Special Correspondence.

Eureka, Juab Co., Feb. 25.—In accordance with the proclamation issued yesterday by the mayor the schools, public assemblies, gambling houses, etc., have been closed, and today the town has a very quiet appearance. Everything possible is now being done by the city quarantine officers to prevent the spread of contagious diseases which are still being held in check by the city health officers.

People are not allowed to congregate in the saloons or on the streets, and when the morning's mail arrived here the usual large crowd could only be found at the postoffice on other occasions, were not in evidence.

PAYSON.

To Improve Mail Service—Dancing Craze—Good Educational Showing.

Special Correspondence.

Payson, Utah Co., Feb. 26.—Politics is now being discussed pretty freely. The Democrats held their primary in the city hall on the evening of 24th inst., to elect six delegates to the State convention on March 1. The Republicans held their primary on the evening of the 25th inst. to elect delegates to their State convention on March 2.

TO IMPROVE THE MAIL SERVICE.

For several months there has been much complaint concerning our mail service. The morning papers come down from Salt Lake on the Oregon Short Line freight due here about 1:30 p. m., but frequently it does not arrive until 10 p. m., so that mail on it is not distributed until the following morning. After April 1st, however, it is to be brought here on horse back from Spanish Fork, arriving about 1 p. m.

Miss Anna Nebeker, teacher of the fifth grade in the Central school, has resigned her position owing to poor health. Her place will be filled by Miss Agnes Evans, of Salt Lake City.

John W. Hays, Jr., of this place has been called to the Southern States mission. He leaves on April 13.

Judge Saxey, of Provo, has opened up a law office in the Lemmon block. He expects to make his home here in the future.

On Saturday evening, 24th inst., a boy was born to the home of Mr. and Mrs. Charles D. Evans. Mother and child are doing fairly well.

David Sargent is acting as marshal at present. Special Agent W. H. Wainwright, Jr., of Miss Daisy Oberhansli on the 20th of the present month and is taking a week's honey moon.

DANCING TO EXCESS.

Since the smallpox quarantine was raised, there have been an average of three dances a week, that close any time from 2 a. m. to 6 a. m. One dance at 8 a. m.—the children danced all night. Some parents are almost alarmed at the indifference shown by the care of the young folks, evidently not realizing that these unrestrained night carousals are a prolific source of immorality and evil habits. This is only one among many ways in which this smallpox indifference is shown.

John Donaldson and Fred Hulse, who have been running a candy kitchen here, have decided to remove their plant to Albuquerque, New Mexico, where they expect to do a much larger business than they have done here. Mr. Vogel, our baker and confectioner, will open a small kitchen here.

Payson has over twenty young people taking courses of study at the B. Y. academy and the University of Utah.

Schools will resume at American Fork today after a recess of two weeks. Pending smallpox developments, there are no new cases there and those who have been afflicted are now well, the disease was of a mild form.

Farmers are now busy planting grain.

MOUNT PLEASANT.

DEATH FROM VACCINATION.

Soldier Hero Returned for Burial from Havana—Sad Bereavements.

Special Correspondence.

Mt. Pleasant, Feb. 24.—The body of Adrian C. Keller arrived here yesterday from Havana, Cuba. He is listed as private in company C, Third Nebraska volunteer infantry, a year ago; was vaccinated on arriving in Havana, which resulted in blood poison proving fatal.

As the train pulled into the depot nearly a thousand people were gathered to pay their last respects to the soldier boy who was a native of this town but had moved to Nebraska where he enlisted. The funeral took place from the Presbyterian church.

SUDDEN BEREAVEMENT.

SPANISH FORK.

THE FIGHT FOR PROHIBITION.

Desperate Effort to Thwart Will of People—Festivities Galore.

Special Correspondence.

Spanish Fork, Utah Co., Feb. 26.—No new cases of smallpox have appeared for weeks, and none need be feared unless brought here from Eureka or other infected districts. There is considerable traffic and traveling between this place and the Tintic mining camps, and unless great care is taken by all concerned a re-appearance of the disease is very probable.

