AN OPEN SECRET
AMONG THE LADIES

The brilliant, fascinating tints of Complexion for which ladies strive are chiefly artificial, and all who will take the trouble may secure them. These roseate, bewitching hues follow the use of Hagan's Magnolia Balm—a delicate, harmless and always reliable article. Sold by all druggists.

The Magnolia Balm conceals every blemish, removes Sallowness, Tan, Redness, Eruptions, all evidences of excitement and every imperfection.

Its effects are immediate and so natural that no human being can detect its application.

EASTERN.

A Close Race.

NEW YORK, 4.—In the cup race on the course at Coney Island Beach, to-day, 2½ miles, Brambler, favorite, won by a neck; Franklin second; Fortune third; time 4.16. The crowd believed that it was a dead heat, or that Franklin had won, and expressed great dissatisfaction.

Simonton's Denial.

New York, Sept. 4.

To Editors.—While I am doubtful of the necessity for denying anything emanating from the San Francisco *Chronicle* or the De Youngs, please expose the reckless audacity of their action by stating that I received the news of the attempted assassination of Kalloch while in Nebraska, *en route* to Denver, Col., and that I have neither written, dictated, nor suggested in any way, a single word of the reports to the California press regarding that affair, or the comments of the eastern press in reference thereto.

It is due, however, to the eastern agents of the California Associated Press, to say that, so far as I am able to judge, they have been perfectly truthful, fair and impartial in their reports of press sentiment on this side of the continent.

The only order to our San Francisco agent, in this connection, directed him to give us for use here, the comments of the California press, including the *Chronicle* by name. Possibly this will be construed as malice, because it elicited the most scathing press strictures upon that journal's defense of assassination.

Signed J. W. SIMONTON.

Finishing his Walk.

Dennis Colling, who left San Francisco on the first of June, to walk to New York, on a bet of $2,500, was found at Harry Hill's last evening, having reached here shortly after four this afternoon. He looked the picture of health, and said: "I was to have walked right to the depot on Forty-second Street, but the officials would not let me do so on account of the tunnel, so I had to come the last portion of my journey by the road. It was a very pleasant trip, and my average for 95 days of walk equals about 35 miles a day. The weather was pleasant, nor did I find any inconvenience from heat until arriving at Albany. I then, for the first time during the whole of the walk, began to feel unwell, my feet pained me and my ankles began to swell. I was afraid I was going to be real sick, but I got over it, and am now as well as I ever was, and am ready to start back, walking, if anybody cares to wager against me. I am to get $1,000 for this."

Silver Mine.

The Counna, Me., silver mine has been opened. The first assay of surface ore showed nine dollars of gold, 37 ounces of silver, lead and copper per ton. The last assay made since sinking the shafts to a depth of 11 feet, shows ten dollars of gold and 68 ounces of silver, besides lead and copper.

Parties are prospecting in Counna and St. Albans, with good success.

Opposed to Robinson—The Astley Belt.

The Tammany Hall general committee, to-night, adopted strong resolutions against the nomination of Governor Robinson.

It is rumored, to-night, that the Astley belt has been stolen. Powell discredits the report.

The Minnesota Races.

MINNEAPOLIS, 4.—In the races to-day, Warrion won the 2.26 race in 2.30, 2.28 and 3.26.

In the pacing race, Lucy won the first two heats, and Sleepy Tom the last three. This race will be race will be repeated on Saturday, Mattie Hunter and Rowdy Boy were the only competitors. Time, 2.16, 2.17½, 2.15½, 2.15, 2.17.

Bill Bass won the running race, mile and repeat; best time, 1.49.

Kate Bender.

LITTLE ROCK, 4.—The recent alleged discovery of Kate Bender, in the person of Dora Hesser Dennenger, turns out to be a mistake, as a man at Fort Smith, who married and got a divorce from said Dora, gives an authenticated history of the woman, showing that she was an entirely different person, although not superior to Kate Bender in disposition for crime.

Gen. Bangs' Monument to be Unveiled.

CHICAGO, 4. — The monument erected to the memory of the late General George S. Bangs, Superintendent of the Railway Mail Service, will be unveiled at the Exposition Building on Saturday evening, at 8.30, with appropriate ceremonies, including an oratorical tribute by Hon. Emery Storrs, the life-long friend of General Bangs. The monument is of gray marble, 18 feet high. The design is very complete and elaborate.

Steamer Ashore.

