

UNION DEPOT IS NOW ASSURED.

Short Line Franchise Passed by
The City Council Last
Night.

SOME AMENDMENTS ARE MADE

Residents of the West Side File Pro-
tests—Rio Grande Franchise Read
And Laid Over.

The Oregon Short Line franchise was placed on its second and third readings at the city council meeting last night and finally passed, with a few minor amendments. So that Salt Lake is now assured of a creditable union depot and other railroad improvements costing in the aggregate about \$1,000,000. The Rio Grande Western franchise was reported upon favorably by the municipal laws and streets committee, and after the franchise was read the first time, it was laid over by agreement without any comment. Several protests against the latter franchise and also one against the Short Line were read and filed.

The first amendment to the Short Line franchise was offered by Fernstrom and consisted of an addition to section six providing that the company be required to complete the contemplated improvements within five years. The amendment was perfectly agreeable to the railroad officials present and was adopted by the council unanimously.

PARAGRAPH STRUCK OUT.
Fernstrom also moved that paragraph eight of section six be stricken out entirely. The paragraph reads as follows:

"Eight.—It is further provided as a condition of the franchise that the said railroad company, upon the completion of said second track on Third West street, south of South Temple street, will erect and maintain gates at the crossings of the street crossings at first South and Fifth South streets, and will also provide and maintain gates to protect the crossings of the said railroad tracks at Fifth South and Sixth South streets."

ONE HUNDRED YEARS HENCE.
It was urged by Fernstrom that the paragraph was not needed in the franchise at all; that the matter of protection for crossings should be attended to by the council passing a resolution requiring the company to furnish such protection whenever and wherever needed. "By this method," he said, "the council can compel the latest devices for crossings, while, if the paragraph remains in the franchise, in 50 or 100 years from now we will still have the same old gates and the same old flagmen."

It was remarked by Eardley that we might have the same old gates and the same old flagmen but he did not think we would have the same city council in 50 or 100 years. Upon a vote, Fernstrom's motion was carried and the paragraph was stricken out.

ANOTHER AMENDMENT.
Black offered an amendment to section five to the effect that the roadway on the viaduct be maintained by the city, and that the structural work of the viaduct be maintained by the railroad company. The amendment was adopted.

PROTEST FILED.
A protest was read from the citizens' committee appointed at the mass meeting held in the sixth ward some time ago. According to the protest were several amendments which the committee asked to be made before the franchise was granted. No action was taken upon the communication and it was filed. The protest was then passed with the amendment stated above.

* RIO GRANDE FRANCHISE.

When the Rio Grande franchise was considered the following protest, signed by S. J. Jenkins and other property owners, was read and filed:

"Our property generally would be greatly depreciated in value, our residences are in close proximity to the proposed depot site, and should a depot and the numerous tracks surrounding it be built, we would be deprived of the peace and quiet that we are justly entitled to enjoy."

"We feel that the granting of the franchise asked for would rob us of that which we have labored the greater portion of our lives to secure—quiet and pleasant homes."

"We would further respectfully represent to you that in our opinion the facilities afforded by the present location of the Denver & Rio Grande depot and shops are amply sufficient for the transaction of its business."

"We believe that the Denver & Rio Grande Railway company is not working half the number of men in all its shops that it has room for, and the present force is working only five days a week, eight hours a day."

"We respectfully request you to investigate this state of affairs concerning the company's shops, which we call your attention to, and to grant no franchise asked for by said company affecting the property of our petitioners. To do so would certainly bring upon us heavy expenses in defending our rights in the courts."

The franchise was then read the first time and laid over without comment.

FIRST WEST RAILWAY.

Three additional protests were submitted to the council against granting a franchise to Messrs. Steffy, Pratt and Lyman for a street railway on First West street. The protests were signed by Joseph P. Smith, A. F. Dore, James W. Williams, and a number of other property owners on that street. The protests were referred to the municipal laws and streets committee.

UNDERGROUND WATER SUPPLY.

The committee on finance and waterworks recommended that the sum of \$1,000 be appropriated to be used by the city engineer in appropriating and developing the underground flow of Emigration creek. The report was adopted. The right to develop the underground flow of the creek was then read by Mayor Thompson and City Engineer Keller several weeks ago, and, with this appropriation, development work will begin at once.

INGEBRETSEN CONFIRMED.

The council by a unanimous vote confirmed the appointment of James Ingebreten as second assistant city attorney to succeed Russell G. Schuller, resigned.

