufferer from a combination of most distressing diseases, viz: dyspepsia, spinal disease, prostatic uteri, and for the past eight months have been paralyzed in the left half of my body (hemiplegia). No tongue could tell what I have suffered during the last three years especially. I have been treated by eminent physicians—by their advice have changed climate. I have also tried the celebrated "Mineral Springs"—but all seemed of little or no avail, and I had given up all hopes of being anything but a miserable sufferer for the remainder of my days.

Dr. Roberts commenced treating me by Animal Magnetism and Swedish Movement Cures on the 6th of June, and with three treatments I felt like a new creature—the paralysis was removed. I have now been under treatment fifteen days, and have improved daily. Nearly all my difficulties have entirely disappeared, and the remaining ones have been so far relieved that I now feel that time and care are all that is necessary to restore me to perfect health.

I have been acquainted with Dr. Roberts sixteen years. I have always regarded him as one of the most reliable of men. I was the recipient of his healing power, personally, many cures that he performed in Iowa, while yet a mere youth, that were really wonderful. I shall ever praise God for His mercy in providing means for my restoration to health, and shall ever pray that the blessing of Heaven may go with Dr. Roberts in his good and glorious work.

(Signed) MARY M. BALL

A WONDERFUL CASE. What can the "Old Folgers," Bigotes, Skeptics and Infidels say to refute the following Wonderful Fact?

My little daughter, aged ten years, has been paralyzed in her right side nine years. Dr. Roberts has cured her with six Magnetic treatments. She can now move her arm and hand well, which had been useless from infancy! I reside at No. 47 K Street.

REVOLUTION IN MEDICINE!

THERE is no disease but Walker's Vinegar Bitters will cure. Their great success in healing all ailments is proving to the world that Doctors are the greatest humbugs of the age. Mr. Walker challenges the medical fraternity to show him a disease for which his BITTERS are not a cure, and if it can be done he stands ready to donate FIVE HUNDRED DOLLARS to any benevolent Institution in the United States to be named by the person who will prove that the above assertion is not true.
