

certified by the election officers and of public record throughout the State, gives New York to the Cleveland electors by a decisive plurality. These public certified returns have been sifted in several counties by both parties with most conscientious care during the past four days, until every possible doubt as to the result has been removed. Knowing this fact, they now propose, as a last desperate resort, to make of boards of county canvassers throughout the State, where controlled by them, so many returning boards after the pattern of those not long since used by them in the Southern States. Wherever the boards fail them, judicial orders are to be applied for, thus relying upon the partisanship of boards in the first place and judges of their own political faith second; they intend and expect to throw again in dispute the result of the election and involve it in interminable litigation. To this end printed papers have been sent by them to their agents and representatives in every county in the State of New York, to be used with courts whenever an occasion can be manufactured. Of the entire reliability of our information as to this scheme there can be no question. We call upon the representatives of the party in the various counties in this State to be alert, and by every proper method to resist and defeat this last desperate device, and mindful of the grave consequence to business interests in our State, which such a conspiracy necessarily involves, we deem it our duty to assure our people, who have now generally acquiesced in the result that they may confidently rely that by no such scheme or device will the State be deprived of the result of its deliberate choice. It may disturb and protract the determination; it will not change the result. (Signed)

W. E. SMITH,
Executive Committee.

ALBANY, 9.—The vote of the county of Albany was carefully revised last night and the plurality found to be 650 instead of 640. The plurality in the State according to official figures received by Chairman Manning from the county clerks is 1,234.

NEW YORK, 9.—About fifty prominent democratic lawyers met to-night and discussed the law relating to boards of county canvassers in the various counties throughout the State. The result of the discussion is that democratic lawyers will be present at every board of canvassers on Tuesday next for the purpose of taking prompt action in case of any illegal attempt on the part of canvassers.

ST. LOUIS, Mo., 9.—Secretary of State McGrath, in reply to an inquiry from an Associated Press reporter, says: "In this State the official returns are not opened and counted until all the counties are in; but I have special returns from 69 counties and St. Louis City, and from these and a computation of votes of 45 counties not heard from, I conclude that the Cleveland electors will have from seventeen to twenty thousand majority over the fusion electors, that Marquand's plurality for Governor will be about 12,500, and his majority not more than 5,000. Paroos, prohibition, for Governor, will have eight to ten thousand votes. The State Senate will probably stand 25 democrats, nine opposition.

AUGUSTA, Me., 9.—Blaine continues to receive a large and constantly increasing number of letters and telegrams from all parts of the country, indicating profound interest in the situation in New York. He has made no expression of opinion beyond the assertion of his belief that the republican electoral ticket received a majority of the legal votes cast on the day of election. He declines to discuss with any one the details of the situation. Inquiries about Blaine's health continue, though they are less numerous than last week. He has entirely recovered from the fatigue incident to the campaign and is in exceptionally fine health; better, as he tells all who ask, than he has been for ten years past. He remarked to a friend yesterday, the western tour, though at the time very laborious and fatiguing, had proved, he thought, beneficial to his health.

PORTLAND, 9.—To-morrow the rails on the O. H. & N. Company's Baker City branch will be joined at Huntington with the Oregon Short Line, thus completing a fourth railway across the continent. Through trains will commence running November 25th or December 1st.

BOSTON, 9.—The complete vote of Massachusetts is: Blaine 143,416, Cleveland 119,241, Butler 23,866, St. John 10,200. For Governor: Robinson 155,297, Endicott 108,260, McCafferty 23,552, Seelye 8,241; Robinson's plurality 46,837.

CHICAGO, 10.—The present estimate as to the complexion of the Illinois State legislature, is that it will be a tie on joint ballot, the Senate having a majority of one republican and the House a majority of one democrat. Contests are likely to ensue in three districts which will reverse this condition of affairs. The situation is made more interesting from the fact that a successor to General Logan is to be selected.

ST. JOHNS, N. F., 10.—In the gale on Saturday night, the British schooners *Northern Light* and *Elsie* collided off North Head, Catalina; both sank immediately. Two of the *Elsie's* crew named Carpenter and Ford were drowned.

WASHINGTON, 10.—The rumor that General Sheridan had been ordered to New York for duty is emphatically denied by the Secretary of War.

SAN FRANCISCO, 9.—The *Rio Janeiro* arrived this morning with Hong Kong

advice of October 14th and Yokohama the 22nd. Tokio and Yokohama were visited by a severe earthquake October 15th. The heaviest experienced since February 22nd, 1880, but the damage was comparatively slight. It lasted two minutes and was quickly followed by several minor shocks.

HONG KONG, 14.—The Overland China mail publishes the full text of an interview with the American Minister Jno. Russell Young with Viceroy Li Hung Chang on the subject of mediation between France and China. The closing portion of the interview not previously reported states as follows:

Young—"If France proposes American mediation will China accept?"

Li Hung Chang—"She might, but will not certainly again propose it."

Young—"May I inform my government to this effect?"

Li Hung Chang—"You may."