THE FIGHT FOR PROHIBITION.

A matter of deep concern stirred the majority of the people here last week as nothing else has for a long time past. It will be remembered that at the recent municipal election here the citizens' ticket won by an overwhelming majority in favor of prohibition. Upon the installment of the new officers they at once passed an elaborate, rigid ordinance against the selling, giving away, etc., of intoxicating drinks. All the saloons—except one whose license has not yet expired—have closed in consequence. Not to be baffled in his trade, Mr. Jos. Jensen, one of the outas, moved, with fourteen span of horses and a multitude of help and onlookers, his saloon from the center of business to a place on the very margin of our cut down city limits, as you go from here to Springville.

Even Cronje or Joubert could have enticed themselves in a more suitable kopje for assault or rather for absorption, as the site selected lies between two prohibition towns. Mayor Gardiner, Councilman Snell, and other tacticians, backed with an immense petition, outflanked Joseph's maneuvers by an adroit appearance before the county commissioners demanding that they refuse to issue a license to the said Joseph at the said place, or any place within one mile of the city limits.

Accordingly the board decided against Joseph, and in fulfillment of an oft repeated prediction of Mrs. Rev. Lee, the saloon has gone. All is quiet now.

SEASON OF ENJOYMENTS.

Like a caged bird when allowed his freedom, the old and young alike have broken all record for enjoyment since the raising of the quarantine. Maccabees, young married people, Matruas, and others, have met in the social quadrangle and wait, while some of the scarred and non-scarred heroes of Indian battle grounds, in proud remem-

brance of their victorious struggles of long ago, delivered speeches of oratorical merit, recited with old time eloquence, sang the good old songs, or often aimed at the camp fire while on the trail, and danced as nimbly as in the old log school house, forty years ago.

An old landmark of historical interest has just been removed. It is the old Morris and dance hall, located on the best local talent disposed itself in plays then popular. Here our revered Bishop Snell, Hon. Wm. Croer, now Ill; John Moore, the veteran counsellor; Caroline Pace, now city treasurer; Wm. McKee, now at Ashley, and once an Indian fighter of renown; David Malcolm Joshua Hanks and Thomas Robertson and wives—all gone beyond—delighted the assembled citizens in tragedy and comedy.

MEETING HOUSE AT PALMYRA.

The good people of Palmyra, an attachment of the Third ward of Spanish Fork, are preparing to build a meeting house on a piece of ground adjoining the school house of that place. It is estimated that the house will cost nearly \$1,000.

Elder Wallace Bunting is doing good work here in the interest of the Era, and as a missionary among the young men.

SCHOOL AFFAIRS.

Our day schools are all filled to the utmost capacity, and teachers and pupils are working like beavers to make up, as well as they can, some of the lost time consequent on their enforced vacation. For many years past the schools of this place have been the pride of the people, and are leading to the honor of the State as being in the front rank.

Stood Death Off.

E. B. Mundy, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malaria, fever and chills, and he was soon much better, but continued his use until he was wholly cured. I am sure Electric Bitters saved his life. This remedy expels malaria, kills disease germs and purifies the blood; it cures, regulates liver, kidneys and bowels; cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50 cents at Z. C. M. I. Drug Dept."

AMERICAN FORK.

Propose to Build More School Rooms—Smallpox Scare Subsiding.

Special Correspondence.

American Fork, Utah Co., Feb. 24.—A public meeting of the taxpayers of this city was held in the Central school building last evening to consider the proposition of providing additional room for the district schools, the departments of which have been overcrowded the past two years. It was the sense of the meeting that additional school facilities be provided by the city. The trustees were authorized to find out and report the cost of the necessary buildings.

SMALLPOX SCARE SUBSIDED.

The smallpox scare here has subsided and our Sunday schools and public meetings will convene tomorrow. The public schools which have been closed for over a week will re-open Monday. No new cases have appeared since those in the Greenwood family, which were of a very mild form, and Dr. Noyes and the board of health are of the opinion that all danger is past—at least for the present.

