

## DOWIE REJECTS VOLIVA'S PROPOSAL.

All Negotiations for Settlement of Controversy as to Control of Zion City Off.

NOW WILL GO TO THE COURTS

Eliah to Go to City This Week, His Followers Say as Head of the Church.

Chicago, April 17.—All negotiations looking toward a peaceful settlement of the question of who shall control Zion city and its vast resources were broken off today. John Alexander Dowie, through his attorneys, rejected the proposition advanced by General Overseer W. G. Voliva yesterday to the effect that the \$21,000,000 estate be turned over to a board of control to consist of nine members, four of them to be selected by Dowie and a like number by Voliva, the ninth man to be selected by the board as created.

It was stipulated that both Dowie and Voliva should be active members of this board, and that the action of the members thereof be final in determining whether or not the deposed "first apostle" or Voliva be the recognized head of the Christian Catholic church. Dowie rejected the proposal on the ground that not only would he not acquiesce in the appointment of Voliva on the board, but that he would recognize the new leader as a member of the church. In speaking of the ultimatum, said P. C. Haley, representing Dowie, said: "As soon as we can obtain the necessary information we will file a bill in chancery in the circuit court of Lake county at Waukegan. This instrument will be a petition that the title of the property of Zion City executed by General Overseer Voliva, giving to Deacon Alexander Grainger full title thereof, be declared void. We are handicapped to the extent that Voliva and his forces have in their possession all of the books and papers concerning Zion City and its property. It may be necessary for us to go into court to get possession of these. As soon as we obtain the desired information the bill will be filed."

By Dowie, it is said, will go to Zion City some time this week. It is declared by the Dowieites that when the "first apostle" enters the city which he founded, he will do so as the head of the church. Voliva, they say, will be excommunicated.

## OPERATORS SAY THERE IS NOTHING TO ARBITRATE.

New York, April 17.—A sub-committee of operators of the anthracite coal carrying railroads and mine operators held a meeting in this city today and drew up a letter to President John Mitchell of the United Mine Workers of America, in which the operators again declare that there is nothing to arbitrate except the question whether they shall be any arbitration.

This reply is made in response to President Mitchell's recent amended proposition of arbitration. The operators do not, however, refuse solely to accept Mr. Mitchell's latest plan. They assert that all the differences between the miners and their employers have been decided by the strike commission, the operators declare.

"No reason is suggested why they should be retried. We have no further negotiations to make than those contained in our former propositions and we regret that they have declined both."

## STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are addressing your private life to a woman—a woman whose experience with women's diseases covers twenty-five years. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, her advice has been freely given to sick women.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result:

First letter.  
Dear Mrs. Pinkham:—  
For eight years I have suffered something terrible every month. The pains are excruciating and I can hardly stand them. My doctor says I have a severe female trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me.—Mrs. Mary Dimmick, 15th and E. Capitol Streets, Washington, D. C.

Second letter.  
Dear Mrs. Pinkham:—  
After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me.

of them. We have nothing further to offer. The operators assert that the miners' offer to waive formal recognition of the miners' union is not material and declare that the miners' program would increase the cost of domestic sizes of coal \$1.20 per ton.

## RECLAMATION PROJECTS.

Many Reasons Given Why They Have Not Been Carried Out.

Washington, April 17.—The scarcity of labor in the northwest, the increase in the price of materials and also in the rate of wages has caused great delay in carrying out government reclamation projects. This statement was made to the house committee on irrigation of arid lands today by N. M. Savage, division engineer of the reclamation service for northwestern Wyoming, Montana and North Dakota.

Mr. Savage stated that in projects already contracted for the government was getting its work done at less cost than railroad work of the same class in the same localities, because when the government began the irrigation work these were received from contractors of every character, the only requisite being giving of sufficient bond. Many of these first contractors took work so low that they have since failed. The railroads received bids from only a select few, and have had to pay more for the work.

Notwithstanding the adverse conditions, Savage reported substantial progress in the work.

## AN INHUMAN BRUTE ACTING AS JUDGE.

A Kansas City Justice Imposes A Barbarous Sentence on A Drunkard.

TO DRINK HIMSELF TO DEATH.

Tried to Carry It Out But Lands in Jail for Grand Larceny.

Chicago, April 18.—The Record-Herald today says:

Condemned by a court of justice to get drunk and remain so until drunk killed him, Selby T. Jones, son of a former prominent wholesale hardware merchant of Kansas City, Mo., came to Chicago to obey the sentence of court. Without means last Sunday to continue the debauch judicially imposed on him, but sufficiently intoxicated to resort to any expedient to carry into effect the remarkable penalty, he stole a traveling salesman's valise and sample case and was arrested.

Yesterday, having been held to the grand jury for grand larceny, he was transferred from a police station to the county jail, thoroughly sober, and, for the time at least, contrite and eager to start life anew.

