STAKE ACADEMY CLOSING. New Depot and Railroad Facilities for Gila Valley.

Special Correspondence.

Thatcher, Graham Co., Ariz., May 18.

—After a very successful school year the work at the stake academy closed with a fitting program. Splendid singing was given by the choir, directed by Prof. Wm. Moore Claydon. Essays, music, solos, male chorus, review of the work by the principal, A. C. Peterson, were the leading numbers. An exhibition of work done by the boys of manual training class and girls of domestic art, was arranged in the ladies' mestic art, was arranged in the ladies' sewing room. The work done by the yroung people was very satisfactorily executed, showing marked progress.

In the evening the program consisted of music and a talk on education by President Andrew Kimball.

Tomorrow the student body and faculty are to spend the day in the hills about 12 miles out, where, with picning they will close their associations for the past year in a grand sociable.

LAFAYETTE BASEBALL TEAM.

Who Have Made a Wonderful Record in the Grammar Grade League and Lead the Race for the Pennant.

The Lafayette school youngsters have played the most consistent baseball of the league through their season, and stand in a fair way to win the pennant, with a tie as the more remote possibility, and an extra game to decide it. Last night the team met the Oquirrhs, and had they won, they would have won the series, but the game ended in a row, both sides claiming it, and the Lafayettes batting their way to a disputed victory of 13 to 11 in the last inning, after the Oquirrhs led at the close of their half.

The five stars of the team are Taylor, 1 b.; Ferguson, 3 b.; Lund, l. f.; Capt. Snow, c, and Young, p. The youngsters, most of them, come from baseball playing fathers, who learned the game on the old Eighteenth ward square, where school league games were fought out a score of years ago.

This decidedly springs a surprise on the This decidedly springs a surprise on the local bunch, instead of a clear field of winning possibilities there is only a fighting chance, and a prospect of being crowded to the tape in nearly every event. Still the state meet can hardly be called a contest, and even our of form, the U. of U. men may pull in ahead, as it is well known that timers on home grounds, get vastly different results from experts at the state meets, who catch the flash and the breasting of the tape and send 10 second men back to the II second class. Utable campus him frequently been in-Itah's campus has frequently been invaded by strangers who came bearing tales of wonderful form, and rapid the records, only to find her home grown talent with much stower records, running well away from the wonders. This has happened so much that the older men are now taking liberal applications of sult with the "dope" that is scaring the younger athletes up in such a surprising way.

AGGIES COME TODAY.

The Logan team will arrive this afternoon in order to rest up for the meet on the grounds. An exoursion and hand will follow tomorrow, arriving at noon. The L. D. S. U. team is up to its keenest form, and will do whatever is in it to do, to its fullest limit. There is little prespect for a falling down in the sprints, on any school's part, and the finish will probably be again this year as it was last year, with a man from each school crowding for the lead.

OFFICIALS NAMED.

Manager John Jensen amounces the following officials after considerable correspondence with the various schools:

A COMMUNICATION.

Mill Creek Basketball Manager Cor-rects an Impression as to Victors. rects an Impression as to Victors.

In last night's impression of the "News" the report of a basketball game between the Lowell school and the Mill Creek district school was printed, giving the Lowell institution the victors, a notice to this effect having been sent to the sporting editor's desk. In a letter correcting the impression, Arthur Rynearson manager of the Mill Creek team, says: "The notice given by the Lowell school, and printed Thursday evening, is incorrect. Some time ago Mill Creek issued a challenge to any school in the state to play for the championship of Utah, and Wednesday the Lowell school came down to accept it. The score was 35 to 4 in layor of Mill Creek. Mill Creek doubted the ability of Lowells to throw a single basket, without opposition, and agreed to stand still and let them try. They got half of their points in this throw.

"The Lowells do not know how to play basketball. They compilan about the umpire when they are entirely ignorant of the rules, and asked Mill Creek to furnish an umpire because they came down without one. Mill Creek would be ashamed to play the game if it knew as little about it. Arthur Rynearson, manager.

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are

the penalty. You can keep the system strong with Dr. Miles' Nervine, It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending or Miles' Nervine to those suffering from nervous prostration, insomnia and melaucholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chages away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."