Mr. and Mrs. Irvin Makin lost a small child last night. The cause of the death was pneumonia.

Bishop W. D. Robinson and wife have returned home again from Salt Lake by a train of the Utah and Pacific yesterday. While the Bishop is able to be around he is far from being a well man.

The many friends of Sister E. D. Clark will regret to learn that she was taken quite ill while visiting at Salt Lake yesterday. Her husband, Dr. Noyes, and Dr. Noyes were summoned. At last accounts she was a little better.

BEAVER.

ANOTHER DE LA MAR VICTIM.

William Price of Greenville Succumbs to Deadly Marriage.

Special Correspondence.

Beaver, Beaver Co., Feb. 22.—William Price, a single man and son of Mr. Charles Price, of this place, died of the effects of De La Mar dust. Mr. Price, some time ago, worked at the De La Mar mill, returned home and, for several months, has suffered very much, gradually growing worse until the death of the wife of the deceased. The funeral was held at the Greenville meeting house today at 2 p. m. Many sorrowing friends from Beaver attended the funeral which was a very large one.

ANOTHER SUFFERER.

There is another of our young men very sick and suffering from the same complaint.

SCHOW-OWEN NUPTIALS.

Mr. Charles Schow, of Curfew ward, Beaver county, and Miss Sarah Owen, of this city, were married yesterday at the home of the bride's parents, Elder J. A. Tolton officiating. It was a very quiet wedding, only a few of the relatives and most particular friends being present.

CHARACTER BALL.

Today, Washington's birthday, has passed off quietly, the business houses, all being closed. There will be a character ball in the open house tonight by the young people's Mutual Improvement associations. Cash prizes will be awarded to the two best characters represented, one gentleman and one lady. There will also be a dance in the Woodhouse hall.

FILLMORE.

CENTRAL SCHOOL DEDICATED.

Interesting Ceremony—Magnificent Structure Cost \$14,000.

Special Correspondence.

Fillmore, Millard Co., Feb. 24.—Yesterday at 1:30 p. m. the dedicatory services of the Fillmore Central school house were fittingly rendered. This magnificent structure is modern in every respect, having been erected at a cost of fourteen thousand dollars. There are two stories and a basement, four rooms on first floor and three on second floor, with office and library. Professors Kingsbury and Roylance of the University of Utah came down to attend the services, but Prof. Roylance became ill soon after arriving and could not attend. Professor J. E. Hickman of the B. Y. academy of Provo was with us, and added to the interest of the program, which was as follows: Invocation by Bishop T. C. Callister; singing, choir; address of welcome, Alma Greenwood; response by County Superintendent of Schools H. P. Brown; cantata by Miss Frances Thompson; company; religious music by the public school choir; remarks by Prof. J. E. Hickman; dedicatory speech by Joshua Greenwood; anthem by choir entitled "The Mercies of the Lord"; prayer by Christian An-

derson. In the evening the school presented to a crowded house "Not Such a Fool as She Looked" and "Out in the Street." Much good singing and the young people for the manner in which they presented them.

The case of Lavinia McCombe vs Geo. C. Laid and J. Tom Fitch, damage suit, was continued for the term.

In the case of Laura A. Lang vs Frank B. Lang, suit for divorce, defendant appeared and stated that he could not pay the \$50 to plaintiff, and for the purpose of settling the matter the court stated that he had only \$10 whereupon he was ordered to pay to plaintiff the sum of \$7.50, which amount was to be used by her in procuring witnesses to testify in her behalf.

At Jurors not on the panel in the Spaulding vs. Hired, et al., case, were excused for the term.

Price, Feb. 24.—The case of C. W. Spaulding vs C. W. Alford et al., is still before the court, and will probably have to go over until Monday.

A marriage license was issued today by the county clerk to James F. Jones, aged 21, of Cotton, and Miss Emma Curtis, aged 19 years, of Cotton, Utah. Judge Holdaway officiated at the wedding.

A new visitor has put in an appearance at the home of Mr
