LIVING COMES HIGH FOR LABORING MAN

Groceries, Meats and Rents Soar
To the City Detriment Retarding Growth.

TOO MANY COMBINATIONS.

C. O. Pratt Says the Wage Earner's Money Buys Him Less Here Than Almost Anywhere Else.

"There is only one thing that is holding Salt Lake back," said C. O. Pratt just before departing for Chicago last night, to report at district headquarters on the Salt Lake street car strike. "With that item out of the way, I think the city could count on a growth in the next 10 years that would make the rival of any city between Chicago and San Francisco."

"The thing I refer to is the multiplicity of small sized combinations to extort money out of the laboring class. The result is that the wage earner shuns the city on account of high rent, or seeks work elsewhere on account of the very high prices for groceries, meat, and general household necessities. You can't attract laboring people here, because the cost of living is so high that there are too many other places where a laboring man can get better for his money. I hardly know a city in America, except Butte, where the general expense of living is maintained at so high a rate. The people responsible for it, if responsibility can be fixed on any one group, are the hardy friends of the city's best welfare, and adjustment of conditions in this direction would make the outlook much better. I never saw so pretty a spot as a home city, and I almost feel like moving Mrs. Pratt out here to live."

Mr. Pratt departed for Chicago on the evening train last night, and was given a rousing send off by the street car boys. His trip east may be followed by a visit to San Francisco, if the street car situation there demands it. He is expected to return to the city in a few days, and will be met by the local union, as all that remains is for the signatures of proper representatives of the men to be affixed, with those of company officials.

RHEUMATISM
When pains or irritation exist on any part of the body, the application of Ballard's Kidney & Bladder Cure, E. W. Sullivan, Prop., Sullivan House, 812 Reno, O. T., writes, June 6, 1902: "I take and recommend this medicine to all who are afflicted with rheumatism. It is the only remedy I have found to cure it. I have cured many cases, and I am now sound and well." During the summer, kidney irregularities are often caused by excessive drinking, eating greasy food, and neglecting the kidneys at once by using Ballard's Kidney Cure. For sale by F. J. Hill Drug Co.

Wandering Son of Mrs. Peter Timmons Turns up at Elko, Nev.

There is joy in the household of Mrs. Peter Timmons of 130 East First South street on account of the finding of her 11 year old son Miles Waite Timmons, who ran away from home several days ago and went to Elko, Nev. The house will soon be torn down to be replaced by one of the Newhouse buildings. It has been vacated by the owner, and a watchman was employed to care for the property. In spite of this, the stealings have been going on for several days. Among the articles stolen was a box of silver plated silver and knives valued at \$100. A Chinese named Ling Chih Ching was arrested yesterday afternoon by United States officers, charged with being unlawfully in this country. MY BEST FRIEND.
Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is the best medicine I have ever used. I was cured of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished the other symptoms left one by one, until she was perfectly well. THEY WERE SURPRISED.
Councilmen Find West Side Rapid Transit in Fair Condition.

Councilmen Crabtree, Mulvey, Carter, O'Donnell and Holley took a tour of inspection yesterday afternoon over the West Side Rapid Transit line to determine whether or not the franchise of the company should be revoked because of poor service. They reported that the road was in better condition than they expected, and that the company was really making some improvements. Inasmuch as the franchise expires in three years the council will probably not revoke it, but a formal working agreement drawn up, will be handled by the local union, as all that remains is for the signatures of proper representatives of the men to be affixed, with those of company officials.

FUNERAL OF MRS. STOKES.
Nearly Ninety Years Old, She Lived Twenty in Blindness.

Mrs. Fannie Stokes, a resident of Draper, for nearly half a century, died on April 24 and was buried two days later. The deceased was 88 years of age, and emigrated to the United States in 1850, from her native England. In 1859 she came to Utah and resided in this country until her death. She was the mother of nine children, four of whom survive her, two sons and two daughters. She left behind her 88 grandchildren and 65 great grandchildren.

Strength and Endurance.
Are factors of the greatest success. No person can do full justice to himself without the aid of a tonic. In no season of the year are they more easily exhausted than in the spring.

We need not discuss the reason for this here. It's enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands annually testify.