WANTS AN ESTIMATE.

A resolution was submitted by Howlett authorizing the city engineer to furnish the council an estimate of the cost of extending the gravity outlet sewer to Ninth South and Fourth East and a main sewer for the western portion of the city. The matter was referred to the finance and sewerage committees.

MORAN'S DELINQUENCY.

The board of public works notified the

THE OLD RELIABLE

council that P. J. Moran has failed to complete within the last time the work of repaving and resurfacing street pavements, under his contract of Aug. 15, and asked authority to have the work completed at the expense of the contractor. The board submitted the bid of the City Street Improvement company of \$1.65 per square yard for completing the work, which is five cents per square yard less than the original contract price. The entire matter was referred to the municipal laws and streets committee.

NEW CEMETERY ORDINANCE.

A resolution was introduced by Robinson and adopted by the council instructing the city attorney to draw up an entirely new ordinance governing the control and maintenance of the city cemetery. The resolution was referred to the municipal laws and streets committee.

HALF HOLIDAY THURSDAY.

Black introduced a resolution providing that the city employees be granted a half holiday on Thursday afternoon, beginning at 1 o'clock, so as to enable them to attend the state fair. The resolution was adopted.

NEW POLLTAX ORDINANCE.

A new polltax ordinance, similar to the old one, with only a few minor changes, was passed by unanimous vote of the council. The old ordinance was, several months ago, declared null and void by Judge Tanner because of its irregular passage by the council.

ADDITION TO FIRE STATION.

Daveler introduced a resolution providing that the chief of the fire department be authorized to secure plans and specifications for alterations and additions to fire station No. 1, the same to cost not to exceed \$5,000. The resolution was adopted.

SPECIAL POLICEMAN.

Acting Chief of Police Burbridge submitted the appointment of C. B. Turner as special policeman at the Novelty Theater on Second South street to serve without pay from the city. The appointment was referred to the committee on police and prison.

Distress After Eating Cured.

Judge W. T. Holland of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating, I was distressed and unable to sleep, lasting for an hour or so and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by all druggists.

Amusements

In spite of the down pour of rain last night, the Theater was well filled by a throng of the friends of the new pianist, Miss Margaret Robertson, who came to celebrate her debut into the musical circles of our city. Miss Robertson, who is a pupil of Sherrin, showed at once that she is an accomplished performer, her memorizing ability being of a rare order, as the entire program was played without music. The numbers were selected with delicate taste, and though the young lady was not at her best owing to a lame finger, she scored an excellent impression. She was assisted by Mr. Sherrin, who played in his usual skillful style.

No one at the Grand last night seemed to have any fear of the weather. In spite of the rain and the rain, the house was crowded when the curtain rose on "A Millionaire Tramp." As the advance printing has indicated, the play belongs on the order of the sentimental, semi-emotional, semi-sentimental, the tramp being the hero. The part was well portrayed by Mr. Gus Mortimer, who depicted his role in much more genuine emotion and with less acting than one usually sees in plays and companies of this class. In addition to Mr. Mortimer, there are several people in the cast who show that they have talent, among them being Geo. L. Moore, who played the theatrical manager; Frank Harris, Miss McAlpine, and Mr. Jones in the part of the negro. The usual specialists are sung in and they had the usual applause.

The same bill goes for the remainder of the week.

The new Novelty Theater, described in the Saturday "News," located on west Second South street, opened its doors yesterday. Three performances were given, and all went to the capacity of the house. From the ten-cent standpoint—and one marvel that so much could be given for that price—the show is of a high class. There were six acts in the program, the main features being Lillian Howell, sketch artists, and the one-legged acrobat, Heffron. The Novelty will be open daily hereafter, from 7:30 a. m. to 10:30 p. m. in the afternoon, and in the evening at 7:30, 8:30, and 9:30.

West's big minstrel parade may be looked for on the street today, as the company opens for a two night's engagement at the Theater this evening.

There is still a strong interest in "Floradora," as was expressed by the large demand for seats this morning. A special feature will be made of the orchestra, which will consist of 25 men.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales, the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. BRIGHAM CITY.

DISTRICT COURT.

Plaintiff Wins Damage Suit—Weddings—Politics at Low Ebb.

Special Correspondence.

