"Gentlemen" of the Green Cloth Will Have to Go Elsewhere.

SPORTS ARE VERY SORE NOW

Some of Them Have Paid Their "Fines" in Advance and are Asking for "Money Back."

The expose in Saturday evening's "News" of the gambling dens which were running wide open in Salt Lake has had its effect and last night every den in the city was ordered closed and advised to remain closed, and there is no "for the present" order about it, either. The order does not only include poker games in the rear of saloons and the big hells on Commercial street, but the gambling clubs in high places including the Alta club. Chief Paul says there must be no more gambling in this city, and his officers will do all in their power to see that the order is obeyed. If any of the gambiers are found doing business they will have to suffer the consequences. In giving the order Chief Paul included all the private gambling places in the city and said they, too. places in the city and said they, too, must obey the mandate. The order, followed by instructions given by the city council of Monday night, was given to the captain of police and in turn to the sergeants and patrolmen. The joints were all visited last night and the unpleasant news was broken, whether gently or otherwise is not known. But the fact is they were closed and the "gentlemen" of the green balze will have to go elsewhere to ply their ne-

farous vocations. But there was a mighty howl from the gamblers, especially those who have alreday planked down their \$100 or \$50 for "fines." They either wanted their money back or to continue the game for a month. The kicks did not count, however. There was no crying "Kings Ex, the order was given and had to b obeyed. One place was closed by the officers and the roulette wheels, the spindle and fare tables were removed. This will happen to others if they try to run on the siy.

Diminished Vitality.

Some people talk very flippantly about diminished vitality.

They don't stop to think that vitality is the principle of life—that it is that little understood something on which every function of their bodies depends.

Diminished vitality is early indicated
by loss of appetite, strength and endurance, and Hood's Sarsaparilla is the greatest vitalizer.