Chinese mobs have been committing fearful outrages on the places of Christian worship and persons at Canton and interior points. In the province of Kwangtung alone four Roman Catholic and five Protestant churches were destroyed. One hundred and twenty houses of resident Christians were looted and the occupants driven away.

In Mimhoi three Catholic chapels and convert's houses were pillaged, the priests and occupants beaten and the women outraged. At Shi Hung the Church of England chapel was destroyed. They tore the clothes from the preacher's wife and shamefully treated her. At Chantsum the Wesleyan chapel was destroyed and Christians are fleeing from the province to Hong Kong. The Chinese gave them the alternative of sacrifice to their idols or leaving home. They preferred the latter. Many of the women were caught by the mob and outraged.

FOREIGN.

LONDON, 6.—The Right Honorable Henry Fawcett, Postmaster General, is dead.

CAIRO, 6.—According to native reports the rebels are concentrating their forces on all routes leading to Khartoum. Native spies allege that El Mahdi has sent guns and ammunition to Osman Digna to enable him to resume operation on the Red Sea.

PARIS, 6.—Prime Minister Ferry has announced to the Tonquin committee of the Deputies that England had offered to meditate between China and France, but had not yet made any official overtures to the Chinese government.

Le Tempe states that France is negotiating direct with China.

The trial for murder of Capt. Dudley and mate of the wrecked yacht *Mignonette*, for having killed the boy Barker to keep themselves alive, was concluded to-day. The jury brought in a special verdict, finding the facts as stated, and referring the question of law as to whether murder had been committed to the superior court. The verdict is coupled also with a recommendation to mercy. The prisoners were released on bail.

LONDON, 8.—The *Times* says: It is unlikely that there will be any serious attempt to contest the result of the election. Blaine is a man of great gifts, an accomplished speaker, but he has unhappily identified himself with speculative schemes and moneyed interests. Cleveland has few brilliant qualities, his public career has been comparatively brief and modest but he has shown some sense of public duty and will faithfully discharge his trust without favoring either the magnates of Wall Street or the demagogues. It is to be hoped that Bayard is a man of the highest integrity and ability and will not discredit the best traditions of American diplomacy. The democrats must now show that they are true to the principles of political purity and administrative reform. The recent electoral conduct, especially on the republican side, has disclosed the existence of a wide spread corruption which has alarmed the honorable men of all parties.

CAIRO, 8.—Woosely telegraphs that El Mahdi with a small following was reported at Karthambal, north of Khartoum, whither he went after the fight at Amederman. All of the Kabbabeesh tribes have left him.

PARIS, 8.—A dispatch from General Briere de Lisle, dated Friday, November 7th, says: "The Chinese have made a fresh attack on Tuyen Won, they were easily repulsed, however. One French sailor was killed."

PARIS, 10.—*La Liberte* says: Premier Ferry will announce to the Tonquin committee to-day that the Cabinet Council on Saturday agreed to forego the demand for indemnity from China, and that preliminary peace negotiations with China have been almost concluded.

LONDON, 10.—One million dollars in bullion was shipped from France for the U. S. during the past week.

PARIS, 10, 12 m.—Since midnight there have been 55 fresh cases of cholera and 22 deaths in this city. Twelve of the deaths occurred in the Old Men's Hospital.

ACCIDENTALLY KILLED.

PETER MCKELLAR, OF TOOEELE, THROWN FROM A LOAD OF WOOD AND PICKED UP DEAD.

The peace of the city of Tooele was disquieted on the night of the 5th inst., by the melancholy news of the death of a young man named Peter McKellar, a resident of that place, and a son of

John and Margaret McKellar. The fatality occurred while he was on his way home from Spring Canon, just east of Tooele, with a load of wood, after which he had gone that morning; the unfortunate event was purely accidental.

The team he was driving was rather spirited, and in coming down from the bench where the incline was rather steep they took fright and became unmanageable. While going at full speed down the hill, Peter was thrown from his seat, right down between the horses and the forward wheels. He was perhaps kicked by the furious animals, or else it was the sheer force of the fall; but at any rate he was picked up a corpse, by the teamsters who were behind and came up to the scene of the accident a few minutes later.

Joseph McKellar, Peter's brother, had gone on ahead in his wagon, but Edward Longy went after him to tell him of the accident. Leaving the others to bring home the body, Joseph hastened on to convey the sad intelligence to his parents. They had been uneasy at the boys' unusually long absence, and had just been saying they wished they would come, when Joseph reached the house with the mournful tidings, and the family were at once plunged into the wildest grief.

The deceased was a quiet, inoffensive boy, respected among his companions. He was modest and unassuming, even to bashfulness, and was not out much in company. He was born in Tooele, August 12, 1862, and was therefore over 22 years of age. D. J., our regular correspondent, sends us the above particulars.

Following is the verdict rendered by the coroner's jury:

TERRITORY OF UTAH,
Tooele Precinct,
Tooele County.

