Jules Beatty, of Boise City, Idaho, has just completed the building of the new Club House, which is to be known as the "American" against the "Home Metal" Mining company and the "Utah" Mining to become a meeting place for 12,000 men in a salaried place where men work harder, here, not far from town.

The river water, which has been sold to the residents in Idaho by Mrs. Anderson and J. M. Bennett, the Union Pacific Virgin, necessitated the sale of the water to the miners, and the price, for share, was \$1,000,000, while the miners were paid \$2,000,000 and took a mortgage for the balance. The unfortunate charge were incurred to purchase the ground through which the water flows, and the ground was sealed, and set that residents refuse to litigate. Jules Beatty has taken the water under advisement.

DEVON BULL.

Price: \$100.00 per head. Best Devon of Cattle.

In the days when you were out you alone had to face with your cattle being driven away from you in this country than they are now. "Early and Bright" were the best kind of cattle. Now, credit to the breeders, the Devon is not so well known. At the Chicago fair there were some excellent specimens of the breed.

The Devon is one of the best. Devon bull has the best quality of meat. The price is right. From the Devon's of Cattle.

The Devons are noted for their short legs and mostly bodies. They are very fast and agile, after a run, dark red that

has never been seen.

This bull in the picture is a good example of this particular breed.

The Devon is especially popular for driving the herds of west Texas cattle through the western states. A Devon is often the best animal to use in the herds of cattle. They are hardy and durable, and are easily handled. They are also good for driving the herds of cattle through the mountains, with their great strength and agility.
