Suit on Car of Bananas—Funeral Services—High Altitude Dementia—News Notes.

Ogden, Oct. 31.—The treasurer of the city board of education reported at the regular meeting held last night that the \$75,000 received from the sale of the high school bonds had reached his hands from the purchasing corporation in Chicago. He was instructed to place \$50,000 in a local savings bank at 4 per cent interest until the fund is needed. The balance \$25,000 was held out to defray the expenses of excavating and construction work for the new building which will probably be begun by the middle of November. A special meeting of the board has been called for next Wednesday when the contract for the erection of the building will be let.

### WEBER ACADEMY NOTES.

Ogden, Oct. 30.—Prof. Moshiah Hall of the University of Utah spent the day Tuesday at the academy, and expressed his view that there is a wonderful work being done here. The faculty is perhaps the strongest, and certainly the most numerous it has ever had. The registration this year has materially increased.

On Thursday morning Elder McKay spoke to the school on "True Education," illustrating and distinguishing the decorative, utilitarian, and creative ideals.

The business department is being emphasized more this year than heretofore. The addition of 42 new typewriters makes that department one of the best equipped in the west. Miss Wetzel, who taught formerly in the L. D. S. Business college, and who has charge now of the typewriter department here, expects to make that department one of the leading features of the school.

Under the direction of F. F. Hintze, head of the chemical and physical department, the school laboratories are being restocked and fitted up with all necessary and modern conveniences and apparatus.

The academy band gave a concert and dance in Huntsville last Friday evening. E. W. Nichol, the director, announces that similar concerts will be given in most of the towns in the county, and later on here in Ogden.

Principal W. M. McKendrick lectured this forenoon to the Weber county public school teachers on "Nicknames in Arithmetic."

**SUIT ON CAR OF BANANAS.**  
Suit was begun in the district court yesterday by the H. L. Griffin company to recover \$474.95 alleged to be due on the shipment of a car of bananas by the Fruit dispatch company, a New Jersey corporation. The complaint alleges that the consignee agreed to sell to the plaintiff a car of bananas which were loaded at Mobile, Alabama, destined for Ogden. When the carload of fruit reached the market here it was unfit for consumption according to the plaintiff. This was due to the lack of care on the part of defendant in loading the bananas in a freight car, which was unprotected against the variable climate encountered in transit from the southern city to Ogden.

### FUNERAL SERVICES.

The funeral services over the remains of Mrs. Mary H. Bald were held yesterday afternoon at the Lynn ward meetinghouse, Bishop George Snuin
