EVENING NEWS.

Friday, - - June 17, 1887.

TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

—Work on the Burlington extension to Cheyenne is going on rapidly. For 32 miles south of the city the line is literally black with men and teams.

—A Helena, Montana, special of the 13th says: Yesterday afternoon one of the sports was shooting in the gallery of the beer garden of Southmaid & Sullis, near the Northern Pacific depot, and while loading his rifle discharged it in closing the breech-block, and shot the two-year-old son of John Gibson in the forehead. The baby was playing near the front gate of his home, about 150 feet distant, which distance saved its life. The ball was extracted, flattened against the skull. The wound is a dangerous one, but the child will recover.

—A dispatch dated Nogales, (A. T.,) June 12th, says: At a late hour this afternoon Deputy Sheriff Speedy received a telegram from Calabasas to the effect that a vigorous row had taken place there, during which Thos. Monaghan is said to have shot to death a Mexican mail carrier, and that an American named Hailand had been fatally stabbed. The latter was an old and well-known miner in Southern Arizona. The deputy sheriff at once started with irons and a posse for the scene of the trouble.

—A Washington special to the Butte *Miner* says: Literary and political circles here are much interested in hearing that the daughter of the late Jeremiah S. Black, Mary Clayton Black, will publish during this summer a sketch of her father's life, with a collection of delightful and interesting reminiscences which cluster around his brilliant and varied career. She was her father's private secretary, and was in possession of his papers. This work cannot fail to be an acceptable addition to the history of events in the United States in the last thirty years or more.

—The Butte *Miner* of the 13th says: An accident happened in the Montana Union yards Friday night by which two switchmen, Wm. Baker and Dennis Keating, sustained serious injuries. They were on top of a Union Pacific refrigerator car when it jumped the track at the switch just back of Dalman's warehouse. The car was a broad gauge set on narrow gauge trucks. It turned over on the side and both men were thrown off. Dennis Keating had an ankle broken and Wm. Baker had one heel mashed.

The same paper says: Yesterday afternoon, about half-past one o'clock, a quarrel occurred between William Rockliff, the engineer of the Buffalo mine, lying east of the Centerville road, and a miner working there named Jack Connolly. There are two sides to the story, of course, each man blaming the other. The trouble culminated in Rockliff shooting Connolly in the shoulder.

PACIFIC COAST NOTES.

CULLED FROM LATEST WESTERN EXCHANGES.

The Petaluma, Cal., cannery has put up to date seventy tons of cherries.

The San Diego *Sun* of the 2d inst. says that a sugar refinery at that place at no distant day is an assured fact. The refinery has an important bearing on the steamship line from this port to Honolulu, and will also figure in connection with the railroad line from this city to Yuma.

The Gilroy, Cal., *Advocate* says: George Bennett, W. I. Alexander and Thomas Dougherty, three gold prospectors, have returned after staking a claim 500x1,500 feet in the new mining district, twenty miles southwest of Jolon, Monterey county. They report that the assays reach $1,000 per ton, and that the gold color can be obtained in every pan of dirt tested in the country extending from Jolon to the camp. Some rich nuggets have been secured, and claims have been taken up within an area of ten miles.

A remarkably bold robbery took place in Chinatown, Los Angeles, June 8. Ah Quong, a well-known highbinder, entered a Chinese brothel kept by Ah Yum and talked socially with her. After about an hour he pulled a huge revolver and ordered her to give up her wealth. She screamed, and he beat her over the head with the revolver till she was insensible. He then took $87 from her clothes, tore valuable rings from her ears, lacerating the flesh badly, took her gold bracelets and decamped. When she recovered consciousness the robber had two or three hours' start. A warrant has been sworn out for him, but there is slim chance of catching him.

The San Francisco *Chronicle* of the 9th says: The DownieBoiler Scale Prevention Company, who manufacture from eucalyptus leaves a preparation for the purpose indicated by their name, some time ago substituted a gang of Chinamen for their white laborers at their works north of Lake Merritt. The first gang of Chinamen was discharged on Friday of last week because they did not suit, and they were replaced by another gang from San Francisco. On Tuesday morning, while the men were at work, two strange Chinamen came in and spoke a few words. At once the workmen dropped their knives and struck work, saying that their visitors were highbinders, who had threatened to kill them if they persisted in continuing to work. The white men around the place took hold of the highbinders and locked them up. Shortly afterward the discharged boss of the first gang of Chinamen was found hiding in an adjoining thicket. He was locked up with the others. But this did not affect the panic among the Chinese. They packed up their belongings and left. When Mr. McGillivray, the manager of the works, returned in the afternoon, the highbinders and the boss were given a satisfactory thrashing, and were turned loose. Yesterday the Chinese were replaced by white workmen.

CUNNINGHAM'S GALLOWAYS.

The approaching sale of Galloways in this city induces us to clip the following article about the firm of James Cunningham & Son, of Farbreoch, Scotland, from *Western Resources*, Lincoln, Neb.:

This firm are the recognized leaders in this line of industry in the world. Their extensive stock farm in the lowlands of Scotland is visited by buyers and lovers of Galloway cattle from all quarters of the globe, for their reputation in all Galloway cattle circles has gone hand in hand with the thoroughly tested merits of this superior breed of bovines.

The absence of horns is a decided advantage to-day, as all men know. Their thick coat of jet black hair is a thorough protection against the cold blasts of winter, and the terrible blizzards of our own West make but little inroads on Galloway herds, while others of thinner coats succumb in terrible numbers; and again, their meat stands first in the best markets in all countries, taking the first premium at the World's Exposition at New Orleans in 1884-5. Enough has been said regarding this breed, for all well posted men in the central West know what we say is correct, and the world owes much of the perfection in this noted breed of cattle to the well known Cunningham family. James Cunningham & Son have about 1,000 acres of land in Scotland devoted to raising Galloway cattle. Their herd, averaging about 500 head, leads the world in point of excellence and number, and the people are to be congratulated on having an opportunity to purchase at public sale some of their choicest animals.

Stings and bites of all insects cured by St. Jacobs Oil. Takes away the pain.

BENTON'S HAIR GROWER.

All who are BALD, all who are becoming BALD, all who do not want to be BALD, all who are troubled with DANDRUFF, or ITCHING of the scalp, should use Benton's Hair Grower. EIGHTY PER CENT. of those using it have grown hair. It never fails to keep the hair from falling. Through sickness and fevers the hair sometimes falls off in a short time, and although the person may have remained bald for years, if you use Benton's Hair Grower according to directions you are sure of a growth of hair. In hundreds of cases we have produced a good growth of Hair on those who have been bald and glazed for years. We have fully substantiated the following facts.

We grow Hair in 80 cases out of 100; no matter how long bald.

Unlike other preparations, it contains no sugar of lead, or vegetable or mineral poisons.

It is a specific for falling hair, dandruff, and itching of the scalp.

The Hair Grower is a hair food, and its composition is almost exactly like the oil which supplies the hair with its vitality.

Sold by druggists or sent on receipt of price, $1.00.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.
