

FRANCHISE WAS NOT COMPLETED.

In Consequence Action of Council Was Deferred Till Wednesday Night.

MANY WERE DISAPPOINTED.

Woodmen Granted Free Site for Headquarters—Appropriation Wanted For Good Roads.

There was quite a large number of disappointed citizens at the city council meeting last night owing to the fact that the new franchise for the Utah Light & Railway company was not completed by the committee yesterday afternoon in time to be presented to the council for definite action. The gallery was filled to overflowing with representative citizens who had attended to hear the final arguments on the franchise question.

President Hewlett informed them soon after the meeting was called to order, that the franchise would not be considered as it was not yet in shape to be submitted to the council. A number of the spectators left immediately while others stayed until the adjournment. From present indications the franchise will be submitted Wednesday evening and a very interesting and exciting meeting is anticipated.

CLERK OF JUVENILE COURT.

An ordinance was passed under a suspension of the rules rearranging the office of the city recorder's office so that he may appoint a deputy recorder to act as clerk of the juvenile court. It is an amendment to the present ordinance and does not increase the number of deputies and clerks nor does it increase the salary list.

FREE SITE FOR WOODMEN.

Upon recommendation of the public grounds committee, the council voted to donate the city's lot on Fourth South street just north of the city and county building, to the Woodmen of the World and Women of Woodcraft, provided that order succeeds in bringing its permanent headquarters to this city and erects a building on the lot to cost not less than \$10,000. President Hewlett was authorized to telegraph the Woodmen in convention at Los Angeles of the action of the council.

SIDEWALKS CONTRACT.

The board of public works submitted copies of the contract with the Utah Fireproofing company for the laying of cement sidewalks in the city during the year which were approved by a unanimous vote of the council. The protest of Rudolph S. Blome & Co. against awarding the contract to the Utah Fireproofing company was read and filed without comment. The board also submitted the contract with P. P. Ford for sewer extensions which was also approved by a unanimous vote.

FOR GOOD ROADS.

Street Supervisor Seddon petitioned the council for an appropriation of \$1,000 to commence the work of paving the city streets. After some little discussion as to the cost of doing the entire work, the matter was referred to the committees on streets and engineering with the city engineer associated.

TO USE TILE PIPE.

A large number of residents in the sewer district north of B and C streets petitioned the council to be allowed to use sewer tile pipe instead of cast iron pipe as required by ordinance in making sewer connections. The petition was referred to the committees on sewer and municipal laws with the city engineer associated.

SPECIAL POLICEMEN.

Chief Lynch sent in the appointment of F. G. Lincoln as a special policeman at the Utah park to assist in the maintenance of the city. The appointment was confirmed.

George Howarth's appointment as a special policeman for the Salt Lake Copper company was also confirmed.

CIRCUS IS COMING.

R. M. Harvey, agent for Barnum & Bailey's circus, petitioned the council for a license for his show to operate two days some time in August at not more than \$150 per day. The matter was referred to the committee on license. The regular license is \$400 per day.

PAYROLLS REFERRED.

The department payroll for the first half of April amounting to \$2,257.22, was submitted by City Auditor P. J. and referred to the finance committee and the chairman of the other committees with power to act.

The council took a recess at 9:30 o'clock until Wednesday when it will meet. Nearly all the members then took in the prize fight.

A Dandy for Burns.

Dr. Bergin, Pansy, writes: "I have heard of Ballard's Snow Liniment. Always recommended it to my friends, as I am confident there is no better made. It is a dandy for burns. Those who live on farms are especially liable to get burns in the summer. Burns, bruises, which heal rapidly with Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, \$1.00. Sold by Z. C. M. I. Drug Dept.

CAUGHT AFTER HOT CHASE

Carl Jennings Found in Manger and Booked for Housebreaking.