Brigham City, Boxelder Co., Sept. 25. The district court is still grinding away, but several days have elapsed before the calendar is cleared. The last two days have been occupied with the case of Robert Morse against the Utah Pacific railroad. This action was brought to recover damages amounting to \$1,999 for injuries sustained by Morse while working on the Luein cut-off last March. The plaintiff complains that he was drilling out an unexploded shot under the collections of the company's foreman; while at work the shot went off injuring Morse's eyes. The jury awarded the amount that was asked, Marshall & Royce appeared for the company and Judge Magnus for plaintiff.

LITTLE INTEREST IN POLITICS.

Politics are at a low ebb apparently in Brigham City. The present municipal administration with two exceptions is Republican. Perhaps both parties are satisfied with its labors and are "seek not change and least of all such change as some would bring us." Several members of the family of Elder Lars P. Nelson who is on a mission in Denmark, are very sick, but are receiving kindly assistance from the willing hands of neighbors as well as the aid of our physicians.

Work still continues on the canal calculated to water the east side of this valley. This canal will make room for 500 to 600 families, and young people having no homes should take advantage of this scheme.

There are now running daily between Brigham and Garfield. There is a large crop of beets, also much wheat and lucern to move, and the company will likely find plenty to do. A Boxelder county Sunday school gathering will be held at the church in chapel Saturday and Sunday, 28th and 29th inst. A creditable program has been arranged and a number of ministers and teachers of Salt Lake City and elsewhere are billed to take part.

WEDDING BELLS.

On Sept. 21 a marriage license was issued to John Evans, 25, and Miss Helen R. Harris, 25, both of this county and on the 24th inst. Mr. J. H. Graham, 21, and Edith B. Brown, 19, both of Salt Lake, obtained a license to marry.

PARADISE.

MISSIONARY WELCOME.

Thriving Creamery—Fine Crops—Schools Open October 12.

Special Correspondence.

Paradise, Cache Co., Sept. 24.—Sunday last we were favored with a visit by Mr. J. F. Davenport of Hood River, Or., his son Earl, both of whom were delegates to the Irrigation congress.

Mr. Davenport was one of the early settlers of this place, coming here with his parents when he was a small boy. He has had considerable experience in pioneering and irrigation. About 20 years ago he built a large irrigation canal in the Snake river country. Later he built a large canal in Hood River, Or., and is the chief director and mover in that enterprise at the present time. The people of Hood River are beginning to appreciate the value of irrigation, notwithstanding the fact that the country where considerable rain falls.

MISSIONARY WELCOME HOME.

On Monday the 20th inst., a ward reception was given in honor of Elder Ira M. Schow who has been absent upwards of two years in the Northwest—considerable of the time being spent in the Boise conference. The brass band was present and our returned brother and sister and several selections, and a very interesting program was given followed by dancing until midnight.

At present we are enjoying pleasant weather. Some of the farmers are harvesting their third crop of lucern.

Thrashing has been going on for about a month and still continues. Grain crops are fair.

Dairying is carried on to a considerable extent in this locality. We have one of the finest creameries in the west, which is managed by Mr. John C. McDermid. The demand for the products of this enterprise is greater than the output. Prices are fair and brings in quite a revenue to this little community. The capacity of the creamery is much greater than the present output, and it could handle much more milk.

SCHOOLS OPEN OCT. 12.

Schools will open Oct. 12, with the following teachers: D. Bickmore, Robert Pearce, Miss Hansen and Miss Winifred Oldham.

There has been considerable sickness of late, but most of the patients are convalescing.

DR. GUNN'S BLOOD AND NERVE TONIC

There is not a woman in this land but at sometime in her life would have been the better for the use of this Tonic. For diseases peculiar to women a better medicine was never devised. It is composed of the ingredients from which the system has been deprived by disease, overwork, or dissipation. It enters at once into the circulation, building up the tissues that have been weakened, making pure rich blood in the most direct way. For weak, nervous, and unsteady people, pimplly, pale, or fleshless people, it will make the strongest steady nerves and give the complexion a healthy glow that indicates health, producing good flesh at the rate of 1 to 3 lbs per week. Druggists sell it for 75 cents per box, or 3 boxes for \$2. It should be taken after meals, one or two tablets each time.

Diminished Vitality.

Some people talk very flippantly about diminished vitality. They don't stop to think that vitality is the principle of life, and that a little understood something on which every function of their bodies depends. Diminished vitality is early indicated by loss of appetite, nervousness, and endurance, and Hood's Sarsaparilla is the greatest vitalizer.
