Singers Show Their Esteem for Their Worthy President in Gift of Diamond Stud.

Ogden, June 12.—President L. W. Shurtliff of the Weber stake gave a brilliant reception last evening at his beautiful home on Twenty-fourth street to the Ogden Tabernacle choir and a few friends. There were present about 250 guests, and a most joyous evening was spent.

The guests gathered at the home soon after 8 o'clock in the evening, and many remained until nearly midnight. The pretty grounds and large lawn in front of the residence were lighted with a large arched, and short's large orchestra played strains of sweet music throughout the evening.

The early part of the evening was spent in social chatting, handshaking and dancing on the lawn.

A short, pleasing program was rendered. The choir sang, "O ye mountains high," Miss Janette McKay, in behalf of the choir, expressed the love and respect felt by all the members of the organization towards President Shurtliff and presented him with a beautiful diamond stud. The president responded, expressing his appreciation of the honor bestowed upon him, and his kindly feeling towards the choir. The choir sang, "We thank Thee, O God, for a prophet," President Joseph P. Smith spoke for a few moments, encouraging the singers to be united and to ever support those who preside over them. Earl Pardee gave reminiscences of the Portland trip, causing much laughter. Charles Woods, who but recently returned from a mission, sang songs and told of various customs among the Maori people. The choir sang "America," and the program closed. Several young ladies served delicious refreshments.

FUNERAL OF WILLIAM KENT.

Impressive Services and Profusion of Flowers Mark Public Event.

Ogden, June 12.—William Kent, whose death occurred so suddenly Saturday evening while at his barber shop, was peacefully laid to rest yesterday afternoon in the Ogden city cemetery, and a wealth of beautiful floral tributes covered his last resting place, silently telling of the host of friends he has left in mortality. Impressive funeral services over his remains were held at the first ward meetinghouse, Bishop D. H. Ensign presiding. A ladies' quartet sang "Rock of My Refuge" and "Guide Me to Thee." Mrs. Mary Farley sang "Sometime We'll Understand," and Mr. Scott sang "Over the Stars there is Rest." Prof. Squire Coop played a most beautiful organ solo. Comforting remarks were made by Elders T. A. Shreve, Hyrum Belnap, William G. Ruckham, Bishop Ensign and William Pinkett. They also paid beautiful tributes to his memory, referring feelingly to his kindness of heart and many excellent characteristics. The attendance was large, the barbers of the city attending in a body.

THE HOLBROOK INQUEST.

A coroner's inquest over the remains of H. H. Holbrook, who met his death last Friday afternoon under the wheels of an electric street car, was held yesterday afternoon at 2 o'clock before Judge Murphy and a jury composed of T. W. Jones, Samuel Thomas and Dan Ensign. A large number of witnesses were examined whose testimony went to show that the unfortunate occurrence was purely accidental, and that the young man met his death by endeavoring to board a moving car that was being backed down the track. The jury after hearing the evidence and deliberating on the same brought in a verdict of accidental death, and exonerated the Ogden Rapid Transit company from any blame in the sad affair.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs, made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Open Publicity

Characterises the policy of Dr. Pierce as relates to the composition of his time-proven and most popular medicines. Their ingredients are on each bottle-wrapper, attested under oath and printed in plain English.

Is this not significant?

"Favorite Prescription" is safe for women to take in any condition of the system, as it assists Nature in restoring the healthful functional action of all the organs distinctly feminine. In fact, it is Nature's own cure for the many derangements and weaknesses peculiar to women. It is advised for no other diseases.

If you are a weak, tired, nervous, over-worked, broken-down, pain-racked, woman, either young, old or middle-aged, suffering from frequent headaches, backaches, dizziness

ness or fainting spells, gnawing or distressed feeling in stomach, perhaps see imaginary specks, or dark spots floating before the eyes, have dragging-down or heavy feeling in lower abdomen, or pelvic region, with, perhaps, pelvic catarrh, or other symptoms of functional or organic affections of the distinctly feminine organs, then you will make no mistake if you resort to the use of Dr. Pierce's Favorite Prescription. The most advanced medical science knows no better agents for the cure of all such diseases than are happily and harmoniously combined in this widely-famed "Prescription" of Dr. Pierce.

You can't afford to accept any secret nostrum of unknown composition and of questionable merit as a substitute for this professionally endorsed and time-tested remedy of known composition, simply that some unprincipled dealer may make a little larger profit. Don't expect it to perform miracles but give it a fair, persevering trial and it is not likely to disappoint you. It won't "dissolve tumors"—no medicine will. It will cure a larger percentage of all curable ailments which especially afflict womankind than any other medicine sold by druggists for that purpose.

It is the one medicine especially designed for the cure of woman's maladies that does not contain even a drop of alcohol. It is also free from injurious, habit-forming drugs.

The modesty of women naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It cures bad cases of female weakness, prolapsus, anteversion and other displacements in the privacy of the home.

They are the original Little Liver Pills, first put up over 40 years ago by old Dr. Pierce. Much imitated but never equaled.

You pay the postage. Dr. Pierce gives you the book. The People's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to defray cost of mailing only. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE FARMER'S WIFE

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are exactly akin to the churning of butter. Is it not apparent then that if this stomach churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid, or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

The Badge of Honesty

Is upon every bottle of Dr. Pierce's medicines in the full list of their ingredients, duly attested under oath, which is printed on each bottle-wrapper. Thus does Dr. Pierce take his patients into his full confidence.

If you suffer from coated tongue, foul breath, frequent headache, constipated or irregular bowels, gnawing or distressed feeling in the stomach, high colored urine, feel weak or tired most of the time, poor or variable appetite and kindred symptoms you are bilious. Your liver is lazy or torpid and digestion deranged. Dr. Pierce's Golden Medical Discovery is the most potent anti-bilious medicine extant and will not fail to relieve and cure such derangements if given a fair trial. It invigorates and regulates

stomach, liver and bowels. It is made entirely of the roots of native American medicinal plants, pure, triple-refined glycerine being used both for extracting and preserving the medicinal principles. The glycerine possesses valuable medicinal properties and is especially valuable in stomach and bowel troubles.

Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of glycerine: "In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of the great efficacy of glycerine in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Phila.; Prof. Hobart A. Hare, M. D., of Med. Dept. Univ. of Pa.; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Edwin M. Hale, M. D., Hahnemann Med. College, Chicago; Prof. John M. Scudder, M. D., and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement?

A lazy liver may be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over-work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs. Constipation is cured by Dr. Pierce's Pleasant Pellets. One or two a dose. Easy to take as candy.