The *Inter-Ocean's* Amherstburg, Ontario, special says: The steamer *Avon*, loaded with 56,000 bushels of wheat, 24,000 bushels of rye, and a large miscellaneous cargo, went ashore off Amhurst point this morning, and in an hour and-a-half filled completely. The vessel is owned by the Union Steamboat Company. It was built in Buffalo two years ago; was 1,800 tons burden, and its value was $85,000. The cargo is fully insured; the vessel not insured. The cargo was partly saved. The vessel will be repaired.

Washington Notes.

WASHINGTON, 4.—The President and family will leave on Monday for the west.

General Sherman will accompany the President to Cincinnati and attend the exposition there.

Secretary Evarts will join the President in his visit to Kansas and remain with him until his return, early in October.

Secretary Thompson leaves tomorrow for Indiana.

Secretary McCrary leaves on the 20th for Iowa. He will inspect some of the western forts.

When Postmaster General Key returns, General Tyner will go to Indiana.

Ex-Minister Welsh was at the State Department to-day, closing up his accounts. He paid his respects to the President at the Soldiers' Home.

D. R. Larned, paymaster of the United States Army, is ordered to report to the department of Columbia.

Cleveland Races.

CLEVELAND, 4.—At the races to-day, Diamond won the 2.40 race. Best time 2.31½. Clinker won three straight heats of the pacing race; best time, 2.23

A Cyclone.

GETTYSBURG, 4.—The cyclone which struck Hunters Town, near here, demolished the Methodist church, badly injured the school buildings, and unroofed a number of dwellings and other buildings. The path of the cyclone was only 60 feet wide.

Another Embezzler.

BOSTON, 4. — Charles Demond, late treasurer of the Massachusetts Home Missionery Society, was arrested this afternoon, charged with embezzlement. Various irregularities in Demond's official conduct were discovered last spring, and an examination of the books now show the amount of the defalcation to be between $20,000 and $30,000. The warrant of arrest charges Demond with embezzlement as follows:

March 17th, 1877, a legacy of Dr. Isaac G. Braman, $2,000; December 29th, 1877, contribution from Shawmut Church, $1,200; January 2d, 1878, a legacy of Mrs. Eunice Keep, $500; January 22d, 1878, a legacy of Charlotte A. Stimpson, $4 379.

It was discovered in the investigation that Demond kept practically two sets of books. He had a cash book in which he kept a running account of moneys received, and at the end of the month this account was journaled and the items classified, and in the latter process he dropped from the record such sums as he appropriated to his own use. Demond has not obtained bail up to a late hour.

Yellow Fever Notes.

MEMPHIS, 4.—The Howards today made a pressing call for outside assistance.

There have been twenty-seven new cases to-day; 12 white. Three additional deaths have occurred. Three children of the late J. S. Hauck were stricken to-day at Buntyn Station. The weather is clear and warm, thermometer 66 to 85.

The Heavy Storm.

NEW ORLEANS, 4. — Monday's storm lasted from noon till 10 at night, and did great damage to property in the town, and crops in the country. From every section of the parish comes the tale of great destruction of the cotton and corn crops. Cane is leveled with the ground, and will hardly be able to recover. The losses in the town independent of coal and ferry boats, is estimated at $30,000. The roof of Henry Von Phul's sugar house fell in and killed 20 out of 28 mules placed there for safety. Fifty yards of wall around the penitentiary was demolished, and part of the building unroofed and machinery damaged.

WESTERN.

The California Election.

SAN FRANCISCO, 4.—Up to six p.m. returns from precincts in the interior, in which the count is complete, stands as follows: Perkins, 18,616; Glenn, 15,728; White, 10,138. These figures include returns from all counties except half a dozen small outlying ones, and comprise two-fifths of the total vote outside the city. The large towns of Oakland, Sacramento, Stockton, Los Angeles, San Jose and many others are not included, the count there being incomplete. Reports have been received, however, from the most of them, to the following effect: San Jose, 250. The plurality for Perkins in Oakland is over 1,000. The plurality in Sacramento is 1,500. In Los Angeles, White is leading; Perkins and Glenn are about even, and not far behind. All returns go to emphasize the previous reports, that the republicans have elected their entire State ticket by a plurality of probably not less than 15,000. Page and Pacheco are elected to Congress, and probably McKenna. The contest is doubtful between Davis and Barbour. Kalloch, for Mayor, retains a slight lead of Flint, and the probabilities as to the remainder of the city ticket are unchanged from previous advices. It is possible that the workingmen may have elected some of their supervisors and school directors, but nothing definite can be stated on that point. Advices regarding the legislature tickets are very meagre, but seem to indicate that the republicans will have a majority.

