MADDOCK TO HAVE ASSISTANT COACH.

The Popular Sprinter and Half Back "Fuzzy" Moore Will Organize Second Eleven.

TWO TEAMS AT UNIVERSITY.

Squad Now Numbers Nearly Thirty Men and All Places Are Well Provided for—Montana Game First.

For the first time in its history the University of Utah is to have two fully organized football teams this year, each with its own coach, and each with its own captain and field to play upon. The "second team" which plays so important a part in the big colleges has been an impossibility in Utah heretofore from the fact that there has been a lack of material in the squad. Now, however, the outlook is for a squad of 30 men on Cummings field, and the new team will accordingly be organized. "Fuzzy" Moore, an exceptional halfback on last year's team, and the University's best 100-yard sprinter, will be coach of the second eleven. It will be composed of the best eleven men on the squad outside of the eleven who make the "varsity." Every time scrimmage practice is desired it will meet the varsity team and in addition to this the varsity team and secondary schools will play games with each other. When the "varsity" eleven of the state makes trips to outside schools the four substitutes to accompany it will be chosen from the hardest working men on the second eleven.

"FUZZY" MOORE AS COACH.

A preliminary appointment of players to the two eleven will be made at practice this afternoon, and Coach Moore will soon be announced by Maddock as head of the second eleven. When asked this morning as to the lineup for his 'varsity team Coach Maddock gave it as follows: Center, Varley; right guard, Barton; left guard, Bell; right tackle, Capt. Peterson; left tackle, Curtis; right end, Anderson; left end, Pitt; quarterback, Scranton; left half, "Caddy" Russell; right half, Harris; fullback, Fred Benson.

MEN FOR SECOND ELEVEN.

For the second eleven the men now in sight are Herbst at quarter, "Cole" Russell at one end, Burt Bennion at the other, and Burton, Neheker, "Dee" Bennion, Cromer, Hatch, Jed Russell and Hume for places not yet determined.

The new eleven will practice on the campus outside of Cummings field and its men will be interchanged for members of the 'varsity team as they "make good" for the places over those chosen for the first team in the preliminary games.

LAYING OFF FIELD.

A force of men will be put on this afternoon or tomorrow to survey Cummings field for the purpose of establishing five-yard lines, and the proper location for the goal posts. Stakes will be driven along the middle of the field so that the lines can measure the play accurately, however blurred the five-yard lines become. The tackling dummy will also be in commission within a day or two, so that the men can be hardened down at once to expert tackling form for the first game of the season.

MONTANA GAME IS FIRST.

This comes at Missoula, Mont., on Oct. 6 the University of Montana furnishing the opposing team. Coach Continear has left Montana this year and Coach Schulz has his position. The game is early for both teams, but Utah will be in shape to look together at any rate.

BEAN SAYS BOUT WILL TAKE PLACE.

Declares That Wille-Ruhlin Match Will Not be a Prize Fight.

BUT A BOXING EXHIBITION.

Permission Was Given by City Authorities To Give the Contest but County Attorney Objects.

The action of County Attorney Farley P. Christensen in notifying Willard Bean that the Wille-Ruhlin bout could not take place as arranged, as set forth in last evening's "News," has been the sole topic for conversation today among the fight fans and lovers of the fistic game generally.

Judging from the remarks heard on every side Mr. Christensen's actions are decidedly unpopular among a large number of persons who like the boxing game. They express wonder and astonishment that nothing was said about stopping the mill until almost on the eve of the contest and they are asking, "Why?"

To the question, Mr. Christensen simply says that prizefights are against the law and he proposes to see that the majesty of the law is upheld. To this, Manager Bean says:

"I know the law well enough. I am not violating the law nor do I intend to. I am not promoting prizefights. This contest was advertised and is to be a 'boxing exhibition.' If the sheriff thinks it is a brutal prizefight, or if there is any brutality, he will not have to stop it. I will attend to that myself."

It is well known that the city authorities granted permission to Bean to pull off the bout. He went ahead with his arrangements and had them all perfected. His advertising was ordered, tickets printed, training quarters secured for the men and other work begun. Bean declares that he has invested at least $400, and that if it is stopped he will be out that much. Bean said it Mr. Christensen had taken this action when the match was first announced, a great deal of bother would have been avoided, but he does not feel now like calling the thing off. "As I have arranged for no prizefight I have nothing to call off," is the way he puts it. Bean says that he would not have made the match for such an early date but for the fact that it will soon be too cold for open-air performances, and he wanted the match to take place at the Salt Palace.

What Billy Madden Says.

Primarily, a prizefight is a battle in which two men engage under the old London prizering rules, which permit backheeling, cross-buttocking and a dozen other tricks of the wrestler and roughhouse slugger any one of which amounts to a foul, and a disqualification in Queensbury boxing.