Carl Jennings was captured yesterday afternoon after a chase of several blocks, by a nightwatchman, a policeman, and a number of interested spectators, and lodged in the city jail on the charge of housebreaking. He was caught in the act of ransacking a trunk by William Wolcott, who lives at a west second South street roominghouse, and who returned to his room yesterday afternoon to find Jennings at work on his trunk. On demanding an explanation, Jennings said that he was merely looking for his work. When told that his trunk had been ransacked and that the lock on his trunk had been broken open, he then gave chase, and followed the culprit several blocks westward, being joined by Nightwatchman James Kelley and Police Officer P. H. C. Hill. The premises of L. S. Hills on south second street, which was surrounded and finally caught, he was given a shove over with bay. He was given a shove to the station and booked on the charge of housebreaking. Mr. Wolcott states that nothing of value was taken from his room.

STRUGGLE FOR CAPITAL NEWS.

Political Factions of Gem State in Warm Fight for a Newspaper.

MANY CHANCES AND CHARGES.

Dubois Wants to Get in Bat There Are Some Blocks in the Way—Latest Developments.

Special Correspondence.

Boise, Ida., April 17.—The struggle for control of the Evening Capital News of Boise is growing decidedly interesting. On the one hand Senator Fred Dubois, backed by a bank account which Dame Rumor alleges has been furnished by the Women's clubs of the country who are seeking to unseat Senator Reed Smoot and give the "Mormons" generally a very lively time; on the other hand are the Democratic leaders who are anxious to retain their political organ untarnished from the Dubois brush. There are still others in it, too. W. E. Borah is anxious to get in, while J. H. Brady of Pocatello, chairman of the state Republican committee, apparently has already got in and is holding off all comers.

Following the meeting of the stockholders of the Capital News on Friday, when Charles H. Fisher, editor of the paper and president of the company, and his associate, W. J. D'Arcy, were elected, developments materialized thick and fast. On Saturday the first of what promises to be a series of suits growing out of the controversy was filed in the district court. The plaintiff is the Capital News Publishing company and the defendant is Charles H. Fisher, who up to last week had been the editor of the paper since it was first started.

CONSPIRACY ALLEGED.

The complaint charges that Messrs. Fisher and D'Arcy, as stockholders and officers of the company, entered into a conspiracy with J. H. Brady, to loot the business and wreck the paper in order to get control for political purposes. In the action the plaintiff complains that the defendants have received \$1,764.66 under three causes of action—\$1,000 alleged to have been paid by Brady to Fisher during the recent campaign, \$244.66 on overdrawn salary, and \$500 alleged to have been withheld by Fisher out of the proceeds of a note executed by Fisher, representing the company, for \$3,000.

PROPERTY ATTACHMENT.

An attachment has been issued in connection with the suit on a piece of property recently purchased by Fisher in Boise for \$11,000.

The cause of action respecting the payment to Fisher by Chairman Brady of \$1,000 is as follows: "That the defendant, C. H. Fisher, is indebted to the plaintiff in the sum of \$1,000 as follows: That during the months of September, October and November, 1904, as the plaintiff is informed and believes, one J. H. Brady, as chairman of the Republican state central committee, paid over to the defendant, C. H. Fisher, for the benefit and use of the plaintiff, the sum of \$1,000, and it became and was the duty of C. H. Fisher to immediately account for and pay over said sum of money to the plaintiff, which he has failed and neglected to do, but as the plaintiff is informed and believes appropriated and converted to his own use."

The allegation respecting the note follows: "That the defendant is indebted to the plaintiff in the sum of \$244.66 on overdrawn salary, to wit: That on Jan. 24, 1905, the said defendant, as president of the above company, and acting for and on behalf of the company, executed and delivered to George H. Townsend a promissory note for the sum of \$3,000, receiving, as the plaintiff is informed and believes, the full sum of \$3,000 on account thereof, and that the said defendant has only accounted for and paid over to the plaintiff the sum of \$2,555.34 and that he still holds in his possession the balance, to wit, \$500."

ever, it would be necessary for me to transfer my stock to him in trust. This I did. Nothing came of the proposed bond sale through Fisher, however, and finally he and D'Arcy came to me with a proposition to sell the paper. They said they had parties who would pay \$42,000 for the paper. I refused to sell for that price, wanting \$52,000, which represented the asking up to that time. A little later on I arranged a sale at \$50,000, but much to my surprise Fisher and D'Arcy both opposed it, saying they thought their friends should buy the first show, even at a lower figure.