At 2 p. m. to day, one-third of the city vote was counted, with the following result: White, 6,277; Glenn 1,232; Perkins 6,078; Kalloch 6,769; Griswold 250; Flint 6,247. This represents probably a fair average of the whole vote.

The latest returns of the city yet reported, are: White, 7,435; Glenn, 1,531; Perkins, 7,468; Kalloch, 8,286; Griswold, 369; Flint, 7,689.

Grant Coming.

A Yokohama dispatch says: The family of Gen. Grant accompany him on the steamer *City of Tokio*, which sailed hence for San Francisco. They are all well.

FOREIGN.

GREAT BRITAIN.

Special Report Wanted.

LONDON, 4.—It is stated in Dublin, the Lord Lieutenant has requested the police authorities of Limerick to make a special report of the circumstances under which Charles Stewart Parnell, at the recent banquet, suffered the hissing which greeted the toast, "The Queen," to pass unnoticed, though he is a magistrate, and Member of Parliament.

The Coming Race.

The betting against Wheel of Fortune, for St. Leger, is 100 to 1. It is reported that Filly has been scratched.

Will Reduce.

The mill owners, in reply to remonstrance by operatives, refused either to reconsider their determination to reduce wages, or while maintaining the reduction to work the mills on full time, saying they were indifferent whether the mills were run or not.

Steamer Seriously Damaged.

The steamer *Indus* reports that she passed the steamer *Rhoda*, from Cardiff, on August 23rd, for New York, on the 29th of August, with her mainmast gone. She signalled that her damage was serious.

SPAIN.

Will Attend to it After the Royal Marriage.

MADRID, 4.—The government intends that the Cortes shall discuss the projected reforms in Cuba, after the royal marriage. The ministerial bill on the subject will be introduced, in case none is brought forward by the committee on Cuban questions.

ITALY.

The Irredenta Question—Not Quite Ready for War

ROME, 4.—The Italian Irredenta question is exciting renewed attention in consequence of recent pamphlets issued by Cole Haymerbex, brother of Count Andrassy's probable successor as Austro-Hungarian premier, stating it is fomented by unscrupulous men, who are animated by lust of conquest and that hatred of Austria is encouraged in Italy, because it is thought a province could be more easily filched from Austria than from any other power.

Liberte, Conservative organ, and therefore having more moderate views on foreign politicians than newspapers of the Left, replying to the pamphlet, says: Austria cannot expect Italy should declare Italian provinces, still under Austrian away, to belong to Austria by full right, and shall continue to do so indefinitely. On the other hand Italy cannot claim that Austria should, merely to please her, restore valuable provinces. As Italy cannot think of making war in her present condition, Austria cannot attack Italy merely for having certain aspirations. Both parties should stop making insincere and stereotyped declarations.

CANADA.

Will Row Again.

TORONTO, 4.—Hanlon has signified his acceptance of the offer to row Courtney for a purse of $6,000, the date and place yet to be agreed upon.

NEW BRUNSWICK.

Fined For Smuggling.

ST. JOHNS, N.B., 4.—The schooner, *Arnot* was seized, to-day, by custom officers, for smuggling. The collector imposed a fine of $800.

RUSSIA.

ALEXANDROWO, 4. — The Czar and Emperor William parted at noon to-day.

FRANCE.

Does Not Want the Ferry Bill Discussed.

PARIS, 4.—The government, having been beaten in the Councils General, on the Ferry bill, M. Lopere, Minister of the Interior, has ordered the Prefects to forbid the arrondisement Councils, which are about to meet, from discussing the bill, in order to prevent further expression of public opinion.

Specie Decrease.

Specie in the Bank of France decreased 30,861,000 francs during the past week.

GERMANY.

Treaty Violation.

BERLIN, 4.—An Odessa newspaper, *Pravda*, accuses the Porte of violating treaty obligations in allowing the armed vessel, *Wyoming*, to cruise in the Black Sea, with the American Ambassador to Turkey on board. The American consul at Odessa admits that the Porte at first refused permission, but yielded on the landing by the *Wyoming* of part of her armament.

SERVIA.

Notes.

BELGRADE, 4.—It is reported that the Skuptschina, which was to meet to settle the Jewish emancipation question, will not be summoned. It is probable, therefore, that the Powers will bring a pressure to bear on the Servian cabinet, with a view to a prompt solution of the matter.

The Albanian question has been settled by the announcement that all Albanians who apply to the commandants on the Albanian frontier will receive permission to return to their homes.