An inquisition holden at Tooele City, Tooele Precinct, Tooele County, on the 5th day of November, A. D., 1884, before A. Herron, Justice of the Peace in said precinct and county, upon the body of Peter McKellar, there lying dead, by the jurors whose names are hereto subscribed. The said jurors upon their oaths do find, after hearing all the evidence introduced, that Peter McKellar met his death by injuries sustained on the back part of his head and left side of his body, caused by the accidental running away of his team, while returning home from the canon with a load of wood.

In testimony whereof the said jurors have hereunto set their hands the day and year aforesaid.

THE ANTI-MORMON CRUSADE IN ARIZONA.

Arrested and Placed Under Bonds.

MESA CITY,
Maricopa Co., Arizona,
October 30th, 1884.

Editor Deseret News:

On the 22d of this month Bishop O. M. Stewart, Geo. W. Wilson, Hyrum Phelps and myself were arrested on a charge of unlawful cohabitation. The writs were served at 4 p.m., and we were taken to Phoenix that night, and the next morning at 9 o'clock taken into court and the indictments read to us, which in substance were as above stated, excepting that against Bishop Stewart, who is charged with polygamy, also Charles Chrismon, who was arrested the next day. Their bonds are \$2,000 each, while those of the rest are \$800 each. We were placed in jail from 9 o'clock till we procured our bondsmen, which we did by 3 p.m. After keeping us on expenses for three or four days, our cases were continued until the next term of court.

This prosecution was gotten up by republicans. The grand jury that found the indictments were of that party. A number of gentlemen here acted like friends, coming to the jail and offering to go on our bonds, which we accepted, and were soon at liberty.

THERE ARE INDICTMENTS

out for some nine or ten other brethren, President A. H. McDonald being among the number, but he is away at present on an Indian mission, which he takes a great deal of interest in, being heart and soul in that labor. He is doing a good work in that capacity as well as with the people he presides over.

CONDITION AND PROSPECTS.

The people in this land are improving. Those who are living their religion are observing the Word of Wisdom and growing better, while those who do not are going in the opposite direction as a matter of course. The people are following freighting more or less since they came here until of late, they have turned their attention to raising grain, which can be done with profit. We have started a co-op. store, which shows every sign of being a success, under the able management of our business agent, Brother Geo. Passey. We have just cleaned out our canal ready for putting in fall grain. This is a climate that will grow almost everything that can be grown in any country. We have our Sunday Schools in good running order, and will organize our Young Men's Mutual Improvement Society next Saturday evening. The

Young Ladies' has been in running order for some time.

Respectfully,
ALMA P. SPILSBURY.

A MOST DISCREDITABLE TRANSACTION.

It is reported that Lizzie Evans and John W. Irons have gone through a form of marriage, and that the alleged ceremony was performed by a physician of this city at midnight, in the Catholic Hospital. If the news is correct, and it comes pretty well authenticated, this attempt to cover up a heinous crime and shield from its consequences the chief criminals is to be utterly condemned, and reflects great discredit upon all the parties to the transaction. The object is well understood. As Irons' wife, the girl upon whom the infamous outrage was perpetrated, cannot be brought into court to testify against her husband. A marriage, it was hoped, would help to screen the abortionists and save them from the consequences of their turpitude.

It is not surprising that the girl whose reputation and person have been ruined by a convert to the teachings of the Salt Lake Tribune should be willing to marry her betrayer. If she comprehended the principles of the faith which she professed, however, she would rather remain single for life than link her fate to that of one so unworthy and debased. It is not to be wondered at that the destroyer of her good name should endeavor through a form of marriage to escape the legal consequences of his guilt. But it is astounding that one holding the office of Elder should lend his aid in covering up this damnable iniquity.

The young woman is said to be a "Mormon." Her betrayer is of "Mormon" parentage, but has long since left the path which the feet of his parents have trodden, and traveled the way of the transgressor. In *Tribune* parlance he has been "struggling upward" to debauchery and that "liberty" which revels in excess. The person who it is said officiated in the alleged marriage is a "Mormon" and holds a portion of the Priesthood. But he had no authority from the Church to officiate in the marriage ceremony. Marriages in the respective wards are under the direction of the Bishops thereof. No Elder has the right in an organized Stake to administer in that holy ordinance except by appointment. And

under the peculiar circumstances, such an administration would be a prostitution of the Priesthood that every one who understands its obligations will condemn.

All the details of this shameful affair are disgusting and lamentable. The relations between the parties were evil and sinful; the attempt to conceal the consequences were far worse; and the crowning wrong has been put upon the growing pile of shame by a perversion of authority which ought never to be exercised but in a sacred manner and in a holy cause.

"Nancy, is George still flying around with you?" "Yes, ma'am," answered the girl. "Why, I thought you had given him the mitten?" "I did, several days ago." "And he still comes! That's strange. A young man usually flies to pieces and never speaks to the girl again." "He seemed to like it," answered Nancy, blushing. "Well, I can't understand him; can you imagine why he likes it?" "Don't know, ma'am," turning very red, "unless it was because my hand was in the mitten when I gave it to him." "Hum, that's enough, child."—*Atlanta Constitution.*
