

## LOCAL AND OTHER MATTERS.

"THE COLLEEN BAWN."—This great sensation play, by Dion Boucicault, will be presented to-morrow evening, thus giving the lovers of the drama a chance of an exquisite night's entertainment. The piece has been played here on several occasions previously, and each time, by the splendid manner in which it has been mounted and rendered, it has called forth the highest encomiums. Mr. David McKim, who will appear in his highly artistic impersonation of "Danny Mann," in which we think we may safely say he has few superiors. Miss Adams will play the "Colleen Bawn," Mr. W. T. Harris "Myrtle Na Coppaleen," Mr. Graham will play "Kylie Daly," Mr. Thorne "Father Tom," and other characters by the company. The piece is well cast, and from the known ability of the ladies and gentlemen appearing in it there is every reason to expect that the performance will be highly satisfactory.

The laughable farce "The Young Widow," will conclude the entertainment.

DISTRICT COURT.—In the Third Judicial District Court, this morning, the jury rendered a verdict in the case of Englebrecht & Co., versus Jeter Clinton and others, for the abatement of a liquor establishment. The verdict sustained the plaintiffs' claim for \$50,063.25, this being three times the amount of actual damage done in abating the establishment. Hon. Z. Snow, one of the defendants' counsel, asked for time to get out his objections, which was granted. It is understood that there will be an appeal from this decision to the Supreme Court.

The suit of Eldredge & Clawson versus the Union Pacific Railroad Company will shortly be before the court. This suit is to obtain damages for the loss of goods which were freighted on the company's line, from Omaha to Julesburg in 1867, and were partly stolen and partly buried by Indians, east of the latter place. Efforts were made this morning to empanel a jury for this case. Up to the time of adjournment of the court, 12 o'clock, ten gentlemen had been secured. Several "Mormons" were summoned but, of course, were at once excused.

PREACHING TOUR.—The members of the First Presidency, and a number of the Twelve and other Elders left this city this morning for the west on a short preaching tour. They will be absent two or three days.

FILLMORE.—"Junius," writes from Fillmore, on the 1st instant, that a two days' meeting, or conference, had been held there, at which the Saints had a general time of rejoicing. He says co-operation is flourishing. Their co-operative sheep-herd has paid a dividend of 37 1/2 per cent; the mercantile institution, from \$5 to 40 per cent; and their co-operative stock herd is expected to yield from 40 to 50 per cent. In addition to the above prosperity, appreciated generally by the people, good health and peace prevail in their midst.

THE SAN FRANCISCO LOTTERY.—There was great excitement in San Francisco a few days since, consequent upon the drawing at the great lottery affair. The Bulletin speaking of it says:

"At the 200th drawing, number 150077 was called and drew the prize of \$100,000. There was a tremendous storm of applause, which was redoubled when an old gray-haired woman was presented on the platform as the person who was entitled to the prize."

We understand that quite a number of citizens here are holders of tickets, but we have not heard of any body being lucky enough to be the possessor of a winning number. A Nevada exchange says:

"A club of five persons at Virginia won the \$11,000 prize in the big lottery. We also hear of several smaller ones there and in Gold Hill, but do not care to specify them now, until decided by the published official lists."

A GRAND CANAL.—We learn, from the Helena Gazette, that our neighbors of Montana are turning their attention to the agricultural as well as the mining interests of that Territory. A project is being set in motion there for the construction of a canal from Jefferson river, at the mouth of the canyon on that stream, about ten miles above its junction with the Madison and Gallatin, to Helena, a distance by its necessary course of about one hundred miles. This ditch, aqueduct or canal, is to be made of sufficient capacity to carry at least ten thousand inches (miner's measurement) of water, for irrigation for about twenty Congressional townships of good agricultural lands.

This canal will also, when completed, be almost invaluable to numerous mining camps where there is a present scarcity of water. The promoters of and movers in this project are sanguine of receiving a grant from Congress to aid in carrying it out, and a petition will probably be presented, for this purpose, during the next session. The Gazette thinks that Congress thus assisting in the accomplishment of such an undertaking, the government will be aiding itself. We think this idea correct for the reclamation of waste and unused public lands certainly enhances the prosperity of and enriches the nation. Whilst we would like to see all other people throughout the country rewarded and encouraged, who engage in such laudable work, we think that the claims of the people of Utah, who have done wonders in this respect, should not be ignored. We shall see how the Montana project will come out, when we may have something further to say upon this matter.

MEETING AT FARMINGTON.—Yesterday, Presidents B. Young, Smith, Wells and Joseph Young, Sen., and Elders Geo. Q. Cannon and Andrew Smith, held a meeting with the Saints at Farmington. The stone meeting house was filled with an attentive congregation. The meeting was very interesting and spirited. The forenoon of the day was occupied in business. The party went up and returned on a special train.

"EVERY SATURDAY."—To-morrow's number of this very fine serial, (new series), has reached us, from the publishers, Fields, Osgood & Co., Boston. This journal is putting forth such claims to public favor and appreciation as to secure for it a leading position among its class in the whole country. The first page contains a fine portrait of Gen. Ulrich, the defender of Strasbourg; many other beautiful engravings, illustrative scenes and incidents of the war, and a splendid bird's eye view of Paris, with explanatory text, &c., will be found in this number. It is published at five dollars per annum.

Statement made May, 1870:

"Our Machines sew as well now, and are as good for use in every respect, as they were when purchased nearly seven years ago, and they HAVE NEVER COST US ANYTHING FOR REPAIRS. We recommend the Florence as being without exception the very best, most reliable and least complicated Sewing Machine in use."