Billy Madden objects to the Britt-Nelson glove contest being called a prizefight. Prizefighting originated in London and is fought under London prizering rules. Glove contests are fought under Queensbury rules only.—Butte Inter-Mountian.

ATHLETES ARE BUNCOED.

Instead of Receiving Gold Medals They Got Plate Affairs.

Portland, Or., Sept. 19.—Athletes from various sections of the United States who competed in the Lewis and Clark championships given under the auspices of the Lewis and Clark exposition, and who imagined that for first place winnings they received gold medals valued at $22.50, are just awakening to the fact that the medals are gold plated affairs valued at from $5 to $12.50, though there were a few of the higher priced medals cast.

The first complaint that some of the prize winners were displeased with the treatment accorded them by the exposition officials was received from San Francisco in a letter addressed to Bert Kerrigan, director of athletics at the Lewis and Clark exposition, by Eugene Van Court of the Olympic club of San Francisco, who protested against the small intrinsic value of the medals won by several of the champion athletes of that club.

When seen today Mr. Kerrigan admitted that he had permitted the impression to go out among the competing athletes that the medals were of gold and valued at $22.50 for the first medals and down to $15 for the less meritorious testimonials. Kerrigan claims that he never made the direct statement that the men were fighting for gold medals, but simply permitted the men to believe they were contesting for really valuable prizes.

In order to potect himself fom scandal, the manufacturing jeweler today explained that he had never represented the medals to be anything more than they were—gold plated on copper. He also showed his accounts, which make it plain that several hundred medals were ordered by the Lewis and Clark exposition management, and that the prices were as above—from $5 to $12.50 each.

Fatal Automobile Accident.

Trenton, N. J., Sept. 19.—Robert E. Kidd of Staten Island, N. Y., was killed and S. Hinman Bird of New York City was seriously injured in an automobile accident at Highstown today. The machine was completely overturned by running into a telegraph pole. Bird is a stepson of Charles T. Cook, president of the Tiffany company, New York, and is the president of the senior class of Princeton university.

Kidd was a well known automobile racer. He served with the Rough Riders during the Spanish-American war, and was afterward in the regular cavalry.

To Investigate Illegal Fishing.

Toronto, Ont., Sept. 19.—The Ontario fisheries department will institute a rigid investigation into alleged illegal fishing by American firms in Georgian bay and Lake Erie. It is claimed that thousands of tons of fish illegally taken are shipped to the United States every week. The chances taken by fishermen on Lake Erie of clashing with the government's cruiser Vigilant are not the only means taken by American firms to get fish from Canadian waters, according to a government official. It is alleged that they secure the services of licensed Canadian fishermen and supply them with nets and tugs. The Canadian fishermen then turn their catches over to boats belonging to the American companies.

TURKEY BEGINNING TO YIELD TO AMERICAN DEMANDS

Constantinople, Sept. 19.—Turkey has taken the first step towards yielding to the demands of the American legation by admitting the right of the American consular authorities to see the Armenians, Vartanian and Afarian, and investigate their claims to be entitled to American protection. Consul-General Dickinson has visited the prisoners and has opened an inquiry.

Contrary to general report, Minister Leishmann's audience with the sultan Sept. 15 was merely a courtesy visit, and not connected with the present diplomatic difficulty to which neither the sultan nor Mr. Leishmann alluded.

Vartanian is charged with the murder of a prominent Armenian merchant, Apik Undjian, in Constantinople Aug. 26. The crime was political. Afarian is accused of participation in the plot to assassinate the sultan July 21, when a bomb was exploded at the conclusion of the Selamik ceremony, just as the sultan was leaving the mosque. About 40 persons were killed by the explosion. Both Vartanian and Afarian had been sentenced to death, but owing to the intervention of the American legation their sentences have been quashed and new trials ordered.

"DRUNKENNESS"

Cigarette and Tobacco Habits Cured by

TRIB.

Each package contains a full four weeks' treatment and GUARANTEE a cure in every case. Price, $12.50.

"TRIB" cleans the entire system. The examination of the bath water after a few days' treatment will at once convince you of this fact.

T. F. Ledger, 319 Seneca Street, Seattle, Wash., writes:

"You ask me what I think of "TRIB." Well, it is the greatest discovery for cleaning out poison blood and system on earth. I took it with the idea that if it cleared the system of tobacco and alcohol poison, it also would do the same thing to blood poison, of which I have been a sufferer for years, and I can truthfully say it has served the purpose after spending hundreds of dollars on worthless advertised remedies for blood poison as well as a cure for tobacco and liquor habits. Inquiries cheerfully answered if stamp is enclosed.

"It is our belief that no remedy upon the market today will come nearer leaving your system after treatment, as pure and clean as that of a new born babe, as "TRIB" will. A trial will at once convince you that "TRIB" is all we claim for it.