Jones' efforts to satisfy his parole by drinking himself to death have continued since Monday. Judge Wofford of the criminal court in Kansas City pronounced this sentence: "If you will get drunk and stay drunk I'll let you out of jail. You must leave the city. Only remember you must get drunk and stay drunk. You're a bad man, and whiskey will take you to the devil faster than anything else. The sooner the devil gets you the better. If you don't live up to these conditions I'll put you in jail and keep you there."

Next day, Jones, furnished by some industrial friends with transportation to Chicago and sufficient to tide him over two months, left the city that had been his home for 20 years, saying farewell to his aged mother, whose prayers, as he peered through the bars of the cell yesterday, still rang in his ears.

## VON HOLSTEIN RESIGNS.

Berlin, April 18.—By direction of Emperor William, Foreign Secretary Tschirsky today accepted the resignation of Baron von Holstein, chief of department of higher politics in the foreign office.

This action retires from public life a personage who more than any other has been responsible for German foreign affairs since Prince Bismarck's time. For 16 years Baron von Holstein has thought out the policy and drawn up the instructions to ambassadors, and he has been recognized by the diplomacy of Europe as the man whose counsel was in the ascendant at the foreign office under all of Prince Bismarck's successors.

London, April 17.—Mrs. Nora Hopper Chesson, the poet and novelist, died today, aged 35.

## THAT DIVORCE DECISION

Will Make 500 Chicago Divorces Illegal.

Chicago, April 17.—It is estimated by Chicago lawyers that the decision of the supreme court of the United States holding illegal all divorces except where both parties to the suit resided within the same jurisdiction, will make illegal 500 divorces that have been granted in this city alone, and pave the way for all manner of complications in the next generation over inheritance and the rights to property.

Several prominent attorneys declared that the decision simply means chaos in regard to the title to personal property as in cases where a man who was living in the state of the decision, is legally divorced and remarried, his property must of necessity go to his legal heirs and cannot be held by any children of any woman whom he may have married subsequent to his divorce.

## DARING DIAMOND ROBBERY IN SAN FRANCISCO.

San Francisco, April 17.—A daring diamond robbery was committed this afternoon in the Chronicle building. Two thieves entered the store of J. O. Hatch, room 4, on the second floor of the building, and engaged the attention of Thomas H. Lord, the clerk, who was alone in the place at the time.

One of them asked him to change a \$10 gold piece, and as Lord turned and opened the safe he was struck a telling blow over the head with the butt of a revolver and rendered unconscious. Immediately after knocking Lord down the two men dragged him into a corner and left him there. The robbery was committed at 1 o'clock and it was nearly 3 o'clock before Lord regained his senses.

So far as known nothing was taken from the safe, but a tray of diamonds valued at several thousand dollars was taken from the show case.

WAYLaid BY NEGROES IN LOS ANGELES.

Los Angeles, Cal., April 18.—One man was fatally and another seriously injured by three negroes, who waylaid them on Enterprise street shortly after 11 o'clock last night. Faro Amato and Luke Sebella, both Italians, were the victims. Amato is badly wounded and will die. One bullet entered his breast and passed through the lungs. The other struck him in the stomach and came out at the back. Sebella was shot through the right arm. The two Italians had been making a call at the house of some friends in Sacramento street. Leaving the house, the men proceeded down the street and when at the corner of Enterprise and Wilson streets, three negroes stepped from behind a growth of large castor beans and commenced firing at the Italians with pistols. Amato fell to the pavement at the fire and Sebella ran. After firing six shots the negroes took to their heels and disappeared in the darkness. No reason is known for the shooting, and robbery was evidently not the motive. It is believed to be the result of a recent race war between negroes and Italians in the colony in the neighborhood where the shooting occurred. No arrests have been made, although the police are searching for the men who did the shooting.

Not His Property Sandwich.

An urchin who occasionally ventured behind the scenes of a theater on the lower east side of New York during rehearsals, was one day observed by one of the actors sitting in a corner, lovingly eyeing a huge sandwich which he held in his grimy hands. He regarded it for a few moments, and then, cautiously lifting the top layer, extracted a piece of pickle and ate it; then he closed it down again very carefully and accurately made all as before. A few moments later he repeated the performance, taking out another piece of pickle and a small fragment of meat, and again carefully restoring the sandwich to its original form. After another short interval he took out more pickle and more meat, so that now there was very little of the original middle layer left, and again he closed it up carefully.

"What are you doing that for, Tommy?" the actor asked. "That's no way to eat a sandwich. Why don't you eat it all if you want it, and not pick at it like that?"

Tommy lifted a scornful eye to the actor's uncomprehending face and muttered laconically: "Tain't mine."—Harpers Weekly.

## Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."

Dr. Norman M. Goer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."