"It was not until then that my eyes opened to the plot. I denounced both men on the spot and refused to have anything further to do with their deals for the sale of the paper. The stock, which I had assigned to Fisher to be held by him in trust, and which he had promised to turn over to me, had not been returned. Fisher had issued the stock—his, mine and D'Arcy's—to Townsend, who was really J. H. Brady, so far as the deal was concerned. Brady still has the stock. I intend to sue him to get possession of it. It was a bold faced attempt to fleece me out of my holdings.

"Another suit will be filed against Fisher to compel him to return \$500 of company funds he has in his hands. The company gave a note for \$3,000. Fisher was paid the money, and he turned in only \$2,500. I persistently requested him to turn over the balance. He made many promises but finally admitted he could not pay it. I will also sue him for about \$200 that he is overdrawn on his salary account."

SECOND WEEK'S REVIVAL.

First M. E. Church Well Filled Last Night—Dr. Brown the Preacher.

The First Methodist church was well filled again last night, on occasion of the beginning of the second week of the revival services. Rev. D. A. Brown of the First Baptist church was the preacher of the evening, and in the course of his sermon said:

"If the blessings we desire are to come to us, it will be as a result of our knowing God. And we need to look into our own hearts and see whether we are living that simple, sincere faith which alone can bring our hearts into communion and closer relation with the Infinite. And in beginning, I want to say, you that God's creation of Himself, as far as He has yet revealed to us, is revealed in the simplest thought and form. First, He has designated Himself as the 'I am'—the most simple and yet the most profound of all names; next as Jehovah—the existing one; then as Lord—the commanding one; and lastly, as Father—the loving one.

His teachings He has expressed to us in the simplest possible way, so that we will, and we see God's thought expressed all about us. The playful child can even read the Divine in the unfolding of nature. In all His teachings He is so simple that none can fail to understand who will read. He speaks a change in the heart to a new birth, and the converted one is compared to the child. Then, to vivify and make more plain this already plain and simple truth, He sets in the midst of us a little child and says unto us, 'Except ye be as a little child ye cannot enter into the kingdom of heaven.' In order that we may better understand our mission here, He has called us the 'salt of the earth' and the 'light of the world.'

"The trouble today is that we are immortally deluded abstractly and devoting ourselves to a study of abstractions. Here lies the ineffectiveness and inefficiency of modern Christianity. We Christians today want to be humble ourselves and like the little child bend our knees and humbly seek inspiration and guidance from the Father. And if we are to come back into His presence, back into the family, it must needs be by prayer prompted by a sorrowful and repentant heart."

Catching Cold on the Street Car

"AS ANY COLD MAY LEAD TO CATARRH—PERUNA SHOULD BE KEPT IN EVERY HOME."—Dr. S. B. Hartman.

MANY people persist in riding on the street cars, insufficiently protected by clothing. They start out perhaps in the heat of the day and do not feel the need of wraps.

The rapid moving of the car cools the body unduly. When they board the car, perhaps they are slightly perspiring. When the body is in this condition it is easily chilled. This is especially true when a person is sitting. Beginning a street car ride in the middle of the day and ending it in the evening almost invariably requires extra wraps, but people do not observe these precautions, hence they catch cold.

Colds are very frequent in the Spring on this account, and as the Summer advances, they do not decrease. During the Spring months, none should think of riding on the car without being provided with a wrap.

A cold caught in the Spring is liable to last through the entire Summer. Great caution should be observed at this season against exposure to cold. During the first few pleasant days of Spring, the liability of catching cold is great.

No wonder so many people acquire muscular rheumatism and catarrhal diseases during this season.

Each company will elect its own officers, which will be presented also for election at the annual encampment April 24.
